## THE IRON AGE POTATO DIGGER

The machine that can be operated under more varied conditions than any other on the market

The "Iron Age" is a combination Low Down and Elevator Digger and can be satisfactorily operated by a team of horses of medium size. The machine with its attachments is guaranteed to do first-class work under all conditions. Call or write for catalogue containing full description of this machine.

JACOB BECKER, Agent, Kewaskum, Wisconsin.

## SILVER JUBILEE A SURPRISE.

### Winnebago Conference Celebrates for Rev. F. Motzkus of Dundee.

The Winnebago Lutheran conference, which has been in session this week at Van Dyne, celebrated the twenty-fifth anniversary of Rev. F. Motzkus' ordination Monday evening as a total surprise to Mr. Motzkus. Special addresses for the occasion were delivered by Rev. F. Greve of Kewaskum and Prof. H. Moussa, of the Northwestern university at Watertown. The conference made up a purse for Mr. Motzkus and the money was presented by Rev. C. Dowidatt, of Oshkosh, who is chairman of the conference. Mr. Dowidatt made the presentation with an appropriate address.

Rev. Mr. Motzkus has been stationed at Dundee in Fond du Lac county, for the past eleven years. Previous to that time he was engaged in ministerial work at Ludington, Mich.

## BEECHWOOD.

B. C. Hicken was to Kewaskum on business Saturday.

Wm. Janssen had a bee to haul sand on last week Friday.

A. R. Woog is employed at J. H. Janssen's store as clerk.

Herman Gatzke of Parnell was a village caller here Sunday.

Miss Mary Brown spent Sunday with Henry and Flora Reysen.

Ernst Bremser spent last Friday with his parents at St. Michaels.

Mrs. Jacob Held and children of Batavia spent the fore part of the week with L. D. Kaiser and family.

A. L. O'Connell and wife are entertaining company from Sheboygan.

Mr. and Mrs. Chas. Backhaus had their infant child christened last Sunday.

Miss Annie Butzke of West Bend spent Monday with her parents, Mr. and Mrs. A. F. Butzke.

Miss Libbie Tribauer of West Bend spent a few days of last week with J. T. Held and wife.

The Lutheran congregation will hold a mission fest in Charles Krahn's woods to-morrow, Sunday.

Several from here attended the funeral of Mrs. Wm. Leibenstein at Batavia last week Thursday.

Miss Mathilda Petermann of Milwaukee is visiting with Mr. and Mrs. John Krautkramer and family.

A. W. Butzke is having his barn cemented. August Held and men of Batavia are doing the work.

H. V. Bly had several teams to move his stock to Kewaskum, from where he shipped it to Minnesota.

Miss Verna and Mary Kuhlrig of Milwaukee are spending their vacation with the Hoffmann family.

Richard Dettman purchased the clover huller, engine and separator of William Backhaus of Campbellsport Monday.

Oscar and Arthur Koch, Michael Mc Bride, Robert Meyer and Geo. Gill spent Sunday and Monday at Saukville.

The E. F. U. have posters out for a harvest dance on Saturday night, August 7. Klopffel's Harp Orchestra of Menasha will furnish the music.

J. H. Janssen and A. R. Woog went to Milwaukee Monday to buy the stock for the store which Mr. Janssen has bought recently.

Miss Clara Luedtke returned to her home at Milwaukee Sunday after spending two weeks with John Krautkramer and family.

John Krautkramer and wife attended the 80th anniversary of Mrs. Petermann's birthday at Aug. Petermann's place in town Auburn.

Mr. and Mrs. Paul Mahn and son Lessly returned to their home at Chicago Wednesday after spending two weeks with J. T. Held and wife.

William Backhaus and wife of Campbellsport, and Henry Backhaus and family of New Fane visited with Chas. Backhaus and family here Sunday.

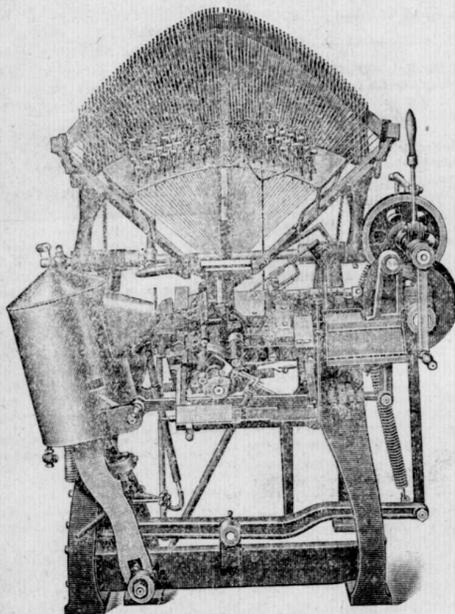

## CARD OF THANKS.

We tender our heartfelt thanks to our many friends for their kind words and sympathy extended to us during our late bereavement in the loss of our beloved son Roman. We desire to especially thank Rev. Otto, the pall-bearers and all who attended his funeral.

Fred Schultz and wife.

## THE STATESMAN'S NEW TYPE SETTING MACHINE.

### One of the Greatest Invention of Modern Times Added to Our Equipment.

THE IMPROVED TYPOGRAPH.

The above is a fairly good picture of the new typesetting machine added to the STATESMAN'S equipment within the past few months and on which the matter that appears in this paper was set. It is the Improved Typograph manufactured by the American Typograph Co., of Detroit, Mich.

It is a matter worthy of note in illustration of the fact that the STATESMAN is always found in the front rank in the grand march of progress that it is one of the first weekly papers within a radius of several counties to install a typesetting machine. In fact so far they are only to be found in a limited number of the better class of newspaper offices in the large towns where daily editions are issued, though it is only a question of time until machines will take the place of the old time and expensive hand method as the cylinders have taken the place of the old Washington hand press.

The Improved Typograph is a matrix assembling, line casting and distributing machine, which with one operator, using only hand power, will deliver 3,000 ems

per hour in the hands of an operator with a few months practice, or about three times as much matter as can be set by reasonably rapid compositors in the same length of time. The "slugs," or lines, come from the machine justified and ready to be placed in the forms.

The installation of the Typograph means an expenditure of about \$1,200 to the STATESMAN, and was made for the reason that we might be able to get in type for publication each week all of the interesting country correspondence and other local matter that comes in late in the week. In the past we have been unable to do this because it has been impossible to keep sufficient mechanical help. There are very few local newspapers that print as much original matter each week as the STATESMAN and with the hand setting method the services of several compositors must be employed.

The Typograph does not set type it does away with type. A keyboard almost identical with that of standard typewriters, controls the movement of the matrices.

## WAUCOUSTA.

Robert Matherson of Chicago is visiting relatives here.

A. C. Buslaff made a business trip to Fond du Lac Tuesday.

Mrs. Agnes Bidinger spent Tuesday at Fond du Lac.

Rev. A. T. Miller of Sheboygan and C. Burnett of Campbellsport were callers here Tuesday.

Mrs. A. J. Guepe of Milwaukee spent a few days of last week with her mother Mrs. L. A. Terry.

Mrs. Evert Haskin came up from Milwaukee last Friday to spend a few days with her sister Mrs. M. D. Haskin.

Mrs. Pauline Rosenbaum is entertaining relatives from Merrill.

William Buslaff of Mayville is visiting relatives here.

Carl, the infant son of Mr. and Mrs. Adolph Pieper and Rose the daughter of Mr. and Mrs. C. Johnson were christened last Sunday by Rev. F. E. Motzkus.

## Amusements.

Saturday, July 31—Grand opening dance at the South Side Park hall under new management. Music by the Kewaskum Quintette.

Sunday August 15—Grand Homecoming celebration at the North Side Park.

## G. A. R. REUNION SALT LAKE CITY.

Excursion tickets at one fare for the round trip daily, August 5 to 8, via Chicago & North Western Ry. Account G. A. R. Reunion. Pullman Standard and Tourist Sleeping Cars and Free Reclining Chair Cars through without change. Illustrated souvenir-booklet free on application to any ticket agent, The North Western Line, or address W. B. Kniskern, P. T. M. Chicago.

## AMONG OUR NEIGHBORS

The corner stone of the St. Joseph's new catholic church at Fond du Lac will be laid, Sunday, Aug. 15th, with appropriate exercises.

Farmers from different sections of Brown and Calumet counties report that grass hoppers are invading the fields and are doing considerable damage.

Rev. and Mrs. Blankennagel and two daughters of Hartford left last week for Europe for an extended visit at the old home of Rev. Blankennagel, in Westphalia, Germany.

Farmers' Supply company was organized at Schleisingerville, with a capital of \$10,000; incorporators, John F. Mayer, Anton Schadron, Bruno Zimmerman, Theo. Koening, Peter Schuck.

West Bend will erect two public drinking fountains on Main street, the expenses to be borne by voluntary contributions of business men. The subscription paper is headed by Mayor Pick with \$50.

