MILWAUKEE, Wis., Nov. 7 .- The entire Republican state ticket was elected by a plurality of from 55,000 to 65,000 at the election Tuesday notwithstanding the unusually light vote in all parts of the state. Nine out of the eleven congressmen-elect are Republicans, a loss of one. The state Senate remains about the same same is it was, two Democrats in the last Legislature being succeeded by Republicans and two Republicans giving way to Democrats. The Assembly is overwhelmingly Repub-

The Social Democrats have increased their representation in the Assembly from four members to five. The Democrats have lost three or four districts and their minority of eleven in the last session has been reduced by the defeat of Joseph M. Crowley and Thomas Ramsey in Milwaukee and Peter J. Cleary in Elroy, with gains in Calumet, Crawford and Eau Claire counties, however.

Babcock Is Defeated. Joseph W. Babcock was defeated in the Third congressional district by J. W. Murphy of Platteville. Mr. Babcock has for the past few years been a national character and his defeat will be heralded all over the country. Connor Is Cut.

W. D. Connor, the chairman of the state central committee and candidate for lieutenant governor, was cut but slightly throughout the state as the result of having incurred the displeasure of La Follette.

La Follette Victorious. The defeat of Congressman Babcock and State Senator Beach of Whitewater and the election of two of the four Mil-waukee county assembly candidate indorced by the junior senator, together with the election of the independent candidate for district attorney in Milwaukee county, are the victories which can be credited to Mr. La Follette.

Changes in Legislature. The Democrats lose one senator in Samuel Randolph, who is succeeded by G. G. Sedgwick of Manitowoc, and one in Ernst Merton of Waukesha who is cceeded by Henry Lockney, Republic The Republicans lose Zadoc each of Whitewater, who is succeed by John A. Hazelwood, Democrat with he possible loss of one member in the wenty-seventh district where Martin F. Foley was nominated in place of George Wylie. The returns have not shown yet whether he or Charles L. Pearson of Baraboo is elected.

How Assembly Stands. The Assembly will consist of eighty-six Republicans, nine Democrats and five

To Joseph A. Domachowski, the menber of the Assembly from the Four-teenth ward, belongs the distinction of being the only Democratic member of the Legislature from Milwaukee county. At the last session, Joseph Crowley of the First district and Thomas Ramsey the Sixth district accompanied the Pole from the Fourteenth ward, but next winter the man from the Four-teenth will have to uphold Jeffersonian

How Stafford Won Out. How Stafford Won Out.

The final returns for the Fifth congressional district are as follows: Waukesha county: Stafford, 3489; Donnelly, 2517; Welch, 451, total Milwaukee county. Stafford, 10,334; Donnelly, 5528; Welch, 8836. Total: Stafford. 13,823; Donnelly, 8045; Welch, 9827. Stafford's plurality over Welch, 4536; over Donnelly, 5778.

Carry All but Seven Counties. At the Republican state headquarters it was claimed that the Republican ticket had carried every one of the seventy-three counties in the state except Jefferson, Dodge, Ozaukee, Washington, Calumet, and possibly Marathon and Kewaunee. Reports from Green Lake county which was claimed by the Democrats were to the effect that it is Stella, the in the Republican column.

Democrats Gain Five. Late returns this afternoon indicate that Assembly will consist of 79 Republicans, five Socialists and sixteen Den crats, a Republican loss of six members, a Socialist gain of one and a Democratic gain of five, Daniel Curtin of Calumet, Republican, was defeated, as was Ul-rich Moeklin of Sheboygan, George E. Scott of Winnebago and Charles Mc Arthur and Christ Saugen of the First and Second Eau Claire districts. August Dietrich of the Nineteenth ward of Mil-waukee was defented by Rev. Carl D.

Eleven of those who voted for Connor were dewho voted for Dick for state chairman will vote for Herman L. Ekern of Trempaleau for speaker, while the thirty-nine who voted for Connor will likely support Edward Le Roy of Marinette for speaker. This indicates a close race for the office, with the likelihood of a pretty

scramble before it is settled. Congressional Winners. Congressional winners are:
First district—H. A. Cooper, Rep.
Second district—John M. Nelson, Rep.
Third district—J. W. Murphy, Dem.
Fourth district—W. J. Cary, Rep.
Fifth district—W. H. Stafford, Rep.

McGovern's Plurality Is 140. MILWAUKEE, Wis., Nov. 7.-F. E. McGovern's election was assured at 2 o'clock when final returns were received from Cudahy. McGovern's plurality is 140, the total vote for him being 15,410. Thiel received 15,270, and Boden 14,083, cast in the county as against 70.324 two forced to remain closely at home.

years ago. Of these the normal Republican ticket received a little over 23,000, the normal Social Democratic ticket about 16,500 votes and the normal Democratic ticket not quite 13,000 votes. This puts the Socialists in the second place in the county and relegates the Democrats to the rear whereas two years ago the Democrats lead the Socialists by 1500 votes.

