Togo's Fleet Made Another Attack on Port Arthur-St. Petersburg Thinks Jap Army Is Trapped.

Port Arthur, March 10 .- The Japanese feet appeared off this harbor at midnight and bombarded this eity intermittently until 8 o'clock this morning. The Russians replied to the Japanese

Port Arthur, March 10 .- A message from the signal station at 11 o'clock last night announced the appearance of a Japanese squadron on the horizon. Fifty minutes later the shore batteries opened fire on the Japanese vessels. A gale sprang up and the attacking fleet soon withdrew.

Wei Hai Wei, March 10 .- It is report-

St. Petersburg, March 10.—4:45 p. m.— The only piece of important news up to this hour today from the seat of war was the Associated Press dispatch from Port Arthur announcing a fresh attack on that place by the Japanese fleet. The dis-patch contained no details.

patch contained no details.

Another telegram to the Associated Press from Viadivostok has been received. It makes no mention of fighting and it is assumed that all is quiet there. The reports that the Japanese have entered Manchuria west of the Yalu river and have reached Feng Huan Cheng, on the Pekin road, which is the Russian line of communication to the Yalu, cannot be confirmed. If the information proves true, a land engagement of some magnitude cannot long be delayed, as the Russians have a heavy force south of the line, between Liao Yang and Mukden and they are also occupying strong positions along the Yalu. A Japanese column between them would be in a desperate strait unless it moved by the flank to take the Russians on the Yalu river in the rear and was energetically supported by a forward Japanese movement from Korea.

Tien Tsin, March 10.—The Japanese forces have advanced from the Yalu river. They have captured Fung Wang Cheng and have driven the Russians in that vicinity to Takungling, the eastern pass. The Japanese are in force seventy miles to the east of New Chwang.

The Russians, with 35,000 men, are strongly intrenched at Liao Yang and Hai Cheng, where a battle is imminent. Some small engagements already have been fought, the Russians falling back with loss.

All women and children are leaving New Chwang. The Japanese are using the same tactics and advancing on the same route they employed during their war with China.

of Vladivostok on March 6, says the attack commenced at ten minutes of 2 in the afternoon and the firing was kept up about forty minutes. He believes the bombardment was effective and demoralizing to the enemy. The Russian forts did not reply to the dapanese fire.

Japanese cruisers subsequently reconnoitered several adjacent places on the coast, but found no trace of the enemy.

The full report of Vice Admiral Kamimura, who commands the second Japa-

nura, who commands the second Japaiese squadron, says:

As prearranged, we reached the east entrance to Victivostck on the morning of
March 6 through a frozen sea. The enemy's ships were not seen outside the harbor. We approached the batteries on the
northeast coast from a joint beyond the
range of the batteries on the Balzan promontory and Bosphorus strait. After bombarding the inner harbor forty minutes,
ffrom 1:30 o'clock in the afternoon, we retired. I believe the bombardment effected
considerable damage. Soldiers were seen,
but the land batteries did not reply to our
fire. Black smoke was observed at the cast
cutrance to the harbor about 5 o'clock p.
m. and was thought to be from the enemy's
ships, but this smoke gradually disappeared.

On the motning of March 7 we reconnoitered America bay and Strelok bay, but
saw nothing unusual. We approached the
east entrance to Vladivostok at noon. The
enemy's ships were invisible and the batteries did not fire. We turned toward
Possfet bay, but not seeing the enemy re
tired.

China Is Warned

China Is Warned.

Paris, March 10.—It is officially con-firmed that the Russian minister at Pekin has made firm representations to the Chinese government concerning the activity of Chinese troops along the Manchurian frontier, with a pointed intimation of the defensive measures Russia may be compelled to adopt. The substance of the representations follows:

but it is the purport of the terms of the representations.

The Chinece troops referred to are those of Gen. Ma and Gen. Yuan Shi Kai, the commander-in-chief. The latter is the viceroy of Chi Li province, and his troops originally were organized by the late Li Hung Chang. Therefore they are subject to provincial instead of imperial control.

It is understood here that Viceroy

Murphysboro, Ill., March 10 .- A mob ing to lyuch him.

Sheriff Thorp was apprised by telephone of the mob's departure from Carbondale and, with Deputy Jack Woodward, waited in the second story of the surance of \$23,000; Vogelsang & Murphy,

Covers Mob with Guns. The mob, about seventy-five strong, approached the jail door and were covered with riot guns from the windows above.

The mob hurriedly dispersed.

The officers captured Jeff Etherton.