Anton Schaefer, of this city, has bought the cigar shop of Philip Kreutz, and will resume work at his old trade at once. Since coming to Hartford a few years ago Mr. Schaefer has been working as engineer at different plants and was recently employed at the electric light plant. He is a fine cigarmaker, and will in all probability make a great success on taking up his former trade.—Hartford Press.

Dist. Atty. H. A. Sawyer, of this city, and Wm. Shinnors, of West Bend, left yesterday (last week Friday), for a trip to the West and Northwest. They intend to register in the opening of three Indian reservations, after which they will proceed to Seattle, Wash., and Vancouver, British Columbia, besides other points of interest. They expect to be absent about three weeks. We hear that Judge O'Meara, of West Bend, will also leave next Monday for a trip to the Coast.—Hartford Times.

## BASE BALL NOTES.

Hartford defeated Fond du Lac last Sunday at Hartford by a score of 8 to 1.

On account of a few players being unable to play last Sunday the game with Schleisingerville at the latter place was called off.

The locals have won seven games this year out of eleven played.

Richfield and the locals will play a game of ball at West Bend on the second county fair day for a purse of \$50. winner to get \$30 and the loser \$20.

To-morrow, Sunday, the locals will cross bats with the Fond du Lac Erving Colts on the local ball grounds. These two teams are evenly matched, about a month ago they played a thirteen inning game here, score being 3 to 4 in favor of the locals.

Kewaskum will cross bats with the strong West Bend team at the latter place, Sunday, August 8th. The locals will have the strongest line up of the season in this game, and expect to give the West Bend team the best and hardest fought game that they have had this year.

## Anything But a Loafer.

When the young men of a town see a loafer who somehow manages to get along on no income, they are inclined to believe that the world owes them a living and work becomes objectionable to them, when it should be a pleasure. We have too much patience with loafers. We should learn from the bee which, when it can secure conclusive evidence against the drone, drives him out.

A loafer is a vagrant. He ought to be treated as such unless he can be compelled to go to work. In every town there are loafers, and this in spite of the fact that there is always an abundance of work. If these loafers refuse to work, they should be compelled to get out of town, or stay at home where they could not exert a bad influence upon others by their idleness.—Ex.

## LOW RATES TO SEATTLE.

Special low reduced rates daily via The Chicago & North Western Ry. to the Exposition at Seattle the Yellowstone Park, Yosemite, Colorado, and the Pacific Coast, Choice of routes. Illustrated folder descriptive of the Exposition, booklets, maps and itineraries of personally conducted tours to all points of interest, free on application to any Ticket Agent, The North Western Line.

## WANTED BIDS.

Sealed Bids will be received by the School Board of the Joint School District No. 5 of the village and town of Kewaskum, at the Central Hotel in said village of Kewaskum, until Saturday, August 7th, at 8 o'clock in the evening, for whitewashing the rooms in the school house of said district. The school board reserves the right to reject any or all bids.  
Dated July 26, 1909.  
John Muehleis, clerk.

## WORK OF CONGRESS.

### Senate.

After a session of little more than half an hour Friday the Senate adjourned until next Monday, which is a day earlier than would have been possible under the unanimous agreement for sessions only on each third day while the tariff bill is in conference. The date was moved up in the hope that the conference report on the tariff bill might be in shape to be presented by Monday. The Senate also listened to a statement by Mr. Culberson that the Democrats had been united on the tariff bill. A large number of presidential nominations were confirmed, including that of Charles R. Crane to be minister to China. The Senate at 12:35 p. m. adjourned. After adopting a concurrent resolution empowering the President to transmit to the governors of the various states copies of the resolution heretofore adopted by Congress authorizing an amendment to the Constitution relative to the levying of an income tax, the Senate on the 26th at 12:45 o'clock adjourned until next Thursday. The postponement of the next meeting day for so long a period was generally construed as indicating the possibility of a delay in receiving the report on the tariff bill from the conference committee.

An extradition treaty between the United States and the Kingdom of Italy, signed by Santo Domingo on June 19, was ratified and made public by the Senate. The Senate was not in session on the 27th.

### House.

In an exciting session Friday in the House Mr. Mason (Ark.) referred to his recent colloquy with Mr. Rucker (Colo.) and charged that the Colorado member had inserted in the Congressional Record certain references to him that had not been uttered. Mr. Mason also objected to the words "great applause." Mr. Rucker entered a general denial, but the speaker declared the motion to strike the passages from the Record carried. Mr. Randall (Texas) wanted the speaker to name a committee to report on bills prohibiting members of Congress and court officers from accepting gifts or employment from corporations, trusts, or persons interested in legislation. At 1:05 p. m. the House adjourned till Tuesday noon.

The House was not in session on the 26th.

After a session of forty-nine minutes the House on the 26th adjourned until Thursday, at which time it is expected that the much-talked-of resolution authorizing the tariff conference to reduce the rates on leather and leather goods below those of the Payne bill will be brought in and acted upon. Some laughter was created by Mr. Clark, the minority leader, remarking that he was being "devoted to death" for information as to when the Democratic conference were to be called. "If I tell you, I'll tell you," was the only consolation he got from Mr. Payne, the ways and means chairman. Mr. Tawney of Minnesota aroused the House to a high pitch of excitement when he denounced Dr. Charles Van Hise, president of the University of Wisconsin, for having said, in a recent address, made false charges against him regarding his attitude on the conservation of the national resources.

## TWO DROWNED IN GREEN BAY SURF.

### Launch with Party of Five Runs Into Breakers While Seeking Shelter.

STURGEON BAY, Wis., July 23.—[Special.]—The gasoline launch Lenora was wrecked on the east shore of Green Bay, about fifteen miles from here, last evening about 5 o'clock and two men were drowned. The names of the dead are William Butterworth and J. W. Priestley of Chicago. Both worked for the Chicago Telephone company.

Those saved were George Beiffuss, Ernest Krause and Fred Kline of Chicago. The two who were drowned were Eugene and Fred Kline.

The three who were saved were rescued from the capsized launch by Capt. Denison and Henry Denison of the steamer, Nettie Denison.

The boat was blown from Chicago to Oshkosh, via Green Bay, and left two Rivers in company with the gasoline launchers Bub and Thelma yesterday morning. The two latter boats stopped here over night, but the Lenora, driven in a hurry to reach its destination, decided to push through to Green Bay and after spending an hour or two there left about 5 o'clock.

About 5 o'clock a terrific wind and rain squall broke over Green Bay and the boat was headed for the Chadoir dock. On nearing the shore the small boat got caught in the tremendous breakers. Filled with water and rolled over, the crew of five men leaping overboard. Fishermen who witnessed the accident went to the rescue and succeeded in pulling three out of the water, more dead than alive, and by hard work brought them to shore. The others were dead before the bodies could be reached.

Word was sent here notifying the district attorney who left for the scene this morning and will send the names of the dead and rescued to such as he reaches there. Owing to the poor facilities for communication, the telephone wires having been blown down, it has been difficult to reach those who are in touch with the victims of the accident.

## ANDRIEN IN DEFENSE.

### Cardinal Who Was Fined Under Separation Law Says He Does Not Recognize Sentence.

BORDEAUX, France, July 23.—Cardinal Andrieu, who yesterday was fined by the correctional court for inciting disobedience to the separation law, issued a long letter today in which he says he does not recognize the sentence of the court, reiterates that it is the duty of the faithful to disobey laws that conflict with those of the church and condemns the "neutral schools." The letter concludes as follows: "I promised on my investiture to defend the rights and liberties of the church to the point of bloodshed."

## FARGO KEEPS MAYOR.

### By Close Vote North Dakota City Rejects Proposed Commission Government Plan.

FARGO, N. D., July 23.—Fargo rejected the commission form of government by 99 majority yesterday.

—Confined to her bed for six years, Miss Jean Jardine, who had never been in a railway train, has just died in her one hundred and first year at Annan, Dumfriesshire.

# RIOTOUS SPAIN UNDER GUN RULE; KING ALARMED

## ALFONSO TAKES RADICAL STEP AS RESULT OF ANTI-GOVERNMENT RIOTS.

## MARTIAL LAW PROCLAIMED.

### Reports from Barcelona and Neighboring Towns Show Condition Bordering on Anarchy.

## MOROCCO WAR CAUSE OF TROUBLE

MADRID, July 28.—King Alfonso this afternoon issued a decree proclaiming martial law and the suspension of constitutional guarantees throughout Spain.

The King's proclamation of martial law throughout the country followed his arrival from San Sebastian this morning, from which point he had been summoned by Premier Maura. The official dispatches of the night had continued to show an alarming condition of affairs at Barcelona and neighboring towns in Catalonia.

