GUARD AGAINST FEVER

Disobedience of the Order will result in the Prompt Arrest of the Offender.

Camp Thomas, Chickamauga Park

June 30.—[Special.]—Rigid orders were issued today that the next twenty-four hours the men of the Second shall drink nothing but weak coffee between meals. Tanks were ordered emptied of water they contained and the guards were directed to see that no one was allowed to get water from any source. Some company commanders are so radical in their efforts to enforce the order that they requested disobedience of this kind reported and they promised to place the offenders under arrest. The order was really from division headquarters, but was considerably strengthened in its strictness by the regiment commander.

The Increase in Typhoid Cases

in this regiment, however, at the division hospital, was the cause of the order. There are about sixty cases, some of them exceedingly obstinate. This morning the men passed muster except a few who were absent from the grounds and unaccounted for. It is believed that at least, will very likely lose the pay they have earned during a month and twenty days post.

Regimental Adj. Charles A. Green

and Capt. W. H. Patton today passed the significant order that if a Wisconsin trooper moved it would be to Puerto Rico.

Private Haggerty of Eau Claire

was taken to the division hospital from the division hospital.

Two hundred and eighty canvas boxes

of clothing were received at the division hospital yesterday and were being distributed to the men.

Practice Moving Orders

came as a surprise to the men. They were ordered to move to the rear of the camp.

NEW MEN IN CAMP.

Eight Companies Organized Under Second Call Report at Camp Douglas.

CAMP DOUGLAS, WIS., June 30.

[Special.]—As the warm with sun and sweet with the songs of birds when the stirring notes of the reveille rang out from regimental headquarters this morning, calling 507 as gallant fellows as the state possessors, to the duties and activities of the day. At nightfall yesterday the eight new companies organized under the second call were all comfortably engaged in their quarters.

Fear that the Spanish Were Going to Make a Stand at Caney Proves Groundless.

Gen. Standing and a detail of Cubans and Americans occupied a small hill north-west of the town, looking directly down on both Caney and Santiago.

The carnival edition of The Evening Wisconsin is the finest publication of the kind ever issued by a Milwaukee daily, and it will prove to be a good advertisement for the whole state.

Judging by the following portion of Captain Gridley's narrative, after leaving Dewey's fleet, the annexation of shoel would be equally pleasing to contemplate as that of the Philippine islands: "I feel sorry for those boys they are sending out to Manila. They are in more danger from scourges of the country than from Spanish bullets. The heat is simply damnable, and they are sure to sicken. The fleet has been singularly free from it, but I fear it will come. I have no desire to criticize any plan of the government or to stand against the wishes of the people, but I see in those islands nothing for us but a cooling station. Not one in ten of our best men could survive there."

On Monday morning next the people of America will celebrate the 122d anniversary of the Declaration of Independence. The Fourth of July means a great deal to every American citizen and the universal homage paid to the day as it comes round is evidence that its meaning is well understood. For many years we have been permitted to observe the national holiday in times of profound peace. Now it comes in the midst of war with a foreign foe, and while we listen on Monday to the strains of music, the booming of salutes, and the words of orators, we will be anxiously awaiting the news from Cuba. The fact that it is a war for the independence of the people of that island should give added solemnity to the celebration of the anniversary of the day on which our forefathers declared their own independence.

The war is getting to be more vigorous every day and the indications are that it will be pushed with such pertinacity by the American fleets and armies that Spain will soon succumb and accept such terms of peace as are offered. Gen. Shafter has invested Santiago de Cuba with his army and will soon have possession of it and of the Spanish fleet which crept into that harbor for safety. The 16,000 Americans, aided by the insurgents and supplemented by the strong fleet, will not have a great deal of difficulty in reducing the place, or at least compelling its surrender, as starvation is at work within the lines, and no supplies can be brought through the American and Cuban lines. A squadron of war vessels has been despatched to the coast of Spain to give the government and people of that country a taste of the realities of war. Another army is to be sent to Cuba to re-enforce General Shafter, and it will probably contain two of the Wisconsin regiments if not all of them. From this time forward very interesting war news may be expected daily.