Josh Walker and Dock Lightfoot, all of whom were released on hall. Wei Hai Wei, March 10.—It is reported on good authority that there has been a collision between Japanese and Russian troops near Haija, resulting in the retreat of the Russians.

St. Petersburg, March 10.—4:45 p. ni.—The only piece of important news up to

Charged with Awful Crime. Vaughan is a prisoner charged with criminal assault, the victim being a Carbondale school teacher, whom, it is alleged, he mistreated in the railroad yards at Carbondale a month ago. She is still in a serious condition. There is no further excitement here.

Quiet at Springfield.

Springfield, O., March 10.—This city last night passed its first peaceful night of the week. While there was much anxiety during the night, owing to demonstrations in the afternoon and evening, there is a restoration of confidence today and normal conditions prevail. Shops are all running as usual today. Those who have been augmenting the crowds in the street are back to work, while eighteen companies of militia occupy the public places and streets.

The trouble started last Sunday morning when Richard Dixon, colored, killed Officer Collis and it ended today with the impressive funeral services over the body of Sergt. Collis at St. Raphael's Catholic church. Gen. McMack and Col. Mead, with eighteen companies of militia, supplied patrols for the city so that the entire ploice force with all the city and county officials were in attendance. Quiet at Springfield.

Troops on Guard.

The mob swept districts along the levee, the public buildings and all probable points of trouble are still strongly guarded by troops. All the colored occupants of both districts have gone and their whereabouts is unknown.

their whereabouts is unknown.

While no negroes were out last night, many are on the streets today. There has been much apprehension over what the negroes might do after the troops leave, but that anxiety is not less intense, as both whites and negroes seem to have had enough of mobs this week. All saloons are still kept closed. The troops on duty last night kept the crowds on the move and finally dispersed them. The force of the militia is much stronger today so that the situation is easily and today so that the situation is easily and well controlled.

A determined effort is to be made by Judge Mower and Prosecutor McGrew to procure the indictment of at least the leading members of the mob who lynched Dixon. Under the Stewart law of 1898 Dixon. Under the Stewart law of 1898 an attempt, successful or otherwise, to take a prisoner from the authorities is a felony punishable by one to ten years in the penitentiary. It is asserted that enough evidence has now been secured to procure the indictment of at least twenty men under this statute.

MEN ROASTED TO DEATH IN GASOLINE.

They Were Riding in Car Which Con-tained Gasoline-Lighted Pipe with Fatal Results. dentified men were burned to death in a box car containing gasoline which caught fire at Branch intersection, ten miles east of this city today. Two others, George Klinger of Harrisburg and William C. Liter of Lewisten, barely

escaped with their lives, their bodies and clothes being badly burned.

The men were employed on the Pennsylvania railroad improvements at Enola and were being sent to Bainbridge to clear the ice from the tracks. One of the cars in which twenty-six wen were carried contained five barrels of gasoline and other lighting materials to be used for night work. The men were nearly all asleep as the train was pulling into Branch intersection. One of the men struck a match to light his pipe, while near one of the gasoline barrels. A spark must have landed on the barrel for in an instant the interior of the car was clothes being badly burned.

a fiery furnace.

The men, awakened by the intense heat, could not at once realize their situation. There was a scramble to get out, but four were unsuccessful. They were trambled on by the others and their bodies were afterwards found burned to a crism.

Increase Wages of Employes \$1.50 a Week and Recognize Union.

Chicago, Ill., March 10.—Differences be-tween the Brewery Workers' union and the Chicago and Milwaukee Brewers' asthe Chicago and Milwaukee Brewers' association are virtually settled. The employers have acceded to the demands of the union for an increase of \$1.50 a week, making the wages \$18. The employers also agree to hire only union maltsters and brewery workers. All that remains is the question of hours, which a conference committee is expected to decide to

Suffer Severe Loss.

CAPTURE TWO TOWNS, PREVENTS A LYNCHING, ITS ORIGIN UNKNOWN.

Flames Six Hours-Loss

Manitowoc, Wis., March 10,-[Special.] from Carbondale made an attempt to take -Fire of an unknown origin at an early Thomas Vaughan, a mulatto, from the hour this morning in the business district county jail in Murphysboro today, intend- of the city caused a loss of from \$35,000 to \$38,000, partly covered by insurance. The Werneche & Schmitz hardware firm, owners of the block, lost on the building and stock \$20,000, having an infurniture dealers, lost on their stock \$7000, having an insurance of \$3800; Seehase & Werneche, dentists, lost \$1800, insurance of \$1050; Healy & Joyce, law-

insurance of \$1050; Healy & Joyce, law-yers, lost \$800, insurance \$400; Schenian & Giles Insurance agency lost \$1800, insurance \$1200; county municipal court-rooms located in the building were completely gutted, the loss on the furniture being \$400; records and dockets of the court were badly damaged and the library of Judge Schenian is a loss.

