

Respect YOUR Stomach

GIVE it food that will not irritate or retard the performance of its natural functions, and it will reciprocate in a way agreeable and comforting.

No single ingredient contributes so largely toward wholesome, nourishing, agreeable food as Royal Baking Powder.

Royal Baking Powder's active ingredient, Grape Cream of Tartar, is the most healthful of the fruit products.

This is why Royal Baking Powder makes the food finer, lighter, more appetizing and anti-dyspeptic, a friend to the stomach and good health.

Imitation Baking Powders Contain Alum

"The use of alum and salts of alumina in food should be PROHIBITED. The constant use of alum compounds exerts a deleterious effect upon the digestive organs and an irritation of the internal organs after absorption."

Notes of Great Men.

Prominent noses seem to have been the property of many great men. Lycurgus and Solon had noses six inches in length, and Ovid was surnamed Naso on account of his large nose.

Selipo Nasica derived his name from his prominent olfactory organ, and Alexander the Great and Cardinal Wolsey and Richelieu all had large noses. On the medals of Cyrus and Artaxerxes their noses came clear out to the rim of the coin.

Washington's was the true aquiline type, indicative of firmness and patience, as was the nose of Julius Caesar. Mohammed had a singular nose. It was so curved that a writer has told us that the point of it seemed continually striving to insert itself between his lips. The noses of Franklin, Shakespeare and Dr. Johnson all had wide nostrils, betokening strength and love of thought. The nose of Napoleon was exquisitely though firmly chiseled. He often said, "Give me a man with plenty of nose!" Frederick the Great had so large a nose that Lavater offered to wager that blindfolded he could tell it among 10,000 by merely taking it between his thumb and forefinger.

She Had to Say It.

He (with an impediment in his speech)—My dud-dud-darling, I lub-lub-love yuh-yuh-yuh. Wuh-wuh-wuh yuh-bub-bub-by my wuh-wuh-wuh-wife?
She—Oh, George, this is so sudden—Pueblo Chieftain.

Motherhood may be the crowning blessing of a woman's life or it may bring grief and sorrow. Mrs. M. J. Wright, of 170 Seventh Street, Auburn, Maine, relates her experience after the birth of her daughter in 1901, as follows:

"I was all run down at the time the baby came and did not improve in health rapidly after. I was pale, thin and bloodless. My stomach distressed me being full of gas all the time and my heart fluttered so that I could not sleep. I remembered that a friend had recommended Dr. Williams' Pink Pills to me so I commenced using them. I gained in strength rapidly and my baby grew up better than I expected my next child I started taking the pills again as a tonic and strengthener and had no such difficulty with the baby through all. My strength came back much sooner."