Cary and Stafford. In the congressional election William J. Cary in the Fourth district and William H. Stafford in the Fifth, the Republican candidates, were elected by comfortable pluralities.

### SCHAFFER LOSES CASE

SUPREME COURT AFFIRMS OVER-RULING OF HIS DEMURRER

Claimed Suit to Invalidate His Diploma Was Insufficient-Fraud Charge by State Examiners.

MADISON, Wis., Nov. 7 .- [Special.]

The supreme court today affirmed the ower courts in the Frank X. Schaffer case brought by the Wisconsin state medical examiners to invalidate his diploma. The decision sustains the overruling of the demurrer made by Schaffer, he claiming that the complaint did fer, he claiming that the complaint did not contain sufficient cause for action. A complaint had been made against Schaffer by the secretary of the Wiscon-sin board of medical examiners, alleging that he had procured a certificate of reg-istration from the board by fraud and perjury. It alleged that he had been practicing medicine and surgery for more than five years and claimed the right so practicing medicine and surgery for more than five years and claimed the right so to practice by virtue of the certificate obtained. It was stated, as the alleged fraud and perjury committed, that the defendant made application for a license, conveying the idea that he was a graduate of two medical schools, attending one for a period of three and one-halt years and receiving from both the degree of doctor of medicine.

The board alleged their belief that he had not so attended and that the degree he held was from another school, which was simply a diploma mill and which has had its charter revoked since.

The medical board stated that the certificate to practice which they issued.

and this action was brought to annul the certificate.

This matter came to the supreme court

as an appeal from a judgment overruling the defendant's demurrer to the complaint. It was stated as grounds for demurrer that the complaint did not state sufficient facts for cause of action; that the board of medical examiners should have been a party plaintiff and that the action was not commenced within the time limit prescribed by law.

of the eighteen counties outside of Greater New York from which official returns have been received, the following show gains for Bruce over Hughes: Albany, Brooms, Columbia, Cortland, Erie, Jefferson, Monroe, Montgomery, Onondaga, Rensselaer, Schenectady, and Tompkins. Chanler made gains over Hearst in Chautauqua, Duchess, Madison, Oneida, Otsego, and Wayne.

NEW YORK, Nov. 7 .- Revised returns, some of them based on estimates, indicate a plurality of about 135,000 for Hughes above the Bronx. This would make his plurality in the state about 60,000.

William Barnes, Jr., of Albany issued William Barnes, Jr., of Albany issued a formal statement this afternoon, claiming the election of the entire Republican ticket in the state.

The statement says: "The entire Republican state ticket has been elected. My figures show this. The state above the Bronx gives 145,000 plurality, or thereabouts, and the Democratic candidate for lieutenant governor has another the state and the property of the state and the property has another the state and the property of the state and the state and the property of the state and the sta date for lieutenant governor has ap-proximately 135,000. Corrected figures for Weschester coun-Corrected figures for Weschester county in favor of Hughes make up most of the difference from the former estimate of Hughes' plurality. Republican pluralities in Albany, Columbia, Cortland, Erie, Madison, Montgomery, Oneida, Onondaga, Rensselaer, Schenectady and Tompkins show Bruce (Rep.), for lieutenant governor, about 700 ahead of Hughes. On the basis of 135,000 upstate plurality for Hughes, this would seem to show Bruce's election by a parseem to show Bruce's election by a nar-row margin, but as the Democratic can-didates for the other state offices ran ahead of their tickets they appear now to be elected, including Jackson of Erie county for attorney general.

NEW YORK, Nov. 7.-With some districts still missing in Delaware, Essex, Hamilton, Oswego and St. Lawrence counties, but estimating these six counties as giving Hughes a plurality of 19,100, the plurality of Mr. Hughes outside of Greater New York is 129,660 or a plurality in the state of 52,674 a plurality in the state of 52,674. No Great Surprises.

Elections were held yesterday in 42 states and while the results in a number of instances were of unusual interest of instances were of unusual interest it may be said that generally speaking it may be said that generally speaking there were no great surprises.

Throughout the south the Democratic state and congressional tickets have been elected by the usual majorities. In the west and east the states that were aligned two years ago in the Democratic or Republican columns show no material change, the Democrats making gains in some instances and the Republicans in others. The Republicans retain control of Congress by a good majority.

Tammany Judges Win. Perhaps the widest general interest the elections centered in the remarkin the elections centered in the remarkable fight for governor which has been waged in New York state between Hughes and Hearst.