The fire department fought the flames for six hours, and although at 6 o'clock the fire was thought to be under control it secured a new start and threatened the destruction of the entire block. It is the worst fire which has been known here in years.

TUG MUST BREAK ICE.

The Belle City Preparing for Trouble When the Ice Begins to

Racine, Wis., March 10 .- [Special.] Great alarm is felt among the people of this city, especially those residing in the low lands, because of the rise of the water in the river caused by ice jams being very near bridges at the limit of the six feet higher than usual and dams are holding back the water, which is spreading over the low lands, and it will be necessary to break those dams in order that the water may be worked out without causing great damage to homes. Above its Horlick dam the water is three feet higher than usual and there is great damage residence of the carried down the river to the lake. Some inhabitants in the lowlands are now making arrangements to leave their belongings to the second floor. The position of people is more dangerous than it has been at any time during the history of the city. In the western part, of the city the water has spread to a distance of two blocks outside the banks of the river. Damage to normower, so for the residual to the city the water has spread to a distance of two blocks outside the banks of the river. Damage to normower, so for the lake of the city the water has spread to a distance of two blocks outside the banks of the river. Damage to normower so for the position of people is more dangerous than it has been at any time during the history of the city. In the western part, of the city the water has spread to a great damage to homes. Above the hanks of the river. Damage to normower so for the lake of the city the water has spread to a great damage to homes. Above the hanks of the river. CHAPTER I.

THE BARGAIN. In his handsome chambers in the Al-

bany, Jacob Beresford sat alone. It was noon on a bright day in June, and the sun shining in upon the various objects in the room, made it evident that the owner denied himself no luxury in this town abode of his; whilst the inlaid, Liberty-upholstered furniture, the val-uable bric-a-brac, the old pictures, and the profusion of rare flowers all testified to an amount of taste that would not have shamed the most fastidious of connoisseurs. A telephone and electrophone apparatus stood on a small table on one side of him; on the other was an Indian st ol which held a spirit-stand, some

His hands were white but freckled, his nails pointed and polished, and he wore an immaculately-cut gray morning suit and patent boots. In general, his appearance proclaimed

Today, however, his usually complacent countenance wore a worried look, and he frowned constantly as he leaned over a document which was spread out on a reading stand in front of him. The technicalities of the paper were known to him by heart, yet he studied them now as though he had never set eyes on them had said his niece was beautiful. She the girl would run away, he wondered, that they kept the principal gates locked had said his niece was beautiful. She

Persons Learning to Swim From their herds of reindeer the Laplanders in northern Europe take the woolly hair and make from it blankets, which are remarkable for their excellent

"A close examination of the hair of "And this mysterious prisoner is young and pretty," mused Ambrose, deeply interested.

"Everyone who has seen her says she is lovely," answered Mrs. Pyrnne, as she gathered up the tea things and took them indcors.

After a while Ambrose lit his pipe and strolled out. Crossing the stream, he wended his way along the road until he reached the big iron gates of Fieldholme, and there he paused.

"Young and lovely," he repeated to himself, "and shut up here for nineteen years. There must be something behind all this. I wonder what it is?"

The gates were shut—they were seldom open, so he had been told—and their febrics. In Vienne there is a face. sia garments and blankets of reindeer wool are to be had at lower prices than other fabrics. In Vienna there is a factory which manufactures garments of reindeer wool, especially bathing costumes. For persons unable to swim the possession of such garments is of great value. It is possible that they may be utilized in learning how to swim. Recently successful trials have been made in Paris in this line. In England attention has been directed to this peculiar property of reindeer wool, and it is proposed to take up its manufacture and possibly to improve it."—Fiber and Fabric.

