THOUSANDS IN FIRE.

Horrible Disaster to Sunday School Excursion Party.

STEAMER IN FLAMES.

Hundreds of People, Mostly Women and Children, Perish in Burning.

New York, June 15.—Laden with 1500 excursionists, mostly women and children, the big steamer, Gen. Stoen, caught fire in the waters of Hell Gate today and from 1000 to 1100 persons perished in the flames.

Sunday School Excursion.

The excursion was given under the auspices of St. Mark's German Lutheran church, of which Rev. George C. H. Hays is pastor. The Gen. Stoen left her pier at the foot of Third street, New York, after 9 o'clock.

Wild Panic on Steamer.

Clouds of smoke drifted through the crowded decks. The flames followed steadily and a wild panic ensued. Panicked by the sight of the flames, the captain was unable to turn his vessel in the channel and crowding on all steam he made for North Brother island, directly ahead.

Many Spring Into Water.

As the panic spread, many sprang over the rail, at first by twos and threes, and as the first rushed at they were crowded off the deck and fell into the water.

Many Burned to Death.

"When she was grounded the flames had spread over the entire upper and lower decks, and the fire had reached the boiler room, which was the last refuge of the survivors.

Upper Deck Collapses.

An eye witness said that greatest loss of life was due to the collapsing of the heavy upper deck, which fell into the water after the fire started, crushing hundreds of persons who had gathered on the upper deck.

Many Injured Alive.

Many of those picked up alive in the river were in a shocking condition, and were frightfully burned, having delayed leaping from the boat until their clothing caught fire.

Bodies Horribly Burned.

Many of the bodies recovered were horribly burned, and it was estimated that the greatest loss of life, extending into the hundreds, will be found in the hold.

Gen. Stakelberg's Retreat Cut Off After Disastrous Defeat.

FIGHT WAS DECISIVE.

Gen. Kurapatkin Tells of Arrival of Japanese Reinforcements at Critical Moment of Engagement.

St. Petersburg, June 16.—7.45 p. m.—The war office announces that Gen. Stakelberg was forced back before greatly superior numbers and retreated to Vainavsk, thirty miles north of Nanfangou. The officials here deny that there was anything in the nature of a rout. The enemy had over four divisions in action.

St. Petersburg, June 16.—6.10 p. m.—It is rumored throughout the city that Gen. Stakelberg has sustained a disaster at Vainavsk and that his retreat is being cut off.

London, June 16.—A dispatch to the Central News from Tokio says that the Japanese, after fierce fighting yesterday, captured Teikou, between Kaichow and Sanchow. The Russians lost six guns and many regimental colors.

Tokyo, June 16.—In a fight which took place late in the afternoon at Teikou, on the railroad, about eighty miles north of Port Arthur, the Russians lost 500 men killed and 1400 men wounded. The casualties on the Japanese side are estimated at 1000 men killed and wounded.

St. Petersburg, June 16.—7.20 p. m.—A special dispatch from Liao Yang to the Official Messenger says the battle of Vainavsk ranged the Russians and the Japanese receiving considerable reinforcements, crushed the Russian left flank and completely annihilated the right.

Tokyo, June 16.—6 p. m.—All doubt as to the sinking of the transports Hitachi and Sado by the Russians has been removed by the arrival of the survivors of the Hitachi at Moji and 153 survivors of the Sado have arrived.

Tokyo, June 16.—7.30 p. m.—A detachment of the army, under the command of Gen. Kurapatkin, captured the town of Sun Yen on Sunday after routing and defeating a force of 3000 Japanese.

The transport Hino, which has returned to Moji, reports that she encountered a force of 1000 Japanese on the coast of the island of Shiro.

The transports Hitachi, 6172 tons, and the Sado, 6219 tons, were seen two miles from the coast of the island of Shiro.

Before the Russian fleet was sighted the Japanese had already captured the island of Shiro.

The Hino sank the Hitachi and Sado surrounded by Russian vessels. The loss of life will probably be heavy.

New Chang, June 16.—3 a. m.—Firing has been heard distinctly in the direction of Kaichow since 10 o'clock last night, two batteries of artillery rushed through town at midnight.

The captain of the Sado and several other officers were captured and taken to the Japanese ships.

Hagi, a message has been received here from the Hitachi drifted north to Shimonsuiki and the transport Sado is still missing.

KUROPATKIN INTERRUPTED.

At Critical Moment Important Message to Czar Stops.

St. Petersburg, June 16.—Emperor Nicholas has received the following dispatch dated June 15, from Gen. Kurapatkin: "An engagement occurred June 14 at Vainavsk (north of Port Arthur) with the Japanese, which was a decisive victory for us. Our losses in killed and wounded were 3000, more than 3000 on Tuesday, shows that the fighting was very hard. The Japanese were routed and their retreat cut off. Kurapatkin's report this morning brought the report up to 2.30 o'clock yesterday afternoon, but stopped at the most critical point of the battle, when Stakelberg was meeting an attempt to turn his right wing by a surprise movement around Noz's left flank. Stakelberg's reserves had already been brought up and the Japanese were being reinforced. This dispatch reached the Emperor yesterday afternoon, but through a misunderstanding it was not received until this morning. There was no intention to withhold it from the Emperor. Nothing further has reached the war office of this kind."
