After peace shall be restored the pow-

ers are to withdraw and restore to Turkey her full sovereignty.

News Is Confirmed.

London, Aug. 20.-The Associated Press learns that important negotiation are in progress between the powers which promise to result in the early adoption of new plan for the settlement of the acedonian trouble. A foreign office official said this afternoon:

It is somewhat premature to say that a definite agreement on the subject has already been reached as stated by the Independence Belge of Brussels, but notes are being exchanged in this direc-

In other quarters it was intimated that the scheme was partially on the lines re-ferred to by the Belgian newspaper. England Won't Send Fleet.

London, Aug. 20.—The admiralty to-day denied The Daily Chronicle's state-ment that Admiral Domville, commandment that Admiral Domville, commanding the British Mediterranean squadron, now off the coast of Portugal, had received urgent orders immediately to dispatch some of his ships to the vicinity of Salonica. The officials informed the Associated Press that nothing had been done regarding the dispatch of a British force to Turkish waters, and it was not expected that such action would be taken, in view of Great Britain's announced Support of the policy of Russia and Austral Command Comm support of the policy of Russia and Austria, unless a radical change in the situation should occur.

Italy Co-operating with Powers. The Rritish foreign office has been notified of the orders issued to the Italian squadron, which appear to have been communicated to all the capitals and which the Italian diplomats say does not mean that Italy intends to withdraw in the slightest degree from co-operating with the powers. The Austrian embassy vouches for the continuance up to the present of the harmonious agreement between the powers relative to Macedonia. Neither the Austrian, Russian nor the Italian embassies have any knowledge of the reported exchanges of communication. the reported exchanges of communica-tions between the continental powers in regard to a joint naval demonstration of

Left to Russia and Austria. Great Britain is playing a minor role, etting Russia and Austria take the lead, and is not disposed to give encouragement to the insurgents by engaging in a naval demonstration, which, it is considered, could only be construed as directed against the Turkish government.

Germany Is Uneasy. Berlin, Aug. 20.—The rising at Macedonia is regarded here as bringing on donia is regarded here as bringing on a darker stage. The insurrection is tak-ing on proportions unexpected by the German diplomatic agents. Bulgarian feeling, excited by the murders and tor-tures across the border is less restrain-able by the Bulgarian government and the movements of the Russian and Brit-ish fleets add to the nervousness on the Boerse and aways traders and bankers ing commercial interests in Turkey.

The German foreign office appears to be as much puzzled by Russia's purpose in moving a squadron of her Black sea fleet as a non-political layman would be. The foreign office officials have made no inquiry of Russia on this point, as such a question might be construed as suspecting Russia's designs, and Russia, the Associated Press is informed, has sent no explanation of assurance on the subject, none being considered necessary.

Russia Makes New Demands. Vienna, Aug. 20.—Russia has made resh demands on Turkey. M. Zinoviev, the Russian ambassador at Constantino ple, resterday presented another note to the Porte demanding that severe official censure be passed upon Hilmi Pasha, the inspector general of Macedonia, for his negligence in permitting excesses by Turkish soldiers. The Austrian ambas dor personally supported the demand.

The bridge connects West St. Paul with the city. Its highest point is said to be over 167 feet above the water.

SIX FLOUR MILLS CLOSED.

Shortage of Wheat Compels Two Companies to Cease Work.

panies to Cease Work.

Minneapolis, Minn., Aug. 20.—The Anchor and B mills of the Pillsbury-Washburn Flour Mills company and mills C. D. E and G of the Northwestern Consolidated Milling company, all of which have been running night and day, have closed. The closing has probably averted a strike, although the milling companies do not know it. The mills were closed because of the shortage of wheat. All the mill enployes in the city, particularly those known as "oilers" and "grubbers," are dissatisfied with the present wage scale. A movement was on for the purpose of calling a meeting to formulate demands and if they were not granted to inaugurate a strike.

Bayfield, Wis., Aug. 20.—[Special.]—
At 9 o'clock last night a murder and a robbery was committed at Sioux River, a small station on the Omaha road, nine miles from Bayfield, by two masked men.
They knocked at the door of Joseph Hall's boarding house. As the door of opened two revolvers were thrust into the faces of two occupants of the room, the only ones awake in the house at that time. The robbers bound and gagged the men and relieved them of about \$50.

The robbers then went upstairs, where several men and boys were asleep. Two boys, Elmer Baringham and Willie Ernest, were awakened first. As they opened their eyes they gazed down the barrels—of two revolvers and were told to keep quiet. The boys were bound with strips torn from blankets.