A Physician's Advice. Yorktown, Ark., March 7th .- Dodd's Kidney Pills must not be confounded with the ordinary patent medicine. They are a new discovery, a specific for all diseases of the Kidneys and have been accepted by physicians only after careful tests in extreme cases. Dr. Leland Williamson, of this place, heartily endorses Dodd's Kidney Pills "as a remedy for the various forms of the diseases of the Kidneys, pains in the back, soreness in the region of the Kidneys, foul-smelling urine and cloudy or thickened conditions of the urine, discharges of pus or corruption. Gout, Rheumatism, Inflammation and

Congestion of the Kidneys and all kindred complaints." Continuing he says:
"I could mention many cases in which I have prescribed Dodd's Kidney Pills with success. For instance, Mr. Robert Weeks, farmer, malaria haematuria or swamp fever three times, kidneys weakened, continual pain and soreness in back, which made him very nervous, had a little fever and some times chilly. Urine changeable, but generally very high-colored, an old chronic case who had taken much medicine with little effect. After taking Dodd's Kidney Pills about six weeks he was entirely cured and had gained fifteen pounds in weight. The last

DOCTORS FALL IN LINE

Practicing Physicians recognize the unfailing reliability of Doan's Kidney Pills by pre-scribing them for Backache, Kidney, Bladder, and Urinary Disorders—a tribute won by no other Proprietary Medicine. Four cases cited from "Notes of His Practice," by Dr. Leland Williamson, of Yorktown, Ark.

FOSTER-MILBURN Co., Buffalo, N. Y. YORKTOWN, ARK., March 1, 1904. Gentlemen:-I have been engaged in the practice of medicine in this section for ten years. This is a very sickly climate, on the Bayou Bartholomew, near the Arkansas River. It is particularly malarious and miasmatic; we meet with many and various abnormal conditions of the human family, prominent among the cases this region are the Province of Maniin which I have been called upon to prescribe is kidney disease. Many of these disorders manifest themselves by pains in the back, often extending to other parts sinibola, Saskatchewan, Alberta and of the body; sometimes headache is present, caused by uraemic or chronic acid Athabaska. At present, however, the poisoning, soreness in region of kidneys, cloudy, thickened and foul-smelling urine, latter is too remote for immediate pracdischarges of pus or corruption; inflammation of the kidneys, extending to the bladder, is caused by excess of uric acid and decomposition of the urine. Hemorrhage is sometimes met with, caused by high state of inflammation or conges-

There is no class of diseases a doctor is called oftener to treat than the variety of kidney diseases, in many of which the patient will have chills or rigors, followed by fever, a result of the kidneys failing to eliminate the uric acid poison from the system. Such cases require the kidneys restored to their natural func- the sun and drawn upward to stimutions, then the poison and foreign substances are removed-shock to the nervous late the growth of the young wheat, system averted, and natural health restored.

I have, for some time, been using Doan's Kidney Pills in these many manifestations and with uniform success, curing most cases. I can further say that even in hopeless cases where they have waited too long. Doan's Kidney Pills afford much relief and prolong life. I can recommend the pills in conditions of excessive or deficient secretion of urine, as also in convalescence from swamp-fever and malarial attacks, as verified by the following cases in my practice.

THOS. ORELL, Bear, Ark., age 60. Pain in back for several weeks, then chills, irregular sometimes, severe rigors followed by fever. Gave good purgative of calomel and padoph, and Doan's Kidney Pills. After taking four boxes of the pills, patient up and enjoying good health for one of his age.

CASE 2.

MRS. SMITH, Tarry, Ark., age 29, mother of four children. Had female complaint and kidney trouble, manifest by pain in back and urine irregular; sometimes very clear, changing to cloudy, and with much sediment on standing in chamber. Gave local treatment for female complaint and prescribed Doan's Pills; after using six boxes she regards herself as cured.

and the cure effectual and permanent.

BROWN EAKS, Wynne, Ark, age 21. Had severe case of malarial hoemataria or swamp fever. Gave necessary liver medicine, calomel and padoph, and morph-sulph, to relieve pain, and ordered Daan's Pills for the high state of congestion and inflammation of the kidneys. Recovery resulted in two wagks. Prescribed Doan's Kidney Pills, to be continued until the kidneys were thoroughly strengthened and all pain in back subsided.

CASE 4. ELIJAH ELLIOTT, Tarry, Ark., age 34. Pain in back and legs and headache. Uric-acid poisoning. Prescribed Doan's Kidney Pills. After taking several boxes pain subsided—urine became normal, or natural, and patient able to resume his work.

A Reminder.

WESTERN CANADA'S RESOURCES

Farming Very Successful. By Western or Northwest Canada is country west of Ontario and north of Minnesota, North Dakota, and Montana. Part of it is agricultural prai rie, treeless in places, park like in others, part is genuine plains, well adapted to cattle ranches; part requires irrigation for successful tiliage, most of it does not. The political divisions of toba and the territorial district of As-

tical purposes. The general character of the soil of Western Canada is a rich, black, clay loam with a clay subsoil. Such a soil is particularly rich in food for the so that even in dry seasons wheat is a good crop. The clay soil also retains the heat of the sun later in the summer, and assists in the early ripening of the grain. It is claimed that cultivation has the effect of increasing the temperature of the soil several de-

grees, as well as the air above it.

