The late discovery of plenty of coal and oil in Alaska may enable the inhabitants to live comfortably.

The Sultan of Turkey may hold the frontier forever if he waits for the powers to agree on a plan of coercion.

The convention of the National League of Republican clubs at Detroit was not attended by a very large representation from this state.

Most people are more willing to take C. K. Adam's word for what he said about the common schools than they are to read the speech in question.

The coal miners' strike will likely fail, because those who quit work at the outset will run out of funds waiting for the leaders to get all of the men out.

There seems to be a sort of Mafia in the Third ward of Milwaukee, since the police are unable to locate the Italian who killed a commission house teamster in broad daylight.

The robberies committed in the large business buildings of Milwaukee, between last Saturday and Monday, may result in having more block watchmen in the Cream City.

The Rambush affair grows more notorious with age. The bondsmen are at war, and a suit has been brought to compel three of them to pay their share of the shortage.

The newspaper man, who was asked to "take something" on being introduced to a Colorado "schoolmarm" at Milwaukee, was surprised, of course; but, not any more so than she must have been when he called for lemonade.

The President has issued an order suspending the operation of ex-President Cleveland's order consolidating the pension agencies of the country and reducing the number from eighteen to nine. This will leave the Milwaukee Agency where it is.

The party of fifty Pan-Americans, who are making a tour of the United States in the interests of commerce, spent last Tuesday and Wednesday in Milwaukee, where they undoubtedly obtained much valuable information from the Merchants and Manufacturers' association.

The New York game warden, who handcuffed William Duke in order to prevent the law-breaker from escaping a second time, merely did his duty; but, as the disregard of game laws happens to be a millionaire member of an influential trust of manufacturers, Game Warden Tooker is apt to lose his title here long.

SECRETARY GAGE wants 2,000 offices removed from the civil service rules as adopted by Mr. Cleveland. Mr. Gage is anxious to improve the service in his department of the government.

As Mr. Fitzsimmons stated the conditions, Mr. Sullivan simply was to have an opportunity to determine whether or not he is still able to stand up during the time necessary for six rounds, without touching anything.

The latest reports from farming regions south and west of Peshtigo, Wis., indicate that the grasshoppers, which threatened to destroy the crops there, are being killed off by little red insects, and the farmers are now likely wondering how the red-jacketed parasites would take to a diet of army worms.

Hoxie, the lawyer who testified that he settled a criminal case which Attorney Goldberg was accused of having effected, has been ordered to pay \$100 and quit practicing law for two years. The Waupesaucos who instituted the garnishment proceedings against Goldberg may now agree with the fellow who said: "When a man goes into law he can't tell where he's coming out at."

The Sheboygan Telegram says "there is a fellow over in Ozaukee county who is proprietor of a drug store, justice of the peace, and constable. He sells the boys liquor, and then arrests them and fines them for drunkenness." The Cedarburg News will now likely remark that "one has to go away from home to learn the news" and then tell some Sheboygan county happening that never appeared in the Telegram.

ONE of the reforms at the capitol at Madison, which went into effect on the first of the month is that the employes shall have one hour for noon instead of two. It is pretty hard to compel government clerks who go to work at nine o'clock in the morning, and work till five in the afternoon, to get along with only one hour at noon.

Quite a number of people attended the birthday party at William Koepke's near Dundee last Sunday, on the occasion of his 55th anniversary. Mr. and Mrs. Aug. Butzke made an extended trip to Fond du Lac and vicinity Thursday and Friday of last week; and, before returning, Mr. Butzke purchased a thoroughbred Durham bull, 6 months old, from a well-known stock owner.

Michael Farrel, a cattle-buyer from Campbellsport, met with a novel experience one day last week while judging sheep on the farm of John O'Connell. REDUCED RATES TO DIXON. Via the North-Western Line, from stations within 200 miles radius, on account of the Rock River Assembly, to be held at Dixon, July 27-August 13. For dates of sale, etc., apply to agents Chicago & North-Western R'y.