In New York city the Tammany-Independence league judiciary ticket was successful with possibly one exception over the candidates named by the non-partisan "judiciary nominators."

Massachusetts has re-elected Curtts Guild, Republican, as governor over District Attorney John R. Moran of Boston, who was the candidate of the Democratic party, the Independence league and the Prohibitionists. In Chicago it is estimated that the Independence league ticket polled 40,000, but there was a Republican plurality for the state offices. publican plurality for the state offices.

Pennsylvania has elected Stuart, Republican, governor over a fusion opposition by the usual Republican plurality.

Michigan, Iowa, New Hampshire,
North Dakota, Connecticut, Minnesota,
Indiana and Wisconsin have rolled up
Republican pluralities, although there

was some falling off from the usual vote in Iowa. Nebraska shows big Republican gains. Ohio also shows Republican gains over the Pattison vote of last year. The Re-publicans expect a plurality of 75,000 in the state.

RUSSIANS IN MANCHURIA. Into an Invulnerable Position

ST. PETERSBURG, Nov. 8 .- Accorde ing to advices received here from Vladivostok there is constant friction between the Russians and Japanese in Manchu-

The Japanese, according to Vladivostok newspapers, are constantly pressing northwards in Manchuria with the apparent intention of establishing themselves in the Hinterland of Vladivostok, where their presence would constitute a serious menace to the fortress in the event of the possibility of the resump-

Considering how general is the use of Hungarian bitter waters, it is interesting that the proprietors of the Apenta water give assurance that the working of the Apenta springs, Budapest, Hungary, at which it is bottled, is carried out not on merely commercial lines, but under the merely commercial lines, but under the scientific and hygienic supervision of Dr. Leo von Liebermann, professor at the Hygienic institute of the Royal University at Budapest. The analyses of Apenta as published in the text-books on mineral water springs, show that the sulphates of soda and of magnesia, of which the latter is predominant, are the chief constituents. Apenta is best known as a still or non-efferseent water, but it can also be had carbonated, in small can also be had carbonated, in small bottles called splits. It is said that the importation of this water has grown very considerably in recent years, and it is well known that Hungarian aperient waters have been in world-wide use for many years.

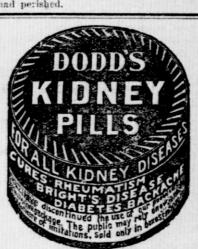

Why Sailors' Trousers Are Baggy. A navy man has been explaining to a landsman that baggy ones are the only

man.

"They are baggy at the bottoms," he said, "so that they will roll up above the knee conveniently and easily. Sailors are great deck washers, and in deck are great deck washers, and in deck washing it is necessary to have the legs bare to the knees. Trousers of ordinary cut, rolled above the knees, would cramp the flesh of the upper legs and hinder the circulation, but sailors' trousers may be taken by their wide bottoms and pulled in a jiffy up to the hip. They fit the thigh like a hip boot. Sailors' trousers, in a word, have so odd a shape because they are cut from the knee down to fit the leg from the knee up."—Liverpool Post and Mercury.

The Australian cmus are being destroyed wholesale by the wire fences creeted against the rabbits. The emu makes a yearly journey from east to west and returns at the beginning of the dry season. The march of death begins in the westward journey, when the birds, striking the fences, find further progress harred and die in hundreds from thirst. A boundary rider in a journey of six miles found no fewer than fifty dead hirds, while in a stretch of sixty miles it was estimated that no fewer than 300 had perished.

Liberty May Wet Her Feet. The time is coming, slowly, it is true, but none the less surely, when Coney island will be part of the bed of the Atlantic ocean and even the Statue of Liberty will be submerged, according to the calculations of James F. Sanborn, one of the eagineers of the new board of water supply. Mr. Sanborn, in a report abmitted to the commissioner on th surveys and geological examinations of the country through which the addition-al water supplies for this city will be

rought from the Catskills, says: The Hudsen river is navigable, as evof THE ECLECTIC MEDICAL REVIEW says of Unicorn root (Helonias Dioica) which is one of the chief ingredients of the "Fainland for 159 miles, a remarkable feature, which long ago lured Hendrik Hudson ouward through a fancied short cut to the Arctic seas. Why does the sea stray so far back between the moun-

tains? Because the Atlantic coast is sinking. Indeed, some say the sea floor is sinking as well. Those who keep watch of tide gauges along shore from Boston to Key West estimate the rate of this settling at a foot in a hundred years. We feel content that it is no faster, but just as surely will Coney is-land be drowned out some day and the Statue of Liberty entirely submerged. Indeed, we are led to believe that Manhattan was formerly a mountain top, at least as high as the Kaaterskill, for the coust survey has made soundings which show the Hudson river not ending at the Narrows, as the Staten Islanders all think, but extending to a submerged gorge over thirty miles from land. Strangest of all, this gorge reaches the tremendous depth of 3000 feet, cut down a gash in the floor of the sea. The geologists say there is no doubt but that this deep place was once a stream bed on the surface of the earth and has simply been drowned in the very grad-ual settlement of the continental border.

