OBITUARY.

Again death has claimed one of the oldest residents of this vicinity, viz: Mrs. Elizabeth Dora Schaefer, (nee Vock), who died at the home of her daughter, Mrs. Henry Diels, last Saturday, aged 89 years, 6 months and 14 days. Deceased was born in Lam-bachhausen, Wurtemberg, Germany, August 6, 1819, and was married to John Schaefer November 10, 1841. They emigrated to America in 1847, coming direct to the town of Wayne where she resided until her death. Their union was blessed with eleven children, of whom one son and four daughters survive her, viz: John of Echo, Minn., Caroline (Mrs. Henry Diels) of this place, Christina (Mrs. George Happe) of Davenport, Ia., Christina (Mrs. Gustav Erdman) of Appleton and Johanna (Mrs. Frank Werner) of Tripp, S. D. Besides these she leaves twenty-three grandchildren and thirty-one great-grandchildren. Deceased was a kind and loving mother devoted to the welfare and happiness of her family and was respected by all who associated with her. Her remains were laid to rest in the blank cemetery last Monday afternoon, Rev. Brockhaus officiating in the last sad rites. May she rest in peace.

MARRIED.

Miss Ella Brockhaus, daughter of Mrs. Fred Brockhaus, and Fred W. Backhaus, were married here at St. Johns church last Saturday, February 20th, at 2 P. M., Rev. Gutekunst performing the ceremony. The bride was attended by the Misses Elizabeth Backhaus and Amanda Brockhaus, and the groomsmen were Henry Brockhaus and William Kleinke. The bride

THE VALUE OF THE TELEPHONE.

The Bemidji (Minnesota) Daily Pioneer in a recent issue, after describing the installation by the Western Electric Company, of a new switchboard in the telephone exchange of that city, and telling of the benefits derived by Bemidji from the use of the telephone has the following interesting eulogy on that service:

With Bemidji growing as it is, a telephone service at a high order of excellence was essential. The commercial growth of any community irrespective of size, is hampered to a degree that cannot be over-estimated if telephone service is not at hand. This is a fact that is demonstrated and emphasized every day. It is essential to all, not only to the millionaire of many business interests but to the farmer as well. The farmer has been slow to recognize this fact up to within a comparatively short time. But it is becoming apparent to him that it is not an EXPENSE as he has hitherto believed, but a SAVING, perhaps of a life in illness, perhaps help, when flood or fire comes or something else.

Situated as he is in thinly settled regions, before the advent of the telephone, communication with the farmer with the city or town often meant a ride or drive of many miles in the great majority of cases. Since he has appreciated the benefits a telephone brings, however, journeys which were a great source of annoyance and inconvenience are no longer necessary. Friends and business acquaintances miles away are brought within speaking distance in a flash.

The great benefits of a telephone to the farming community may be placed under three headings, each heading in itself covering numberless other reasons, namely:

(1) It is one of the greatest time savers ever invented.

(2) Modern business methods would become antiqué without its use.

(3) It enlivens social intercourse and makes neighbors of and cements friendship between families living miles apart.

A farmer with a 'phone does not have to go to the nearest market to find the price of various agricultural products. Neither is it necessary for him to blindfold send his products to market only to find prices at a low level. Reasons too numerous to mention could be given showing what an invaluable assistant the telephone is to the farmer in a business way.

To the town or small city the telephone has become almost as necessary to their welfare as the lighting supply and water supply. To many the former is as important as the other two. No city or town can prosper and grow without all three.

Today, even in cities of four or five thousand inhabitants, the candy store, plumber's shop, restaurant and even tobacco store that is without a telephone is considered an out-of-date establishment. Of course all establishments that make any pretensions towards monopolizing its particular line of business in any small city or town has a number of 'phones sufficient to meet all requirements. But business and professional men, and men whose duties require that they be away from home during the day are having tele-phones installed in their residences.

This increased demand for house telephone service is found particularly among men of limited means. The cost for such service has been reduced to a minimum and they now find it desirable to have a service in the home as well as in the office.