Educated Farmers. If a person will take the trouble to investigate the matter he will find that the prosperous and successful farmer is educated. About a century ago most of the people thought that a grubbing hoe and a jumping shovel-plow were all the tools necessary; and if he was the owner of a wagon and a yoke of cattle, with which to haul his produce to market, he was considered as being "right in the procession." Such farmers, with their old-time idea and ways, are fast falling to the rear of the procession when they come in competition with the educated farmer. The old-time farmer will reason thus in regard to his boys: "Now William don't seem to take an interest in the farm, so I guess I had better send him to school, give him a good education and make a lawyer or doctor out of him, while John sticks to the farm like a bee to a clover blossom, so it will not be worth while to waste any money sending him to school, as he will be a farmer just like his dad."

HALF RATES TO MADISON. Via the North-Western Line. Excursion tickets will be sold from stations in Wisconsin on July 23 and 24, limited to July 26, also on July 29 and 30, limited to August 2, at one fare for the round trip, on account of Special Days at Monona Lake Assembly. Years ago, when it was more the fashion in Kansas than at present, U. S. Dist. Atty. "Bill" Perry gave a "stag party" to his gentlemen friends at Ft. Scott. He had procured a bountiful supply of cold beer for the delectation of his guests, but hid it away in an upper room as a post-prandial surprise. When the proper time arrived for the revelation of his surprise he said to the assembled company: "Boys, I have a lot of cold beer upstairs, but before we start I want to know whether you intend to drink like gentlemen or like hogs." "Oh, we'll drink like gentlemen," lead on, "Billy," chorused a dozen voices in reply. "That settles it," replied the jovial host, as a smile rippled over all three of his double chins. "I'll have to send for more beer. A hog always knows when he's got enough." Kansas City Journal.

A statement prepared at the Mint bureau in Washington shows the number of silver dollars coined at the U. S. mints during the last fiscal year was 21,263,791, on which the seigniorage or profits to the government amounted to \$6,336,104.

First Bloodshed of the Big Strike. About 500 Belgian strikers and other foreigners gathered at the Pawnee mine near Danville, Ill., last Monday, and when a cage full of colored miners reached the top of the shaft, they were assaulted with knives and staves. One of the colored miners secured a bar of iron and a revolver and defended his life. Shots were fired and several strikers wounded. Later the strikers attacked a trainload of non-union miners, and one of the strikers was killed.

Yesterday (Friday) morning it was reported that the strikers are succeeding in getting West Virginia miners to join them, so that eight states are affected by the strike.

As a result of the death of Fred Royal, the high diver who sustained fatal injuries while performing in Chicago, Chief of Police Kipley has issued an order prohibiting such exhibitions in that city.