## Cabinet Takes Sharp Action.

A special meeting of the cabinet was summoned. The situation in the disturbed districts, as well as the critical condition of the Spanish military forces in Morocco, was fully discussed. The result of the conference was the issuance of the King's decree proclaiming martial law throughout Spain and the suspension of all constitutional guarantees.

The latest reports from Barcelona show the conditions there increasingly grave. The rioters have attacked the convent of the Little Sisters of the Poor. This followed the riotous disorders when the mob assaulted and then burned several of the religious establishments.

## Disorders Growing Worse.

New disorders are now reported from two other interior points, Alfoi and Rioja. This shows that the zone of popular agitation is spreading beyond the troubled Catalonians, and is affecting the Valencians.

The minister of the interior is beleaguered by inquiries as to the various outbreaks, but he declines to make public the details of the disorders in the Valencian towns. He has announced, however, that the government will adopt the most urgent measures of repression with a view of giving an example to the turbulent element.

## Aroused Over Moroccan War.

Another dispatch received in official quarters states that the custom house has been closed on the frontier near Cerbere, owing to the popular demonstration against the government officials. The rioters continue to tear up the railways and noisily intervene at the points where reserves are being recruited for military service. The chief indignation of the people is directed against the government's policy of rapidly recruiting a large army to cope with the condition confronting Spain in Morocco.

The inhabitants of Culera, a small station of the Port Bon line, maddened by the sight of a passing train carrying recruits, destroyed the roadbed for a distance of seven kilometers.

## King Leaves for Madrid.

HENDAYE, France, July 28.—Upon receipt of dispatches from Barcelona, King Alfonso today hurriedly left San Sebastian for Madrid. It is rumored that the Maura ministry will resign in favor of a military cabinet, as the movement at Barcelona is regarded as being nearly revolutionary.

Advices from Madrid say that the government's suppression of news concerning the bloody rioting at Barcelona only serves to increase the popular excitement, giving rein to the wildest rumors. Even the most moderate newspapers are energetically protesting against the censorship, but the minister of the interior responds to every criticism by confiscating the editions. Despatches from Saragossa report rioting in the streets. Numerous arrests have been made.

## Bombard the Moors.

MELILLA, July 28.—The Spanish batteries are ceaselessly bombarding the camps of the Kabyle tribesmen at the foot of Mt. Guruga. Several of the camps have been burned, but it is the consensus of opinion here that until the Moors are dislodged from Mt. Guruga, which is 3000 feet high and dominates the entire peninsula, the Spanish positions around Melilla will be constantly threatened.

## Revolution Is Serious.

SAN SEBASTIAN, July 28.—Conde de Allende Salazar, the Spanish foreign minister, who accompanied King Alfonso when his majesty left this city for Madrid today, said the situation in Morocco was improved, but the events in Catalonia were extremely grave. The minister added that troops had been dispatched from Valencia, Saragossa, Lerida and Pamplona, to re-establish order in that province.

## Shops Remain Closed.

CERBERE, France, July 28.—The shops in Barcelona remain closed and the streets and public buildings are occupied by troops. Serious fighting occurred Tuesday at the "House of the People," the headquarters of the rioters, when the strikers were ejected. For fully an hour the strikers held the building against the police and the civil guard.

## Two Blackbirds Fight a Cat.

A correspondent gives an entertaining account of the vain efforts of a cat to get a young fledgling blackbird. The cat had observed the young bird and immediately gave chase, rushing up the trunk of the nest tree. Meanwhile the parent bird had come upon the scene, and seeing the situation of their nestling attacked the cat with the utmost bravery, chattering as blackbirds can when occasion demands, and for two hours the birds kept up the attack without ceasing, forcing the enemy to keep on the defensive only.

At last the birds were completely exhausted and sat "all of a heap," looking as if they had lost their feathers, like the jackdaw of Rheims after the chase.

A friendly hand at last dislodged the cat. In the afternoon the happy pair seemed quite to have recovered themselves, as were singing a song of victory.—Country Life.

## Jennie Lind's Grandniece to Sing in American Cities.

Miss Christine Lind, a grandniece of the famous Jenny Lind, is to visit the United States during the coming winter and sing in a number of cities. This information was given by F. B. Luce of Sunbury, Pa., who discovered that the Swedish girl had a remarkable voice and saw to it that she was given a musical education. Miss Lind, according to her benefactor, has a soprano voice of wonderful beauty, and he thinks she will in the course of a few years become as famous as Jennie Lind. She has already appeared in London and other European cities. In addition to the sweetness of the tones, this young woman has a voice of great volume.

## NEW OFFICERS CHOSEN

### Dairymen's National Bank of Sheboygan Falls Has Been Completely Reorganized.

SHEBOYGAN, Wis., July 28.—[Special.]—The Dairymen's National Bank of Sheboygan Falls, which has been closed for the past month, opened for business under a new management and a complete reorganization. Officers were elected as follows: Henry Hilleman, president; John Dasso, vice president; C. H. Hilleman, cashier, and Henry Hilleman, John Dasso, C. W. Hilleman, E. G. Trowbridge and H. O. Dasso, directors. The bank is transacting business in the regular order. All depositors will be paid in full. John E. Thomas, Stedman Thomas and W. C. Thomas are entirely out of the institution.

## MAYOR MARKBREIT IS DEAD.

Cincinnati's Executive Succumbs to Hardships Undergone During War.

CINCINNATI, O., July 28.—Mayor Leopold Markbreit died at 11 o'clock Tuesday night. His death is attributed to the result of hardships undergone while he was a prisoner in Libby prison during the Civil war. He was captured by the Confederates in December, 1863, while assisting adjutant general of the Twenty-eighth Ohio infantry, and was held a prisoner until February, 1865. He was born in Vienna, Austria, in 1842, and came to this city in 1848. For a short time he has taken part in the efforts of the Cincinnati Volksblatt company since 1875 he had become widely known.

## LOTTA AWARDED \$96,695.

Famous Actress Wins Seventeen-Year Fight for Dead Broker's Gift.

SAN FRANCISCO, Cal., July 28.—Lotta Crabtree, the famous actress who gave the Lotta fountain to this city, is today \$96,695 richer than she was yesterday. The money had belonged to her since 1896 but it has taken her seventeen years to get it. In 1892 Edwin Fretwell, a broker, bought for her 508 shares of the American Bank and Trust company, which he later sold for her for \$125,000, taking part in money and part in stock of the Western Pacific Land company. These shares he had conveyed to himself and promptly died. The case went through the courts for several years and the administrator kept collecting the dividends until he had \$50,000. The value of the stock, the stock itself remaining as a part of the Fretwell estate.

## EGGS MAILED BREAK EN ROUTE.

Many Missives Suffer in Consequence and Are Sent to Dead Letter Office.

WASHINGTON, D. C., July 28.—Eggs, an article of United States postal authorities. It developed that some one in Canada had mailed three dozen eggs to an addressee in Brattleboro, Vt., and when Postmaster H. E. Taylor opened a mail bag he found it dripping with eggs freshly scrambled. Addresses were obliterated from letters in many instances and they had to be sent to the dead letter office. Such a situation could not arise from mail originating in the United States, as such things as eggs are not mailable in this country.

## ENDORSE TAFT'S TARIFF STAND.

Nebraska Republicans Urge Veto if Bill Is Not Satisfactory.

LINCOLN, Neb., July 28.—The Nebraska state Republican convention unanimously adopted resolutions approving President Taft's attempt to secure a revision of the tariff downward and stated that it would approve his use of the veto power on a measure which did not accord with his ideas of tariff revision. A telegram was sent President Taft by the convention embodying the views expressed in the above resolutions. The convention also approved the income tax.

## With the Object of Affording Parishioners Profitable Recreation the Vicar of Sturminster Marshall (Rev. J. Crose) Offered Prizes for the Best "Striker" at a Competition at a Local Smithy.

## CANADA TO HAVE NAVY.

Minister of Public Works Says It Will Not Be Long Before Warships Are Constructed.

VANCOUVER, British Columbia, July 27.—The Hon. Mr. Pugsley, minister of public works, referring to the proposed Canadian navy, in an address before the board of trade here said: "I look forward to seeing a number of first class vessels of war of purely Canadian origin and manned by Canadians stationed on both the Atlantic and Pacific seaboard. The question of a Canadian navy and dry docks on both the Pacific and the Atlantic will be discussed when the delegates to the imperial defence conference return from England. The outcome of the conference will be a decision to construct dry docks capable of accommodating the largest battleships."