Willie Ernest struggled as he was being bound, and was struck on the head with a revolver and rendered unconscious. The robbers proceeded to bind and gag the others in the room. In the meantime Ernest came to and was in the act of crawling out of bed when one of the robbers shot him through the head, killing him almost instantly.

The robbers remained in the house nearly two hours, and then fied. After freeling themselves the occupants of the robbers remained in the house nearly two hours, and then fied. ### FOND DU LAC NEWS.

Fond du Lae, Wis., Aug. 19 .- [Special.] -One of the most prosperous years the erienced since its organization is that of the season just drawing to a close. The crop which the pea raisers have hauled to the market has been plentiful and the farmers are proving amply that the pea industry is destined to grow into

one of the principal occupations of Wis consin.

There are at the present time approximately 500,000 cans of peas stored in the warehouse at the canning company's plant, beside the carloads that have been disposed of. The industry has given employment to the usual large number of hands, all of whom make good wages, and the harvest of the crops has aff. "ded a handsome return to every grower who a handsome return to every grower who set aside a few acres of soil to plant to peas. The interesting process through peas. The interesting process through which the factory people put their wares has attracted the curiosity of many who have chanced to pass the plant, on Brooke street. The main feature of the process and the one which must needs be observed by all, is the strict attention be observed by ail, is the strict attention given to cleanliness. All through the factory the help is enjoined to pay the greatest care in this particular, and the managers pride themselves in the precise order with which the goods are handled.

The next crop to be disposed of in the canning factory is the bean crop. This year the crop will be about as it was a year ago, but the prospects for corn are not bright. This is due, in a great measure, to the abundance of rain this section and the cool weather. tomato crop is not far enough along to give an idea to the agents who go over the country on which to base an estimate

### A Weak Stomach

Indigestion is often caused by over-eating. An eminent authority says the harm done thus exceeds that from the excessive use of alcohol. Eat all the good food you want but don't over-load the stomach. A weak stomach may refuse to digest what you eat.
Then you need a good digestant like
Kodol, which digests your food without the stomach's aid. This rest and the wholesome tonics Kodol contains soon restore health. Dieting unneces-sary. Kodol quickly relieves the feel-ing of fulness and bloating from

Many a woman of wealth is heard to complain that her maid servant, on a much smaller outlay, by wearing cheap but almost perfect imitations of the original, can present as fashionable an appearance as herself. The plush garment of modish design often looks as well as the sealskin costing ten times. The best thing for the average man to do is to keep as far away from a live then you cannot guarantee that you can follow that rule all your life. The wire might not observe the rule as strictly as you do. Electricity has a different effect on different people. A man with a strong heart could withstand a heavy vor in this country, where ostentation on ment of modish design often looks as well as the sealskin costing ten times as much; paste ornaments cannot be told from diamonds, except by the expert. The Procession of Old Soldiers Was a Sight to Be Long Remem-

San Francisco, Cal., Aug. 19 .- The pa rade today of the veterans of the Grand Army of the Republic in this city will be long remembered by the thousands of people who packed the streets along the line of march to witness it. Not a few people who packed the streets along the line of march to witness it. Not a few of them recognized that for them this meant the passing of the heroes of many a bloody struggle in defense of the Union for all time in a collective body, so far as this city is concerned. There was something pathetic in the thinned out ranks of the veterans who marched today which touched the hearts of all who saw them, bowed with the weight of years, out and weary, but animated by the first out of the witness of the changed frequently.

The child should be an indispensable part of the baby's hygienic treatment. Water strengthens the babies, wards off disease. It is the best tonic in the world. The child should be bathed in a warm room, and the head and face should always be wet first. In case of prickly heat vinegar and water should be changed frequently.

"In clothing the baby's flannels should be changed frequently."

Boston, Mass., Aug. 19.—A report on the world's apple crop of 1903 has been issued by the Boston chamber of commerce. It shows Great Britain is short of all fruits, notably apples. Europe is generally short of apples, but with a heavy crop of Valencia oranges and Almeria grapes. New England, in the aggregate, will have a generous apple crop, Maine's almost equaling that of last year. New York state reports plenty of apples, the middle west only fair, the far west very heavy, Virginia and West Virginia very large crop and Nova Scotia exceptionally heavy. Canada also promises quite a heavy yield.

