Wednesday evening, and expressions of deep sorrow and of great admiration for the man who is gone were to be heard upon all sides. There will be none to miss the genial, warm greeting and the kindly presence of "Comrade Mitchell" more than the old veterans of the Civil war, both in and out of the Soldiers' home.

The Platform. The resolutions committee reported the collowing platform to the convention: The Prohibition party, in national convention assembled at Indianapolis, June 30, 1904, recognizing that the chief end of all gorvernment is the establishment of right-cousness and justice, and believing in the perpetuation of the high ideals of government of the people, by the people and for the people, established by our fathers, makes the following declaration of principles and purposes:

One Appleton Mill Is Working and Others

Are Planning to Resume
Next Week.

Appleton, Wis., June 30.—[Special.]—
The Wisconsin tissue plant, the only mill in the city which has started up since the strike commenced, is now running with a full force. Yesterday they obtained another crew of outside non-union help and managed to get their second machine in operation during the day.

The manufacturers have held a meeting and decided to make an effort to start up all the mills that are now down on the same day, but as to what date has been set will not be given out. It is not expected that any move will be made untillulater the Fourth to resume operations.

The Liquor Plank.

1. The widely prevailing system of the licensed and legalized sale of alcoholic beverages is so rulnous to individual interests, so infinitely and so subversive to the rights of great masses of our citizenship, that the destruction of the traffic is and for years has been the most important question in American politics.

2. We denounce the lack of statesmanship exhibited by the leaders of the Democratic and Republican parties in their refusal to recognize the paramount importance of this question and the cowardice with which the leaders of these parties have courted the favor of those whose selfish interests are advanced by the continuation and augmentation of the traffic, until into the given out. It is not expected that any move will be made untilling the first of the properties in their refusal to recognize the paramount importance of this question and the cowardice with which the leaders of the Democratic and Republican parties in their refusal to recognize the paramount importance of this question and the cowardice with which the lack of statesmanship exhibited by the leaders of the Democratic and Republican parties in their refusal to recognize the paramount importance of this question and the cowardice with which the law are not to be criticised on account of the law are not to be criticised on the law are not to be criticised on the la The Liquor Plank.

John G. Woolley and Samuel Dickie say they believe Silas Swallow of Harrisburg, Pa., will be nominated for President. The convention is now singing "Praise God From Whom All Blessings" "It is claimed that I wanted to force the solution." "It is claimed that I wanted to force the fair management into granting me a concession to show my airship and charge admission, but that is not true.

Convention Hall, Indianapolis, Ind., June 30.—Oliver W. Stewart, national chairman, opened the prohibition national convention with prayer today. It was announced that at an early morning caucus the opposition to Gen. Miles nomination had combined on National Chairman Stewart for the presidential nomination and ex-National Chairman Stewart for the presidential nomination and ex-National Chairman Samuel Dickie of Albion, Mich., was selected to make the nominating speech. Under the arrangement, if Mr. Stewart is nominated, Vice Chairman A. G. Wolfenbarger will conduct the national campaign.

The fishermen of Newfoundland posses the curious faculty of being able, as they say, to "smell" icebergs, and thereby escape many encounters with them. Really, however, the fact is that the approach of a berg is heralded by a sudden and depided cooling of the atmosphere, which these experienced mariners soon perceive, and are warned by. But oftentimes a vessel will run into a nest of them, and may have to be towed to safety by her boats. A frequent cause of disaster is that, the submerged section of a berg being caught in the grip of a current, the mass moves steadily against wind and sea and crashes into the craft before she

Roland, Ill., June 27.—Diabetes has so long been looked upon as an incurable form of Kidney Disease that a sure cure for it must rank as one of the most valuable discoveries of the age. And every day brings forth fresh evidence that Dodd's Kidney Pills will cure Diabetes. Important evidence in their favor is given by Rev. Thos. B. Norman, the well-known Baptist min-

ister here. Mr. Norman says:
"I had all the symptoms of a bad case of Diabetes and received so much nefit from the use of Dodd's Kidney Pills that I cheerfully recommend them to anyone suffering from that dread disease. Dodd's Kidney Pills will cure the worst form of Diabetes." Dodd's Kidney Pills always cure Diabetes, one of the final stages of Kidney Disease. All the earlier stages from Backache to Rheumatism are naturally much more easily cured by the same remedy.

To Put an Egg into a Bottle. "If you were to see an egg enclosed in a bottle with a neck so narrow that it would scarcely admit of the passage of an object one-half the size of the egg, it would give you just cause for wonder and amazement, wouldn't it?" R. W. Brandon said to me.

"And yet it is an exceedingly simple and easy trick to perform. In order to

In order to accomplish it with entire success, an egg of any size may be taken and placed egg of any size may be taken and placed in a quantity of vinegar, enough to cover the egg completely, and in the vinegar it should be allowed to stand for three or four days. During this time the vine-gar will gradually absorb all the lime in the shell, thus rendering it as soft and pliable as a piece of cloth, but without altering its appearance in the least. The altering its appearance in the least. The egg may then be taken and forced through the neck of a bottle, one not too small, however, but due care should be observed in this, for any punching or scratching with the fingers will be apt to perforate the shell. The best way to get it through is to roll it out slightly between the palms of the hands. The bottle should also be held so that the egg will slide easily down the sides and not drop. Once the egg is inside, fill the bottle half full of lime water and let it stand thus several days.

DEAR MRS. PINKHAM: - Life looks dark indeed when a woman feels that her strength is fading away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me, I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as a table Compound came to me as an elixir of life; it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily, and each dose added health and strength. I am so thankful for the help I obtained through its use." - Mrs. FLORENCE DANFORTH,

Dimdyke was apparently in the midst of work when Martin entered. Auriol had never had the pleasure of seeing the young man before, so was unable to note the change in him since the evening when he had made up his mind definitely regarding Ivis. Though that was only a few weeks ago, he showed signs of dissipation, which then had not been nearly so apparent. He had evidently been little ajar, she could see the lighted office be

"I'm alone, and likely to be," he answered. "The others went at 5, and Ryder's never here in the evening."

All the rooms were dark except the dingy apartment which was Martin's own. It looked shabby and meager enough. The Ryders did not believe in any unnecessary expense in the transaction of business.

"I often work here at night," explained Dimdyke, "for it's quieter than my own blesse problems. Suggestions by Dr. Hartman .- How to Combat the Nervous Depression

Incident to Warm Weather. Nervousness is very common among women. This condition is due to anaemic

nerve centers. The nerve centers are the reservoir for nerve vitality. These centers become bloodless for the want of proper nutrition.

This condition is especially noticeable during the warm season. Every summer an army of invalids are produced as a direct result of weak nervous systems.

This could easily be overcome by the use of Peruna. Peruna strikes at the use of Feruna. Feruna strikes at the root of the trouble by correcting the digestion. Perfect digestion furnishes increased nutrition for the nerve centers. Perfectly digested food gives these reservoirs of life a vitality which creates strong, steady nerves, and in this manner for fifthes and nourishes life.