## Oddities in Signs.

The attempt of the foreigners in the different colonies throughout the city to adopt American methods, especially as the display signs which they place in front of their places, has resulted in many weird catch phrases. For several days a shoe dealer in "Little Italy" who was conducting a sale displayed signs which read "Shoes all less \$1.50 ones reduced to \$1.75." The sign was allowed to remain in front of the place until a friend of the merchant advised him of the mistake. An energetic Italian drugist who wished to attract the American

# ABSCONDER GETS AT LEAST \$85,000

## TIPTON (IND.) BANK LOSES THIS AMOUNT AND POSSIBLY MANY THOUSANDS MORE.

## TOTAL DEPOSITS ARE \$800,000.

### Interest Bearing Accounts May Have Been Manipulated as It Was Easy to Draw from Them.

## MISSING MAN A "GOOD FELLOW."

TIPTON, Ind., July 27.—How much more than \$80,000 is missing from the First National bank of which Noah Meyer, who disappeared, was assistant cashier, continued today a secret, locked from the public behind the doors of the institution.

Groups of anxious depositors gathered at the bank discussing the placard announcing that Meyer had absconded with all the bank's available cash and that the institution would be closed until further instructions had been received from the treasury department at Washington.

Get \$85,000 at Least.

At least \$25,000 has been discovered in a rapid inspection of the bank's accounts had been missing before Meyer left and at the close of business Saturday the cash box in the safe had been emptied of the \$90,000 it contained, and the time lock set so that the vault could not be opened until Monday morning. This brings the total of money missing, so far as now positively known, to \$85,000.

It is alleged that the interest bearing accounts of the bank particularly have been manipulated. The total of these is about \$400,000. As most of them were extraordinarily prosperous under the management of William Meyer, the cashier, and his brother, the missing man. In the last six years, according to the reports of the treasury department at Washington, it has paid dividends of \$200,000 on its capital of \$100,000 at the rate of 33 1/3 per cent.

In business circles the Meyer brothers have been known for years as the "best of fellows." With one exception, the bank has made a larger number of loans than any other in Indiana.

## RECEIVER FOR INSURANCE CO.

### Replevin Proceedings Started by Tipton Bank Causes Trouble.

LIMA, O., July 27.—The First National bank of Tipton, Ind., started replevin proceedings today for \$40,000 in Cuyahoga county bonds, placed in escrow here by the Farmers and Citizens' Livestock Insurance company at the command of State Insurance Inspector Lemert.

The action forced a receivership for the insurance company today. M. L. Becker is named as receiver. The company was floated and owned by capital Tipton. The receiver is said to be heavily interested. Attorneys for the insurance company assert that the Tipton bank has no interest in the bonds, and they declare that the company is solvent in every way.

J. E. Kannel, president of the insurance company; J. E. Baxter, vice president, and William White, secretary-treasurer, are all Indiana men. Although the insurance company was incorporated in Ohio, most of the business was transacted in Indiana.

## WANTS STRONGER LAW

### Alabama Governor Asks Legislature to Make Prohibition Constitutional to Avoid Fights at Elections.

MONTGOMERY, Ala., July 27.—In a message to the Legislature today Gov. B. B. Comer advises making prohibition constitutional because the members who enacted the present law had in mind fixing legislation so that the state would never again have saloons or liquor licenses. In his opinion prohibition should be disposed of so that it will not be required at every election and become a disturbing factor in the politics of the state.

Necessity for further statutory prohibition acts are found, the governor thinks, in the fact that in many sections of the law have been disregarded and defied. It has become almost a question, he argues, whether whisky shall dominate the state, or the state control whisky. He deplores the effort to defeat the laws by spending money, and thinks that a sad state of affairs when citizens have to organize law and order leagues to enforce the laws that officers are paid to enforce.

In conclusion Gov. Comer says that the officers of the law who criminalize themselves are drawing near.

## MILWAUKEE HAY MARKET.

# VAN HISE IS REBUKED

## LAWNEY REPLIES TO ATTACK IN MAGAZINE.

### House Cheers Minnesota as He Answers Criticism by Wisconsin University Head.

WASHINGTON, D. C., July 28.—The membership of the House of Representatives was aroused to a high pitch of excitement when Representative Lawney of Minnesota replied to the attacks of President Van Hise of the University of Wisconsin in a recent magazine issue. Dr. Van Hise had blamed Representative Tawney especially for his amendment to the sundry civil bill, prohibiting the use of public money by any commission not authorized by Congress.

The Roosevelt country life commission was the one at which the Tawney resolution was aimed.

In replying to the Van Hise criticism, Mr. Tawney said that, in addition to his work as president of the university, Dr. Van Hise for more than twenty-six years, or since 1882, had been an employe of the geological survey and during that time had drawn from appropriations made by Congress a compensation, approximately \$50,000.

Holding up to view an article he had prepared in reply, Mr. Tawney said that it had been returned to him by the publication in which the criticism appeared because it was controversial and not editorial policy.

"In other words," he exclaimed, "it is not good editorial policy to publish to the American people the truth regarding the attitude of Congress."

Mr. Tawney considered himself vindicated when the House unanimously and amid loud and continuous applause gave him permission to print the reply in the Congressional Record, together with the communication from the magazine rejecting it.

MADISON, Wis., July 28.—"I stand by everything which I said in the article in the World's Work," said President Van Hise of the University of Wisconsin last night.

"I carefully weighed every statement made by me in that article and I would not change one of them if I had a chance to rewrite them. I don't care to get into any controversy with a member of Congress. I don't believe any good would result from it."

## CASTRO REVOLUTION NIPPED?

### Venezuela Authorities Arrest Suspected Agent of Former President.

CARACAS, Venezuela, July 28.—The imprisonment at Maracaibo of a German subject named Theodore Hauser, who recently arrived there from Europe, and Raymond Porpacen, his Caracas lawyer, disclosed a dangerous Castro revolutionary plot to overthrow President Gomez. Herr Hauser ostensibly represented Gen. Castro in an attempt to sell the former President's stock in various Venezuelan enterprises, but in reality is charged, he was organizing a Castro revolution. Correspondence and secret codes seized on his person support this charge. Important arrests are expected soon, and Castro's adherents in Congress are getting alarmed.

## MAC VEAGH CUTTING EXPENSES.

### Secretary's Move Alarms Clerks in the Treasury Department.

WASHINGTON, D. C., July 28.—Secretary MacVeagh of the treasury department caused a great flurry by announcing that he had decided to economize. Treasury clerks of ancient lineage who have been around the establishment for decades blinked their eyes and scampers about in great excitement. The secretary sent for his three assistants and told them to get busy on cutting down expenditures. He also called in the division chiefs and told them to pare down estimates wherever possible. It is expected that the movement will end in a number of discharges, many demotions, and probably some consolidations of divisions.

## KERN CHARGES BRIBERY.

### Says Dishonest Methods Defeated Him for Senatorship in Indiana.

INDIANAPOLIS, Ind., July 28.—John W. Kern, candidate on the Democratic ticket last year for vice president, gave out a statement in which he virtually charges that his defeat for the nomination for United States senator was brought about by bribery in the caucus. Charles A. Gauss is a candidate for the majority nomination and his opponents are charging that he voted against Kern in the Democratic legislative caucus, Gauss being a representative from Marion county, in which Indianapolis is situated. Kern denies that Gauss was untrue to him.

## WOULD STOP STOCK FRAUDS.

### Severe Penalty Provided in Bill Introduced in Congress.

WASHINGTON, D. C., July 28.—To prevent fraudulent statements regarding the value of stocks, bonds or other securities from being circulated and sent through the mails, or transmitted in interstate commerce is the purpose of a bill introduced in the House by Representative Parsons of New York. Any person who brings into the United States from any foreign country, or vice versa, to deposit with express companies, or to transmit from one state to another anything declared unmailable by the act, is subject to a fine of \$5000, imprisonment for not more than two years, or both.

## ARRESTED FOR FRAUD AT 78.

### Charged with Impersonating Dead Man Eighteen Years for Pension.

BLOOMINGTON, Ill., July 28.—Albert Reese, 78 years old, was arrested Tuesday night at his home in Danvers and taken to Springfield charged with drawing a pension for the past eighteen years as the result of fraudulently impersonating a member of his military company who was dead.

## A Full Comprehension.

"My dear, I had a corking good time last night with the boys."

"Indeed? From the way you came home I should have thought it an un-corking good time you had with the boys."—Baltimore American.

## —Vienna's "Fool's tower," which is to be replaced by a more modern building, was remarkable for its extraordinary collection of strange instruments and fetters used in the treatment of the insane of past ages.

# LA FOLLETTE TALKS TARIFF TO PRESIDENT

## URGES NECESSITY OF ESTABLISHING COMMISSION OF EXPERTS TO GET AT FACTS.

### CONGRESS NOT COMPETENT.

Declares Plan Will Be Fulfilled After Those Who Control Affairs Are Dead or Defeated.

### TARIFF FAVORS BADGER'S PLAN.

WASHINGTON, D. C., July 28.—Senator La Follette talked with the President today regarding the necessity of establishing a commission of experts to get at the facts of the tariff and to inform Congress. The President, it was said, is strongly in favor of a commission and had hoped that the present tariff bill would carry one. As matters now stand the bill will authorize the President to appoint a commission to assist him solely in administering the maximum and minimum provisions of the bill. No appropriation, however, is carried over for this purpose, so that the prospect of a commission is remote.

