NEW YORK, Feb. 15.--Charles F. Murphy is to succeed David B. Hill as the leader of the state Democracy. Hill has again affirmed his absolute retire-

get together witnesses. The case is one of the most extraordinary in the police annals of Jersey City. Chief Murphy Crowe bowed his head and covered his eyes. For several minutes not a sound was heard except occasional deep sighs from Crowe as he sat there apparently in deep mental anguish. "For the last fifteen years my suffer-ing has been intense. My children are dead and my wife a servant for others. I am an outcast, a disgrace to the moth-er who gave me birth," wrote Crowe. "And to add to my suffering I have wronged a man who has been a friend to me. I am guilty of the Cudahy af-fair. I am to blame for the whole crime. After it was over I regretted my act and annais of Jersey City. Chief Murphy said that the prisoner was suspected of having poured benzine over his brother Carl and of having set him afire while he slept, and added that it was believed that when Legler saw his brother would not succumb to his injuries he caused the victim's death by administering some powder, presumably of a poisonous na-ture.

TO DEVELOP AMERICAN MUSIC.

Roosevelt Thinks Negro's Aptitude Justifies a Distinctive School.

WASHINGTON, D. C., Feb. 15,-President Roosevelt is of opinion that in the negro's natural aptitude for song and music lies hope for the development of a school of distinctively American music. He expressed this opinion Wednesday, after listening to songs by a body of col-ored students from the Manassas Indus-

trial institute, who were presented at the white house by Rev. Dr. Edward Everett Hale and Booker T. Washington. The

Deatness Cannot De Curen by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused, by an inflamed condition of the mu-cous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deafness is the result, and and this tube restored to its normal condi-tion, hearing will be destroyed forever; nine cases out of ten are caused by Ca-tarrh, which is nothing but an inflamed con-dition of the muccus surfaces. The fire is believed to have originated in a furnace pipe. It was one of the historic homes of Madison and has been occupied by Prof. Parkinson for a gen-eration. Owing to a frozen hydrant the fire department was greatly delayed. There were many thrilling incidents. The passenger train which runs from De Kalb (III.) to Janesville consists only of a combination smoker and baggage car and a passenger coach. According to Mrs. Crosby, who was seriously injured, there were only six or seven in the train besides herself. The coming trial, for high treason, of the handsome Russian authoress, Zinaida Smoljaninow, at Leipsic, arouses great curiosity on account of the secret sur-rounding her personality and of the charges brought against her. About a year ago she came from St. Petersburg to Berlin highly recommend-ed as a young woman who claimed a besides herself. Both the engine and tender of the freight went over on their sides in the crash, as did the engine and tender of the passenger train. Neither of the cars on the passenger train left the track. Only the prompt action of the trainmen and farmers of the neighborhood saved the passenger coach from burning. The freight train was as small as the passenger, consisting of only an engine,

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or officinal names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company-California Fig Syrup Co .- printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction.

Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name-" Syrup of Figs"-or "Fig Syrup" and of some piratical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company-California Fig Syrup Co.-printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company-California Fig Syrup Co .- printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.