To the housewife it is a friend that does not fail. The inconvenience of marketing and shopping is done away with. To her as well as the farmer's wife it is an all around necessity as well as an aid to social enjoyment.

Mr. and Mrs. John Schmitt of Milwaukee visited a few days with the Schmitt brothers here.

Aman Grab returned home last Thursday from a brief visit with relatives in the Cream City.

Two sleigh loads from here attended the entertainment at Braun's Hall at Campbellsport Saturday evening.

William Foerster of Wayne installed gasoline lighting plants at Mrs. A. Kohler's and Kilian Strobel's last week Friday.

The Misses Theresa Strachota and Helen Straub of Milwaukee are visiting with relatives and friends here since Monday.

Ulrich Kuntz left Wednesday for Milwaukee and Madison where he intends to visit for a few days, after which he will return to his home at Kingsfisher, Oklahoma.

The St. Kilian Farmers Percheron Horse company held their annual meeting last Saturday. The horse was sold to one of the stockholders, Charles Schwartz, for \$575.

A number of friends and neighbors gathered at the home of William Clark Friday evening. The most interesting amusement of the evening was a good game of forty-five.

Quite a number of friends and relatives gathered at the home of Joseph Strobel and wife last Friday evening in honor of their 31st wedding anniversary. It also was Mrs. Strobel's 53rd birthday anniversary.

Taught First Aid to Injured. More than 25,000 employees of the Pennsylvania railroad have been instructed in first aid to the injured at the company's expense.

An Everlasting Trait. Woman may some time win the right to vote, but she will never cease to hold things under the bed tick.

Soon Shattered. A man who is continually breaking his promises soon goes to pieces.

His Own People.

The negro blood wherever it is, declares Ray Stannard Baker in American Magazine, supplies an element of light heartiness which will not be wholly crushed. In illustration he tells this story of a very light mulatto of Tennessee: A number of years ago it came to his attention one day that he was white enough to pass anywhere for white, and he acted instantly on the inspiration. He went to Memphis and bought a first class ticket on a Mississippi river boat to Cincinnati. No one suspected that he was colored. He sat at the table with white people and even occupied a stateroom with a white man. At first, he said, he could hardly restrain his exultation, but after a time, although he associated with the white men, he began to be homesick. "It grew colder and colder," he said. In the evening he sat on the upper deck, and as he looked over the railing he could see down below the negro passengers and deck hands talking and laughing. After a time when it grew darker they began to sing the inimitable negro songs. "That finished me," he said. "I got up and went downstairs and took my place among them. I've been a negro ever since."

The Elder Robert Fulton.

Robert Fulton was born at Little Britain, Lancaster county, Pa., Nov. 14, 1765. His biographers have called him "a self made man" and have made but brief reference to his parentage. It is noteworthy that his father, the senior Robert Fulton, in a failure to leave financial patrimony to his children has not been accorded the mention of other achievements, not slight in those primitive days. His ancestors crossed from Scotland to Ireland prior to the time of Cromwell. From Kilkenny, Ireland, the Fulton family came to America before the year 1735. The senior Robert Fulton was among the prominent men of Lancaster, his name having been on record upon all the town organizations which existed at that period. He was a founder of the Presbyterian church, the secretary of the Union Fire company and a charter member of the Juliana library of Lancaster, the 1st library established in the American colonies.—Century.

The Fourmillon.

"In the Sahara," said an explorer, "there is a little insect that throws sand, and its volleys slay. They call it the fourmillon. The fourmillon digs itself a funnel shaped hole in the circumference of a silver dollar. It is hidden and watchful in the bottom of this hole, and when a spider or ant or beetle comes cautiously prospecting down the steep and slippery sides of the inhospitable fourmillon launches upon its guest volley after volley of sand—a hail of stinging sand so abundant, so suffocating, so blinding that the visitor leaves his dead body in the bottom of the hole, and the fourmillon calmly dismembers him before he has time to come to himself again and puts him in the larder for the next meal."

