FOND DU LAC NEWS.

WANT CASE BROUGHT BACK. Fond du Lac., Wis., May 29.—
Attorney Maurice McKenna, who represents C. W. Keys in the case of Michael Berenz, against C. W. Keys et al., will go to Green Bay Monday to argue a motion before Judge Hastings that the case be referred back to Fond du Lac county on the ground that Judge Hastings has no jurisdiction. The case was previously tried before Judge Burnell, who was called in by Judge Kirwan. The jurors disagreed and Judge Kirwan allowed a change of venue to Brown county. The point to be brought up is whether or not Judge Kirwan had any jurisdiction in the case after it had been referred to Judge Burnell and Mr. McKenna will contend that he had none, and that the case is still under the jurisdiction of Judge Burnell. ROBERT M'CRIMMON DEAD. Robert McCrimmon, aged 50 years, died yesterday at his home on Scott street. The deceased was a native of Canada, and had resided Waukesha for twelve years previous to his coming here two years ago. He had been in the employ of the Wisconsin Central road in the capacity of engineer for fifteen years and was a member of the Brotherhood of Locomotive Engineers of this city. He is survived by two daughters and one son. The remains will be taken to Waukesha for interment.

The funeral of Herbert, the infant son of Mr. and Mrs. T. Norenberg, was held this afternoon at 2 o'clock from the residence, Rev. A. Blankenagel officiating, with interment at Estabrook cemetery.

CHAIR COMPANY TO MOVE. The Schram Chair Company has decided to move its plant from Sheboygan Falls to Oshkosh, where it has secured the building formerly occupied by the Union Iron Works. While negotiating for the Oshkosh location Mr. Schram had interested local business men in the matter of obtaining the plant for this had interested local business men in the matter of obtaining the plant for this city, and had given them to understand that if the sum of \$1000 was raised he would occupy the old Yeast Foam building on North Main street. The money was raised, but when the committee visited Mr. Schram it was found that he had secured the Oshkosh location. Mont Pelee. FACE OF DEATH.

Prof. Hill, the United States Geologo gist, Makes Another Report Con-

cerning the Volcano.

Fort de France, Martinique, May 29 .-

The crater of Mont Pelee has been approached within one mile. This feat was accomplished Tuesday afternoon by George J. Kavanagh, an unattached newspaper man, who had accompanied Prof. Robert T. Hill, the United States gov-Robert T. Hill, the United States government geologist, on his expedition.

When Prof. Hill turned south toward St. Pierre, Mr. Kavanagh continued on past Morne Rouge. His route seems to have been along or near the Cale Basse divide. He says he descended from Morne Rouge into the valley between Morne Rouge and Mont Pelee. This valley was deeply strewn with ashes. Mr. Kavanagh was guided by an aged negress to where an old footpath once let to Lake Palmiste near the summit of the crater. There an iron cross 20 feet the crater. There an iron cross 20 feet high was buried in ashes to within a foot of its top. Before him stretched upward the mountain slope, covered with ashes which, soaked by the heavy rains and baked by the sun and volcano has and looked like a compart sidewalk. The looked like a cement sidewalk. The whole mountain was shrouded in smoke.

Forgetful of Danger. Forgetful of the explosion of the provious night and the awful suddenness of the outbursts and tempted by the seemingly easy ascent, he continued upward and made photographs and rough sketches. Mr. Kavanagh found the val-ley filled with ashes and two great rifts, which he was afraid to approach. At 6 in the evening he turned back, reach-ing Morne Rouge at about 9 o'clock. He had made no new observations and realhad made no new observations and real had made no new observations and realized his danger only the next morning when occurred the greatest outburst since Mont Pelee's first eruption.

On Wednesday, Mr. Kavanagh tried to descend to St. Pieere, but failed. He found a little hamlet, in a valley near the mountain, black with 150 dead bodies. They were not carbonized, nor had their clothing been burned off. Probably this valley lay near the inner edge ably this valley lay near the inner edge of the zone of blasting flame. George Kennan reported from Morne louge this morning that two hours ago rof. Angelo Heilprin, president of the Philadelphia Geographical Society, but here under the auspices of the National Geographical Society, left with Mr. Leadbetter to make a three-days' care-ful exploration and study of the new

eruption of Mont Pelee, have both re-turned here unharmed.

The report of their death came more from the absence of any news of them than any positive tidings. Mr. Kennan left Fort de France for the northern end of Martinique five days ago and Prof. Hill started on Monday to climb Following is Prof. Hill's report on his recent attempt to reach Pelee's crater and his description of phenomena

which he announces as entirely new to My attempt to examine the crater of Mont My attempt to examine the crater of Mont elec has been futile. I succeeded, however, in getting very close to Morne Rouge, to 'clock Monday night I witnessed from point near the ruins of St. Pierre a frightle explosion from Mont Pelee, and noted he accompanying phenomena. While these ruptions continue no sane man would attempt an ascent to the crater of the volcans.