Western Canada climate is good—
cold in winter, hot in summer, but
with cool nights. Violent storms of
any kinds are rare. The rainfall is
not heavy. It varies with places, but
averages about seventeen inches. It
falls usually at the time the growing falls usually at the time the growing

The Department of the Interior, Ot tawa, Canada, has agents established at different points throughout the forward an Atlas of Western Canada. past week: and give such other information as to railway rate, etc., as may be required.

That agriculture in Western Canada

pays is shown by the number of testimonials given by farmers. The following is an extract made from a letter from a farmer near Moose Jaw: "At the present time I own sixteen hundred acres of land, fifty horses and a large pasture fenced, containing a thousand acres. These horses run out all winter and come in in the spring quite fat. A man with money judiciously expended will make a competence very shortly. I consider in

thousand dollars:" ORANGES FROM JAPAN.

the last six years the increase in the

value of my land has netted me forty

Carload of the Fruit Brought to America as an Experiment.

A singular consignment of produce, and one that may be of significance to the fruit growers of the country, has just been received by the surveyor of the port in ansas City. It is a carload of oranges from Japan, the duty upon which amounted to almost \$300. The car arrived from the north, having reached its destination by way of the Canadian Pacific railway and its southern connections. Accompanying it was a Jap.

the manner of getting it here is inter-esting. As an uncleared consignment of importation the oranges came in a mportation the oranges came in a conded car under government seal. But the routing through the northwest made it necessary to have a man in attendance to see that the car was kept prop-erly heated. To accomplish this without When Thermometers Are in Demand.

"Thermometers? Yes, we are selling lots of them," said the young woman be behind the optical counter in the big department store. "Our sales always jump in weather like this, and in extremely hot spell in summer. During a long spell of even weather, when a winter is not extraordinarily cold or a summer not extraordinarily cold or a summer not extraordinarily hot, there is little demand for thermometers. But just let a very cold spell set in in winter, or a very hot spell in summer, and it makes all the difference in the world in the sales of our department, although thermometers are simply regarded as a side issue. Suburbanites are especially eager buyers, particularly at this time of year, when the temperature in the early morning is several degrees lower in the outlying districts than it is in the city proper. It's a great source of satisfaction to the suburbanite to come in town, see a thermometer registering 7 degrees.

When thermometers Are in Demand.

"Thermometers? Yes, we are selling tone corner of the car for the occupancy of a man. It was in this pen that the surging into the long journey.

Oranges from Japan constitute an entirely new commodity of commerce so the kind to arrive since the third that the oranges have been of extraordinarily cold or a summer not extraordinarily cold or a summer of the corner of extraordinarily cold or a summer of the kind to arrive since the first of the kind to arrive since the fir proper. It's a great source of satisfac-tion to the suburbanite to come in town, see a thermometer registering 7 degrees

above zero, and say with great com-placency: 'Why, the thermometer on my porch was 1 degree below when I left home."—Philadelphia Record. Millions in Cultivation of Roses. In the growing of cut flowers the greatest advances have been made with roses. carnations and violets. There are now carnations and violets. There are now annually sold in this country \$6,000,000 to \$7,000,000 worth of cut roses. This represents something like 100,000,000 or 125,000,000 flowers. The growing of roses as an industry has developed especially in the vicinity of our largest cities, such as New York, Chicago and Philadelphia.—World's Work. The great number of dealers who have taken advantage of the first of this spring's merchants excursions to Milwaukee proves that it pays them. Especially does this apply to dealers in millinery and trimmed hats. The selection of pattern hat and revalities in this line shown

and trimmed hats. The selection of pattern hats and novelties in this line shown by M. Heimann & Co. Inc., 423-429
Broadway. Milwaukee, has never been equaled in this country. No dealer in millinery, who hasn't taken advantage of the first excursion ought to miss the second. One-and-one-fifth fare round trip March 5 to 12, and remember—to buy a stock of millinery goods or trimmed hats not having seen the values and styles offered by M. Heimann & Co. Inc., is robbing yourself of an opportunity that you cannot afford to lose.

adelphia.—World's Work.

—The first monument to trade union-ism was erected recently in Melbourne, Australia. It is called the "Eight-Hour Monument," as it is in commemoration of the eight-hour system, which was begun in Australia forty-eight years ago. The monument is a tall marble pillar, surmounted by an oblong block holding a globe and torch. The word "Prosperity" is written on the globe and three large figure eights are engraved upon the block.

