U. S. CREAM

is really three bowls in one. This feature is found in no other Separator and enables the U. S. to hold the World's Record for clean Runs Smoothest and Easiest, because the driving gears are entirely enclosed, self-oiling

and automatically supplied with fresh oil. No other Separator has all these advantages. Is Easiest and Quickest Washed, because there are only two simple parts inside the bowl, and because the bowl is wide mough to be easily cleaned inside (other Separator bowls have from 5 to 45 inside parts, or are long and narrow like a gun

Is Most Convenient, because the top of the milk supply tank s about even with the operator's waist, making it easy to fill. This means labor saved.

Lasts Longest, because there are ball bearings at high speed points, and because the parts are few, simple, strongly made, and easy to get at. The U.S. is the separator for you to buy because it is better than any other, and will give you the biggest value for your money. You should see one yourself to really appreciate all its good points. BOERNER BROTHER,

That The Power of Money

in making more money is the secret of getting rich is generally admitted. The average so-called "savings deposit" is only \$400-yet this \$400 represents 6 per cent interest on nearly \$7,000 for a full year. As the most of these accounts were started with a deposit of one to ten dollars and gradually increased to their present size, doesn't it seem that you can do fully as well? Make up your mind to do it—then it's merely a case of application. Your earnings are as large, or larger, than those of the average depositor referred to, only-you haven't been banking your money. Come in and let us tell you some other reasons why you should have a

GOVERNOR RESCUES CANOEISTS. Picks Up Unfortunates While Fishing on Lake Mendota.

MADISON, Wis., Sept. 7.—Gov. Davidson went fishing late Sunday on Lake Mendota in a small boat and incidentally rescued two men from probable death by drowning. As the governor was casting his line for a strike he noticed some distance away an upturned canoe with two men clinging desperately to its side. Without pulling in his line the governor took the oars and by strong rowing against the high wind finally reached the two unfortunates. He pulled one of the men into his own boat and then brought the other to safety. The men were almost exhausted and the governor at once proceeded to shore. rescued two men from probable death by

TIPPING IN BOHEMIA. Even the Street Car Conductor Gets Tips

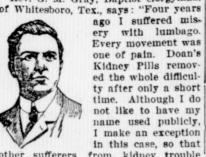

-Pay for Privilege of Serving. In the city of Prague a tip to the tramway conductor is considered de rigueur. The orthodox tip consists of but two heller, or two-tenths of a penny, yet as "strap hanging" is allowed for in considering the carrying capacity of the car the conductors should have got a goodly pocketful of the minimum coin