Following the salvos of detonations from Following the salvos of detonations from the mountain gigantic mushroom-shaped columns of smoke and cinders ascended into the clear, starilt sky and then spread, in a vast black sheet, to the south and directly over my head. Through this sheet, which extended a distance of ten miles from the crater, vivid and awful lightning-like bolts flashed with alarming frequency. They followed distinct paths of ignition, but were different from lightning in that the bolts were horizontal and not perpendicular.

This is a most important observation and xplains in part the awful catastrophe, his phenomenon is entirely new in voluic history. canic history.

I took many photographs, but do not hestate to acknowledge that I was terrified. But I was not the only person so frightened; two newspaper correspondents who were close to Morne Rouge some hours before me became scared, ran three miles lown the mountain and hastened into Fort le France. de France.

The people on the north end of the Island are terrified and are fleeing with their cattle and effects. I spent Tuesday night in a house at Deux Choux with a crowd of 250 frightened refugees. Nearly all the phenomena of these volcanic outbreaks are new to science and many of them have not yet been explained. The volcano is still intensely active and I cannot make any predictions as to what it will do.

Before Peace Can be Established Lake Lano District, P. I.

WIPE OUT DEFIANT ELEMENT.

Manila, May 29 .- Col. Frank D. Baldwin, of the Fourth United States Infantry, has telegraphed to Brig.-Gen. George W. Davis, in command of the United States troops in the island of Mindanao, that he does not expect to establish satisfactory peace conditions in the Lake Lano district until the defiant element is wiped out. The natives pre-tending to be friendly are urging that this be done, as their own lives are in jeopardy "which," the colonel adds, "we are in the highest sense under obliga-tions to protect."

"The defiant element," continues Col.

Baldwin, "respect nothing but powder and the sword. They will destroy human beings until destroyed themselves."
Gen. Davis replied that to meet the emergency in the way suggested would necessitate the capture of every fort, by admitting the troops as friends, which was forbidden under existing orders.

EXPECT A CONFLICT.

Special Police to Guard Property Against the Attack of Strikers.

Pottsville, Pa., May 29 .- The coal mpanies in this section are gathering special policemen to protect their property and in the event of a conflict or Monday they will have a large body of men in the field. The Reading Company has had 125 policemen sworn in since Monday. These will supplement its regplar force of fifty policemen. All have been ordered to report for duty at once.

It is known that a strike of the pumpmen, engineers and firemen is inevitable.

REPRIMANDS JURY.

William McFetridge of Chicago Acguitted of Charge of Murdering His Brother.

Chicago, Ill., May 29 .- A verdict of not guilty in the case of William Mc-Fetridge, accused of murdering his brother, brought a reprimand to the jury from

Judge Kavanagh today. "I cannot understand how you ever arrived at such a conclusion," said the court. "If ever man was guilty Mc-Fetridge was that man. The evidence was direct and conclusive. I would not

have been surprised if you had imposed the death penalty." William McFetridge and his brother Robert had quarreled for years. Following a suit in justice court last fall which had gone against William, the latter met his brother carrying a little girl. After a few words William McFetridge opened fire and continued to fire as his brother ran away. The latter died after reach-

McFetridge attracted attention at the trial by taking up his own defense and continuing it for three days. At the end of that time he accepted the aid of an attorney. He pleaded that his shots were fired in self-defense. He said that Rob-ert had often threatened to kill him and that he was justified in taking no chances. Several witnesses at the trial, however, testified that Robert was unarmed and made absolutely no move of a

TO DECLARE PEACE SOON.

Statement Made in the House of Commons.

REGARDING BOER WAR.

The British Cabinet Puts Finishing Touches to the Agreement with the Boers.

London, May 29 .- The government leader, A. J. Balfour, announced in the House of Commons today that he hoped to be able on Monday next to announce the result of the peace negotiations in South Africa. "I cannot, however, be absolutely cer-

tain of being in a position to do so, added Mr. Balfour; "and until the state ment can be made, I do not think it expedient to take up the budget." The government leader also said: "A recent phase 'hung in the balance' has been absurdly misinterpreted as re ferring to divisions in the cabinet on the subject of the budget. That is not a fact, and the only point is whether the house can properly be asked to discuss the budget until they know precisely where they stand in regard to the negotiations."

In spite of Mr. Balfour's pretended uncertainty, there is no doubt whatever in the House of Commons or elsewhere that a full peace settlement will be announced Monday next.

"Peace" Cabinet Meets. The British cabinet was specially summoned last night and sat for a little over an hour. It is generally accepted, however, this morning that the session hough brief, sufficed to put the final ouches on the agreement which will erminate the war. The colonial secretary, Joseph Chamberlain, was sufficiently recovered from his indisposition to attend what is already designated as the "peace" cabinet.

British Not Successful.

British Not Successful.

The campaign against the roving Boer commandoes in Cape Colony which has been in active progress for sixteen months has achieved nothing beyond keeping them moving. "Any occasional success," the correspondent adds, "obtained by the seventeen British columns operating in Cape Colony is more the result of luck than of their tactics, and these unpalatable facts will continue as long as so few columns co-operate in the hustling. The inadequacy of the supply of troops is at the root of the unsatisfactory operations."

