The Colombian force was composed partly of the men landed recently at the Atrato river by the Colombian cruisers Cartagena and Gen. Pinzon.

How Army Was Discovered.

Early in the morning of December 15, the Atlanta sighted a small schooner in the center of the Gulf of Darien and followed her to the western shore, where the schooner attempted to hide behind an inlet. Lieut. Harlan P. Perrill of the Atlanta was ordered to board her and thereupon a whaleboat was lowered and pulled towards the schooner. Through the courtesy of the naval officers the correspondent of the Associated Press accompanied the party in the whaleboat.

Situation Appeared Dangerous. For some moments the situation appeared dangerous and had the appearance of an ambuscade. Gen. Ortiz appeared on the beach when Lieut. Perrill went ashore, the whaleboat in the mean-while lying close to the beach. Gen. Ortiz insisted that Lieut. Perrill should fly the Colombian flag at the bow of the whaleboat, or lower the American flag at her stern, because she was in Colombian flag at the bow of the Washington, D. HEALTH

"I don't think we could keep house without Thedford's Black-Draught. We have used it in the family for over two years with the best of results. Miss Whittaker, a prominent club woman of Savannah, Ga., tells how she was entirely cured of ovarian troubles by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: - I heartily recommend Lydia E. Pinkham's Vegetable Compound as a Uterine Tonic and Regulator. I suffered for four years with irregularities and Uterine troubles. No one but those who have experienced this dreadful agony can form any idea of the physical and mental misery those endure who are thus afflicted. Your Vegetable Compound cured me within three months. I was fully restored to health and strength, and now my periods are regular and painless. What a blessing it is to be able to obtain such a remedy when so many doctors fail to help you.

Lydia E. Pinkham's Vegetable Compound is better than any doctor edicine I ever had. Very truly yours, Miss Easy Whittaker, 604 39th St.,

No physician in the world has had such a training or such an amount of information at hand to assist in the treatment of all kinds of female ills as Mrs. Pinkham. In her office at Lynn, Mass., she is able to do more for the ailing women of America than the family physician. Any woman, therefore, is responsible for her own trouble who will not take the pains to write to Mrs. Pinkham for advice. Her address is Lynn, Mass., and her advice is free.

A letter from another woman showing what was accomplished in her case by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: I am so grateful you for the help Lydia E. Pinkham's Vegetable Compound has given me that deem it but a small return to write you an expression of my experience.

Many years suffering with weakness. nflammation, and a broken down system, nade me more anxious to die than live, but Lydia E. Pinkham's Vegetable Compound soon restored my lost strength. Taking the medicine only two weeks produced a radical change, and two months restored me to perfect health. I am now a changed woman, and my friends wonder at the change, it is so marvellous. An Attendant in the Grant County Asylum Slain by Maniac.

FIRST SHOW OF VIOLENCE.

Thomas Fox, Formerly of Beetown, Wis., Strikes His Keeper, Wm. Mayne, with a Poker.

Lancaster, Wis., Dec. 15 .- [Special.]-One of the patients at the Grant county insane asylum, in this city, Thomas Fo. by name, killed William Mayne, an at tendant, by hitting him over the head with a heavy iron poker Sunday after noon. Mr. Mayne was on a visit to the patient's room and had no chance for his life. Fox slipped up behind him and hit him a terrific blow, knocking him to the floor insensible. He then proceeded that fell upon her that opened her eyes to the fact that her heart was no longer to beat the fallen keeper to death. manufacturers in the south and the Pacific coast states are especially interested in this work, since they wish to know more about their product. They have contributed gratis much of the material used in the tests.

The chief timbers now being tested are the southern pines and the red fir of the Pacific coast. In the laboratories at Washington tests are now in progress on 16blolly pine sticks 17 feet long and 8x14, 8x8 and 8x4 inches. Special attention is given to the effects of moisture on the strength of wood. In the case of lobloliv pine which has grown rapidly, the strength was found to decrease 50 to 60 per cent, after the dry wood had been soaked several days in water. The fact, however, is not yet established and will have to be proved by further experiinstruction of our many readers. CLASS I.