The strike of the mill-men at Oshkosh is a deplorable affair. One man has been killed, though the responsibility for his death has not been fixed. At such times any man who gets into the mob takes his life in his hand, and death hovers ever near to claim his victims. Gov. Scofield sent the six companies of the National guard from Milwaukee to aid the local authorities in restoring order, and the presence of the troops put an end to the rioting, though the strikers were restless and determined to maintain their position. Under the protection of the soldiers the mills tried to resume work, but there was difficulty in getting them. Wednesday the McMillan company effected a settlement with their striking hands, and the troops have returned to Milwaukee. The other mill-operators will likely follow suit, now that a basis has been reached, so that the whole trouble is apt to end within the present week, without further bloodshed. However, it is considered very unfortunate that we should have labor troubles at a time when the soldiers are under orders to gather in camp preparatory to taking part in the war. One result of the strike is the organization of a new regiment of the National guard to be ready for future troubles of the kind. Twelve companies have been assigned to this regiment and it will be equipped as rapidly as possible.

ST. MATTHIAS SIFTINGS.

The glorious Fourth next Monday. Jacob Schiltz is on the sick list. John Brodzeller of St. Kilian visited relatives here Sunday. Jacob Mertes is slowly recovering from a severe attack of quinsy. Miss Margaret Pesch closed her school last Thursday with a picnic in the afternoon. Miss Mary Kass and Mrs. John Ketter of Cascade visited relatives at West Bend last Sunday. Miss Tillie Schaefer, who was employed in this vicinity, has left for her home at Kewaskum. Sunday last Mrs. J. Simon received the sad news of the death of her sister, Mrs. J. Wendel of Marinette. It is painted red, white and blue. John Dill and Edna Smith of Waldo are visiting here, and the latter will remain until after the Fourth. A new liberty-pole is to be erected here, as the one put up a short time ago has been accidentally demolished. A large number of our people attended the carnival at Milwaukee, and they report as having seen a little while they acquired a very tired feeling. A number of our people attended a camp meeting at Byron last Sunday, and they report it as having been very good. Mrs. Van Cot, the evangelist, conducted it. Wm. Smith of Chicago, who owns the Hoey farm, was here last Monday on business. He has been offered a good price for the place and will likely sell it. A picnic will be held in Bannion's grove on the Fourth. Addresses will be delivered by W. D. Cornell of Fond du Lac, W. D. Wells and A. O. Nuss. Refreshments will be served and numerous games provided. In the evening W. D. Cornell will give a lecture on Spain at the I. O. G. T. hall. Fire works will also be displayed, and the whole day's doings will wind up with a ball at Murray & Naughton's hall.

WAYNE WAITINGS.

Our burg will erect a liberty-pole whereon to wave the stars and stripes on the glorious Fourth. News is rather scarce this week, as most of our people are attending the carnival in Milwaukee. Miss Lizze Weber, who spent six weeks with relatives and friends here, returned home to Hilbert a week ago yesterday. Mr. and Mrs. Louis Petri returned from their wedding trip to Cleveland, O., last Saturday and were seranaded Sunday evening by a charivari party of about sixty or seventy. ASHFORD ACTIONS.

H. C. Scholler spent Monday and Tuesday in Milwaukee. The bridge over the "Milwaukee creek" is completed, and it is a credit to the builders. M. Fleischman was kicked by a horse last Monday. We hope for his speedy recovery. Tomorrow (Sunday) the children of the St. Martin congregation will receive first holy communion. Haying is now the chief occupation of our farmers, and all are well satisfied with this year's crop. Carpenter work on the "Janus building" is nearly completed. Mr. Janus expects to occupy it about Sept. 1st. Mr. and Mrs. J. P. Scholler and son, Edly, left for Milwaukee last Thursday morning to spend the remainder of the week there. Last Tuesday, at 10 a. m., high mass was celebrated in the St. Martin church on behalf of a couple who were united in the holy bonds of matrimony during the services. The bride was Miss Mary Reimer, while N. Kidinger was the groom. After services at the church, carriages took the whole bridal party to the home of Jos. Reimer, where the surroundings and settings were beautifully decorated and arranged for the occasion. Here a sumptuous repast was partaken of, after which numerous diversions were indulged in. Mr. and Mrs. Kidinger will reside on his farm near Lomira. We extend hearty congratulations.

This is the universal verdict. Chamberlain's Pain Balm is the finest preparation in the world for rheumatism, neuralgia, lame back, quinsy, sore throat, cuts, bruises, burns, scalds, and swellings. —Schmidt & Stork of West Bend have purchased a 25-horse-power engine from the New Birdsall Co. of Fond du Lac, which is to be sent up to Forest county, where the spoke manufacturers have purchased 160 acres of timber land.

