A Good Congressman.

Chas. H. Weisse, who has been Re-nominated by the Democrats of this District, is a Successful Campaigner, a Shrewd Business Man and Well Qualified for a Seat in Congress. His Election is a Certainty.

The above cut is taken from a late photograph of Hon. Charles H. Weisse, of Sheboygan Falls, Wis., who has been re-nominated for Congress from the Sixth Congressional District.

Mr. Weisse is the present incumbent, having been elected in 1902 by a plurality of 3,416 over William H. Froehlich, and although he had made no announcement of his intention to seek re-nomination and re-election, he was generally considered as and conceded to be the logical candidate of his party in this district, and he received the nomination without opposition.

Mr. Weisse has no introduction to our readers, as he made a personal campaign of the entire district two years ago and formed the acquaintance of nearly every voter in each county of which the district is composed, but a few words here concerning his personality and career will not be amiss.

He is a native of Sheboygan Falls, having been born October 24th, 1856, on a farm in that town. From the day he was first entitled to a ballot at the polls, he has been a straight and hard-working Democrat, and has devoted both time and money to the cause of Democracy.

Early in life his sound judgment came to be recognized by his townsmen, and at the age of 23 he was elected chairman of the board of village trustees, re-elected in 1881 and 1882.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.
