However this may be, it was a fact well established since by court records that the present Mrs. Leeds acquired a pearl necklace that was a beauty to behold. The string of pearls was collected by Bernard Citroen of Paris and was displayed on many occasions by the bride. Today the sun rose olis in which the volume of business more than equals that of a twelvementh ago, and whose population is fast approaching its former figures. Such a record is said to be without a parallel. Bank Clearings Show Progress.

During the year \$75,000,000 has been expended in the work of reconstruction, one-third of which was furnished by the savings banks, which in common with all the financial institutions withstood the disaster without a sign of weakness Over \$30,000,000 has been paid for la Over \$30,000,000 has been paid for labor, 50,000 men are now engaged in the building industry, while before the fire only 20,000 were at work. Temporary construction, which for a while prevailed, has ceased and permits for the erection of first-class fireproof structures to cost over \$50,000,000 have been granted.

The restoration of old buildings which survived the flames will require the expenditure of many millions more. About 200 miles of street railways, rendered useless, are now in running order. Perhaps the most convincing proof of the substantial rehabilitation of the city is shown by the bank clearings which for March exceeded by nearly \$2,500,000 the figures for the same month last year, just preceding the catastrophe.

He said on returning that it was three minutes past 12. He became a doctor. The third lad looked at the clock found out how long it had came a doctor. rangement, and nature's warning to women of a trouble which will soon-

er or later declare itself. How often do we hear women say, "It seems as though my back would break." Yet they continue to drag along and suffer with aches in the small of the back, pain low down in the side, dragging sensations, nervsness and no ambition. They do not realize that the back

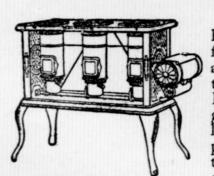

is the main-spring of woman's organ-ism and quickly indicates by aching a diseased condition of the feminine organs or kidneys, and that aches

and pains will continue until the cause is removed. Lydia E. Pinkham's Vegetable Compound made from native roots and herbs has been for many years the most successful remedy in such cases. No other medicine has such a record

Miss Lena Nagel, of 117 Morgan St., Buffalo, N. Y., writes: - "I was completely worn out and on the verge of nervous prostration. My back ached all the time. I had dreadful periods of pain, was subject to fits of crying and extreme nervousness, and was always weak and tired.
Lydia E. Pinkham's Vegetable Compound completely cured me."

Nothing Too Good

STATE OF THE PROPERTY OF STATE OF STATE

American People

There is NOTHING TOO GOOD for the American people-that's why we started to make Cascarets Candy Cathartic. The first box made its appearance in 1896, and the enthusiastic endorsement of the people has been bestowed upon Cascarets ever since. The sale today is at the

rate of OVER A MILLION BOXES A MONTH, proving that the American people recognize, that what is BEST FOR THEM is none too good.

Why this enormous patronage? The answer is simple: Cascarets are pure, clean, sweet, mild, fragrant, harmless but effective little tablets for the treatment and cure of Constipation and all Bowel Troubles. They are put up in neat little enamel boxes, easy to buy, easy to carry (in vest-pocket or purse), easy to take and easy of action, always reliable, always the same, they "work while you sleep'

and wake you up feeling fine in the morning. They not only regulate the movement and stimulate the muscular walls of the bowels, but they keep the ENTIRE CANAL CLEAN and antiseptic, forcing out and destroying all disease germs that breed in the accumulated filth unless promptly and regularly discharged. Therefore, they are a great preventive of disease, and may be taken continuously as a precautionary measure.

The new Pure Drugs Act, adopted by Congress on June 30, 1906, and in effect January 1, 1907, is a GOOD LAW and means better and PURER for the American People. We endorse it and will live up to it in SPIRIT and LETTER,—an easy task, as we have always been actuated by the same principles and no changes are required in our formula or pack-

We adopted OUR OWN PURE DRUG LAW in 1896 when the first box of Cascarets came on the market and have lived and worked and produced under it ever since. To-day after a record of nearly 100.000,000 boxes sold. Cascarets STAND the greater in PURITY, QUALITY and MEDICINAL MERIT than any

other preparation for Bowel trouble in all the world. This should be a great argument for any one, to try Cascarets AT ONCE, and be healthier and happier for it. Some people have CHRONIC CONSTIPATION with all the horrors derived from it; others have HAB-ITUAL CONSTIPATION from carelessness and neglect, but nearly EVERYBODY has OCCASIONAL CONSTIPATION, which, if not promptly taken care of is liable to result in its degeneration into the worse

forms and cause great suffering and perhaps death.

Cascarets, if taken patiently and regularly, will remedy all of these awful troubles, but if taken promptly at the very first sign of an irregularity of the Bowels, will act as the FINEST PREVENTIVE ever discovered and will keep all the machinery running in good order. We advise you to get a little 10c box of Cascarets TO-DAY and carry it in your purse or vest pocket. Take one when you feel anything unusual about your bowels. Your own druggist will sell you the little box, under GUARANTY of satisfaction or money refunded. All druggists, 10c, 25c, 50c.