—The gasoline engine, which Backhaus & Co. ordered quite a while ago, arrived last Tuesday forenoon. The machine somewhat resembles a coast-defense gun, as it sits upon a flat-car, and it will undoubtedly be quite a job to move it to the flouring mills.

NOTICE.—All who wish to take part in the Fourth of July parade to the Southside park should gather at the engine house at 1 p. m. sharp next Monday, when the procession will be headed by the Kewaskum band and march through the principal streets to the scene of the celebration.—HENRY SCHNEIDER.

—The north-bound passenger train due here at 3:36 p. m., was delayed about three hours Thursday by a wrecked freight train near Jackson. While the crew of the latter train were unloading fence-posts along the line, one of the posts fell under the wheels and derailed two cars.

DEED.—Albertina Moldenhauer (nee Luebka) wife of Martin Moldenhauer, at her home 2 miles east of here, last Tuesday at 5:30 p. m., of consumption. The deceased was aged 53 yrs. and 6 months. She leaves a husband and 8 full-grown children—4 boys and 4 girls—to mourn her demise. The funeral was held yesterday at 2 p. m.

—E. H. Burghardt of Barton, Oregon, arrived here last Sunday evening for a visit with his mother, Mrs. S. Boenbergher, and his sister, Mrs. Wm. Krahn, and family. He intends to remain four weeks, as this is the first time he has been here since he went to Oregon, 22 years ago. He owns a flouring mill and a general store there.

—Henry Smith, the Milwaukee alderman, was here last Saturday on business pertaining to the malting system of the plant which the L. Rosenheimer Malt and Grain Co. has in course of erection. This is the gentleman who received the following compliment in last Tuesday's Sentinel: "The Hon. Henry Smith is recommended to the attention of visitors from Chicago who may have a curiosity to see an honest alderman."

—One hundred and twenty-five round-trip tickets to Milwaukee were sold Monday, while at points further north the cheap rates drew such a crowd that two sections of the 9-42 train were well loaded. All other south-bound trains had extra coaches attached to accommodate the people who were going to the carnival, and even then standing room only was available in many of the cars.

—The 3-year-old daughter of Mr. and Mrs. Wm. Lavrenz had a narrow escape from drowning Thursday. While fishing about the flouring mill, in company with other children, she fell into the flume. Eddy Meinhardt, aged about 6 years, immediately jumped down into a skiff, under the bridge-work over the flume, and grasped the girl as she arose to the surface of the water and held her until others came to the rescue. How the child escaped getting under either of two boats in an 8-foot flume is a mystery.

—The trick-mule act of Dan Rice's old circus days was outdone last Wednesday, just as a farmer from St. Michaels had taken a calf out of his wagon ferried to the Central hotel. The guileless critter got its head between the legs of the "lord of the field" and shot across the street with the farmer riding the opposite side. On reaching the opposite side of the road the calf stopped suddenly, while the bareback rider landed upon the sidewalk in a way that must have shocked him considerably, although the jolt did not clang the engine-house bell.

The bride is one of the most charming of our young ladies and a great favorite with all, while the groom is a successful business man.

At the designated hour the bridal party was escorted by the Silver Creek band from the home of the bride to the church, which was tastefully decorated with ferns and flowers, in the midst of which the young couple were made husband and wife by Rev. It was 1:30 before the appetites of the many were appeased, and as soon as the tables were cleared away eager dancers took possession of the floor until early the next day.

ATCHISON GLOBE SIGHTS. Every mother of a pretty girl is a board of strategy. A rainy spell of weather is like theague; hard to break.

When a boy begins to smoke it is time for him to quit school. American flags are now so popular that they are given away with cigars.

Women say that a long waist is a sign of beauty. We rather admire short-waisted women. When a widow begins to leave off mourning, the person whose opinion she fears most is her mother-in-law.

There is nothing going on now except rain and war talk, and no one ever before saw the like. When there is a story "on" a man, how he wishes he could have censored the news, as the government does at Key West.

When a woman exaggerates the wealth and social position of her "family," it is a mean husband who will call her down. Yellow stories are not confined to the war; you can hear a yellow story on a man, particularly a married man, any hour of the day.
