Rockefeller's Poverty A Million Dollars For a New Stomach

is His Offer__Riches Cannot Always Buy Health

Wees of the Wealthy Worse than Poverty

When you are inclined to envy the rich, remember that John D. Rockefel-ler, multi-millionaire, one of the very wealthiest men the world has ever known, has troubles for which all his wealth cannot compensate. Mr. Rocke-feller has a diseased stomach that the doctors pronounce incurable. Instead ng permitted to enjoy life to its full, to eat what he likes with tress, to partake of tempting viands and the delicious dainties of the epicure and the gourmet, Mr. Rockefeller is obliged missin to subsist on a diet of tepid milk and trains. lime water, such as you would feed to a colicky baby. Is it much wonder that he offers a million dollars of his many millions for a new stomach that shall perform its duties without distress and

If Mr. Rockefeller would epend fifty cents for Camp's Curative Remedy, he might secure the relief he seeks, promptly and permanently. But the is too small in the millionaire's He would spend a million, but hesitate to spend half a dollar. Thus the price of wealth, in his case, is perpetual suffering, while those of us possessed of less money and greater perspicacity profit by the truth and take ad to health that thousands have traveled before us.

There is no question about the efficacy of Camp's Curative Remedy in all cases of stomach and digestive disorders. It s guaranteed to cure, and in any case is guaranteed to cure, and in any case offailure to do so the purchaser's money will be promptly refunded. All drug-gists sell it, giving you your choice of powder or tablet form at the low prices of 25 and 50 cents. Under such liberal terms and at such a small price, the man, woman or child who continues to suffer with any illness of the stomach has only himself to blame.

The mummies of the father and mother have been unwrapped and searched for jewels, possibly by the ancient Romans. Noth-ing has been disturbed beyond this. The tomb is crowned with coffus covered with gold leaf. There also are carved and gilded chairs, jars, religious symbols of the finest quality, and a complete chariot, the body of the chariot being covered with gold leaf. The collection is regarded as the most beautiful and ex-tensive yet discovered in one tomb.

Of all the diseases known, with | Mrs. Samuel Frake, of Prospect

Of all the diseases known, with which women are afflicted, kidney dis-ease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives. Being fully aware of this, Mrs. Pink-ham early in her career, gave exhaust-ive study to the subject, and in pro-ducing her great remedy for woman's ills — Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that fatal disease, woman's kidney troubles.
