May Now Use Own Mail Box.
Postmaster General Cortelyou has issued an order, to go into effect August 1, rescinding the regulation under which patrons of rural mail routes are compelled to purchase boxes from one of the 200 listed manufacturers, who have put on the market 300 different styles of boxes, approved by the department, costing from 50 cents to \$4 each. Patrons of rural routes will be permitted to construct their own box, providing in doing so they conform to the requirements of the department, as to size, safety and protection from the weather. In order to maintain the government protection of mail placed in rural boxes, the patron must secure the approval of the postmaster for the office which serves the route and paint on the box the words "Approved by the Postmaster General."
Lad Has a Foot Cut Badly.
Anton Hosp, aged 9 years, son of Mr. and Mrs. John Hosp of the town of Barton, had his left foot amputated five inches above the ankle last Monday afternoon by Dr. Heider. The boy and an older brother had been cutting hay on their father's land near Young America Monday morning, when the little fellow's foot was caught in the sickle and terribly lacerated, so badly, in fact, that amputation was absolutely necessary to save his life. The accident occurred at 10:30 in the morning, but considerable time was lost before he was brought to the physician. After the operation the boy was taken to the home of Charles Illian, where he is still being cared for. He is doing as well as can be expected, and if no complications set in he will recover. He has our heartfelt sympathy.—Pilot
Accident Broke Her Leg.
Miss Adela Gottesleben, who was with the party of young people from this village camping at Long Lake met with quite a misfortune on last Wednesday afternoon by having her leg broke above the ankle while driving from Dundee to the lake. The accident happened while they were coming down a hill near Long Lake by the pole dropping out of the neck yoke, causing the wagon to run onto the horses. One of the horses fell which probably avoided a worse runaway. Miss Gottesleben received her injuries by jumping out of the rig. Lillie Schlosser and Lorinda Guth also jumped from the rig but escaped with slight injuries. Miss Gottesleben was brought home the same evening.
Notice to Coal Dealers.
Sealed bids will be received by the school board of the joint school district No. 5, in the village and town of Kewaskum, at the Central Hotel, in the village of Kewaskum, until Thursday, July 19, at 8 p. m., for furnishing and delivering to said school district twenty-five (25) tons of the best hard coal (stone size) to be delivered in the basement of the school house of said district on or before September 1, 1906, and payable January 1, 1907. STORY OF A SULPHUR MINE

There is only one sulphur mine in the United States, said Hubert Oser of New Orleans...

The mine is said to contain about \$75,000,000 worth of pure sulphur. It is located near Lake Charles in an almost inaccessible region...

"The sudden change from a high and dry altitude to sea level proved too much for me and I became afflicted with earache and cold in the head and general debility to such an extent as to most inconspicuously make me attending to my duties..."

"I was incited to try Peruna, and after taking several bottles in small doses I am pleased to say that I was entirely restored to my normal condition and have since continued the use of Peruna to my friends..."

WILD CAT ON THE LINE. What Happened When It Climbed to Top of Electric Power Pole...

George K. Atken, foreman of construction, and an assistant were sent out to investigate the wild cat about fifteen miles from Butte, on the Big Hole up on the Big Hole river...

The woman brought a few claws to Butte as a souvenir of the cat's adventure.—Anaconda Standard.

CASSANDRA'S FOLLY.

CHAPTER IX.—(Continued.) Cassandra's mind was working quickly; her mental vision was remarkably clear. She scolded herself for writing down a sheet of note paper out of the rack...

"You forget that there was a third course open to me. Or perhaps you thought I lacked the courage to turn traitor?" "Demetrius was ashy pale. He saw that denial was useless, but he was not going to give in without a struggle."

"You lie, or else you're not serious," he said. "I know nothing of this deed against your father. And why should I want to get rid of you? You and I have always been friends. We've had differences, of course, but never anything serious."

"You lie, or else you're not serious," he said. "I know nothing of this deed against your father. And why should I want to get rid of you? You and I have always been friends. We've had differences, of course, but never anything serious."

FOND DU LAC NEWS.

PLAY GOLF FOR CUP. Fairview Country Club Directors Plan Big Match.

FOOND DU LAC, Wis., July 9.—(Special.)—The directors of the Fairview Country Club have planned a cup match which will be played in August. A trophy has been hung up which will be known as the Director's cup.

TRY CASE HERE. A change of venue from the municipal court at Ripon to the circuit court of this county has been taken in the case of the Axelsson Appropriation. Manufacturing company of the Oakwood Hotel company of Green Lake. The plaintiff's suit to recover \$300,000, claimed to be due on an order placed by the defendant for an acetylene gas generator and a number of lights. The generator, it is said, was never installed, although the company claims that it is ready to be put in place. The suit was filed in favor of the defendant at Ripon.