We had all the doctors around us, and some from larger places, but no one helped him a particle. The eczema was something terrible, and the doctors said it was the worst case they ever saw. At times his whole body and face were covered, all but his feet. I had to bandage his limbs and arms; his scalp was just dreadful. A friend teased me to try Cuticura, and I began to use all three of the Cuticura Remedies. He was better in two months; and in six

partment, and agreed with Mr. Inch. cock that the best man to carry on the exceedingly onerous, difficult and responsible work of the department was James R. Garfield.

Richards Will Retire. "Commissioner Richards has informed the President that in accordance with his intention, expressed to Secretary Hitchcock last May, he will resign, his resignation to be effective March 4. This will complete eight years of service in the land office, four years as assistant commissioner and four years as commiscommissioner and four years as commis-

He had also represented his state in the
Fifty-fourth, Fity-fifth, Fifty-sixth and
Fifty-seventh Congresses. It is generally expected that Mr. Moody will retire
from the department of justice the latter part of December.

In some quarters it is asserted that
the President wanted to get rid of Mr.
Hitchcock and replace him with a more Hitchcock and replace him with a more vigorous man. He also is said to have been out of sympathy with the President in everything except his prosecution of landgrabbers. That phase of the secre-tary's work had the unqualified indorsument of the President and so long as it was acute Hitchcock's retention as sec-

His choice of Mr. Garfield to succeed him was due entirely to his liking for that young man. Garfield has been one of the foremost members of his tennis board of strategy. When everybody else failed the President on occasions when he desired to take his afternoon outing on the court back of the white house, Mr. Garfield was always ready to respond at the first tinkle of his telephone bell.

He became at once a habit and a necesity to the President. His last report upon the Standard Oil company last spring accorded so nicely and exactly with what the President hoped it would be that his standing was further improved at the white house.

Then, too, he enjoyed the distinction of being Mrs. Roosevelt's favorite among the young men who enjoy the entree of the white house.

Minneapolis Grand Jury Returns 147 Counts as a Complete Surprise.

MINNEAPOLIS, Minn., Nov. 8 .- Indictments have been returned by the special federal grand jury which commenced in Minneapolis, October 22, to investigate alleged freight rebates. In the unofficial list of those indicted duced in public. In the case of the railroads the indictments contained 147 counts. The minimum penalty for conviction in each case is \$1000 and the maximum \$20,000.

Came Wholly Unexpected. None of the interested railroads ex-pected that any indictments would be returned against them. Each company had disclaimed, with apparent sincerity, the possibility of any criminal action in their relations with the grain companies concerning which their employes had given testimony before the jury. It is believed that the grain companies and individuals connected with them had received no inkling of the fact that they were being investigated. No member of either grain company was called to the stand, nor were any of the railroad men indicted who had testified before the

grand jury. Although attention was constantly called to the fact that only men of clerical rank and of subordinate traffice postions were being called to the witness stand, the higher officials failed to "tumble" to the probability that their own calling would be of a more serious na-

Laughed at the Jury.

They laughed at the jury proceedings, although many entertained secret misgivings at the length of time taken by the jury in their probings and the fact that back of the investigation was H. that back of the investigation was H. B. Dunsan, special agent of the department of justice, who had brought so many similar investigations in other places to an indictment stage.

In the fact that the jury broke all records in this district for length of its sitting, and for care in its examination of witnesses was conveyed a significance which was not thoroughly grasped by the railroads and shippers generally, and at last it is borne in on them that possibly the present is only the beginning of an investigation of other cases concerning which the government has been ofing which the government has been of-fered information.

A Particularly Painful Form of This Disease Yields to Dr. Williams' Pink Pills.

Of the many forms which rheumatism takes, that which is popularly known as sciatic rheumatism probably tortures its victim more than any other. That Dr. Williams' Pink Pills have cured this stubborn as well as painful trouble is a fact proven by the following statement, and no sufferer who reads this can afford to let prejudice stand in the way of trying these blood-making pills.

Rhenmatism is now generally recognized as a disease of the blood. Dr. Williams' Pink Pills make-actually make-pure blood. When the blood is pure there can be no rheumatism. Mrs. Thomas Bresnehan, of 54 Mill street, Watertown, N. Y., says: "My trouble began with a severe cold

How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature, and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has

come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use. Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent

medicines and never favor indiscriminate self-medication. Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company-California Fig Syrup Co.-plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it.
