St. Louis, Mo., April 30.-The rites St. Louis, Mo., April 30.—The rites which present the Louisiana Purchase exposition to the world were performed to return to their room for further delibin the Liberal Arts building today with all the dignity and splendor befitting such an occasion. A parade of 11,000 soldiers down Lindell boulevard to the World's fair grounds formed a brilliant prelude to the ceremony of dedication. This prelude over, 60,000 people crowded into the big auditorium, where, in the presence of official representatives of all the civilized nations of the world, the words of dedication were spoken by the President of the United States. As the last syllable fell from the speaker's lips and the dedication of one of the world's greatest fairs was completed, 60,000

In the grandstand men in their heavy overcoats shivered while women, garbed in elegant but inadequate laces suffered much more severely. It was all taken good-naturedly, however.

Ladies Wrapped in Blankets. Mrs. Odell, wife of the governor of New York; Mrs. James L. Blair, presi-

dent of the board of lady managers, and a number of others found relief in thick army blankets furnished by Capt. Larimore of the First Missouri. The supply was soon exhausted and the attentive captain was left disconsolate with a score of unfilled orders for a time. Mr. Cleveland and a number of guests found they could keep warmer by stand-ing. They stood with their hands They stood with their hands sunk under their collars.

Guarding the President. Elaborate precautions to guard the President were made. The grandstand was surrounded by soldiers of Co. C, First Missouri, who stood at short inter around a space 200 feet from the stand. As an extra precaution, a fence

of strong rope was placed around the stand. No one who could not show con-vincing credentials was allowed inside. Cardinal Offers Invocation. At 2:25 the assembly was called to order by President Francis. The noise was so great that his voice could not be heard twenty feet from the rostrum. He intro-duced Cardinal Gibbons, who delivered ne following invocation.

After the rendition of "The Heavens Proclaiming" by the chorus of 2000 voices, David R. Francis, president of the Fair association, delivered an ad-dress, presenting the building of the fair. At the conclusion of Mr. Francis'

speech Mr. Roosevelt was introduced. REVIEWS THE TROOPS. Great Procession Passes President's Re-

Pope Waits With Extended Hand.

At the conclusion of this ceremony the
door of the Pope's apartment was immediately opened and the aged pontiff was
revealed standing at the threshold. His
hand was extended, awaiting his guest.
His holiness was dressed in robes of

WORLD'S FAIR IS OPEN

President Formally Dedicates Exposition at St. Louis.

MANY CHEER CHIEF.

Anniversary of the Louisiana Purchase Is Celebrated-Great Parade of Soldiers.

St. Louis, Mo., April 30.-The rites which present the Louisiana Purchase exposition to the world were performed in the Liberal Arts building today with all the dignity and splendor befitting such an occasion. A parade of 11,000 soldiers down Lindell boulevard to the World's fair grounds formed a brilliant prelude to the ceremony of dedication. This prelude over, 60,000 people crowded into the big auditorium, where, in the presence of official representatives of all the civilized nations of the world, the words of dedication were spoken by the President of the United States. As the last syllable fell from the speaker's lips and the dedication of one of the world's greatest fairs was completed, 60,000 voices rose in a prodigious note of ap-

Distinguished Guests.

President Roosevelt, former President Cleveland, President Francis of the ex-position company, President Carter of the position company, President Carter of the world's fair commission, members of the cabinet and the supreme court sat in the center of the platform. At the Presi-dent's right sat the visiting diplomatists. In this section also were other distincuished foreigners and representatives of the state department at Washington, headed by Assistant Secretary of State Loomis. To the left of the Presi-dent sat the joint delegation of senators and representatives representing Conand representatives representing Congress, the foreign commissioner to the fair, and Gen. Miles, Adjt.-Gen. Corbin and Gen. John C. Bates, with many others scarcely less distinguished. The two front sections of the auditorium proper were occupied by the governors of states and their staffs, the national world's fair commissioners, the United States government board, United States senators and congressmen who were not members of the congressional joint delemembers of the congressional joint delegation, and other notable guests..

Besides President Roosevelt, other participants in the ceremony were Cardinal Gibbons, Bishop E. R. Kendrix and Henry C. Potter, former President Cleveland, Thomas H. Carter, president of the day, and David R. Francis.