Senator La Follette predicted, however, that a commission would come and that President Taft would yield his growing influence for it.

"In order to get the commission," said Senator La Follette, "it may be necessary to wait, however, until some of the men who control affairs in the House and Senate have passed away or been defeated."

"This whole tariff discussion," continued the senator, "shows the folly of trying to go ahead and do something without first having an expert investigation. Congress is no more competent to frame a tariff bill than it is to fix specific railroad rates. It does not know the subject with which it is dealing, and there ought to be some way of getting impartially at the facts."

### Wrestle with Lumber.

Despite the fact that a practical agreement has been reached on most of the big issues in the tariff situation, the conferees, who met this morning with the evident desire to wind up their labors, were confronted with another issue—the lumber schedule.

Tuesday it was the understanding that the House conferees had surrendered to those of the Senate in detail of matter of the lumber rate in view of certain concessions on other issues, but certain concessions on other issues, called at Tuesday night's conference, when the instance of the House conferees and many other influential representatives were present, seemed to differ.

The conferees were devoted solely to a discussion of the lumber schedule and the question was thrashed out in detail. At its close after midnight many of the representatives asserted that the conferees report could not pass the House unless the lumber schedule provides for a rate of \$1.25, would be the making of the outcome of the tangle.

The majority of the representatives at the conference told the President that they would fight the adoption of a report unless the Senate agreed to a lower rate. It was stated that unless there is a speedy adjustment of the lumber schedule, the conferees' report might be held up longer than anticipated.

That the tariff bill has been traded for lumber in the preparation of the report on the tariff bill was reiterated about the capital today in connection with the report that the tariff conferees had agreed to the retention of the Senate rate of \$1.50 per thousand on rough lumber.

When the conferees met they took up the glove schedule, but the action was largely perfunctory, as it practically was agreed Tuesday that the House increases should prevail. In both houses around the conference room and even in the minds of the conferees, the lumber question was much more pertinent than the glove question.

## WILL SETTLE STRIKE.

### Early Adjustment of Trouble at Simmons Foundry in Kenosha Is Now Expected.

KENOSHA, Wis., July 28.—[Special.]—Strike conditions in Kenosha remained unchanged this morning. The men at the Simmons plant are still out, but the strike affects only the foundry, and it is certain that no other departments will go out to recruit to the strike agitators to get recruits to the strike and predicted strikes failed to materialize. The striking foundry men are still getting up a wage scale to submit to the factory managers, but they decline to discuss the matter. An early settlement of the trouble is looked for.

## SNAKE KILLER IS BUSY.

### Professional Slayer of Rattlers in La Crosse County Gets 93 Near the Golf Links.

LA CROSSE, Wis., July 28.—[Special.]—A total of ninety-three rattlesnakes were killed within a stone's throw of the Country club golf links by T. P. Brown, the professional snake killer of Vernon county, in one week. The killing netted him the sum of \$46.50 which was paid to him by the county clerk.

## RUBBER TANNED LEATHER.

### New Product for Which a Great Future Is Claimed.

A British publication states that a new syndicate has established a factory in London and is placing upon the market a new form of leather for which it is claimed there is a big future, and which it thus describes:

The leather is submitted to a tanning process of the chrome variety, which is worked into the interstices, rendering the hide thoroughly waterproof. The elasticity of the rubber permits

of perfect flexibility and extraordinary toughness of some of the skins, especially of rabbit, goat and sheep skin. It is impossible to forecast the many uses for which this process may be available. Tests have been made for motor tires, soles for boots and shoes, pump washers, machine belting, miners' boots, etc., and it is probable that the multitude of articles that can be made of rubberized leather will in time create a further demand for rubber. This new material, it is thought, may also prove useful for motor and cycle tires, as it is almost impossible to puncture it, while it is said to be much more resilient and waterproof than ordinary leather.

## Ella Cook, Waukesha Actress, Gets Divorce.

WAUKESHA, Wis., July 27.—[Special.]—Mrs. Ella Irene Cook, a well known actress who was with Eugene Moore's "My Boy Jack" company the past season, was granted a divorce by Judge Lueck from Paul E. Cook on her counter-claim to his complaint. Cook was not present at the trial, but was represented by counsel. He made no contest testimony being taken only on the charges of non-support and cruelty made in the counter-claim. The couple were married at Windsor, Canada, August 28, 1905, when Mrs. Cook was 18 and Cook 19 years of age. Mrs. Cook and her mother testified that the husband had never wholly supported his wife, her father having bought their furniture when they went to housekeeping and given them \$25 per month towards their living expenses. For more than a year past they have lived apart. Mrs. Cook also testified to several acts of cruelty. She was awarded an absolute divorce, the custody of her 2-year-old daughter, and the household furniture. Before her marriage Mrs. Cook was Miss Ella Thompson of this city. She first gained distinction in the dramatic line in Carroll college productions which resulted in her securing a professional engagement. She has been engaged as Mr. Moore's leading lady for next season.

## FOUNDRY MEN STRIKE

### EMPLOYEES OF KENOSHA COMPANY QUIT WORK.

### Attempt to Drag Other Workers Into Labor Trouble Is Reported After the Walkout.

KENOSHA, Wis., July 27.—[Special.]—Labor troubles at a serious nature broke out in Kenosha again at 11 o'clock this morning when the entire force of the foundry of the Simmons Manufacturing company went out on a strike. Two hundred and seventy-five men walked out and there are grave fears that others in other factories in the city will follow their lead.

It is stated that outside movement is working among the foreigners employed in the Kenosha factories to bring about a general strike among these men. The Simmons plant is the largest of the large industries in Kenosha, employing a total of over 1800 men and, with the allied industries, its employment lists far over the 2000 mark.

The men sent a committee to the superintendent of the plant, W. W. Vincent, at half-past 3 o'clock this morning, asking for a readjustment of some of the piece work, and were told that the matter would be adjusted as speedily as possible.

They agreed to hold a meeting this evening and report, but instead of this they went back to the foundry and the only men were at once called out. The only demand that has thus far been submitted is a minimum wage scale of \$2.50 per day to be established in the foundry and that the present piece work prices continue.

Z. G. Simmons, known as "Kenosha's grand old man," is the president of the company, and when seen at noon said: "I do not think that there is a single man in our foundry who is dissatisfied with the wages he is receiving, and not one of them has made a personal complaint."

The men declare that the strike is simply the beginning.

## GET POSTAL ROBBER?

### Tennessee Authorities Believe They Have Arrested Notorious Robber Wanted in Four States.

MEMPHIS, Tenn., July 27.—United States secret service operatives today arrested Frank Warren, who is said to be one of the most notorious postoffice robbers in the country. W. T. Noakes, a man claiming to be Mrs. Noakes, all of whom are alleged by the federal officers to be wanted for a series of successful postoffice burglaries throughout Kentucky, Illinois, Ohio and Indiana. A large quantity of stamps in sheets were found secreted in a bedroom.

## STEEL PROFITS GROW.

### Quarterly Dividend on Common Stock Larger Than Amount Declared Three Months Ago.

NEW YORK, July 27.—A quarterly dividend of 4% of 1 per cent. on the common stock was declared today by the directors of the United States Corporation. This is an increase of 1/4 of 1 per cent. as compared with that of the last previous quarter.

## EVIDENCE IS STOLEN.

### La Crosse Deputy Sheriff Keeps Liquor for Use at Trial in House and It Is Taken by Burglars.

LA CROSSE, Wis., July 28.—[Special.]—Charged with entering a deputy sheriff's residence and stealing a quantity of beer and other spirituous liquors which were to be used in evidence against Edward Zeibarth of Mindoro, charged with violating one of the state excise laws, a number of Mindoro citizens are under suspicion, although their identity is unknown. Mindoro was voted a dry town at the recent election, and when a load of liquors were delivered to the local saloon keeper it was seized by the authorities and hidden in the deputy's cellar until the case was called for trial. The offense, which is believed to have been perpetrated as a joke, is punishable by imprisonment in the state prison from five to fifteen years.

## DARIEN HAS BIG FIRE

### Walworth County Village Suffers Loss of \$18,000 When Four Buildings Are Destroyed.

DELAVAN, Wis., July 28.—[Special.]—Fire starting in the Woodford & Sons' agricultural implements warehouse at Darien, a village four miles west of this city, destroyed three other frame buildings, causing a loss of \$18,000. The insurance was about \$8000. The loss to the warehouse and its contents will amount to \$5000. The Reed & Wright general store was destroyed, the loss being \$8000, with \$5000 insurance. D. J. Hunsbush's blacksmith shop burned, worth \$1000, and the town hall and lock-up are a total loss. The village was without fire protection and aid was sent from Delavan.