ANNOUNCE ENGAGEMENT. Announcement has been made of the approaching marriage of Miss Ella Arnold of this city and Alex. Swenson of Arbor, Mich. The ceremony will be held at the residence of Rev. H. T. Wilcox on Division street, who will officiate. The bride is the daughter of Mr. and Mrs. C. H. Hinn for some time past. Mr. Swenson is a wholesale firm in Michigan. They will reside at Arbor, Mich.

RUNNING FOR CONGRESS. Thomas Cale, sheriff of Fond du Lac county from 1886 to 1888, and well known in this city and county, is the candidate for Congress. He is a Republican and has been in the legislature. He was married to Miss Mary Cale out of the way. But I have saved you, Robert. No one can injure you now!

"Listen, Robert! Your life is in danger. Two years ago you offended the Brotherhood of Free Souls. A doom was placed on your head for a moment, and then it was broken by a loud report. Robert understood; he did not go back. He hesitated a moment longer, and then he stepped forward, and he stepped out of the way. But I have saved you, Robert. No one can injure you now!"

"Kiss me, Robert," she said. Mechanically he did so. "Go back to Winifred. There is nothing to stop you. Never mind me!"

"Go back to Winifred. There is nothing to stop you. Never mind me!"

DOUGLAS' NEW BUILDING.

Big Shoe Company Increases Its Jobbing Facilities. The dedication of the new administration and jobbing house building erected by the W. L. Douglas Shoe Co. as a part of its mammoth manufacturing plant at Douglas, Mass., was marked by the thoroughness and attention to detail characteristic of the firm in all its undertakings.

The completion of this structure marks the establishment of a modern up-to-date wholesale jobbing house and office building. Mr. Douglas has long considered the advisability of a jobbing house, not only for the purpose of supplying his own retail stores more readily, but that the 11,000 dealers throughout the United States handling the W. L. Douglas shoes might be able to obtain shoes for immediate use with greater facility.

The new building is 290 feet long and 60 feet wide and two stories in height. The jobbing department will occupy the entire lower floor, while the offices will occupy the second floor. The jobbing department will carry a complete stock of men's, boys', youths', women's, misses' and children's shoes, slippers, rubbers and findings equal to any jobbing house in the country.

Instinct for Certain Trees. A British paper has recently commented upon the fact that in that country certain species of trees are likely to harbor peculiar kinds of birds. The oak is said to be the favorite with rooks, jays, and the beech with woodpeckers.

FOR TOWN TRAVEL. A North London chemist has this wonderful announcement: "To travelers by motor, medicated, odorless, wood, suitable for car stopping."—London Tribune.

MRS. WINSLOW'S SOOTHING SYRUP FOR CHILDREN. Cures Colic, Wind, Flatulence, Stomach Ache, Diarrhea, and all the ailments of infancy.

Save the Babies. INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent, or nearly one-quarter, die before they are five; thirty-seven per cent, or more than one-third, before they are ten; and one-half before they are fifteen!

Castoria. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy."

Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and benefit to my patients."

Dr. Edward Parrish, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild laxative effect and freedom from harm."

Dr. J. B. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate of children."

Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children."

Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a pure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments."

Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can furnish hundreds of testimonials from this locality as to its efficiency and merits."

Dr. Norman M. Geer, of Cleveland, Ohio, says: "During the last twelve years I have frequently recommended your Castoria as one of the best preparations of the kind, being safe in the hands of parents and very effective in relieving children's disorders, while the ease with which such a pleasant preparation can be administered is a great advantage."

OPERATION AVOIDED.

EXPERIENCE OF MISS MERKLEY. She Was Told That an Operation Was Inevitable. How She Escaped It.

When a physician tells a woman suffering with serious feminine trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart, and her hospital is a full of women coming for just such operations.

There are cases where an operation is the only resource, but when one considers the great number of cases of menacing female troubles cured by Lydia E. Pinkham's Vegetable Compound after physicians have advised operations, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass., for advice, which is free.

Miss Margaret Merkley, of 275 Third Street, Milwaukee, Wis., writes: "Dear Mrs. Pinkham: I lost strength, extreme nervousness, shooting pains through the pelvic organs, bearing down pains and cramps compelled me to seek medical advice. The doctor, making an examination, said I had a female tumor and advised an operation. I tried Lydia E. Pinkham's Vegetable Compound. The operation quickly healed, all the bad symptoms disappeared and I am once more strong, vigorous and well."

Female troubles are steadily on the increase among women. If the monthly periods are very painful, or too frequent and excessive—if you have pain or swelling low down in the left side, bearing-down pains, don't neglect your case. Try Lydia E. Pinkham's Vegetable Compound.

We can hardly realize that of all the children born in civilized countries, twenty-two per cent, or nearly one-quarter, die before they are five; thirty-seven per cent, or more than one-third, before they are ten; and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.