—The Hereros, now in rebellion against

-The Hereros, now in rebellion against Germany, have a pretty fair opinion of themselves and of their chief. One of their songs begins: "What is the King of England, what is the King of Germany compared with thee, O Mahereo, first among all princes? Have they so many thousand cattle as thou?" The Hereros despise Europeans. The name for a European is "otylrumbo"—"white thing."

the Pacific Coast in Critical Condition.

Eau Claire, Wis., March 9.—[Special.]—Senator Frank McDonough returned from the Pacific coast today very dangerously ill. A doctor is in constant attendance. All the members of his family have been summoned. Mrs. McDonough arrived from Superior and his daughter from the Madison university. Dickens' Gin Punch.

The brass kettle was placed over a spirit lamp, a lemon was cut and peeled, a jug was produced and carefully rubbed with a napkin—glasses ditto—a bottle of old gin was in evidence, and the delicate task proceeded. The boiling water was poured in, the lumps of sugar counted and added; the spirit, measured in a wine glass, then followed, the chips of lemon being added; the mouth of the jug was closed by stuffing in the napkin rolled up to do duty as a cork, and then the illustrious brewer, watch in hand, timed the commingling of the work of his hand. In about six minutes the precious brew was ready to be reverently quaffed, and as he handed me with a smile a full tumbler he kept his eye on my face, as if to watch my first impression.—Howard Paul in The Dramatic Mirror.

ON A RANCH

Woman Found the Food That Fitted Her. A newspaper woman went out to a Colorado ranch to rest and recuperate Co and her experience with the food problem is worth recounting.

"The woman at the ranch was pre- purpose and a loan of \$10,000 will be eminently the worst housekeeper I have ever known-poor soul, and poor "I simply had to have food good and

plenty of it, for I had broken down from overwork and was so weak I could not sit up over one hour at a time. I knew I could not get well unless I secured food I could easily digest and that would supply the greatest amount of nourishment.

"One day I obtained permission to go through the pantry and see what I -M. Meyer, the editor of the Paris could find. Among other things I came in Gaulois, the offices of which are over a cafe, is suing the landlord and the proprietor of the cafe for damages. He complains that owing to the gastronomic smell which arises from the cafe neither he nor his staff can get through their work, while they have all lost their appetites.

Negotiations are proceeding between the Amsterdam and Antwerp diamond merchants for the formation of a combination which will enable them to fight the De Beers mine, which controls the world's output, and the London trust, which practically rules the trade.

HAD TO RUN FOR LIFE,

usually meant the great agricultural Ludicrous Result of Farmer's Attempt to Kill a Horse.

FAITHFUL UNTO DEATH

Loaded with Dynamite the Horse Chases Its Master Until the Dreadful

Hoist Occurs.

Appleton, Wis., March 9.-[Special.]-In an attempt to kill an aged horse, which had been in the family for thirty years, John Eckert, a farmer of the town of Center, had a miraculous escape from being blown to death. Desiring not t is particularly rich in food for the wheat plant. The subsoil is a clay, which retains the winter frost until it is thawed out by the warm rays of the sun and drawn upward to stimuthe sun and drawn of explosive to the horse's neck by a string he took a last look at the animal and touched off the fuse with a match. He then started to run away from the horse and out of the field. Instead of standing still to meet its fate, the aged animal started to follow its owner. The faster the man ran the faster the horse came after him. Presently, stricken with ter ror, Eckert could hardly move, but finally

was composed or a same churt-like substance. In falling this had lodged below and piled against the side of the cliff, while the outer edge ran out to the edge of the creek. The distance from the cliff side to the creek bed was nearly 100 yards. An enormous quantity of this shale had by a slide been placed in the position described. From the foot of the tree smoke issued from a cutting sixty-one years ago by a young Spanish woman, Dona Ayala. It is 8 feet 4 inches in circumference at its base, and one of the horizontal branches measures more than three feet in circumference. The trellis covers about a third of an acre, and sixty heavy posts support it. The vine produces as many as five se, and one of the horizontal branches easures more than three feet in circumrence. The trellis covers about a third an acre, and sixty heavy posts support. The vine produces as many as five ousand bunches annually, at a conserving estimate, and in good years many usters measure 12 to 15 inches in thousand numeries annually, at a conservative estimate, and in good years many clusters measure 12 to 15 inches in length and weigh 6 to 8 pounds. Its owner estimates that in 1895 the vine yielded ten tons of grapes.

—Out of the 92 candy samples examined by the Masachusetts board of health, 18 were colored with deadly lead chromate.