## IS IN BOOZE GALLERY.

### James Sweeney Gets His Picture in Fond du Lac's Famous List of Town Topers.

FOND DU LAC, Wis., July 28.—[Special.]—Fond du Lac's booze gallery has been given a photograph of an additional drunkard. James Sweeney, the common council believes, has been hit by the high spots so often that he is entitled to the place in this famous list of town topers. Sweeney is one of the youngest members in the gallery, which is seen in every thirteenth emporium in Fond du Lac.

## SUES OVER A WAGER.

### La Crosse Man, After Bet Is Declared Forfeited, Brings Action to Recover Sum of \$45.

LA CROSSE, Wis., July 28.—[Special.]—An effort to recover the sum of \$45 which was wagered has resulted in a suit being brought by F. P. Steinhauer against Jacob Zimmer. Steinhauer was unable to fill his part of the bet, which was to be an automobile race, and the bet was declared forfeited.

## AIRSHIPS NOT SMUGGLERS' AID.

### Treasury Officials Say They Have Way to Get All Customs Duties.

WASHINGTON, D. C., July 28.—When airships compete with steamships and railroads, the government will have no more difficulty in assessing and collecting duties than at present. So say officials of the treasury department, who have already given the probability of the common use in the near future of aeroplanes and other forms of airship, complete with engines, propellers, and other apparatus, may alight at points remote from custom houses, but to guard against other government officials will be instructed to act in the capacity of customs agents to board and ascertain the cargo of airships arriving from foreign ports. Any landing of airships will be heralded, unless made in remote sections, away from habitation, and the publicity given will enable the customs laws to be revised which may shortly be necessary to revise the customs laws to meet the conditions which may result from the development of aerial navigation.

## DROP TWO MILES; LAND SAFELY.

### Three Persons in Balloon Have Thrilling Experience Parachuting.

CONWAY, Mass., July 28.—Parachuting his balloon at the height of over two miles by loosening the appendix cord and allowing the lower part of the cord to rise into the netting, Dr. S. Stowell of Pittsfield, on his first trip as pilot, made a drop to earth in the balloon Pittsfield. A perfect landing was effected. Dr. Stowell as passenger had John T. Manning and Miss Blanche Hulse, a trained nurse. When over Ashfield and Buckland the aeronauts struck a vortex which brought the balloon rapidly upward to a height of over two miles. With but one bag of ballast, Dr. Stowell conceived the idea of parachuting his balloon and allowing it to take its own course to earth rather than to use the valve cord and allow gas to escape. The appendix cord was loosened and the Pittsfield resolved itself into a monster toadstool and started slowly earthward. The balloon settled slowly until it came to rest, without a jolt, in a field in here.

## SENATOR STONE HITS WAITER.

### Missouri Lawmaker Creates Scene on a Train and Is Arrested.

BALTIMORE, Md., July 28.—United States Senator William Joel Stone of Missouri created a scene on a Pennsylvania railroad express train from Philadelphia to Washington when he assaulted Lawrence J. Brown, a negro waiter in the dining car.

On arrival here the conductor of the train ordered the senator's arrest. The senator was waited on before he was taken to the police station. He declares the negro became surly and offensive and persisted in it, and that he arose and slapped the colored man across the face with his own hand.

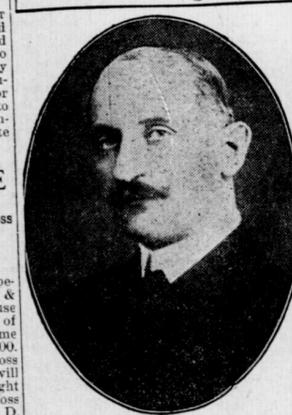

The senator was released on his own recognizance for a hearing this afternoon.

## Sprinkled Her Costly Hat.

Miss Victoria Harrell, one of the most prominent society girls in this city and who is well known in musical circles in this city, Little Rock and Memphis, recently sustained the loss of a \$90 hat. She resembled a pot of flowers. Miss Harrell sang at a fashionable wedding in this city several nights ago and hurriedly returned home to enjoy the party with a friend. When she reached her residence on West Sixth avenue the hat was in waiting and Miss Harrell placed her hat over a jardiniere in

which were some small ferns and which was hidden from view in a corner of the front porch. After Miss Harrell rode away with her friends her mother, Mrs. C. F. Coe, came out of the house and proceeded to sprinkle the flowers. Of course the covered jardiniere came in for a share of the "wetness," and when Miss Harrell returned she found the hat and its costly trimmings wilted and ruined.—Pine Bluff Cor. Arkansas Gazette.

## Rodman Wanamaker in Secret Wedding Abroad.

LONDON, July 27.—Rodman Wanamaker of Philadelphia and Violet Cruger of New York were married this afternoon at St. Margaret's church, Westminster, by special license. Extraordinary efforts were made to keep the affair secret. The bridegroom is a son of John Wanamaker. The bride is a daughter of Eugene G. Cruger.

Those who had been admitted to the confidences of the bridal couple were pledged to secrecy, and Mr. Wanamaker tried to throw off inquirers at his hotel by saying that he had gone to Scotland. The church was closed to every one save a few invited guests, and the officials informed would be sightseers that the building was closed for cleaning purposes until Wednesday.

Accompanied by Barclay Warburton, his brother-in-law, Mr. Wanamaker drove up to the vestry entrance in a motor car shortly before half past 12 o'clock. Even then the identity of Mr. Wanamaker was denied. Five minutes later the bride, accompanied by her mother, Mrs. J. Frederick Tams, arrived in an electric brougham.

The church was lavishly decorated with white gardenias and orchids and orange blossoms. Rev. Cecil Knox, curate of St. Margaret's officiated in the absence of Canon Henson, who is in America. The ceremony was fully choral. The bride wore a white gown, "Wedding March." Besides the bride couple, only three persons were present, Ambassador Reid, Mrs. Tams and Barclay Warburton, all of whom signed the register.

## WILL HAVE MUD BATHS.

### Company with Capital Stock of \$100,000 Is Formed in Waukesha to Exploit the Scheme.

WAUKESHA, Wis., July 27.—[Special.]—Besides being noted the world over for its mineral springs, this city promises to become famous for its mud baths, through the incorporation of the Waukesha Moor Bath company of this city. The company is capitalized for \$100,000, of which one-half has been subscribed. W. H. Hardy, Jr., of this city, and John Weber, a well known Milwaukee real estate man, are the promoters. They have been working on the proposition for the past eight months. The other incorporators are William Manz and Dr. Charles W. Brown, proprietor of the Schütz hotel here. The company has purchased eighty acres of land within the city limits on the north side, known as the old Kimball farm, within half a mile of the postoffice, and will erect at once a modern sanitarium and bathhouses costing \$50,000.

Chicago and Milwaukee capital is largely interested in the proposition, the only local stockholders at present being Messrs. Hardy and Brown. John Weber and Charles Holzhauser, Milwaukee real estate men, are the heaviest stockholders. A meeting will be held at Milwaukee probably tomorrow when officers will be elected and the organization perfected. The mud bath proposition has often been considered here in the past and at one time the late Dr. Earles of Milwaukee was interested in the matter. This is the first time, however, that the matter has ever been carried through to the point of incorporating.

## LEANDER CHOATE HURT

### Pioneer Resident of Oshkosh Receives Serious Injuries in a Runaway Accident.

OSHKOSH, Wis., July 27.—[Special.]—Leander Choate, one of the pioneer residents of Oshkosh and prominent in many of its business enterprises, received serious injuries this morning in a runaway accident. He was watering his horse at a trough in the northern part of the city when the animal became frightened and ran out of the trough and fell. His right shoulder was dislocated, his nose broken, and his face badly scratched and bruised. Just how serious the results will be cannot be determined for twenty-four hours. Choate is president of the Commercial National bank and also president of the Choate & Bray Lumber company. He is also an officer in a number of other enterprises.

## TYPHOID IN POTATOES.

### Outbreak of Fever Among Men of Battleship Fleet at Provincetown Is Explained.

PROVINCETOWN, Mass., July 27.—That the outbreak of typhoid fever among the men of the battleship fleet was due to bad potatoes was the official verdict of a naval physician on the supposed ship. The ice cream and various other things on the ship's bill of fare have been under suspicion, but it is now believed that potatoes were the cause of the trouble. As a result of the examination of the hundreds of barrels of tubers from the Celtic's store rooms, about 90 per cent. were condemned and the vessel steamed out to sea and dumped them overboard.

—In California one rarely sees a bank note. The money in circulation is all gold and silver.

