No Drainage of Horicon Marsh

Attorney General Frank L. Gilbert in behalf of the state has petitioned the Dodge county circuit court to set aside the judgement of the late James J. Dick, establishing the drainage commission and also for an injunction from taking any steps toward raising the Hustiford Dam. The state claims an interest in Hustiford lake and the Rock river and claims it was not notified of any hearing in the case except the first. Hence it holds the actions are void.

—A good story is being told on the purchaser of one of the new five hundred mile family books issued by the railroads in this state. A resident of the northern part of the state invested ten dollars and with his wife and daughters proceeded on a business trip to Milwaukee. After spending a short time in that city they decided to extend their trip to Madison. When the book was handed to the conductor he said there was not enough mileage in the book to take the family to Madison and it would be necessary for the members of the family to pay the balance of the fare in cash. The owner of the book expressed great surprise and indignation saying that the agents who sold the book said that it would be good for one year, and there ended the first lesson in the experiences of the travelers who were not accustomed to the use of mileage books.

The New Postal Order.
After July 1st ordinary stamps may be used in place of a special delivery and people will not be compelled to visit the postoffices in order to have letters or packages sent by special delivery. In addition to the stamps required to transmit any letter or package or matter through the mails, there must be attached to the envelope or covering ten cents worth of ordinary stamps of any denomination, with the words "Special Delivery" or their equivalent, written or printed on the envelope or covering under general mail prescribe. Mail thus provided will be handled, transmitted and delivered exactly as though it bore the regulation special delivery stamp.

Arbor and Bird Day.
Friday, May 10, has been set apart by Governor J. O. Davidson as Arbor and Bird day. He recommends that the day be observed as largely as possible by exercises which shall be the positive performance of act which shall be fruitful in increasing the beauty of our homes, our school grounds and our parks. Let seeds and shrubs and flowers and trees be planted to this end, and let us take notice of and direct the attention of the young to the beauty and harmony of nature, as realized in the form and colors of the clouds, the flowers, the trees, the birds and the animals.

Work and Fatigue.
What fatigues the motive power is getting to work. Once the mind is fascinated and the field of consciousness restricted to a single object the brain works without exhausting itself. Let us apply ourselves for a good time to whatever we do and have several hours of sustained labor. By quitting the task to dream, to smoke a cigarette or to watch a fly one becomes exhausted. —Paris Revue.

Might Have Made a Killing.
A physician took it into his head to go rabbit shooting. About 4 o'clock in the afternoon he returned, tired out and empty handed, telling his wife that he hadn't killed a thing. Therompa she remarked: "I told you so. If you had stayed at home and attended to your legitimate business you might have been more successful."—Chicago News.

Sweetly Said.
The influence of locality upon speech is illustrated by a reply received from a Vermont farmer and quoted in the Boston Herald. The old man had been questioned in regard to the value of an estate left by one of his neighbors. "Waal," said he, with great deliberation, "we callate he'll sugar off about \$50,000."

No Wedding Bells For Him.
Weary Willie (reading "ad.")—Man wanted to chop wood, bring up coal, tend furnace, take care of garden, mind chickens and children. Frayed Fagin (groaning)—Gee! Dem matrimonial advertisements make me tired.—Judge.

What shall it be?
That's the question that is asked over and over again when there is a present to be chosen for a bride.
Most people agree that it should come from a jewelry store—because somehow jewelry and presents are always associated.
If those interested only knew it, we could relieve them of their uncertainty in a minute.
Our stock furnishes the hints. It reveals in a minute more appropriate presents than anyone could sit at home and recall in a whole day.
So we invite buyers of presents, and we promise to make their choosing easy and their choice satisfactory.

Twenty Dollars for Two.
You would not trade twenty dollars worth of butter for two dollars worth of vel. Yet we can name bright farmers, right in this neighborhood, who feed young stock butter fat worth 25 to 35 cents a pound, when meal would be just as good for them. If you feed whole milk or milk set and skimmed by hand, you pay at least ten times too much to produce two dollars worth of pork or veal. Gentlemen, that don't pay.
A SHARPLES TUBULAR will save that cream—stop that loss—and put you that much ahead. Come see and see the Tubular. The Tubular is very simple.

The Machine that Does It Right.

The great utility of this machine consists in the saving of time, labor and expense, and we set forth the following advantages over the old way of setting tires: No tires are taken off. No bolts are taken out and thrown away. No degree of dish can be put in the wheel. Four tires can be set in one-half hour's time. No burning or marning of felloe. No spooling of wheels by wedging the tires too tight. It does far more work than can be done by taking the tire off. No boring of the felloe for new bolt holes.

CARD OF THANKS. —Whereby wish to thank our friends and neighbors for their kind assistance during the illness and death of our beloved wife and mother, and especially those who attended the funeral. JOS. BATZLER & CHILDREN. Home for the Aged at Lomira. —At the meeting of the Evangelical Association Conference held at Prairie du Sac last week, it was decided to have the Home of the Aged at Lomira. There was keen competition in the Evangelical association for the location of an Old Folks home in the northwestern part of the United States, the Illinois and the Wisconsin conferences competing most strongly. The conference still in session decided to meet the impending conditions and consequently will have the western Old Folks home with in its limits, namely here. A large building will be constructed this summer at a cost of about \$20,000. About \$15,000 has already been subscribed towards the building. Rev. F. W. Umbreit's name appears on the building committee. There is only one other institution of this kind in the United States, this is located in New York.—Lomira Review. Obituary. —Mrs. Johanna Frensz, wife of Chris. Frensz of this village, died last Monday morning after a lingering illness, having been an invalid for over six years, aged 62 years and 7 months. Deceased was born in Saxen, Germany, and came to this country with her parents when an infant. She was married to Richard Frensz on Nov. 1, 1865, who survives her with two daughters, Mrs. Louis Brandt and Ella Frensz. The family moved here about six months ago from Kohlsville where they resided for many years. The funeral was held on last Wednesday afternoon at 1 o'clock from the Ev. Peace church, Rev. Eber officiating. The bereaved relatives have our sympathies. —Even if you wish to keep only a small amount here, you may be assured of courteous attention and the best service that this bank has to offer.—Citizens State Bank, Kewaskum. —All kinds of watch chains and fobs at all kinds of prices; and each the best of its kind at the price.—Mrs. K.