Elaborate precautions to guard the President were made. The grandstand was surrounded by soldiers of Co. C, First Missouri, who stood at short inter vals around a space 200 feet from the stand. As an extra precaution, a fence of strong rope was placed around the stand. No one who could not show con-vincing credentials was allowed inside. Cardinal Offers Invocation.

At 2:25 the assembly was called to order by President Francis. The noise was so great that his voice could not be heard twenty feet from the rostrum. He intro-duced Cardinal Gibbons, who delivered

the following invocation.

After the rendition of "The Heavens Proclaiming" by the chorus of 2000 voices, David R. Francis, president of the Fair association, delivered an address, presenting the building of the fair. At the conclusion of Mr. Francis' At the conclusion of Mr. Francis' speech Mr. Roosevelt was introduced.

President Reviews Procession.

The sight of the marching thousands rom the point occupied by President toosevelt's reviewing stand was one long o be remembered. For a half mile to left, for an equal distance to the right, the winding column was in complete view. President Roosevelt watched the procession with eager attention. The parade in all features was a most beautiful and imposing inaugural of the cere-monies. Although Adjt.-Gen. Henry C. Corbin was the grand marshal, the chief figure of the parade, the active work of organizing the columns and managing the parade was done by Brig.-Gen. John T. Johnston, U. S. A., and Lieut.-Col. P. A. Godwin, Ninth United States cavalry, Gen. Corbin's chief of staff.

a Ton. New York, April 30 .- In the hearing before the interstate commerce committee yesterday of the charges against the anthracite coal roads President Baer of the Philadelphia & Reading candidiy declared that he controlled the coal market and could raise or lower the price at will. Mr. Baer, who had, during his examination, a clash with the attorney for the complainant, denied that there was any combine of the coal roads. He admitted that they had established a general sales agency, and also said that there was no danger of one trying to undersell the other. Prices always would agree, he said, and he also said that, though they are in competition, the competition consists of improving properties and not in cutting

each other's throat by a price war.

A 50-cent advance in the price of coal during the present year was promised by Mr. Baer, who said he had no doubt he could put it into effect. The others in the business, he was certain, would fall into line. In a sarcastic manner, when asked of recent increases in prices, Mr. Baer said the people who had secured an advance in the pay of the men and added to the cost of production were to be blamed instead of the operators.

Ask For-Plan for Medical Building. Madison, Wis., April 30 .- [Special.] The world's fair commission will receive \$75,000 in addition to the \$25,000 allowed two years ago, with which to present the resources of Wisconsin at th St. Louis fair. After listening to all the arguments that were offered in the effort to induce the Legislature to increase the recommendations made by the As-sembly committee on state affairs and sembly committee on state affairs and the Senate committee which decided upon \$75,000 and \$100,000 respectively, the joint committee on claims has decided that \$75,000 will have to do and that is all that the commissioners will get, not-withstanding the claim that at least \$200,000 in addition to what has been allowed is necessary.

allowed is necessary.

There will have to be a general curtailing of plans all around. Former Gov. Hoard, who has charge of the agricultural exhibit, will be hit hard inasmuch as his plans call for an expenditure of \$67,500 for that exhibit, which includes an allowance of \$15,000 for the dairy ex-

Gov. Hoard Disappointed.

One of the pet plans may have to be done away with altogether. It relates to the publication of a book presenting many illustrations of Wisconsin's agricultural wealth as well as pictures evidencing the great natural wealth and properties of the state. It was planned to issue an edition of 250,000 copies, which would cost from \$15,000 to \$25,000. Gov. Hoard is firmly of the belief that had the Legislature decided to allow the full amount of \$225,000 it would all come back to the state a hundredfold. The committee is striving to get along without a direct tax. Some of the members wanted to cut the additional appropriation down to \$40,000 and the highest amount mentioned or favored was \$100,000. Gov. Hoard Disappointed.

University Gets Big Appropriation. University Gets Big Appropriation.

The claims committee has virtually capitulated to the university regents and they will be dealt with more liberally than the members were at first disposed to treat with them. It is doubtful whether the recommendations the committee will make would carry in the event that the minority presented a report. The committee has adopted the majority rule, however, and while the majority in favor to treat with them. The committee has adopted the majority rule, however, and while the majority in favor of the large appropriations for the big school is but a majority of one the rule is to be observed and the members will all join in the report and then say nothing. The report will come in just as soon as the regents have drafted the substitute bill containing the appropriations that the majority have agreed upon.