Blooms but to Die.

The tall palm (Corypha umbraculifera) of Ceylon, whose leaves are put to such numerous uses by the Cinghese, has been struck during its life. This elegant tree measures about ten feet round the trunk and attains a height of about 180 feet. The flowers, the appearance of which presages the death of the tree, are enclosed in a tall and thin sheath which bursts with a loud report, disclosing a huge plume of beautiful blossom. The inflorescence is succeeded by equally conspicuous bunches of fruit. When these have ripened the tree withers rapidly and in the course of a fortnight may be seen prostrate and decaying on the spot it adorned.

He Might Have Married.

Fitz-Green Hallick never married, yet, as Mr. Howe reminds us in his American Bookman, he could not have been without attractions, for a certain superior lady is reported to have declared: "If I were on my way to church to be married, yes, even if I were walking up the aisle, and Halleek were to offer himself, I'd leave the man I had promised to marry and take him."

To This Perhaps should be joined his epigram, written for a young lady who had asked for his autograph:

There wanted but this drop to fill The wretched poet's cup of fame.—Hurray! There lives a lady still Willing to take his name.

Playing to the Cook.

Mr. Subberton (yelling to kitchen)—Sawdust and milk crust! Adam and Eve on a raft and wreck 'em! On the cantaloupe! Draw one! Make it three around.

Mr. Townley—Great—e-e-r, how- pardon me, old chap, but what's it all about?

Mr. Subberton—Sh! We've got a former restaurant cook—a peach—and we have to order that way to keep her on the job!—Puck.

Pleasant For the Bride.

At the close of a wedding breakfast a gentleman noted for his blunders rose to his feet, causing keen anxiety to all who knew him. "Ladies and gentlemen," he cried genially. "I drink to the health of the bridegroom. May he see many days like this!"

Setting Him Right.

She—"She told me you told her that secret I told you not to tell her." He—"The mean thing! I told her not to tell you I told her." She—"I promised her I wouldn't tell you she told me, so don't tell her I did."—Pick-me-up.

THE IOWA WINS.

In a public contest held Nov. 17, 1908, at the Creamery of the Door County Creamery Co., on Cedar St., Sturgeon Bay, Wis., the Iowa Separator won a decisive victory over the DeLaval Separator. Wulf & Co., Messrs. Evans and Alexander, two DeLaval experts, conducted and directed the skinning operations of the DeLaval Separator.

OUR CHALLENGE.

We stand ready to test the "IOWA" Separator against any other make of separator and will deposit in the Bank of Campbellsport ONE HUNDRED DOLLARS to any other separator company's FIFTY that the Iowa will skim closer on the average runs at temperatures of 50, 60, 70, 80 and 90 degrees, and a cream of not less than 25 to 50 per cent than any other separator, all machines to be run exactly as printed in structure book sent out with such machine. Furthermore, if five machines enter the contest we will contribute towards St. Matthews Church, Campbellsport, one hundred dollars if two out of the five do not leave an average of five times as much butterfat in the skim milk as the Iowa, tests to be made by a competent person or submitted to the Dairy School at Madison. We to use in these tests No. 2 or 3 Iowa Separators, this being the size in general use by our farmers. There are no Wulf tricks in this challenge, and we have deposited Fifty Dollars in the bank as a forfeit if we refuse to enter the contest.

I will give any farmer \$25 who will bring this contest about, no machine in the world barred. This is no bluff, try us and find out. Signed,

Michael Degenhardt, Campbellsport, Wis.

Mr. Degenhardt is the agent for the Iowa in Fond du Lac county and by purchasing separators in car load lots he is able to quote prices exceedingly low and which appeal to the farmers. These cream separators can be seen at his headquarters in Campbellsport or Mr. Degenhardt will be pleased to call on a prospective buyer. Write today to Mr. Degenhardt if you are interested.

