The retail jeweler isn't afraid
OF THE MAIL ORDER HOUSE.
On an even basis of competition. At least we are not. There is no place in a transaction where we cannot match them. Indeed, it's our oft-repeated claim—a claim that has never been disproved—that we can sell a better article of jewelry than any mail house for as little or less money.
That's why we are so anxious to have those who make a practice of purchasing by mail to give our claims a test.
If we couldn't make good we wouldn't be saying a word about it, but the loss is yours as well as ours, hence our earnestness about the matter.
A fair test—value for value, money for money—is all we ask.

An Appeal to Englishmen.
The average amount of juice expressed from a lemon is 37.50 per cent. of its weight, whereas the lime gives 50.00 per cent. To those who are asked to think "superlatively" there is a point about the lime which may appeal to them: it comes from British colonies and not from foreign countries. It is an excellent and wholesome fruit, and it seems a pity that we should get our supply of a "lime squash" as we do of a "lemon squash."—London Lancet.

Thousands of American women in homes are daily sacrificing their lives to duty. In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a woman's work as I ever did. I wish every sick woman would try it."

STRUGGLE WITH A TIGER.

The Strange Story of a Homeric Contest in India.
Two brothers, Khuda Bakhs and Shikah Abdul Ghani of Moradabad, were dispatched recently to Rampur on an errand, and while entering a grove at Khudpur a tiger sprang upon Khuda Bakhs, who, being an athlete, was able to elude the animal with his right hand and caught one of the paws with the other and maintained his hold though the tiger was mauling the other hand.

The tiger was carried by the brothers, who were then followed by a tiger's throat, making it release his brother's hand. Khuda Bakhs seized another paw with his wounded hand, forcing both the paws back. He held the tiger, keeping it down by sheer force, while Abdul Ghani labored with his lathi and killed it.

Abdul Ghani now rushed up with a stout stick, which he forced down the tiger's throat, making it release his brother's hand. Khuda Bakhs seized another paw with his wounded hand, forcing both the paws back. He held the tiger, keeping it down by sheer force, while Abdul Ghani labored with his lathi and killed it.

BODY OF WOMAN IS FOUND IN POND; ADMIRER IS HELD

MRS. CARRIE SHAW, HORTONVILLE, BELIEVED TO HAVE BEEN MURDERED.
CHARLES ABRAMS ARRESTED.
New London Man Suspected in Shocking Case—Was Engaged to Marry Girl.
POSSIBLY A SUICIDE MYSTERY.

APPLETON, Wis., May 20.—[Special.]—Hortonville, a small town about fifteen miles west of Appleton, was shocked by the finding of the body of Mrs. Carrie Shaw, 23 years old, in the Dieder millpond this morning. From the threat of circumstances evidence which has been viewed around the affair, it is believed that the young woman was murdered.

Mrs. Shaw's husband has been dead for about three years, and of late she had been keeping company with Charles Abrams, a member of the clothing firm of Abrams Brothers of New London. Friends declare that Abrams and the young woman had a number of quarrels, and Tuesday evening Mrs. Shaw informed her father that she had broken up with Abrams. It is not the thought of the father.

After this conversation with a friend in Hortonville, Mrs. Shaw was seen to leave her home. She was seen to enter a boat and was seen to row across the pond. She was seen to get out of the boat and was seen to walk toward the millpond. She was seen to enter the millpond and was seen to drown.

WAGES IN SAMOA.

A memorandum drawn up by the German consular office, and attached to the report for the information of the Reichstag, contains a statement of the present condition of the labor question in Samoa, in which it is stated that the white population was formerly entirely dependent upon Samoan workmen, while now the major part of the work at most of the plantations is done by Chinese immigrants. The total cost of wages to the employer, the report states, including wages, maintenance, passage money, and medical treatment, is calculated at from \$8.00 to \$11.00 per month.