Prof. Johnson of Princeton, Green Lake county, spent a few days here visiting Henry Schneider and family, this week. Our baseball club expects to issue a challenge, to some team in the neighborhood, for a game here on Sunday, July 24th. NOTICE.—Owners of dogs are hereby notified that the tax-tags issued must be worn by licensed dogs.—JOSEPH SCHMIDT, village clerk. LOST.—A watch-chain charm, on Main street, between Koch's store and the depot. Finder will be rewarded on leaving the charm at this office. Quite a number of bowlers practiced at the North Side park last Sunday afternoon, preparatory to meeting "the 48-striker from Kalamaazoo."—Henry Ensenbach, who occupied the upper rooms of the Chas. Weddig residence on Fond du Lac avenue since he came here, moved back to Theresa last Thursday. A German theater company from Milwaukee will exhibit in Mary's hall tomorrow evening and give a ball after the entertainment. Tickets, including dance, 25 cents. The roofed porch, which Herman Krahn lately added to the front of his residence, is in keeping with other improvements being made along Main street this year. The annual convention of the Northwestern Band association will be held at Mayville the latter part of next month. The local organization will not attend, however. Well, there is one consolation in the late action taken by Dist. No. 5, viz: Our public school scholars will be none the less patriotic because of being educated in "Canada." C. R. Smallwood was up from Rockfield last Sunday renewing his acquaintances here. The boys were glad to see him, while the girls were not noticeably displeased—until "Chif" left. A. G. Koch has been appointed as postmaster here, and the office will be located in his store so soon as he receives his commission. G. W. Tice has been appointed at St. Lawrence, vice Werner Wolf, removed. The plate glass was put in the front of David C. Mayer's jewelry store last Tuesday and the plastering was completed Wednesday. The building has been tastefully painted also, and is now an ornament to Main street. Leo. L. Laverenz, the Hartford soda water manufacturer, died last Wednesday morning of apoplexy, aged 52 years. He was born in Berlin, Germany, on July 20, 1845. A wife and three children survive him. The Krieger Manufacturing company of West Bend has been offered its choice of several Oshkosh sites free, if the company will locate there. Fred. Kreiger has looked over the sites tendered and the company may be manufacturing harnesses and horse collars in Oshkosh before long. Thirty cords of stone from the Eden quarry are being hauled from this station overland to the site of the new bridge to be erected in the town of Auburn, near New Fane. Wm. Hick, who has the contract to do the hauling for \$5 per cord, had a large number of teams at the work this week. Mr. and Mrs. L. Michel of Dundee called on their many friends here last Saturday. Mr. Michel informed us that he has rented a hotel and saloon at St. Cloud, Fond du Lac county, and that he will take possession on Aug. 1st. We wish him success in his new venture. The Corbett-Fitzsimmons battle is to be exhibited at the Davidson theater in Milwaukee tomorrow (Sunday), just as it occurred in Carson City, Nevada. The verisimilitude of the new picture and the exhibitions thereof will undoubtedly be witnessed by large crowds in the metropolises of Wisconsin. Banker Michelstetter and family returned to Seymour, Outagamie county, last Tuesday from St. Luke's hospital, Chicago, where they have been since they were injured in the wreck of the Christian Endeavor train. The railroad company sent them home in a special car with doctors and nurses. Lightning struck August Filwick last Monday while he was fishing near the Horicon marsh. He was standing at a wire fence, which conducted the current to his head, scorched his hair and knocked him down. He fell under a boat, which he intended to move, and remained unconscious for some time but was not seriously injured. Anent the "dog days" a writer in Our Animal Friends says: "If you happen to be bitten by a dog that is supposed to be rabid, just take a few vapor baths, as hot as you can bear them. The preparation will eliminate any poison that the bite may have introduced into your system. Then endeavor to forget all about it. If you follow this simple advice, the chances are incalculably great that you will be perfectly safe." Posters for the Star Social circle's excursion from Milwaukee to Kewaskum are out announcing particulars of the affair with big, red letters. The special train will leave the Northwestern depot in Milwaukee on Sunday, Aug. 1st, at 8:30 a. m., and a round-trip ticket (\$1.25) admits the purchaser to the picnic and ball besides being good for the return trip until including Aug. 4. Tickets are now being sold by members of the circle and at the following places in Milwaukee, viz: O. P. Hunt's, 412 Broadway; Edelweiss saloon, 445 East Water street; Kurtz Brothers, State and Third Sts.; Joseph Guenther's, 760 Third street; William Segall's, 332 Chestnut street; Edward Schulz's, 1524 Fond du Lac avenue; Stark & Altenhofen's 424, National avenue.

