Business Men Suffer.

The majority of the roads found themselves as badly off as they were Monday when it came to handling such freight as reached the warehouses. The news of the failure of peace plans was received by the big wholesale houses, who will be among the greatest sufferers, with gloomy words and faces. Many of them have practically made no attempt to ship goods since the strike began, hoping that an early settlement would relieve them of embarrassment. They had much faith in the power of the pressure which was being exerted in favor of a settlement and the failure of the efforts of the arbitration board's plan to go through today brought them to a realization that a severe struggle of some length probably stares them in the face. They are already much behind in filling and the morning. Two hundred horses in training there for the race meeting thas was to onen next week were removed during the night. Doom is Pronounced by the Court.

Eldorado, Kas., July S.—Jessie Morrison, convicted June 28 of murder in the second degree for killing Mrs. Olin Castle at the latters home here in June, 1900 by cutting her throat with a razor, was today sentenced to twenty-five years in today sentenced to twenty-five years in the penitentiary. Motion for a new tria was overruled. Miss Morrison, who has gone through three trials, took the sentence with little show or demonstration. The case will be appealed to the state supreme court. At her second trial Miss Morrison was given but five years.

For two years or more Olin Castle "kept company" with her, seeming to prefer her to Miss Morrison. On June 13—unlucky day—Olin Castle and Clara Wiley were married. Cleveland, O., July 10.—J.T. The next morning Castle went to the store about 6:30 o'clock, as was his wont. At 9 o'clock came a message that his wife had been murdered. He hastened home and found his bride of a week lying on the dining-room floor with her throat cut.

Neighbors told what they knew of the case. Mrs. E. R. Spangler called to neighbors across the street, and one of them—Mrs. Moberly—came over, broke open one of the screen doors and hastened to the dining room, where she saw Jessie Morrison, the defeated rival, standing over the prostrate form of the bride of a week, with a bloody razor in her hand.

Wilkesbarre, Pa., July 8.—A child struck by lightning, apparently dead and terribly burned, was placed in a grave ast night by Russians at Glen Lyon, and half an hour later was taken out conscious and with no other effects of the lightning except the buras. It is alive and doing well.

The bolt passed down the chimney and struck the child in the cradle, running down its body from the right shoulder to the left hip and then down the left leg and across the Fight foot, burning the flesh all the distance.

Neighbors flocked in and as soon at it could be done a grave two feet deep was made. The child, stripped of all its clothing, was covered with two feet of earth, its head being left free.
