Carnegie Was Grateful.

An American firm doing business in London recently asked its patrons for suggestions for the distribution of Andrew Carnegie's wealth.

Henry D. Lennon of Glasgow advised that the millionaire repay a loan of 11 shillings, made by his aunt, to aid the Carnegies to emigrate from Dunfermline in 1847. Mr. Lennox computed that at compound interest £9 was due.

Mr. Carnegie has investigated the matter, and found Mr. Lennox right in his claim. The debt will not only be paid, but the children of Mrs. Lennox will be endowed with a sum sufficient to keep them in comfort as long as they live.

From minus 11 shillings to £70,000,000 is a financial transformation that would have staggered the good genie of Aladdin's lamp, but Mr. Carnegie found it not over hard.—London Daily Express.

IT STAGGERS THE MIND.

The Brain Reels at a Woman's Stupendous Idea.

A woman will sometimes seize an idea of such tremendous scope as to appall the understanding. Such was that of Annie E. Springer, of 1125 Howard St., Philadelphia when she said: "I feel like sounding it's praise throughout the Universe." To justify such intense feeling she said: "For many years I suffered with a hacking cough that made life a burden. I had a constant pain in my chest, and I could not sleep at night. No medicine or doctor helped me. I used Dr. King's New Discovery, which soon cured my cough, took the pain from my chest and made me sleep like an infant." But suppose she could praise it among the 300,000,000 vast worlds that Sir Robert Ball, the great astronomer, says are known, as well as the countless unknown worlds he could not count. It would tell 25,000,000 it cures Coughs, another 25,000,000 it cures Colds, and so on, for Consumption, Bronchitis, Asthma, Pleurisy, Pneumonia, Hay Fever, Hemorrhage, La Grippe, Croup, and Whooping Cough—12 maladies to 300,000,000 worlds but she could tell the countless worlds beyond that Dr. King's New Discovery positively cures every form of Throat, Chest and Lung trouble. That is why it is so popular. Yes! but it would be joy through eternity to relieve conscious suffering and that's what this glorious, heaven-sent cure and powerful doctor drug will do! It sells at 50c and \$1.00, guarantee every bottle, and give trial bottles free. No health-lover will ever take a substitute.

Do you suffer from piles? If so do not turn to surgery for relief. DeWitt's Witch Hazel Salve will act most quickly, surely and safely, saving you the pain, poison and danger of an operation. All druggists.

Here is a snake story from the Lacombe (Ill.) Journal: Every well regulated printing office has a pan wherein water is kept to wet the type. For want of a better place, ours is usually kept on a window-sill at the north side of the room. One day, during the recent drought, two of our printers were setting type near the window when they were nearly petrified by the sight of a snake protruding its head above the sill, from the outside. The boys almost broke their necks in getting away. Reaching over the sill and catching the snake took a good drink, and before the startled types could secure a club the reptile had disappeared. The next day at the same hour the snake came for another drink, and this was repeated three and four days, but the last time it was attacked from the rear by a big black Tom cat from Lester's livery barn, next door. A lively fight ensued for a few seconds, but the cat was too much for the snake, although it was fully four feet long, and the snake made a dash for the rear of the office. The cat was after it like a streak of lightning, but the snake found a hole in the brick wall and disappeared under the building. Two weeks before this incident the cat had been over-run with mice, but since then there hasn't been a mouse about the place. Any of our readers who have trouble with mice are cordially invited to come and borrow our snake for a few days.

TO THE PUBLIC.

NEWCASSEL, Wis., Sept. 10, 1901.

Having purchased the Newcasel flouring mills, I wish to inform the public, and farmers especially, that I have had the mill put in first-class shape, and am now ready to do all kinds of work in the best manner. Good machinery, and especially good millers, can do it. I have hired one of the best millers and mechanics that the country could furnish—Mr. A. A. Stewart from Ohio—and am willing to warrant every set of flour put out. If it does not suit, return it and get your money back—the strongest guarantee we can give. Our flour is now equal to any, and realizing the poor reputation that the mills have had of late, I take this way of informing the people that we can make good flour. During October I will give away \$100 worth of flour, put up in 5-pound packages, and any flour bought of us as the "Best" or "Scraper's" Newcasel Pride will be like the sample. I can sell the same grade of flour cheaper than anyone else. I can give farmers a better yield for their wheat than can be obtained from any other mills in the country, and if the flour is not satisfactory they can get their cash and get their wheat—the best guarantee I can give. Give me a trial and see what I can do for you. I have thoroughly overhauled the mills and put the management of making flour under the care of Mr. Stewart who has 25 years' experience. All flour that I have put out up to the date of this notice was that which was left in the mill when I bought it, but everything turned out from that date on I guarantee. To farmers having wheat weighing 58 will give 33 pounds the sample. I can sell the same grade of flour cheaper than anyone else. I can give farmers a better yield for their wheat than can be obtained from any other mills in the country, and if the flour is not satisfactory they can get their cash and get their wheat—the best guarantee I can give. A Typical South African Store. O. R. Larson of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything, from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about 25 miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of 30 miles, to many of whom I have supplied Chamberlain's Remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within a mile of my store the population is perhaps 60. Of these, within the past 12 months, no less than 14 have been completely cured by Chamberlain's Cough Remedy. This is surely by a record." For sale by L. Rosenheimer.