BEATEN BY DEATH.

Condemned Man Who Escaped fr Prison Is Taken Ill with Pneumonia.

St. Joseph, Mo., March 10 .- Facing death from pneumonia and death by the gallows Mark Dunn, murderer of Alfred Fenton at Rushville, Mo., was landed in jail here today after a capture almost as sensational as his escape from behind the bars here last Monday. He is in a dying condition from pneumonia, but unless his demise intervenes Dunn will be hanged in the jail yard here to-

Dunn's capture took place at Guilford, Mo., where after an exciting chase he was captured. He had taken refuge in a hotel too weak to offer resistance to Sheriff Spencer and several deputies who had pursued him across the country from Rosedale.

His Daring Escape.

Shortly after Dunn's escape from the jail here Monday, when he locked his guard, the jailer and a deputy sheriff in a cell at the point of two revolvers that had been smuggled in, Dunn was taken ill and was obliged to ask shelter at the home of a farmer in Rosedale.

A farmhand who was present suspected

that the fugitive was Dunn. A telegram was sent to Sheriff Spencer at St. Joseph, but Mike Estes, a brother-in-law of Dunn, to whose house Dunn had been removed from the farm, feared that Dunn's identification. tity might become known and had put the sick man in a buggy. Deathly ill Dunn started on a wild drive across the

Overcome by Illness.

Sheriff Spencer and deputies came to Rosedale on the first train, but Dunn had forty-five minutes' start of them. Dunn might have escaped had he not become so weak by the time Guilford was reached that in despair he dismissed his driver and team and said he could go no further.

The murderer went to a hotel and was The murderer went to a hotel and was there found in a dying condition the sheriff and his deputies arrived.

KANSAS REPUBLICANS NOMINATE E. W. HOCH.

Other State Officers Are Renominated and Six Delegates to Chicago Instructed for Roosevelt.

Hoch of Marion was nominated for governor by acclamation last night by the Republican state convention. His nomination was a foregone conclusion ever since the withdrawal of Gov. W. J. Bailey two months ago, as a result of the biggest upheaval in Republican poli-tics in Kansas for many years. Under ordinary conditions Gov. Bailey would have been renominated, but the fight against the so-called machine grew

to such proportions that he withdrew from the race. The fight of the "reformers" was di-The light of the Feformers was di-rected only against the governor and his advisers, and the rest of the state offi-cers were renominated, although State Treasurer Kelly had a narrow escape. The delegates to the national convention are instructed for Roosevelt. The ticket is as follows:

For Governor-Edward W. Hoch. For Lleutenant Governor-David W. Han For Secretary of State-J. R. Burrows.

For Auditor-Seth G. Wells. For Attorney General-C. C. Coleman. For Treasurer-Thomas T. Kelly. For Superintendent of Insurance-Charle Luling.
For Superintendent of Public Instruction—J. L. Dayhoff.

J. L. Dayhoff.
For Judges of Supreme Court—Clark A.
Smith, W. R. Smith, E. W. Cunningham.
Railroad Commissioners—George Wheatley, A. D. Walker, J. W. Robinson.
Delegates to National Convention—F. Dumont Smith, J. H. Richards, M. A. Low, N.
H. Loomis, W. S. Fitzpatrick, W. H.
Mitchell

BALKAN SITUATION

SAID TO BE SERIOUS. War Between Bulgaria and Turkey Ma Break Out Any Day-Russia's Offer Spurned.

St. Petersburg, March 10.—A special dispatch to The Viedomosti paints the Balkan situation in dark colors. The correspondent declares that a collision between Polymers Productions of the correspondent declares that a collision between Polymers Polymers and Polymers Polymers and Polymers Polymers Polymers and Polymers any day, and says it was hoped that the draft of the agreements submitted by M. Natchevitch, the Bulgarian diplomatic agent at Constantinople, to the Porte would patch up peace, but the Sultan at the last moment refused to sign it to intrigues at the Yildiz kiosk. The fail-ure of this attempt still, according to the correspondent, leaves the way open for

CROP CONDITION.

Washington, D. C., March 10.—The amount of wheat in farmers' hands is 132,600,000 bushels; corn, \$39,000,000; oats, 273,700,000. This is 20.8 per cent. of last year's wheat crop; 37.4 per cent. of last year's wheat crop; 37.4 per cent, of last year's corn and 34.9 per cent, of last year's oats.

