All that is certain is that Kuropatkin has found the Japanese lines impenetrable. His swift and terrific blow has failed to shatter Oyama's defense at any point. The latest reports received here are to the effect that the Russian army

are to the effect that the Russian army is now on the defensive, fighting desperately to stem a forward movement of the main strength of Oyama's forces.

The losses in the three days' incessant fighting have been enormous on the Russian side. The Japanese losses can only be conjectured. Hospital trains crowded with Russian wounded are pouring into Mukden in a steady stream. Nearly all of the wounded are being sent farther north. It is inferred from this that the tide of battle is threatening to turn against Kuropatkin, and that there is possibility of another Russian retirement, which will this time not stop at Mukden.

FOND DU LAC NEWS.

Burial of Mrs. Hamilton. Fond du Lac, Wis., Oct. 13.-[Special.] Mrs. Mary A. Hamilton, who died in Milwankee Monday, was buried here this afternoon at Rienzi cemetery. Short

services were held at the grave. Wickert-Gleason Nuptials. Miss Rose Wickert of this city and Howard Gleason of Waseca, Minn., were married last evening at 8 o'clock at the home of the bride's sister, Mrs. A. B. Schuchardt of Ruggles street. The ceremony was performed by Rev. H. A. Gammert in the presence of twenty-five guests. Following a wedding supper, the young couple left for Waseca to reside.

Boathouses Moved Back. All boathouses along the Fond du Lac

river have been ordered moved back over a certain line arranged by United States Engineer Mann, who was here recently making soundings.

The buildings have been in the same location for more than twenty years and the order comes as a great surprise.

It is thought this is only anothed step toward the project for a big steamer line, spoken of exclusively in the Evening Wisconsin some time since. Capt. Mann made a quiet trip to the river a few days ago, but his purposes were not made known.

Married Under Dispensation. Miss Flora Foxhaven and John Neu mann, both of this city, were married last night by Justice Watson at his residence on Elm street, under a special dispensa-tion by Judge Richter.

Thirty Days for Theft. Michael Fitzpatrick was discharged and Guy Hubbard given thirty days, yes-terday afternoon, after a trial in Justice Blewett's court, on a charge of having taken \$5 from Matt Lanser while the

Bring Back Banner. James W. Watson, Dr. L. A. Bishop, Dr. Charles H. Moore, Mr. De Steesc and H. C. Pitmar returned last night from Milwaukee, where they attended the thirty-eighth annual conclave of the Knights Templar and secured the prize banner for the Fond du Lac commandery, which was held last year by the La Crosse commandery and must be kept continuously for three years before it is permanently awarded.

Gets Off After Paying Costs.

Edward Schwanke, a foreman at the stone quarry at Hamilton, yesterday aft-ernoon was given his discharge, after a trial on complaint of Justice Krause that the defendant had assaulted him. The costs were paid by Schwanke, after which Krause decided that he did not care to continue it any further. To Inspect Eastern Stars.

Who'll Be Elected?

Presidential Year is Here Again The Old Question of Who Will

Succeed Arises

Men Rather Than Platforms Count

Probably, if you are a voter, you have a preference for one or the other of the Presidential candidates now before the people for their suffrage. Be he Republican, Democrat, Prohibition, Socialist, Labor or what not, there is one thing sure: the man who will be elected will be a man of superb health and strength - no weakling or invalid. The great men of the world are healthy men. The weak go to the wall. In the nomination of a candidate for any office so prominent as that of President the health and likelihood of his living out his term is quietly considered, if not publicly proclaimed, before his name is ever presented to the public. Look over the candidates

today and see if that's not true. No man or woman can be perfectly well without a sound stomach and good digestion. No one can hope to suc in any vocation or position in life with-out the good digestion that "waits on appetite."
The day is passed when there is any

excuse for one to continue to suffer with indigestion or mal-assimilation. The discovery of Camp's Curative Remedy, its popular price and the fact that it is procurable at all druggists, enables everyone who has 50 cents to enables everyone who has 50 cents to be well, hearty and happy, relish his food, enjoy life and all its blessings. This sovereign remedy is positively guaranteed to cure all stomach ills, or your money back. It is no new experi-mental remedy, but has been before the public for sixty years. You can take it with perfect assurance that it will do exactly as claimed, cure you, restore your digestion to health. Comes in powder or tablet form.

Our Fall Exhibit of MEN'S CLOTHING.