LET THE BABY CRY. It Is Good for the Child, and So Are Two

Baths a Day. The first of the talks to mothers on the care of their babies, which are given under the direction of the city's health department, was delivered Wednesday evening by Dr. Henry Golden. Mothers filled the room. The speaker offered a number of valuable suggestions as to the proper treatment of the little ones during the hot weather. "Bathing twice a day."

should be amply protected, the garments should never be tight, and they should should never be tight, and they should conform in weight to the weather conditions. Pins should be at all times avoided. Long clothes should be discarded as early as possible, and all clothing should be suspended from the shoulders. In summer the thinnest flannels should be worn. The majority of babies are overdressed and kept in overheated rooms. The mother should, especially in hot weather, avoid undue fatigue, eat simple food, and indulge in no alcoholic drinks. Equally important is it that the child should have rest and quiet and not be made to laugh too much or be excited or scared by its sometimes over-fond parents. Final words of advice are: "Never rock the cradle," and "don't indulge the child when it cries. A little healthy crying will hurt no baby."—Philadelphia Record.

#### Alcohol Motors.

In connection with the vigorous efforts which are being made in Germany and France toward developing the use of alcohol for heating and power purposes, as evidenced by earlier references in these pages to the alcohol appliance exhibipages to the alcohol appliance exhibitions at Berlin, for example, it is worth noting that European enterprise in this direction has recently extended to South American fields. Thus we find a consular report on an "exposition of alcohol appliances for industrial purposes," held at Callao, Peru, a short time ago, the object of the exposition, like that of its German forerunners, being to create a new demand for alcohol, so that, as it has been explained, the greater consumption of this article, when applied to industrial purposes, would form a new source of revenue for the owners of sugar cane estates and thus make up for the decrease in value of cane sugar. The bulk of the alcohol exhibits was German; in fact, everything was German, if we except the three or four French exhibits, and one British and one American kero-sene engine, which two last must have seemed to be somewhat out of their proper element there. But they appar to have shown that the kerosene engine is still cheaper to operate in Peru than the alcohol motor.—Cassier's Magazine.

### Formation of Diamonds The strongest evidence favoring the meteoric formation of diamonds is the fact that they have a different law of crystallization from carbon of terrestial origin. This proves them of meteoric origin, just as the meteoric form of iron tells of its celestial birth.

Nothing is more refreshing or invigorating in summer than a daily bath. Use soft, tepid water and good soap. Ivory soap is ideal for the bath; it is pure, lathers quickly and leaves the skin soft and white. The bath should be taken early in the morning or just before retiring at night. ELEANOR R. PARKER.

Free Medical Advice to Women.

Every young girl who suffers monthly,

Every woman who is approaching maternity, Every woman who feels that life is a burden,

Every woman who has tried all other means to regain health without success, Every woman who is going through that critical time — the change of life is invited to write to Mrs. Pinkham, Lynn, Mass., in regard to her trouble, and the most expert advice telling exactly how to obtain a CURE will be sent abso-

The one thing that qualifies a person to give advice on any subject is experience - experience creates knowledge.

No other person has so wide an experience with female ills nor such record of success as Mrs. Pinkham has had.

Over a hundred thousand cases come before her each year. Some personally, others by mail. And this has been going on for twenty years,

day after day, and day after day. Twenty years of constant success - think of the knowledge thus gained! Surely women are wise in seeking advice from a woman with such an experience, especially when it is free.

Mrs. Hayes, of Boston, wrote to Mrs. Pinkham when she was in great trouble. Her letter shows the result. There are actually thousands of such letters in Mrs. Pinkham's possession

"Dear Mrs. Pinkham: — I have been under doctors' treatment for female troubles for some time, but without any relief. They now tell me I have a fibroid tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing down pains both back and front. My abdomen is swollen, I cannot wear my clothes with any comfort. Womb is dreadfully swollen, and I have had flowing spells for three years. My appetite is not good. I cannot walk or be on my feet for any length of time.

"The symptoms of Fibroid Tumor, given in your little book, accurately describe my case, so I write to you for advice."—Mrs. E. F. HAYES, 252 Dudley St. (Boston), Roxbury, Mass.

"DEAR MRS. PINKHAM: —I wrote to you describing my symptoms, and asked your advice. You replied, and I followed all your directions carefully for several months, and to-day I am a well woman. The use of Lydia E. Pinkham's Vegetable Compound, together

"The use of Lydia E. Pinkham's Vegetable Compound, together with your advice, carefully followed, entirely expelled the tumor, and strengthened the whole system. I can walk miles now.

"Your Vegetable Compound is worth five dollars a drop. I advise all women who are afflicted with tumors, or any female trouble, to write you for advice, and give it a faithful trial." — Mrs. E. F. HAYES, 252 Dudley St. (Boston) Roxbury Mass. (Boston), Roxbury, Mass.