Avoid Litigation. Waukesha, Wis., May 29 .- [Special.]

The matter of the contested will of the late John D. James has at last been settled by a compromise. The division of property by the deceased was a most peculiar one, and his four sons all received different amounts which were so ceived different amounts which were so proportioned as to need a mathmetician to find the real value of them. One thing was discovered after some examination of the document, however, and this was that one of the sons, Samuei James, received only \$1 according to the terms of the will, and he immediately commenced an action contesting the probating of it on the ground that the probate court had no jurisdiction inasmuch as John James died in Wales, G. B. The wase was brought into court, the as John James died in Wales, G. B. The "ase was brought into court, the arguments were heard, and the judge took it under advisement. Before he had an opportunity to render a decision, however, the plaintiff filed stipulations asking to have the case withdrawn, and this was done. The defendants had agreed to allow their brother \$800 of the estate, which was an advance of \$799, and Samuel James considered that this was worth as much as his chances to was worth as much as his chances to win the case. Mrs. John James, the widow, is allowed \$200 annually, accord-ing to her husband's will.

Miss Marie Johnson, 11 Columbia, East, Detroit, Mich., is Worthy Vice-Templar in Hope Lodge, No. 6, Independent Order of Good Templars, Miss Johnson, as so many other women also have done, found in Peruna a specific for a severe case of female weakness. She writes:

"I want to do what I can to let the whole world know what a grand medicine Peruna is. For eleven years I suffered with female troubles and complications arising therefrom. Doctors failed to cure me, and I despaired of being helped. Peruna cured me in three short months. I can hardly believe it myself, but it is a blessed fact. I am perfectly well now, and have not had an ache or pain for months. I want my suffering sisters to know what Peruna has done for me."—Miss Marie Johnson. Miss Ruth Emerson.

This treatment at once stops falling hair, removes crusts, scales, and dandruff, soothes irritated, itching surfaces, stimulates the hair follicles, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails.

Assisted by CUTICURA OINTMENT, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the atopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itchings, and chafings, and for all the purposes of the toilet, bath, and nursery. Millions of Women use CUTICURA SOAP in the form of baths for annoying irritations, inflammations, and excoriations, for too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and for many antiseptic purposes which readily suggest themselves to women and mothers. Cuticura Soap combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients, and the most refreshing of flower odours. No other medicated soap is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines, in ONE SOAP at ONE PRICE, the BEST skin and complexion soap, and the BEST toilet and

Mrs. Annie McKay, Chaplain Sons of Temperance, 326 Spadina Ave., Toronto, Cured of Severe Female Troubles by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: - Being a mother of five children I have had experience with the general troubles of my sex. I was lacerated when one of my children was born and from that hour I date all my afflictions. I found that within a few months my health was impaired, I had female weakness and serious inflammation and frequent flooding. I became weak and dizzy but kept on my feet, dragging through my work without life or pleasure. A neighbor who had been helped by taking Lydia E. Pinkham's Vegetable Compound insisted that I take at least one bottle. I did so and felt so much better that I kept on the treatment. For seven months I used the Compound faithfully and gladly do I say it, health and strength are mine once more. I know how to value it now when it was so nearly lost, and I appreciate how great a debt I owe you. The few dollars I spent for the medicine cannot begin to pay what it was worth to me. Yours very truly, Mrs. Anna McKay, Chaplain Sons of Temperance."

MEALTHAMPALLITS BLESSINGS

Health will come with all its blessings to those who know the way, and it is mainly a question of right-living, with all the term implies, but the efforts which strengthen the system, the games which refresh and the foods which nourish are important, each in a way, while it is also advantageous to have knowledge of the best methods of promoting freedom from unsanitary conditions. To assist nature, when nature needs assistance, it is all important that the medicinal agents used should be of the best quality and of known value, and the one remedy which acts most beneficially and pleasantly, as a laxative, is-Syrup of Figs-manufactured by

With a proper understanding of the fact that many physical ills are of a transient character and yield promptly to the gentle action of Syrup of Figs, gladness and comfort come to the heart, and if one would remove the torpor and strain and congestion attendant upon a constipated condition of the system, take Syrup of Figs and enjoy freedom from the aches and pains, the colds and headaches and the depression due to inactivity of the bowels. In case of any organic trouble it is well to consult a competent physician, but when a laxative is required remember that the most permanently gratifying results will follow personal cooperation with the beneficial effects of Syrup of Figs. It is for sale by all reliable druggists. Price fifty cents per bottle.

The excellence of Syrup of Figs comes from the beneficial effects of the plants used in the combination and also from the method of manufacture which ensures that perfect purity and uniformity of product essential in a perfect family laxative. All the members of the family from the youngest to the most advanced in years may use it whenever a laxative is needed and share alike in its beneficial effects. We do not claim that Syrup of Figs is the only remedy of known value, but it possesses this great advantage over all other laxatives that it acts gently and pleasantly without disturbing natural functions, in any way, as it is free from every objectionable quality or substance. To get its beneficial effects it is always necessary to buy the genuine and the full name of the Co. - California Fig Syrup Co. - is printed on the front of every
