Crowds menacing a neighboring police kiosk filled the space in front of the American legation and hooted and jeered the soldiers escorting the Harriman party, who, with fixed bayonets, charged the crowd, cleared the street and guarded the legation throughout the night. The dinner planned in honor of the Harriman party will not take place owing to the disturbed conditions in the city.

Serious Pioting in Tokio

Serious Rioting in Tokio. TOKIO, Tuesday, Sept. 6.-7 p, m.-Serious rioting followed the attack today on the offices of the Kokumin Shimbun, on the offices of the Kokumin Shimbun, the government organ. The mob attacked and burned the official residence of the minister of the home offices and the Nobles club and the Imperial hotel and Hibaya park, which was the storm center throughout the day. Threatening demonstrations occurred in the neighborhood of the homes of Premier Kattaras and Barra homes of Premier Kattaras and Barra homes. sura and Baron Komura, who is now it the United States, but the police suc ceeded in preventing injury to the oc cupants or damage to the houses.

Situation Is Threatening. The situation tonight is threatening. Turbulent crowds fill the streets and it is feared much damage to property is possible under cover of the darkness. All the police reserves are performing urgent duty and heavily guarding danger spots. The streets in the neighborhood of the Kokumin Shimbun are closed and 200 police form a cordon around the office.

Detachments of national troops plobilized on account of the war were called out during the night. The crowds received the soldiers good naturedly and cheered them. The principal duty of the troops was the protection of the police. The anger of the crowds was chiefly on account of the closing of Hibiyn park and the denial of the right to publicly meet in the park, which is under the charge of the municipality. After the park was closed yesterday the mayor and council met immediately and protested to the government and insisted as that of her husband, was discovered in Chicago today alive. The Iosco and Jeanette, laden with iron ore, left Duluth at noon last Thursday, bound for Lake Erie. They were caught by the storm when half way down Lake Superior and must have been driven back with the hope of finding shelter among the islands east of Keweenaw peninsula. Both boats were apparently overcome by the gale long before they reached Huron island. From the fact that the schooner succeeded in getting within four miles of the island without the steamer being in sight, it is believed that the Iosco foundered much earlier in the day.

DULUTH, Minn., Sept. 6.—Standard Oil barge No. 8, which arrived today, emptied out some of the kerosene oil from the tanks in the great storm through which she passed on Lake Superior Sunday, but otherwise there was not much damage. The Alva, which had the barge in tow, was compelled to cut loose off Keweenaw Point at 4 o'clock Sunday morning, as the Alva had all she could do to take care of herself. The barge set two sails and succeeded in getting into Portage Entry Monday. The waves carried off the tops of some of the tanks and the oil sloshed out of the tanks in the seas. An Island Submerged. An Island Submerged.

FORT WILLIAM, Ont., Sept. 6.—
The Booth fishing station on Cat island was washed into Lake Superior by the great storm of Sunday. The island was completely submerged and the inhabitants would have been drowned had not a fish tug been at the station. They were loaded on the tug in time and were taken to the shelter of a neighboring island. There is nothing now left to indicate the location of the station except part of the pier. The news was brought here last night by the schooner Melrose, which arrived last night from Washburn.

LATEST MARKET REPORTS. MILWAUKEE, SEPTEMBER 7.

RACINE, Wis., Sept. 7.—[Special.]—
Physicians who are attending Frank K.
Bull, the millionaire threshing machine manufacturer, who was injured by the explosion of gasoline in his private garage Tuesday morning, state that the patient is suffering intense pain from injuries of the head and face, as well as the body. The injuries were far more serious than at first reported by the physicians or members of his family.

The left side of the face from the lip to the middle of the cheek was cut open and nineteen stitches were taken. There are three deep gashes in the top of the head, and gashes on the forehead, all caused by coming in contact with a glass glove which covered electric light globes in the celling.

Because of there having been three explosions in the garage, all caused by sparks from an electric motor, Mr. Bull has ordered the electric turning apparatus removed.

Currency Was Scarce. Henry C. Ezekiel is now at work gathering a collection of encased postage stamps which circulated during the Civil war in place of the regular metal coin. The case was the invention of John Gault of Boston and was made a necessity on account of the people hoarding metal coin until they were able to sell at high premiums. Gault secured the consent of Congress to issue the cases lu lieu of regular coin. They were made of brass and mica. The cases were sold

at an advanced price to the merchants whose names or advertisements appeared on them for the purpose of circulating Mr. Ezekiel has been gathering facts Mr. Ezekiel has been gathering facts about the issue of these peculiar coins and finds that they were put into circulation by thirty-one firms, and up to the present time has found records of 172 different names, varieties and denominations. In this list there were only six dry goods firms in this country to issue the cases, and four of these were Cincinnati houser. WEST BEND. WISCONSIN.

Typhoid fever is sometimes called ner vous fever. During the course of the fever the nerves are always profoundly disturbed, and when it is over they are left so sensitive that the patient has to be guarded against all excitement. In the tonic treatment then demanded, regard must be paid not only to building up flesh but also to strengthening the nerves. A remedy that will do both, make sound flesh to repair waste and give new vigor to feeble nerves, is the most convenient and economical. Such a remedy is Dr. Williams' Pink Pills for Pale People.

One proof of this s the experience of Mr. Charles Worth, of East Vassalboro, Maine. He says: "I had a severe attack of typhoid fever late in the fall which left me very weak and debilitated. My heart palpitated, my breathing be-came difficult after the least exertion and there was numbness in both hands. I suffered in that way for fully six months. As I did not grow out of it, did not in fact see the slightest improvement as time passed, I decided to use Dr. Wil-liams' Pink Pills as I knew of some cures they had effected in cases like mine.

Almost as soon as I began taking them I could see decided improvement and after keeping on with them for several weeks I was completely well. I consider Dr. Williams' Pink Pills a most aluable remedy, and I am in the habit of recommending them to others afflicted

When the nerves ache and tremble it means that they are starving. The only way to feed them is through the blood, and the best food is Dr. Williams' Pink Pills. "For an experiment once in the English town of Manchester, a skilled spin-ner spun a pound of Sea island cotton into a single thread 1000 miles long. Then for another experiment he took another pound of cotton and spun it into as many hanks as he could get. He got 10,000 hanks in all, and the yarn in each of them measured \$40 yards. Thus out of a pound of cotton 4770 miles of yarn were produced. This yarn, though, was too fine to be of any practical utility.

Kennedy came to Stamford when he was 6 years old, and just as soon as he was able to work adopted the life of a fisherman and oysterman. For thirty suffer in silence and drift along from sherman and oysterman. For thirty years he lived about the shore front here. About twenty years ago he entered the restaurant business, his present occupation. While in Stamford he has had but one serious illness, about twenty-five years ago. He was sick some little time then from bilious fever. In the last ten years he has not been ill a day. He believes his freedom from illness is the result of a preparation of herbs he brews and takes twice each week. He also believes that the continued use of this preparation may have something to do with his change of color. Physicians who were asked about the matter here today said the herbs had nothing to do with it.

Medical men agree that the change of color is due to a loss of pigment in the blood.

Kennedy said today: "I am not sick and I have lost no sleep worrying over the change in my color. It has been established the eternal confidence between Mrs. Pinkham and the women