You are cordially invited to be one of the many visitors who will favor us with a call this week for the purpose of posting themselves on the handsome new styles in Men's Clothing and "Fixins." The time is come when progressive Clothiers must lend the aid of their experience toward educating the people in the art of clothes selection and the relative values of materials and workmanship. So much clothing is being manufactured, so many kinds are being advertised that the average reader is lost in the maze of conflicting announcements and is often led to buy inferior clothing at so called reduced prices. Being the oldest and largest clothiers in West Bend and whose success is proven by a steadily increasing volume of trade. We feel that it devolves upon us to invite you to investigate and learn the

Mrs. De Long Finds that the Indescribable Pains of Rheumatism Can be Cured Through the Blood.

Mrs. E. M. De Long, of No. 160 West Broadway, Council Bluffs, Iowa, found herself suddenly attacked by rheumatism in the winter of 1896. She gave the doctor a chance to help her, which he failed to improve, and then she did some thinking and experimenting of her own. She was so successful that she deems it her duty to tell the story of her escape from suffering :

'My brother-in-law," she says," was enthusiastic on the subject of Dr. Williams' Pink Pills as a purifier of the blood, and when I was suffering extreme pains in the joints of my ankles, knees, hips, wrists and elbows, and the doctor was giving me no relief, I began to reflect that rheumatism is a disease of the blood and that, if Dr. Williams' Pink Pills are so good for the blood, they must be good for rheumatism and worth

or I was in bed half the time, suffering with pain that cannot be described to one who has never had the disease. It Would concentrate sometimes in one set of joints. When it was in my feet I could not walk, when it was in my elbows and wrists I could not even draw the coverlets over my body. I had suffered in this way for weeks before I began using Dr. Williams' Pink Pills. Two weeks after I began with them I experienced relief and after I had taken six boxes I was entirely well. To make sure I continued to use them about two weeks longer and then stopped alto-gether. For several years I have had no reason to use them for myself, but I have recommended them to others as an

Dr. Williams' Pink Pills furnish the blood with all the elements that are needed to build up healthy tissue, strong muscles and nerves, capable of bearing the strain that nature puts upon them. They really make nevy blood and cure all diseases arising from disorders of the blood or nerves, such as sciatica, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous prostration, ancemia and all forms of weakness in either male or female. They are sold by all druggists.

How to Grow Beautiful Flowers in the House This Coming Winter.

"Crocuses in January!" Why not? asks Country Life in America. Nothing is easier nor more enjoyable. A few inexpensive window boxes, a few dollars invested in bulbs, and spring indoors may be had for the asking.

Window boxes have proved in my ex-

be had for the asking.

Window boxes have proved, in my experience, much more desirable in many respects for bulbs than the flower pots which are commonly in use. A window box containing a hundred bulbs, more or less, according to the size of the bulbs, requires up more care than a single flower. requires no more care than a single flower pot-less, in fact, because the larger quan-tity of the soil retains moisture for a much longer time; then, too, there is a sense of permanence in a box that gives it something of the dignity and stability mass of flowers of the same variety

An angry light flashed into her companion's eyes. Was she satirical? he wondered; and the look that came into his face would, had she seen it, have startled her, even if she had been a braver woman than she was. But her eyes were fixed on the path at her feet.

"You have never been in love, Lord the night, Mr. Fox took the bird to the night, Mr. Fox took the bird to the rear of his yard, where he had a couple of guinea pigs in an inclosure completely woven wire screen. He carefully placed the young robin in the pen, intending to liberate it in the morning. While dressing the next morning he looked out of his window and was amazed at the actions of a couple of sparrows, who were carrying worms to the young robin in the inclosure. They would fly away, only to return a few moments later with worms, which they proceeded to drop through the screen into the upturned mouth of the captive.

The results of the threshing in Western Canada are not yet completed, but from information at hand, it is safe to say that the average per acre will be reasonably high, and a fair estimate will place the total yield of wheat at 60,000,000 bushels. At present prices this will add to the wealth of the immense yield of oats and barley and the large herds of cattle, for all of which good prices will be paid.

Miss Gannon, Sec'y Detroit Amateur Art Association, tells young women what to do to avoid pain and suffering caused by female troubles.

"DEAR MRS. PINKHAM:-I can conscientiously recommend Lydia Es Pinkham's Vegetable Compound to those of my sisters suffering with female weakness and the troubles which so often befall women. I suffered for months with general weakness, and felt so weary that I had hard work to keep up. I had shooting pains, and was utterly miserable. In my distress I was advised to use Lydia E. Pinkham's Vegetable Compound will certainly cure the sufferings of women; and when one considers that Miss Gannon's letter is only one of the countless hundreds which we are continually publishing in the newspapers of this country, the great virtue of Mrs. Pinkham's medicine must be admitted by all; and for the absolute cure of all kinds of female ills no substitute can possibly take its place. Women should bear this important fact in mind when they go into a drug store, and be sure not to accept anything that is claimed to be "just as good" as Lydia E.
