FOND DU LAC NEWS.

CITY TO BUILD SOON. Fond du Lac, Wis., April 27.-[Spe cial.]-Fond du Lac, it seems today, will have a new city hall, built by the

city, within five years from now. Last evening the common counci turned down the proposition of Louis Λ . Lange, who wanted to give an eight-year lease of the building now occuyear lease of the building now occ pied for municipal government purpose at a rate of \$1200 a year. The cou

The proposition adopted by this vote was to continue the Lange lease now existing, for two years more, which is the time still to ran for this document. It was the suggestion of Ald. Max Lang. Ald. Moore, Bechaud, J. Lang. Jackfeld, Immel, Dobyns and Diener opnosed it.

opposed it. Citizens generally approve of the step taken, and comment is to the effect that the action means nothing else than that the city will have a new building, owned by itself, within five years.

IOHN O'NEIL DEAD.

John O'Neil, one of the best known residents of the county, died at Rosendale on Wednesday afternoon, aged 75 years, after an illness of several months. Mr. O'Neil came to Wisconsin when 23 years of age, settled in Westfield, and in 1853 moved to Spring Dale, living there with 1855 when he moved to there until 1855, when he moved to Rosendale. He leaves a wife and four children, Charles of Spring Dale, Miss Louisa of Rosendale, B. O. O'Neil of Oshkosh, and Mrs. Charles S. Hill of Rosendale.

TO BUILD NEW HOME. Charles F. Youmans has sold to City Engineer George H. Stanchfield a lot in block of Darling's addition, considera-tion being \$4400. It is understood that Mr. Stanchfield will erect a modern resi-

For Growing Girls.

West Pembroke, Me., April 24 .-Mrs. A. L. Smith, of this place, says that Dodd's Kidney Pills are the best remedy for growing girls. Mrs. Smith emphasizes her recommendation by the

following experience: "My daughter was thirteen years old last November and it is now two years since she was first taken with Crazy Spells that would last a week and would then pass off. In a month she would have the spells again. At these times she would eat very little and was very yellow; even the whites of her eyes would be yellow.

"The doctors gave us no encouragement; they all said they could not help her. After taking one box of Dodd's Kidney Pills, she has not had one bad spell. Of course, we continued the treatment until she had used in all them to her occasionally, when she is not feeling well. Dodd's Kidney Pills growing girls."

Mothers should heed the advice of Mrs. Smith, for by so doing, they may save their daughters much pain and sickness and insure a healthy, happy

ODD FELLOWS CELEBRATE

Fond du Lac, Wis., April 27.-The Odd Fellows last night at their hall on Main street, celebrated the eighty-sixth anniversary of the founding of the order. District Attorney E. P. of the order. District Attorney E. P. Worthing was master of ceremonies and the programme included recitations and songs, and an address by Rev. W. D. Cornell. Following this light refreshments were served. The celebration was confined to Odd Fellows and their familiaries of the site.

MAD VEARLINGS KILLED.

Five valuable yearlings on the Charles Westphal farm, west of Ridge road, were killed last week while in the last stages of hydrophobia. The condition of the animals was discovered by Mrs. Westphal, who, while out in the pasture, noticed the animals frothing at the mouth. Four other head of cattle with the five were not affected. It is supposed they were bitten last summer.

Rockefeller's Poverty

A Million Dollars For a New Stomach Is His Offer __ Riches Cannot

Always Buy Health

Woes of the Wealthy Worse than Poverty

When you are inclined to envy the rich, remember that John D. Rockefeller, multi-millionaire, one of the very wealthiest men the world has ever known, has troubles for which all his wealth cannot compensate. Mr. Rockefeller has a diseased stomach that the doctors pronounce incurable. Instead of being permitted to enjoy life to its tress, to partake of tempting viands and the delicious dainties of the epicure and the gourmet, Mr. Rockefeller is obliged to subsist on a diet of tepid milk and lime water, such as you would feed to a colicky baby. Is it much wonder that he offers a million dollars of his many millions for a new stomach that shall perform its duties without distress and

anger?
If Mr. Rockefeller would spend fifty cents for Camp's Curative Remedy, he might secure the relief he seeks, promptly and permanently. But the price is too small in the millionaire's yes. He would spend a million, but rould hesitate to spend half a dollar. Thus the price of wealth, in his case, is perpetual suffering, while those of us ssessed of less money and greater perspicacity profit by the truth and take the road to health that thousands have