Among the purchasers of the last few days are the following: Anthony Bowers, Wm. Kitter, Campbellsport; Wm. Gibbons, Eden; John O'Brien, Oscoda; Edward Graham, Oscoda; A. Scheurman, Ashford; Poole Bros., Armstrong; Charles Peterson, Patrick Fitzgerald, Wm. Berg, Charles H. Schwartz, C. D. Klantz, John Blackman, John M. Maud, John Feuerhammer, Auburn; John Knickel, James Cahill, Oscoda; Ang. C. Ludke of Lomira and John McCarty each purchased a No. 5, 1000 lb. per hour, for \$125.

Remember that these Cream Separators are the best in the world and Degenhardt stands back of every sale he makes and the company stands back of him.

Not an Oil Cup.

Wouldn't it be pleasant not to have to dig dirt and gummy milk out of oil holes, oil tube, and oil cups on your separator?

TUBULAR SEPARATORS

Are self oiling—don't have an oil hole, oil tube or oil cup about them. All gears are enclosed—turn in a mist of oil. They are the safest—most durable—least expensive—easiest working gear known. Let us lift the cap and show them to you next time you're around. Get a catalog.

Waking a Deaf Person.

"To wake a deaf person who wishes to be called at a certain hour is about the hardest proposition a hotel clerk runs up against," said a member of that genial fraternity. "To ring the telephone is useless because the man couldn't hear if you rang until doomsday. Knocking, for the same reason, is equally futile. Now and then a guest who has lost his hearing suggests that he leave his door open all night so we can walk right in and shake him, but even though he does appear to be a dead zein sport there are so many chances of somebody else less guileless than ourselves walking in ahead of us that we cannot consent to that. So far the only satisfactory way found for waking a deaf lodger is to tie a string to his wrist, pass the string through the keyhole and then tug away at it at the appointed time. That method, however, is rather primitive. It seems to me that the man who can patent a harmless artistic device for waking the deaf is a case of fame and fortune, not to mention the gratitude of hotel clerks."

The Doctor Says:

"LITHIA beer is a tonic, as well as a light stimulant and has a known food value. Its use is of the highest advantage in a variety of cases."

The convalescent, the aged, the nursing mother and all debilitated persons find nourishment and strength in Lithia beer. The food of the barley, the tonic of the hops and the mildly stimulating effect of its slight percentage of alcohol, for a valuable combination that is found in no other product.

The Simplest, Strongest and Most Convincing of CREAM SEPARATOR ARGUMENTS

We cannot believe that there is a sensible man living who would put his own money into the purchase of any other than a DE LAVAL cream separator, for his own use, if he would but first avail of the opportunity open to everyone to see and try an improved DE LAVAL machine before buying any other.

It is hardly possible to say more than this. It is hardly possible to put the simple truth in plainer words. It would hardly seem possible to say it more convincingly.

The trial of a DE LAVAL machine is free to every responsible man thinking of buying a cream separator.

