RUSSIA CHANGES FRONT.

Ozar Demands That Servian Regicides Be Punished.
OFFICIAL NOTE ISSUED.
Government Does Not Like Being Considered as Shielding Assassins—King Must Do His Duty.

St. Petersburg, June 18.—An official note was published in the Gazette today regarding Prince Peter Karageorgevitch as King of Servia and welcoming his accession. In brief, the note declares that it is incumbent upon King Peter to enforce the association of King Alexander and Queen Zdravka and expressers the conviction that he will know how to severely punish the regicides whose misdeeds should not be visited on the entire Servian nation or army. The note adds that it would be dangerous to the tranquility of Servia to let the regicides unpunished.

Text of Russia's Note.
A week has now elapsed since the day of the revolution at Belgrade, an institution of government was given to the imperial government in the custody of Prince Peter. Strictly adhering to her traditional policy of non-interference in the internal affairs of the Balkan states and the same time finding it impossible to hold the regicides and wishing all success to the new government, Russia has not arbitrarily usurped power. Russia has only done clearly her attitude towards the events in the Kingdom of Servia.

Rigorous Punishment Demanded.
The imperial government, while hailing the election of the monarch, seeks to the supreme head of the Servian people which is allied to the throne of the King. Peter will be able to give evidence of his sense of justice and firmness of will by rigorous measures at the first opportunity. The government wishes all success to the new government, but it is not prepared to exact explanation for the revolution carried out with violence by the King and his consort, who have the blessing of Almighty God and King Peter for the welfare and prosperity of the Kingdom of Servia.

Emperor Joseph's Telegram.
Belgrade, Servia, June 18.—The telegram of Emperor Francis Joseph of Austria to King Peter of Servia, which was here because of the Emperor's strictures on the murders of King Alexander and Queen Zdravka.

Long Live the King.
Vienna, June 18.—In his telegram of congratulation to King Peter, Prince Nicholas of Montenegro wishes of happiness, but first of all to her, who, as the person of the most illustrious blood, today received the long-heralded knight of a knighthood which they may regard as the most honorable and independent of Servia was conferred.

Military Mission Arrives.
Geneva, Switzerland, June 18.—King Peter attended a Te Deum service today in the Russian cathedral in honor of his election to the throne of Servia. He was loudly cheered. The Servian military mission arrived here today.

FIVE INDICTMENTS.

Federal Grand Jury at Washington Has Discovered Facts in Postal Scandal.
Washington, D. C., June 18.—The federal grand jury yesterday afternoon returned five indictments today against persons involved. Although every effort has been made to keep the public in ignorance of the action to be taken until the papers were ready for presentation by the grand jury, it is learned on unquestioned authority that the jury has voted to return indictments against August W. Machen, Diller B. Groff, Samuel A. Groff, George E. Lorenz and Mrs. Lorenz, two latter being residents of Toledo, O. The specific charge, it is understood, will be conspiracy to defraud the government.

Woman as Go Between.
The sensational feature of today's indictments is the fact that the woman, Mrs. Lorenz, was named with the transactions which led to the arrest of the Groffs. The Groffs, it is understood, were arrested, stories were in circulation that there was a go-between who had been in communication with the woman. It was not until the woman was arrested that the identity of this particular party, whether or not she is a woman, was ascertained. It is not known, but it has been suggested that this go-between was a woman.

WATERS SURRENDER.

Unions Vote to Recognize Chicago Restaurant Keepers' Association.
Chicago, Ill., June 17.—The settlement of the hotel and restaurant strike appears today to hinge upon technicalities. The exact construction to be put upon the term "union recognition" is the stumbling block to a speedy adjustment of the difficulties between the parties to the controversy. The joint board of the strikers' unions is inclined to hold out for an agreement to employ union men in the hotels and restaurants, but the restaurant owners declare they can do no more than promise not to discriminate.