## The Bride of Rodman Wanamaker a Beauty.

This is Miss Violet Cruger, daughter of Eugene Cruger of New York, who yesterday married Rodman Wanamaker in London. Miss Cruger, a very beautiful woman, has rejected several suitors, report has had it. Her mother, from whom she inherited beauty, was Miss Blanche Spedden of New Orleans. She divorced her first husband, who belonged to an old New York family, and married J. Frederick Tams, a famous yachtsman. Rodman Wanamaker, son of John Wanamaker, has been a prominent member of the American colony in Paris. His first wife, who was the daughter of Charles Ferdinand Henry of Philadelphia. They had a daughter, Miss Fernanda Wanamaker, whose engagement to marry Arthur Heeren, son of Count and Countess Heeren, was announced a few days ago. The Heereens have residences in Paris and at Biarritz, southwest France.

## REGAN MAKES DENIAL

### DECLARES HE NEVER HANDLED STEPHENSON MONEY.

### Was in Palmyra at Time Wagner Said He Saw Him in the Plankinton Hotel.

MADISON, Wis., July 28.—[Special.]—The most of the time at the Wagner trial this morning was occupied by District Attorney Mason, who read into the record a large portion of the testimony given by Wagner before the senatorial investigation committee. A number of witnesses were on hand, but it was not expected that any would be reached before this afternoon. Among those on hand were Senator S. M. Marsh, chairman of the senatorial investigation committee, Assemblyman Townes, N. J. Regan of Milwaukee, H. Stanley Green, manager of the Plankinton house, Milwaukee, and Dan Hyde, house detective at the Plankinton.

Mr. Regan was the first witness. On direct examination he reiterated his testimony given at the preliminary examination. The substance of this was that he never was in the Plankinton house at the time alleged by Wagner, nor with the man named, nor did he ever handle any money as alleged. He said that to the best of his knowledge he was in Palmyra until May 20.

On cross-examination there were constant interchanges between the attorney and the witness. District Attorney Mason seeing in many of Attorney Yockey's question a tendency to prolong the case without bringing any vital facts before the jury, Mr. Mason objected several points of this kind and finally Judge Donovan said this kind of trial ought not to be prolonged unnecessarily by irrelevant and immaterial matter.

"Were you in favor of the election of Isaac Stephenson?" asked Attorney Yockey of Mr. Regan.

"No, sir."

"Who were you in favor of?"

"Neal Brown."

"You are a Democrat?"

"Yes, sir, I certainly am."

With the introduction of this kind of testimony, District Attorney Mason displayed considerable disgust. He asked the witness if he had not made a speech before the Jefferson club in Milwaukee against the proposed condemnation of Assemblymen Ramsey and Farrell for their action in walking out of the joint convention and siding with the election of Stephenson. The district attorney objected, but when Mr. Regan said that he would like to answer, the objection was withdrawn. Mr. Regan said he made a brief speech at the time, the substance being that he urged that no censure of the two assemblymen be voted before giving them a chance to be heard.

Mr. Regan continued, in response to questions, that he did not remember of having met Mr. Ramsey in the Plankinton house nor in Michael Sheridan's headquarters on the second floor of the hotel during Sheridan's run for the county judgeship. "I was in the Plankinton hotel during the time," Mr. Regan said, "and I saw many of the men who were in the investigation committee. One time Wagner came up to him in the Plankinton hotel and asked him to use his influence with the school board, and with T. E. Ryan and others to get him an appointment as son of the school board. He said he would do it if he did not know any of the men referred to. Later, said Mr. Regan, Wagner asked him to help him get appointed as a deputy sheriff."

## Domestic Economy.

Mollie, the Irish domestic in the service of a Wilmington household, was one afternoon doing certain odd bits of work about the place when her mistress found occasion to rebuke her for one piece of carelessness.

"You haven't would the clock, Mollie," said she. "I watched you closely, and you gave it only a wind or two. Why didn't you complete the job?"

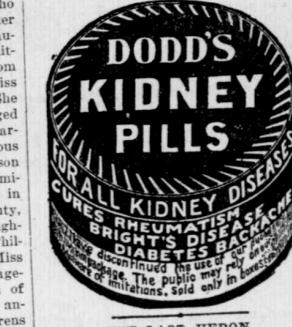

"Sure, mum, ye haven't forgot that I'm diev'le tomorrow, have ye?" asked Mollie. "I ain't goin' to be join' anny more of your gruff's work!"—Harper's Weekly.

## FOAM QUENCHES OIL FIRE.

### Clings to Burning Liquid and Shuts Off Air Necessary for Combustion.

The attempt to extinguish fires by water where petroleum, gasoline, benzine, or other liquid hydrocarbons lighter than water are involved, usually results in the spreading of the inflammable liquid, an increase in the area of combustion and a greater intensity of conflagration. In an interesting article of the July number Popular Mechanics describes a new method of extinguishing such fires, the means employed being a tenacious foam which clings to the burning liquids and cuts off the supply of air necessary to maintain combustion, thus shutting off the flame. The apparatus employed consists of a simple metal cylinder provided with a long spout and divided into two chambers. One chamber is charged with an aqueous solution of potash alum and a solution of sodium bicarbonate, sodium sulphate and licorice root extract.

One successful test of the apparatus was the filling of an iron vessel, 5 1/2 x 2 1/2 feet in size, and four in depth, with eighteen gallons of benzine, which was allowed to burn for three minutes. The contents of two foam extinguishers were then allowed to flow over the whole and combustion was promptly arrested. The layer of foam was removed, the benzine relighted again, and an attempt made to extinguish the flame with water from a two-inch hose. Instead of extinguishing the flame, the water increased the area of combustion.

## THE LAST HERON.

### Destruction of Bird Life in Catering to Millinery Fads.

The Technical World refers to the extermination of the white heron in a way that ought to bring the blush of shame to those who persist in adorning themselves at the expense of bird life, which has been made precarious by not impossible the persistent onslaughts of the ble by the persistent onslaughts of the speckled and plumbe hunter, and thus speaks of the last survivor of a beautiful species:

"High above the marshy wastes which border the Klamath lakes in southern Oregon a lone white heron winged its desperate flight a month ago, the sole survivor of a once numerous family. But one is left, according to the officials of the United States land office and of the National Association of Audubon societies; just one white sample remaining of myriad thousands of one of the most beautiful of all native birds; the decrees of fashion having brought about such a butchery that biological historians will in future works record the fact that A. D. 1905 the white heron followed the great auk over the dismal trail that stretches backward to the ages that are gone.

The National Association of the Audubon Societies of Wild Birds and Animals is active in the interest of the wild heron. In April and May last the collector of the National Association of Audubon societies, just one white sample remaining of myriad thousands of one of the most beautiful of all native birds; the decrees of fashion having brought about such a butchery that biological historians will in future works record the fact that A. D. 1905 the white heron followed the great auk over the dismal trail that stretches backward to the ages that are gone.

While the tariff laws cannot be affected or controlled by the protest of the Audubon society, or by the statutes of the act of Congress which provides for the destruction of plumbe in question has the same status as if the herons had been taken and produced in New York. Under this construction, the collector will destroy the egrettes.

Must Be. "Why do the folks call a good-for-nothing fellow a bad egg?" "I suppose it is because every egg has a yellow streak in it."—Baltimore American.

## SURPRISED HIM.

### Doctor's Test of Food. A doctor in Kansas experimented with his boy in a test of food and gives the particulars. He says: "I naturally watch the effect of different foods on patients. My own little son, a lad of four, had been ill with pneumonia and during his convalescence did not seem to care for any kind of food.

"I knew something of Grape-Nuts and its rather fascinating flavour and particularly of its nourishing and nerve-building powers, so I started the boy on Grape-Nuts and found from the first dish that he liked it.

"His mother gave it to him steadily and he began to improve at once. In less than a month he had gained about eight pounds and soon became so well and strong we had no further anxiety about him.

"An old patient of mine, 73 years old, came down with serious stomach trouble and before I was called had got so weak he could eat almost nothing, and was in a serious condition. He had tried almost every kind of food for the sick without avail.

"I immediately put him on Grape-Nuts with good, rich milk and just a little pinch of sugar. He exclaimed when I came next day, 'Why, doctor, I never ate anything so good or that made me feel so much stronger.'

"I am pleased to say that he got well on Grape-Nuts, but he had to stick to it for two or three weeks, then he began to branch out a little with rice or an egg or two. He got entirely well in spite of his almost hopeless condition. He gained 22 pounds in two months, which at his age is remarkable.

"I could quote a list of cases where Grape-Nuts has worked wonders. 'There's a Reason.' Read 'The Road to Wellville,' in pkgs. Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

# FASHION HINTS

There seems but one general way to model the summer gown of sheer material; just tucks and gathers so the long panel front of this little ecru batiste robe shows a pleasant change. A touch of black velvet ribbon is used in trimmings.

The British agricultural colleges have been testing the growing of potatoes from sprouts with great success. The yield and quality have both been increased, and the disease resisting powers strengthened.

The study of the English language has been made compulsory in the primary schools of Guatemala.