BOLTONVILLE BUDGET.
On February 12th James Bolton celebrated his 86th birthday anniversary.
Charles Mau and family have taken possession of their newly acquired mill property here.
There was no school in session nor any mail received on Monday, it being Washington's birthday.
The committee of St. Johns church are collecting funds to build a new fence around their cemetery. Already a goodly sum has been received.
Miss Agnes Bright, formerly of this place, was highly commended for her bravery during the fire which destroyed the Johns-Manville building, Milwaukee, where she had been employed. At the risk of her life she remained in her office long enough to send in an alarm to the fire department.
Among those from elsewhere who attended the funeral of Mrs. Andrew Kraetsch were the following: Mrs. Bauch and daughter Linda and son Walter, also Messrs and Ames, Ed and Richard Kraetsch of Chicago, Louis Morbus and wife and sons of Milwaukee, Charles Morbus and wife of Marshfield, J. Moehrl and wife of Plymouth, Mr. and Mrs. Groeschel of West Bend, August Schurr and wife of Kewaskum, Henry Kraetsch and wife of Fredonia, Messrs and Ames, F. Muehleis and W. Brazelton of Batavia.
OBITUARY.
Mrs. Natalia Kraetsch, of whose death we made mention last week, was born on June 7th, 1839, in Weinmar, Germany. She came over to this country with her parents in 1852. In 1857 she was married to Jacob Morbus. This union was blessed with four children, 3 sons and one daughter, the latter dying while still young. The sons who survive are Louis Morbus of Milwaukee, Charles of Marshfield and Oscar of this village. In 1876 she was married the second time to Andrew Kraetsch. Of this union were born three children, two daughters and one son, the latter of whom died in infancy. The two daughters are Ida (Mrs. F. Birkholz) of Fillmore and Ella (Mrs. Albert Rudolph) of Campbellsport. Mrs. Kraetsch died after a severe illness on February 17, 1909, thus attaining the age of 69 years, 8 months and 9 days. She leaves to mourn her death, her husband, the above mentioned children and five step children, viz: Mrs. Linda Bauch of Chicago, Arthur Kraetsch of Fillmore, Henry of Fredonia and Edmund and Richard Kraetsch of Chicago; also four grand-children, one great-grand-child, one brother Charles Morgenroth of this village, and one sister Mrs. Emma Schweiger of Milwaukee. The funeral services took place from the church here last Saturday afternoon after which the remains were conveyed by team to Fillmore where they were laid to rest in the cemetery there, Rev. Barth officiating. To the surviving relatives we extend our most heartfelt sympathy.
For the faithful Christian heart,
Death is robbed of deepest gloom
By the hope of future meeting
In our home beyond the tomb.
May this thought console the mourners
In this saddest hour of death
As they linger near their loved ones,
As they watch her fleeting breath,
Years of suffering now are ended,
Who with patience ever borne,
Sweetest peace now mark the features
That were once with pain so worn.
While the fleeting years divide them
From their loved one gone before,
May they hope to meet again
When this short life is over.
CARD OF THANKS.
The undersigned extend thanks to all who in any way assisted or showed kindness to them during the illness, death and burial of the deceased, Mrs. Kraetsch.
THE SURVIVING RELATIVES.
—A Boy Meets Tragic Death.
Aloysius Haessly, the 13-year-old son of Mr. and Mrs. Charles Haessly, living on the John Hess farm, met with a horrible death at 10 A. M. last Monday morning. The boy had been assisting his father in cutting feed and in some way his clothing got caught on the tumbling rod of the horse-power which whirled him to his death before the machinery could be stopped. His skull was fractured and his arm and leg broken. The funeral took place Thursday morning with services in St. Matthews church, Campbellsport. Revs. July and Vogt officiating. The bereaved relatives have our heartfelt sympathy. Those who attended the funeral from abroad were: Mrs. William Haessly and daughter of Cleveland, Wis.; John Hess Jr., Ed. Strobel, Peter Lelbyer of Milwaukee; Mrs. John Litscher and son, Ed. Lelbyer of Beaver Dam; Frank Hess of Eden, Lawrence Haessly and wife of Stambaugh, Mich.; Nick Kohn and family, Frank Fitzpatrick and wife, Mrs. William Fitzpatrick, Mrs. Duer and Mat. Hess of Fond du Lac; Louis Hess Sr. and family of Marshfield, and Jacob Ames and Mrs. Schumar of Oshkosh, Nathan Haessly and Christ. Schmalz of Treasa. The pallbearers were: Alvin Kudek, Joe Westerman, Willie Dreikosen and James Phyne.
CARD OF THANKS.
We thank all those who so kindly assisted us at the funeral of our beloved son and brother, Aloysius, and to all those who attended the funeral.

Clothing Quality.
The art of making Ready-to-Wear clothing has progressed to a point where we are able to offer our patrons better fit, more shape retaining qualities and real serviceability than three times the money would buy from a custom tailor. In the factory each detail of the work is in charge of a tailor who has become very expert and the result is CLOTHING QUALITY which can be put at a price within the reach of the average purse. Come in and look over the beautiful fabrics now used in modish clothing. \$15.00 invested in one of our stylish suits buys a lot of skillful tailoring and excellence in material and finish.