Will Have Medical Building.

Will Have Medical Building. The committee has agreed to allow \$100,000 for the erection of the proposed chemical laboratory which is to be ultimately, in fact, it is understood, with as little delay as possible, to be transformed into a medical school with a two years' course. This is the item and the plan that the Milwaukee physicians protested against very vigorously and at one time the members seemed to be agreed that \$20,000 was ample for the building, if it was to be used for the purpose named in the bill, that of a chemical laboratory pure and simple. The entire strength of the university lobby, so-called, was brought to bear upon the members, it is understood, resulting in the increased

the full text of the decree issued on April 17 last by President Castro, which defines the relations of foreigners to the conditions of the country, has attracted wide attention and no little criticism. In the endeavor to prevent foreigners giving any assistance to revolutionary schemes the edict absolutely forbids any foreigners, whether resident or transient, to express any opinion on political affairs, denies them the right to hold any public office, to edit a newspaper or to do anything in which the criticism of the administration might find an outlet. In consequence of this many Americans who are now resident in the city and who had hoped for a larger degree of personal liberty will leave the country and will dissuade others from coming.

Indigestion is often caused by over-eating. An eminent authority says the harm done thus exceeds that from the excessive use of alcohol. Eat all the good food you want but don't overload the stomach. A weak stomach may refuse to digest what you eat. Then you need a good digestant like Kodol, which digests your food with-out the stomach's aid. This rest and the wholesome tonics Kodol contains soon restore health. Dieting unneces sary. Kodol quickly relieves the feel-ing of fulness and bloating from which some people suffer after meals. Mrs. Laura L. Barnes, Washington, D. C., Ladies Auxiliary to Burnside Post, No. 4, G. A. R., recommends Lydia E. Pinkham's Vegetable Compound.

"In diseases that come to women only, as a rule, the doctor is called in, sometimes several doctors, but still matters go from bad to worse; but I have never known of a case of female weakness which was not helped when Lydia E. Pinkham's Vegetable Compound was used faithfully. For young women who are subject to headaches, backache, irregular or painful periods, and nervous attacks due to the severe strain on the system by tome organic trouble, and for women of advanced years in the most trying time of life, it serves to correct every trouble and restore a healthy action of all organs of the body.

"Lydia E.Pinkham's Vegetable Compound is a household reliance in my home, and I would not be without it. In all my experience with this medicine, which covers years, I have found nothing to equal it and al-ways recommend it." - Mrs. Laura L. BARNES, 607 Second St., N. E., Washington. D. Once When Edison Got Mad. Thomas A. Edison is of the opinion that it was anger that first turned him oward the greatest and most successful,

That was, of course, in the early days, and Edison was then quite the inventor that one reads of—poor, enthusiastic, never sleeping. He lived in a small house, innocent of anything approaching a laboratory; scientific apparatus were in every room, and all the money went for experiments. Then, one day, came the crisis in the guise of the collector for the gas company. He had been to the house often, but Edison hardly heeding his calls, had waved him away, saying:

'Don't bother me."
On this last call, the collector's instructions were peremptory. He must turn off the gas. "But man," protested Mr. Edison, "I can't stop this experiment tonight. I'll pay the bill, of course. I didn't know about it. I must finish this work with no

the lungs, stomach, kidneys, bladder and other pelvic organs have been cured by Peruna.

Peruna is able to cure catarrh wherever it may be located by its direct action upon the mucous membranes. Catarrh means inflamed mucous membranes. Peruna acts at once to cleanse and invigorate the catarrhal condition of the mucous membrane no matter where it may occur in the body. Its action is the same on the mucous lining of the nose as on the mucous lining of the bowels. It cures the catarrhal inflammation wherever it may occur. flammation wherever it may occur.
Dr. R. Robbins, Muskogee, I. T.,

"Peruna is the best medicine I know of for cough and to strengthen a weak stomach and to give appetite. Beside prescribing it for catarrh, I have ordered it for weak and debilitated people, and have not had a patient but said it helped him. It is an excellent medicine and it fits so many cases t fits so many cases. "I have a large practice, and have a

chance to prescribe your Peruna. I hope you may live long to do good to the sick and suffering."

We say Peruna cures catarrh. The people say Peruna cures Catarrh. Promi-nent men and women all over the United States from Maine to California do not hesitate to come out in public print to say that Peruna is what it is recommended to be, an internal, systemic catarrh remedy that cures catarrh wherever it may be located.