There is no question about the efficacy of Camp's Curative Remedy in all cases of stomach and digestive disorders. It s guaranteed to cure, and in any case of failure to do so the purchaser's money will be promptly refunded. All druggists sell it, giving you your choice of powder or tablet form at the low prices of 25 and 50 cents. Under such liberal terms and at such a small price, the man, woman or child who continues to suffer with any illness of the stomach has only himself to blame.

Bishop Grafton of Fond du Lac Wants the Czar to Teach the Mikado a Lesson.

Fond du Lac, Wis., April 27 .- [Speabout a dozen boxes, and we still give | cial.]-Bishop C. C. Grafton, during a discussion by members of the Twilight club on the "eastern question" at a are certainly the best medicine for banquet held last night at the Palmer house, declared that the Japanese were entirely wrong in their conflict with Russia, and that he hoped that the Czar's warriors would teach the Japanese a lesson that they would not soon forget.

His Viewpoint Religious.

"I have no interest in the political question," said the bishop, "but I am very much interested in the religious side of the matter. In my opinion much could be said for Russia.

"I can excuse her wholly for remaining in Manchuria, because it is very necessary for her to have a port on the Pacific. What business is that to Japan, anyway.

"The Japanese have been secretly pre-paring for this war for years. Russia did not expect it and was not prepared to meet the attack of the yellow race when the trouble was started. The Czar was misled and taken by surprise.

"Russia is entirely in the right and Japan wholly in the wrong. Russia is a Christian nation and Japan a heathen nation. The Japanese are great liars—in fact, that is their great national characteristic. They are very sensual people and have not the least idea of the judgment day. For that reason they thrown down their lives in war with heroism of old Romans.

"Russia, while religiously inclined in the proper direction, is not civilized to the extent of the Japanese, but her people are gradually being brought up to higher standards.

"If Japan succeeds, I don't think she will care much for Christianity, but will give all credit of their victory to the heathen gods. Russia is going through a transition period. One of the signs is the demand of the church for a gradual separation of the church and the state." Calls Japan Wholly Wrong.

What Puzzied the Little Girl.

A gentleman whose nose had been lost was invited to tea. "My dear," said the good lady of the house to her little daughter, "I want you to be very particular, and to make no remarks about Mr. J—'s nose."

Gathered around the table everything was going well; the child peeped about, looked rather puzzled and at last startled the table:

Senor Quesada, Cuban Minister to the United States.

Senor Quesada, Cuban Minister to the United States, is an orator born. In an article in The Outlook for July, 1899, by George Kennan, who heard Quesada speak at the Esteban Theater, Matanzas, Cuba, he said: "I have seen many audiences under the spell of eloquent speech and in the grip of strong emotional excitement; but I have rarely witnessed such a scene as at the close of Quesada's eulogy upon the dead patriot, Marti." In a letter to The Peruna Medicine Company, written from Washington, D. C., Senor Quesada says:

"Peruna I can recommend as a very good medicine. It is an excellent strengthening tonic, and it is also an efficacious cure for the almost universal complaint of catarrh." == Gonzalo De Quesada.

GIRLS OF HOLLAND. Appeal to Artists.