Doct Jordick Woman

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women, I felt sure it would help me, and I must say it did help me wonderfully. Within three months I was a perfectly well woman."

"I want this letter made public to show the benefits to be derived from Lydia E. Pinkham's Vegetable Compound." Mrs. John G. Moldan, 2115 Second St. North, Minneapolis, Minn.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

TO CLAIM SENATE SEAT ON MARCH 4

STEPHENSON CLAIMS ELECTION ON JAN. 26 AND TO HAVE SUFFICIENT PROOFS.

SPOONER WILL HANDLE CASE.

Fight Will Be Taken Before Washington Committee When Journal Copies of Vote Will Be Shown.

EDMONDS GOING TO CAPITAL.

MADISON, Wis., Feb. 25.—[Special.]—While not only the Wisconsin Legislature, but statesmen, lawyers and politicians throughout the country have been waiting patiently for the result of the investigation into the campaign methods of Senator Isaac Stephenson, thinking that his entry into the highest administrative body would depend in part upon the committee's report, the aged senator's lawyers all the time have held documents which, in their opinion, will make the Marinette multi-millionaire a member of the body just as soon as the Senate committee on elections can pass upon the case.

Journal Copies Sent East. Since February 1 there have been in the hands of Mr. Stephenson's attorneys certified copies of the journals of the Wisconsin Assembly and Senate setting forth the separate ballots of the United States senator. A representative of the Marinette firm of Carter, Upham & Black got the certified copies and presumably they have been sent east to attorneys who will represent Mr. Stephenson before the United States Senate committee on elections. Incidentally it has been reported that Mr. Stephenson, on his way to Madison, was not content with one certified copy of each of the journals, but had several more made, thus indicating that one or more of them would go to Washington.

Senate Will Be Judge. Confirmation of certain rumors makes it plain that there is every chance that Mr. Stephenson will be seated in the Senate. It will be recalled that the Senate committee on elections in the hands of the election committee, of which Senator John C. Barron of Michigan is chairman. This committee will take up the case and it already is believed that it will report that Stephenson is duly elected. The certified copies of the Wisconsin Senate and Assembly journals which are in the hands of the Marinette firm, if they are shown to the Senate, will be of great value. It is known that neither Messrs. Hyzer nor Black of Gary, Upham & Black, who are attorneys in Washington, although it is said that Mr. Black collected the Madison exhibits to be used in the Washington case.

Mississippi River Goes to High Stage, but a Serious Overflow Is Not Probable.

MEMPHIS, Tenn., Feb. 25.—With steady rise in the Mississippi river, a flood stage of 33 feet is anticipated at this point by Sunday next and further rise during the week following is predicted by the local weather bureau. While the low lands on the western bank of the river would be inundated should the anticipated stage be reached, a serious overflow is not probable.

MADISON, Wis., Feb. 25.—[Special.]—Despite interest attendant upon the senatorial investigating committee's work yesterday afternoon, members of Senate and Assembly working committees got about the business of their action on several bills. The result will be that on Saturday the Legislature will look back upon a work of considerable advance.

The police of every city in Wisconsin is interested in bill 27, which was recommended for passage yesterday by the lower House committee on cities, of which John T. Janssen is chairman. Chief John T. Janssen of Milwaukee is a strong advocate of the measure, which is designed to improve the police service of smaller cities so that their departments may become a part of the comprehensive system being organized in Wisconsin for the detection of criminals.

Badging Has Bill. The Assembly's public health committee recommended Assemblyman John T. Farrell's bill, known as bill 114, which provides that any person who compels doctors and midwives to treat new-born infants' eyes for the prevention of blindness shall be liable to a fine or imprisonment for the attending physician at an expense to be paid by the parents. The bill provides that the expense shall be paid by the parents.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contest of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of "Syrup of Figs"—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing, the full name of the Company—California Fig Syrup Co.—printed on the front of every package. Whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.