Dr. M. C. Gee's Experience. Dr. M. C. Gee is one of the physicians who endorse Peruna. In a letter written from 513 Jones street, San Francisco, Cal., he says:

"There is a general objection on the part of the practicing physician to ad-vocate patent medicines. But when any one medicine cures hundreds of people, it demonstrates its own value and does not need the endorsement of

"Peruna has performed so many wonderful cures in San Francisco that I am convinced that it is a valuable remedy. I have frequently advised its use for women, as I find it insures regular and painless menstruation, cures leucorrhoea and ovarian troubles, and bullds up the entire system. I also consider it one of the finest catarrh remedies I know of. I heartily endorse your medicine."---M. C. Gee. M. D.

It has proven its merits so thoroughly that even the doctors have overcome their prejudice against so-called patent medicines and recommend it to their patients. Peruna occupies a unique position in medical science. It is the only internal systemic catarrh remedy known to the medical profession to-day. Catarrh, as every one will admit, is the cause of one-half of the people of United States. F. H. Brand, M. D., of Mokena, Ill., nses Peruna in his practice. The following case is an example of the success has through the use of Peruna for catarrh.

MRS. RATH'S BABY

Tired Mother's Touching Story of Anxiety and Suffering. Cuticura Brings Blessed Cure to Skin

Tortured Baby and Peace and Rest to Its Worn Out Mother. It is no wonder that Mrs. Helena Rath was taken sick. Single-handed, she did all the housework and washed, cooked and mended for her husband, Hans, and their six children. After a

plucky fight to keep on her feet, Mrs. Rath had to yield, and early in 1902 she took to her bed. What followed she told to a visitor, who called at her tidy home, No. 821 Tenth Ave., New York City. "I hired a girl to mind the children and to do whatever else she could. I couldn't stay in bed long. the directions, bathing Charlie and putting that nice Ointment on the sores. Sick as I was, it was easier for me to crawl around than to lie and worry about my little ones. So I got up after a few days, and let the girl go. I had noticed that she had sores on her face, hands and

until Charlie, my youngest, began to pick and scratch himself. He was then ten months old, and the girl had paid more attention to him than to any of the others. Charlie was fret-ful and cross, but as he was cutting teeth, I didn't think much of that. Even when a rash broke out on his face I wasn't frightened, because exerybody knows that that is quite common with teething babies. Several of my others had it when little, and I thought nothing about it.

"But the rash on Charlie's poor little face spread to his neck, chest, and back. I had never seen anything quite like it before. The skin rose in little lumps, and matter came out. My baby's skin was hot, and how he did suffer! He wouldn't eat, and night after night I walked the floor with him, weak as I was. Often I had to stop because I felt

faint and my back throbbed with pain. But the worst pain of all was o see my poor little boy burning with those nasty sores.

"I believed he had caught some disease from the girl, but some of the neighbors said he had eczema, and that is not catching, they told me. Yes, I gave him medicine, and put salves and things on him. I don't think they were all useless. Once in a while the itching seemed to let up a bit, but there was not much change for the better until a lady across the street asked me why I didn't try the Cuticura Remedies. I told her I had no faith in those things you read about in the papers. She said she didn't want me to go on faith nor even to spend any money at first. She gave me some Cuticura Ointment—I think the box was about half full—and a

"I wouldn't have believed that

my baby would have been cured by a little thing like that. Not all of a sudden, mind you. Little by little, but so surely. Charlie and I both got more peace by day, and more sleep by night. The sores sort of dried up and went away. I shall never forget one blessed night when I went to bed with Charlie beside me, as soon as I got the supper dishes out of the way and the older children undressed; when I woke up the sun was streaming in. For the first time in six months I had slept through the night without a break.

"Yes, that fat little boy by the window is Charlie, and his skin is as white as a snow flake, thanks to the Cuticura Remedies. I think everybody should know about the Soap and also the Ointment, and if it is going to help other mothers with sick babies, go ahead and publish what I have told you."

piece of Cuticura Soap. I followed The agonizing, itching, and burning of the skin as in eczema; the frightful scaling, as in psoriasis; the loss of hair, and crusting of the scalp, as in scalled head; the facial disfigurements, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter and salt rheum,-all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Resolvent are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures, blood