BASEBALL AT CAMPBELLSPORT.—Another interesting game of baseball will be played between Oshkosh and Campbellsport boys tomorrow (Sunday) afternoon; and, in the evening Messrs. Martin and Damm will furnish an appropriate conclusion for the occasion by giving a grand ball in Guenther's hall. Tickets, including a chance to win a guitar-zither, are being sold for 25 cents, and a number of the boys here secured tickets so early as last Monday. The Kewaskum Machine shop is crowded with work, now that the season for repairing is at hand. Moreover, the demand for Remmel pumps keeps right on increasing, so that Mr. Remmel may have to run the shop day and night and double the working force before long. People seem to come here from all directions with work for the local shop, and this week we met a man who came in from near a larger town than Kewaskum because of having had what he termed "a job for an expert." At the school meeting last Tuesday evening it was decided to borrow \$2,000 for the purpose of building a two-story addition to the school, according to a plan drawn by Louis Brandt; also that the board should let the contract to the lowest responsible bidder. H. J. Ebenreiter, Nic. Guth, Sr., and Geo. Schief, Sr., were appointed to act as an advisory committee with the board in directing the building of the addition. The janitor's salary was raised from \$20 to \$30 for the nine month's term. FATAALLY OVERCOME BY HEAT.—On the 9th inst., while haying for Philip Schellinger, near Kohlsville, Frederick Johann complained of not feeling well and asked leave to quit. Mr. Schellinger told him to go to the house and lie down. However, Mr. Johann had proceeded but a short distance when he sat down on a stump, near where he was 15 minutes later found lying dead with his face downward. The deceased had been in this country but a few years, and his relatives are unknown. John Remmel attended the reunion of survivors of the Twenty-sixth Wisconsin (the regiment which was led by Carl Schurz) at the Shooting park in Milwaukee last Sunday afternoon and talked over the battles of thirty-five years ago. About 200 were in attendance, and some of the members came from so far west as Washington, while others were present from New York, Alabama and other states. Gen. Winkler, Col. Watrous, Henry Fink and Judge Waller of Milwaukee each addressed the veterans. While W. Knar of the town of Wayne was unloading grain at the malt house here last Saturday, between 5 and 6 p. m., his team became frightened by the storm raging at the time and ran away. His younger brother managed to get off the rear end of the wagon before the horses threw the remaining sacks of grain to the roadside. When opposite Schaefer's blacksmith shop the animals were stopped by becoming tangled in the harnesses. The wagon and harnesses were slightly damaged. PROFITABLE POINTERS.—Always expect the local paper to protect your interests against the encroachments of outsiders regardless of where you get your printing done; and, in case you should suffer from the effects of such a practice, make the people believe that you are being persecuted to such an extent that even the local paper will pity you—for your narrow-mindedness. Never advertise, so long as you enjoy a fair share of the trade attracted to town by the enterprise of other merchants; it's a great scheme—like trying to go to heaven by hanging onto the coat-tails of some good Christian who has a passport to the celestial realms.—Tombstone Inscription. We acknowledge having been shown through the local flouring mills recently by the junior member of the firm of H. Backhaus & Co., also that the mill is exceptionally well equipped for work in its line. Moreover, the proprietors are taking advantage of the good water-power, which they have had thus far this season, by buying wheat when necessary to keep the machinery moving, and the result is that the Kewaskum mill is now being kept well supplied with flour for exchange and shipping purposes. The local patronage is increasing also, and we have every reason to believe that H. Backhaus & Co. are endeavoring to merit a continuance thereof. CEDAR LAKE ITEMS. Wm. Bebenroth of Chicago is stopping at the M. Rosenheimer cottage. Mrs. Max Rosenheimer and family are occupying their cottage here, now. Miss L. Geier of Milwaukee is a guest of the Adolph Rosenheimer family at their cottage. Miss Leidel, book-keeper for the Wynobel & Schroeder commission firm at Milwaukee, is spending her vacation here. VILLAGE BOARD PROCEEDINGS. Kewaskum, Wis., July 15, 1897. 8:00 p. m. The board met in special session with President Adolph Rosenheimer in the chair and all trustees present except Wm. Miller and Val. Dreher. The meeting was called for the purpose of appointing a justice of the peace to fill a vacancy. On motion of N. J. Mertes, J. J. Altenhofen was appointed to fill vacancy caused by H. Backhaus, Jr., neglecting to qualify. On motion the board adjourned. JOSEPH SCHMIDT, Clerk. The gambling houses of Milwaukee have been closed, which reminds us that we have heard this before.

