IN CONFIDENCE "If you want to please people with Guitar, or Banjo playing, begin by purchasing a 'WASHBURN.'" FOR SALE BY DAVID C. MAYER. Saved Him From Torure. There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises and all kinds of wounds it is unequalled. J. S. Gerald, St. Paul, Ark., says: "From 1857 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. All druggists. The last Heard of It. "My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, Ohio. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure. Very pleasant to take. The little ones like it. All druggists.

The object is simply to have mothers or any other ladies who are interested in school-work visit the school and observe the work as it is actually carried on from day to day and confer with the teachers about the needs of the children. Our teachers are endeavoring to do good, conscientious work and they want the co-operation and support of every parent. Parents and teachers have a common aim in view and why not work together. Mothers! be sure to get out on Thursday and encourage both teachers and pupils by the interest you will show in calling at the school house for as long a time as you can spare from your work. No special preparation will be made for your entertainment but it is hoped that you may get an insight into school-work and assist in any way you see fit to better its quality.

**Educational Revival.**  
 The Educational Revival at the school house on next Monday evening should receive the support of every citizen of Kewaskum who is interested in the welfare of our school. The state has gone to the expense of engaging several of Wisconsin's foremost educators and has sent them out to awaken the people to the needs of the schools. Prof. Cheever has been assigned to our district. We all wish to know some of the things which are needed in Kewaskum to better aid us in training our boys and girls for good citizenship. Let the meeting, therefore, be well attended. Let us show Prof. Cheever that interest in education is as intense here as in any other of the places he may visit. Parents, especially, should come out as they should be most vitally concerned in this matter. Supt. Bennett as well as Prof. Cheever will speak and a short program of music and recitations will be rendered. Meeting commences at 8:00 and concludes at about 9:30.

The papers in the case were served on Dr. J. W. Burns, of Oakfield, this morning by Sheriff Sheridan, of Fond du Lac. Dr. Burns was given the power of attorney to look after Dr. Orvis' affairs after his disappearance. Mrs. Orvis recites in her complaint, in which she asks for the return to her of Edgar, that he was taken from her by force out in Montana, and is now in the custody of a brother of Dr. Orvis in New York.

**Clerk's Wise Suggestion.**  
 "I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mow, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. All druggists.

The quickest way to warm a house in the morning is to open the doors and windows a few moments, long enough to change the air. The philosophy of this is that the air of a house or room, after being closed overnight, is impure and sluggish, somewhat like muddy water. Fresh air is pure buoyant and active and will circulate quickly through the rooms, carrying the warmth of stoves or radiators swiftly to every corner. Besides that, there is the joy and comfort of breathing pure air.—Ex.

Educational Revival.

The Educational Revival at the school house on next Monday evening should receive the support of every citizen of Kewaskum who is interested in the welfare of our school.

The state has gone to the expense of engaging several of Wisconsin's foremost educators and has sent them out to awaken the people to the needs of the schools. Prof. Cheever has been assigned to our district. We all wish to know of some of the things which are needed in Kewaskum to better aid us in training our boys and girls for good citizenship. Let the meeting, therefore, be well attended. Let us show Prof. Cheever that interest in education is as intense here as in any other of the places he may visit. Parents, especially, should come out as they should be most vitally concerned in this matter. Supt. Bennett as well as Prof. Cheever will speak and a short program of music and recitations will be rendered. Meeting commences at 8:00 and concludes at about 9:30.
