Most people know that if they have been sick they need Scott's Emulsion to bring back health and strength.

But the strongest point about Scott's Emulsion is that you don't have to be sick to get results from it.

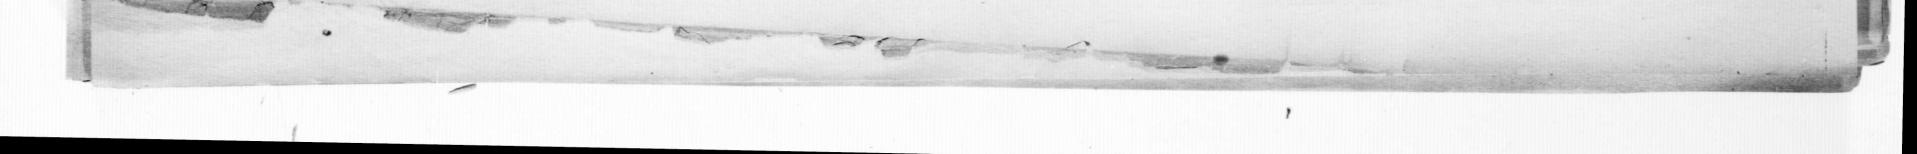

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

And it contains no drugs and no alcohol.

PE-RU-NA A MEDICAL COMPOUND

In any medical compound as much depends upon the manner in which it is compounded as upon the ingredients used.

First, there must be a due proportion of the ingredients. Each drug in the pharmacopeia has its special action. To combine any drug with other drugs that have slightly different action, the combination must be made with strict reference to the use for which the compound is intended. The drugs may be well selected as to their efficacy, but the compound ENTIRELY SPOILED BY THE PROPORTION in which they are combined.

It takes years and years of experience to discover this proportion. There is no law of chemistry, of pharmacy, by which the exact balance of proportion can be determined. EXPERIENCE IS THE ONLY GUIDE.

catarrh remedy, Peruna, he has learned, little by little, how to harmonize the action of each ingredient, how to combine them into a stable compound, how to arrange them into such nice proportions as to blend the taste, the operation and the chemical peculiarities of each several ingredient in order to produce a pharmaceutical product beyond the criticism of doctors, pharmacists or chemists.

WE REPEAT, THAT AS MUCH DEPENDS ON THE WAY IN WHICH THE DRUGS ARE COMBINED AS DEPENDS UPON THE DRUGS THEMSELVES.

The compound must present a stability which is not affected by changes of temperature, not affected by exposure to the air, not affected by age. It must be so combined that it will remain just the same whether used in the logging or mining camps of the northwest or the coffee plantations of the tropics.

A complete list of the ingredients of Peruna would not enable any druggist or physician to reproduce Peruna. It is the skill and sagacity by which these ingredients are brought together that give Peruna much of its peculiar claims as an efficacious catarrh remedy.

However much virtue each ingredient of Peruna may possess, the value of the compound depends largely upon the manner and proportion in which they are combined. The right ingredients, put together rightly, is the only way a medical compound can be made of real value.

Preach That Earth Is Square.

Members of the First Church of God Members of the First Church of God (or Christ) are causing a revolution in religious matters in the Goose creek neighborhood south of this city. They preach that the earth is square, quoting from the Bible that the people are to be gathered from the four corners of the earth and that they are to carry the gos-pel to all who inhabit the four corners of the earth. They speak in strange tongues and an interpreter is required for those who talk in the meetings. They require converts to believe that Christ was not born in a manger, but under an apple tree, and

they banish sickness by laying on of hands and other ceremonies. Fifty-nine converts are reported, some of whom are men well known in this city.-Martins-ville Cor. Indianapolis News.

Deafness Cannot be Cured

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mu-cous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condi-tion, hearing will be destroyed forever; nine cases out of ten are caused by Ca-tarrh, which is nothing but an inflamed con-dition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O.