THERE IS NO "EMILY BROWN." U. S. Minister Says American Woman Is

Not Empress of Korea. Washington, D. C., March 10.—So much publicity has been given in the press to a story that the Emperor of Korea had married an American woman named Emily Brown that United States Minister Allen at Seoul has been obliged to print identical replies to a number of women correspondents denying the truth of the story, and declares that there is no room in Korea for foreign female

nurses, governesses, companions and the HORSES IN COLLEGE HALLS. Students of Wesleyan University Carry

HOW TWO BEAUTIFUL WOMEN ESCAPED DREAD CATARRH BY USE OF PE-RU-NA.

Catarrh Robs Women of Health and Beauty. Pe-ru-na Makes Women Healthy and Beautiful.

Miss Amanda Johnson, Fairchild, Wis., writes:

"I write to tell you how much Peruna benefited me.

For a number of years I had pain in my head around my

For a number of years I had pain in my nead around my eyes, and I thought it was because my eyes needed treatment, so I went to an oculist and had glasses fitted to my eyes and wore them for some time, but felt no relief whatever. In fact, I felt worse than before, and came to the conclusion that the trouble was not with my eyes. but with my head and that it must be catarrh. As so

but with my head and that it must be catarrh. As so many of my friends had used Peruna with benefit for this trouble, I thought I would try it. I was not sorry that I did so, for in a short time I began to improve, and

in four weeks my eyes were in splendid condition, my general health was much improved and all the catarrh of the head was gone. I was glad to get rid of this

trouble and am glad to endorse such a good medicine as

Peruna."-Miss Amanda Johnson.

Miss Flora Hauser, 1032 S., New Jersey street, Indianapolis, Ind.,

"I think I must have been troubled with catarrh ever since I was very young, aggravated each time I caught cold. This did not prove sufficiently serious to be obnoxious until last winter. Then my head and nose were so stopped up that I felt I must do something. Peruna was recommended to me by a friend. I used it for four weeks, and found to my relief that it cured me. I have not had a bit of trouble since. My head is clear, and I can safely affirm that Peruna cured me."—Miss Flora Hauser.

Hundreds of Women Cured by Pe-ru-na of Annoying Catarrh.

DR. HARTMAN has probably done

DR. HARTMAN has probably done more than any other physician toward popularizing a means of escape from the facial deformities, such as watery eyes, twisted nose, offensive breath, dry, cracked lips, due to the ravaging effects of catarrh.

He has made chronic catarrh a lifely line with the bounds of the Linited States that has not heard of Peruna.

Probably there is not a man or woman, boy or girl, within the bounds of the United States that has not heard of Peruna.

By far the largest majority have used Peruna.

While it is true that Peruna cures called the devices known to science.

While it is true that Peruna cures called the devices who were to the days of the days of the long that a course of Peruna will do more toward restoring youthful beauty than all the devices known to science.

While it is true that Peruna cures called the days of the part of the system.

Peruna fracted lips in some part of the system.

Peruna acts quickly and beneficially on the inflamed mucous membranes lining the different organs of the body. Thus it will cure catarrh wherever located.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable ad-

While it is true that Peruna cures ca- be pleased to give you his valuable ad The multitude of people that have been cured of chronic catarri by using Peruna can never be known.

While it is true that Peruna cures catarri to greatly you mis valuable adtarrh wherever located, yet it is advisable gratis.

Durabale Wall Coating Wen't Rub Off;

Because it coments to, and s not stuck on the wall with lecaying, animal glue, as are the various so-called "wall fin-ishes," which are kalsomines

WHY?

sold under fanciful names.

You can apply Alabastine.

The Only Sanitary and Permanent Wall Coating LABASTINE is not a disease-breeding, hot water glue wall finish, furnish-

composition, in white and many exquisitely beautiful tints; in powder form, ready for use by simply mixing with cold water. Anyone can brush it on.

ALABASTINE cements to walls, distroys disease germs and vermin, and never rubs off or scales. Other wall coatings, under fanoiful names, and usually mixed with hot water, are unhealthful kalsomines, stuck on the wall with glue, which soon rots, nourishes germs of deadly disease, rubs and scales, spoiling walls, clothing and furniture. When it is necessary to refinish, the old coats must be washed off—an expensive, nasty disagreeable job, making the rooms damp and unfit to live in.

When walls are once coated with Alabastine, succeeding coats may after year, without washing the walls, thus saving great expense and annoyance Hot and Cold Water Kalsomines Have No Merit

Some dealers try to sell them, buying them cheap, and trying to sell on Alabastine's demand

THEY ARE WORTHLESS PREPARATIONS If you cannot buy Alabastine of your hardware, paint or drug dealer, refuse all mitations, and write us. We will tell you where you can get Alabastine without delay,
