PHILETUS SAWYER DEAD.

Expires Without Warning at His Son's Residence in Oshkosh.

CONSCIOUS TO THE LAST

The Fatal Illness Developed During a Recent Visit to his Former Haunts in Washington.

Oshkosh, Wis., March 29.—[Special.]—Former Senator Philetus Sawyer died suddenly at the residence of his son Edgar at 9:15 o'clock this morning.

No one was in the room with Mr. Sawyer except his grand-daughter, Mrs. Philetus Sawyer, who was sitting at the head of the bed. Mr. Sawyer went on helping him, thinking that he was asleep. Suddenly she thought that perhaps he was not, and she immediately called for the physician, who was hurriedly summoned, and pronounced Mr. Sawyer dead. General tributes were the cause.

Dr. P. Russell said that the senator had been in the city for a few days, and that he had not been in bed. He had a few moments before complained that his head was in pain, and that he was feeling cold and hot. After Edgar had left the room he became restless and asked to have his shoes taken off. Mrs. Sawyer went to assist him, when she found that he drew a long breath and fell back on the bed. Mrs. Sawyer went on helping him, thinking that he was asleep. Suddenly she thought that perhaps he was not, and she immediately called for the physician, who was hurriedly summoned, and pronounced Mr. Sawyer dead. General tributes were the cause.

SLOW PERSONS.

How Their Deliberate and Poky Ways Annoy Street-Car Conductors.

"Yes, we six minutes late," said the conductor; "but it's no fault of mine. We had more old and sick people on this trip than I ever saw before in all my life. Now watch that poor chap. He has to move slow. He has consumption, and it will take him two minutes to get off. Odd, isn't it, that people will suffer that way when, if they would go about it right, nine out of ten of them could be cured. Now, I know a man—his name is R. B. Greener—he's a rich merchant in Chilhowie, Va., who had consumption from getting a bad cold run till it settled on his lungs. He couldn't lie down nights—just sat up and coughed. He was so bad that the doctors gave him up. He tried everything, but nothing did him any good until, one day, a friend told him to try Dr. King's New Discovery for Consumption. Well, you ought to have seen the quick change in Mr. Greener. He was able to attend to business in a short time. That's several years ago, and I saw him the other day and he looked as well as any man. That medicine's a great thing. I've known people to have the worst kind of coughs and colds and to be cured by it in a day or two, and they say it will cure Bronchitis, the 'Crip,' Asthma, Pleurisy, Lung Fever, Spitting of Blood, Pneumonia and hay fever. When my little girls had Croup and Whooping Cough I didn't have to call a doctor—just used a little of this medicine and they were all right. Did you say 'Main street, sir?' Well, here we are. Remember, whenever you have any throat or lung trouble, the best thing to take for it is Dr. King's New Discovery." The car went on, but the conductor had started a fact that millions of people had proved in the last 25 years. Large bottles are sold at 50 cents and \$1.00. Money back if not cured. A trial bottle free. At all druggists.

It's Easy To Take

Thin, pale, anæmic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anæmia.

SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health.

You can get it in this way.

We have known persons to gain a pound a day while taking it.

See and get it at all druggists.