Dutch girls have always been specia favorites with artist persons in search of the picturesque, and no wonder, for their general appearance is so quaint that if it were much quainter they would be in a show alongside the fut lady and the other exhibits, instead of being free to roam at

The little white bonnets they wear, for instance, are simply bewitching when the face underneath them is a pretty one; and if it has seen considerable wear and tear they help to hide it from the ribald gaze of the tourist. These caps seem to be always clean, too, and that shows how pure they keep the atmosphere over in Holland, for any Londoner would be proud to guarantee that the spotlessness of such a headdress, after a good example of the November fog as seen hereabouts, would be considerably changed for the blacker, and altogether would show distinct and obvious signs of having seen heavy service somewhere.

On picking up an example of this footgear and examining it carefully the thought that immediately comes into ene's mind is: What an admirable missile to throw out of the bedroom window by night at squalling specimens of the feline tribe!

comfortably frozen over, most, it not an, members of a Duthe family skate from their early youth—or even before that, when the nurse drops them. The little Dutch girls take to the sport like a duck to water, as the saying is; only, of course, they remain upon the surface—except on unintentional occasions, when

they go exploring through the ice and get an unexpected bath.

But then, the resulting disaster is entirely their own fault, for no doubt all the squeamish bits are marked off with notice boards bearing the Dutch equiva-lent of "Danger! Thin Ice!" or some-thing like that, which I am far too con-siderate to set out here, knowing nobody in the dentist line of business who would benefit thereby.

Congressman J. H. Bankhead, of Alabama, one of the most influential members of the House of Representatives, in a letter written from Washington, D. C., gives his endorsement to the great catarrh remedy, Peruna, in the following words:

"Your Peruna is one of the best medicines I ever tried, and no family should be without your remarkable remedy. As a tonic and catarrh cure I know of nothing better."---J. H. Bankhead.

There is but a single medicine which is a radical specific for catarrh. It is Peruna, which has stood a half century test and cured thousands of cases.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

education, in offering an opportunity to the trustees of a college to take care of members of the faculty who have faithfully served the institution for many years, and to replace such men with young, vigorous and efficient professors. I am taking the liberty of enclosing herewith Mr. Carnegie's letter outlining the nature of his bequest. The list of trustees is also enclosed. All have accepted.

For a "Carnegie Foundation." For a "Carnegie Foundation."

Steps will at once be taken to organize a corporation to formally receive the bequest. The first meeting of the board of trustees has been called for November 15. In the meantime it is Mr. Carnegie's desire that Dr. Pritchett, president of the Massachusetts Institute of Technology, and myself proceed to obtain data from all the institutions concerned for use at the meeting of the trustees. The bonds which Mr. Carnegie has so generously donated have a market value of \$11,000,000 and will produce an annual income of \$500,000.

The corporation which is being formed will be styled The Carnegie Foundation.

Donor Draws Parallel. Donor Draws Parallel.

I have reached the conclusion that the least rewarded of all the professions is that of the teacher in our educational institutions. New York city generously, and very wisely, provides retiring pensions for teachers in her public school and also for her policemen. Very few, indeed, of our colleges are able to do so. The consequences are grievous. Able men hestate to adopt teaching as a career, and many old professors whose places should be occupied by younger men cannot be retired.

The fund applies to the three classes of institutions named, without regard to race, sex, creed or color. We have, however, recognized that state and colonial governments which have established or mainly support universities, colleges or schools may prefer that their relations shall remain exclusively with the state. I cannot, therefore, presume to include them.

Gen. Hawley proved that fact a few years ago at a convention of the Psi Upsilon fraternity in Hartford, when he was called upon to make a speech. Everyone expected him to reply with a burst of oratory, but instead, he rose with this remark:

"There has been entirely too much speech making here tonight, so, with your permission, I'll contribute my share to the entertainment by singing a song."

Cannot Reduce a Rate

It is stated in Washington that under the Townsend rate bill, if a rate is fixed by the Commission it cannot be lowered by a railroad. Should an emergency arise calling for a decreased rate, the railroads or shippers would have to appeal again to the Commission, there being no latitude allowed, whatever the circumstances. Hitherto a maximum rate has been the rule, but no such concession is made under the

proposed legislation. Unlimited Terms of Office.