NO PARDON FOR THE YOUNGERS. Citizens of Northfield, Minn., and of that section of the state where the Younger Brothers made their last raid, appeared before the state Board of Pardons and presented strong arguments against the prayer of the petitioners; and, as a result, the board unanimously refused to pardon the Youngers. Cole and James Younger have spent twenty years in the Stillwater prison, the Northfield bank having been robbed in the afternoon of Sept. 7, 1876, when eight men entered the place and shot Cashier J. L. Hayward for refusing to open the vault. They then shot the assistant cashier in the shoulder while he was fleeing. A posse surrounded the bank, and during the exchange of shots two of the bandits were killed. Two days later the surviving bandits were cornered and surrendered, owing to Cole and "Jim" Younger having been badly wounded. The Youngers were formerly members of the James gang, but later organized a gang which finally came to grief at Northfield. "Bob" Younger, the youngest of the brothers, died in the penitentiary at Stillwater several years ago. ELMORE ETCHINGS. Miss Katie Guntly went to Milwaukee last Sunday. Nathan Haesly of Theresa was fishing here last Sunday. Fred. Beisser made a trip to Plymouth last Tuesday. Jonathan Haesly made a trip to Fond du Lac last Monday. Wm. Fleischnann of Kewaskum was in our burg last Monday. Wm. Theisen of Campbellsport was here visiting C. J. Fleischnann last Sunday. The Elmore Young Men's choir had a jolly, good time at the kirmess in St. Kilian on the 8th inst. A dance was held in Fred. Zuelke's barn last Saturday night, but it was not well attended on account of the rain. The following people of Theresa and vicinity called upon Mrs. Phil. Schmitt last Sunday, viz: Wm. Boller and Miss Lizzie Klockenbusch, Paul Yuast and Miss Katie Klockenbusch, Ambrose Wagner and Annie Klockenbusch, Jno. Leichle and—well, what did Johnny want? DADS' OLD BREKCHES. When dad has worn his trousers out, They pass to brother John; Then mother trims them round about, And William puts them on. When William's legs too long have grown, The trousers fall to hide 'em; So Walter claims them for his own, And stands himself inside 'em. Next Sam's fat legs they close invest, And, when they won't stretch tighter, They're turned, shortened, washed and pressed, And fixed on me—the writer. Ma works them into rags and caps When I have burst the stitches. At Doomsday we shall see (perhaps) The last of dad's old brekches. NEW PROSPECT NOTES. P. Coblentz is not so well as usual. The farmers in this vicinity will finish haying this week. M. Martin and daughter made us a very pleasant call last Friday. Louis Doyle went to Green Bay last Tuesday and will practice law there. Addie Reed has the measles. The disease is quite prevalent in this vicinity. Mr. and Mrs. Brigham of Fond du Lac have been guests of G. M. Romaine and family the past week. There will be an ice cream social at Dickmann's hall this (Saturday) evening. Everybody is invited. Misses Sadie Katz and Leah Van Blarcom of Fond du Lac are guests at the Van Blarcom homestead. Frank Tice of Aurora, Washington county, and George Tice of St. Lawrence, were guests of L. B. Reed and family last Sunday. WAYNE WAITINGS. The haying is all done. A boy was born to Joseph Marx and wife, lately. Lots of cherries are being received daily by Petri Bros. Albert Abel returned home from Cascade last Tuesday. Wm. Foerster transacted business at the county seat last Tuesday. Paul Seyfert and family from Aurora Sundayed with John Melhies. Petri Bros. shipped two large wagonloads of cheese last Wednesday. A large number of our young people picniced at Cedar Lake last Sunday. The 7-months term of school in Dist. No. 8 will be taught by Miss Rosalia Kohl. Miss Ella Coughlin of West Bend was a guest of Lizzie Schmidt a few days last week. Katie Schneider, who was visiting relatives in Kohlsville, has returned to Milwaukee. Mrs. Meyer and children arrived from Milwaukee last Wednesday to spend a week with Mr. and Mrs. Geo. Petri. Lightning struck Henry Martin's barn last Saturday and shocked Andrew Martin and John Knoebel, who were in the building at the time. The building was not damaged much, however, and neither John nor Andrew were hurt. Rejected Educational Topic. "They ran that crank out of the teachers' convention at Milwaukee." "What was he there for?" "He wanted to present a paper on 'The Evolution of Modern Thought as Influenced by the Propinquity of the Brewery.'"—Chicago Record. The heroic bronze statue of James Marquette, was unveiled at Marquette, Mich., last Thursday.

Notice to Builders and Contractors. An addition is to be built to the school house situated in Dist. No. 5, village of Kewaskum. The contract will be given to the lowest responsible bidder. The dance at Jo. Mack's in the evening was very well attended also. LITHIA BEER. Drink our Lithia Beer and feel its wonderful effects. Strengthening, exquisite in taste and flavor, and especially to be recommended to invalids. WEST BEND BREWING CO. The Louisville Courier-Journal tells a story of a good old mother who received a dreadful shock the other day through a telegram from her boy, who is in that city enjoying himself. As enjoying one's self sometimes costs money, it is not strange that the young man sent the following somewhat slangy dispatch for more funds to his father: "Had my leg pulled. Broke. Send me \$50 by wire." When his mother read this appeal she was plunged in grief. "My poor boy!" she moaned. "He must have been in one of those cable-car things. Send him \$100, father, and tell him to get the best doctor in the city!" WHY PAY RENT? Better own a farm! Start now! Send to W. B.
