TILLMAN IS NOT GUILTY.

Jury Acquits Him of Charge of Murdering Editor Gonzales.

OUT FOR 24 HOURS.

Tillman Says That Court Has Justified His Act, but He Regrets the Killing.

Lexington, S. C., Oct. 15.—The jury in the case of J. H. Tillman has found him not guilty. The jury announced at 10:45 o'clock that a verdict had been agreed upon. The defendant and attorneys were sent for and the jury then filed into the courtroom and the verdict was read. A demonstration followed the announcement, friends of the defendant giving vent to their feelings in a shout. The court previous to the reading of the verdict had admonished the spectators to refrain from any demonstration.

Counsel for defense moved the defendant's discharge from the sheriff's custody. No objection being made by the state the court made the order. The jury was out about twenty-four hours before returning a verdict. The defendant shook hands with the judge and members of the jury and left the courtroom, accompanied by his friends and counsel. There was great uncertainty when court convened today as to whether a verdict would be reached. Tillman after his acquittal made the following statement to the Associated Press: "I feel very grateful at the result of the verdict, but at no time did I apprehend any serious consequence. I of course deeply regret the death of Mr. Gonzales, but was forced to do what I did. The verdict has justified my act."

Work has begun on the preparation for the big amount that will be in evidence here tomorrow. In its preparation will be used 400 pounds of beef, 5 dozen hens, 60 dozen ears of corn, 10 bushels tomatoes, 10 bushels potatoes, 2 bushels onions, 1 bushel salt and 25 pounds pepper. With the soup will be served 2500 loaves of bread. Wincheater Democrat.

SEES PERIL TO NATION.

Former President Cleveland Says Patriots Are Slow to Realize Dangers.

GOOD AND BAD CRITICISM.

The ex-President made no reservations in his analysis of present conditions and his causes—an analysis which he believed left him no alternative to the acceptance of a pessimistic attitude that he deemed it necessary to make a flat denial of the charge.

URGES DANGER OF DELAY.

That these forces already had secured a foothold and would be found again in the future, he declared. He pointed out what factors go to make up this force. That the ultimate victory would be won by the patriots, he was equally certain, but he urged that there be no delay.

Work of the Heart. The human heart is practically a force pump about six inches in length and four inches in diameter. It beats seventy times per minute, 4,200 times per hour, 100,800 times per day, and 36,792,000 times per year, and 2,975,440,000—say, two thousand five hundred and seventy-five million four hundred and forty thousand—times in seventy years, which is "man's appointed three-score years and ten." At each of these beats it forces 2 1/2 ounces of blood through the system, 175 ounces per minute, 656 1/2 pounds per hour, or 15,760 pounds per day. All the blood of the body, which is about thirty pounds, passes through the heart every three minutes. This little organ pumps every day what is equal to lifting 122 tons one foot high or one ton 122 feet high—that is, one ton to the top of a forty-yard mill chimney, or sixteen persons weighing 125 pounds each to the same height. During the seventy years of a man's life this marvelous little pump, without a single moment's rest, night or day, discharges the enormous quantity of 178,850 tons of blood.

How to Run a Newspaper. The editor of the West Union (W. Va.) Record says: "To run a newspaper all a fellow has to do is to be able to write poems, discuss the tariff and money questions, umpire a base ball game, report a wedding, saw wood, describe a fire so that the readers will shed their wraps, make a dollar do the work of ten, shine at a dance, measure calico, abuse the liquor habit, test whiskey, subscribe to charity, go without meals, attack free silver, wear diamonds, invent advertisements, sneer at snobbery, overlook scandal, appraise babies, delight pumpkin raisers, minister to the afflicted, heap the disgruntled, fight to a finish, set type, mold opinions, sweep off the office, speak at prayer meetings and stand in with everybody and everything."

A Weak Stomach. Indigestion is often caused by over-eating. An eminent authority says the harm done thus exceeds that from the excessive use of alcohol. Eat all the good food you want but don't overload the stomach. A weak stomach may refuse to digest what you eat. Then you need a good digestant like Kodol, which digests your food without the stomach's aid. This rest and the wholesome tonics Kodol contains soon restore health. Dieting unnecessary. Kodol quickly relieves the feeling of fullness and bloating from which some people suffer after meals. Absolutely cures indigestion. Kodol Nature's Tonic. Prepared only by E. C.