# HERE'S A WAY TO SAVE DOCTOR BILLS.

## Physicians Give Free Advice by Which Parents May Profit.

It's a matter of general interest just now how one's physical condition can be got into shape to best receive the benefits of the summer season. Especially is this true of the children. They have become run down by a winter of unnatural manner of living because of ill-considered food and much time spent indoors. Spring comes with its sunshine, its fresh vegetables and all else invigorating, but the children are in no condition to receive nature's remedies.

Many parents call in the family physician. Many other parents take advantage of what the physician told them when he was first called in consultation. All good family physicians say: "Give the children Castoria." Healthy parents know this remedy of old, for they took it themselves as children. It was more than thirty years ago that Castoria made a place for itself in the household. It bore the signature of Charles H. Fletcher then, as it does to-day. The signature is its guarantee, which is accepted in thousands of homes where there are children.

Much is printed nowadays about big families. Dr. William J. McCann, of Omaha, Neb., is the father of one of these much-read-about families. Here is what he says:

"As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."

Charles H. Fletcher has received hundreds of letters from prominent physicians who have the same esteem for Castoria that Dr. McCann has. Not only do these physicians say they use Castoria in their own families, but they prescribe it for their patients. First of all it is a vegetable preparation which assimilates the food and regulates the stomach and bowels. After eating comes sleeping, and Castoria looks out for that, too. It always feverishness and prevents loss of sleep, and this absolutely without the use of opium, morphine or other baneful narcotic.

Medical journals are reluctant to discuss proprietary medicines. Hall's Journal of Health, however, says: "Our duty is to expose danger and record the means for advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge Castoria is a remedy which produces composure and health by regulating the system, not by stupefying it, and our readers are entitled to the information."

## MISSIONARIES OF THE SUDAN.

Efforts to Stamp Out Cannibalism—Superstition and Witchcraft. "Missionaries wherever they work have many difficulties to contend with, but I doubt if there is any part of the earth where the missionary has a harder time than in the Sudan," said Dr. A. C. Hudson of Los Angeles, who spent several months in that country.

"Despite the effort of the government to stamp them out, cannibalistic practices are still prevalent in the Sudan. The government is adopting strong measures to punish those responsible for such inhuman practices, and shortly before I left four natives were hanged for these atrocities. The natives are filled with superstition and fear the power of evil spirits.

## SKIN ERUPTION CURED.

Was So Sore, Irritating and Painful that Little Sufferer Could Not Sleep—Scatched Constantly—Cuticura's Efficacy Proven.

"When about two and a half years old my daughter broke out on her hips and the upper parts of her legs with a very irritating and painful eruption. It began in October; the first I noticed was a little red surface and a constant desire on her part to scratch her limbs. She could not sleep and the eruptions got sore, and yellow water came out of them. I had two doctors treat her, but she grew worse under their treatment. Then I bought the Cuticura Remedies and only used them two weeks when she was entirely well. This was in February. She has never had another rough place on her skin, and she is now fourteen years old. Mrs. R. R. Whitaker, Winchester, Tenn., Sept. 22, 1908."

Potter Drug & Chem. Corp., Sole Props. of Cuticura Remedies, Boston.

## "Insurgents" and the People.

Bear in mind that all the seven states from which come the ten Republican senators who voted against the passage of the direct primary law of Indiana, whence Senator Beveridge hails, is not nearly so broad in its scope as are the measures in the other states. Wisconsin, Iowa, Kansas, Nebraska, South Dakota and Minnesota all have good direct primary laws. In all the states represented in whole or in part by insurgent Republican senators, except Minnesota and Indiana, the primary laws provide for a direct advisory vote by the people on candidates for United States senators.

The fact that the Illinois senators were found voting with Aldrich instead of with the insurgents from the states bordering upon Illinois is one more reason why the people of this commonwealth should demand the early enactment of a real direct primary law.—Chicago News.

## Withering Glances.

"I generally read the paper on the way to and from the office," said importantly busy young man.

"I used to myself," said the old-timer, "before I got hardened to the looks of the girl strap-hangers."—Kansas City Times.

The Astor Place riot occurred on May 9, 1849, while Macready, the English actor, was performing "Macbeth" at the Astor Place Opera house in New York city.

# FOR WOMEN AND GIRLS

The careful mother does not let her children run barefoot, no matter how they clamor to do it. If they wish to go shoeless let them wear bathing sandals without stockings. The germ of tetanus, better known as lockjaw, is frequently found in the soil, and a child with even a small scratch or cut takes big risks. For girls, especially, running barefoot should be a forbidden pleasure, as it makes the feet broad and flat.

A good poultice that gives relief in many kinds of sudden pain is one well known to our grandmothers, but now little used because few know how to make it. It is made from dried hops. Put a cupful of the hops in a cup of hot water and let it boil until the water is reduced to half a cup; then stir in enough ground hops to thicken. Apply very hot between thin muslin cloths. Poultices when needed at night can be made on an alcohol lamp with a tin cup on top. A new poultice can be heating in this while the old one is cooling on the patient. It saves many trips to the kitchen.

The vogue for khaki colored gowns is responsible for the popularity of black hats and shoes. It is now de rigueur for hats, shoes and hose to be of a shade that contrasts with the costume. For instance, a dark blue tailored costume would be piped with cerise, the shoes, hat and hose being of the latter color. With khaki gowns black is the prevailing color for the gloves. Mole and gray gloves will also be fashionable this season, while white and light colors are being revived to wear with lingerie frocks.

The evening gowns for young girls are exceedingly pretty. They have passed out of the narrow conspicuous stage and become more expansive. They are more frilled and furled.

The director and the Byzantine, which threatened to remain over summer, were not happy choices of fashion for the season. The girl who had a supple rounded beautiful figure had a looker worse when clothed in two straight widths of material, no waist line, and tulle shoulder scarf. She was not enough at home on polished and polished grounds to walk or dance well in these skimpy draperies.

Whatever was amateur and immature in her department was shown to its greatest disadvantage. She gained the reputation of being awkward, and it was sad for her that she even did not know how to hold up her skirt in a decent manner when she danced.

If she had been properly frocked in plaits and ruffles she would probably have looked graceful and started a better reputation about herself in the way of ease and poise in society.

This summer she may wear the frills and plaits to her heart's content. It is no longer necessary or fashionable for her to look like a walking stick. She has a right to her own dress, and she can be fluffy and youthful in every garment she wears.

A New York woman who nursed three goldfish in a small aquarium tank graced with aquatic plants thought she would add a bizzar touch to her water garden by dropping into the tank a gayly colored celluloid alligator she had picked up at a 10 cent counter. She dropped the alligator. One of the goldfish instantly leaped several inches above the water. Bopped back in, and never rose again. The mistress of the goldfish was sure her darling had died of fright.

A number of the wide-brimmed hats of the summer have loose, floating strings that tie on the shoulder or knot well below the waist. They are never beneath the chin in the old manner. They are usually of black velvet and go across the crown of the hat, and are lightly attached to the sides. Some girls toss the strings backward over the shoulder, or in front of the arm, and let them hang without tying. On a hat trimmed with foliage these velvet ribbons are quite a good touch.

When doing fine embroidery it is better to baste the goods tightly against a piece of white table oilcloth than to use embroidery rings. There will be no fear of stretching the material and the work may be handled easier.

If you dread your umbrella jar will be broken from careless handling, try putting a rubber mat in the bottom. One housewife has inside of hers a circle of rubber tubing on top of which is a flat tin plate with slits and never moves. The tubing keeps this from resting on the bottom, and it can easily be emptied of drippings.

The mimosa, which, with the violet, has stood for shyness, is the most popular flower of the moment abroad. It is used in every manner of hat with green foliage. It is worn on the corsage and in the buttonhole. It goes well with all the dull shades of yellow, including sulphur, and, therefore, is a boon to the milliner.

The latest style in "bon voyage" baskets takes the form of a carefully selected dozen or so of books and magazines attractively put up. Two "best sellers," a thrilling detective story, a dainty volume of the recipient's favorite verse or light essay, a popular current magazine and a humorous weekly make a good assortment, although individual taste is always consulted. The book baskets not only have the charm of novelty, but their lasting qualities are making them strong rivals to the perishable fruit and flowers.

Queen Wilhelmina of Holland uses a pint of the finest essence of cologne in her daily bath. She tests the purity of the essence over the lamp upon which her morning chocolate has been prepared. Czarina Sylvia of Roumania looks about one-half her 66 years, and she attributes her youthfulness to a bath of her own mixing. She pours into the water a quart of extract from forest herbs, and frankly expresses the opinion there is no better tonic for the skin and complexion. She believes the mixture to be a preventive of lines and wrinkles, yet she refuses to give her secret to the world. The formula was given to her by an old gypsy fortune teller who died true to her promise to leave the secret only with the Queen.

The gowns which the 100 girls graduated from the Chestnut Street Grammar school in Springfield, Mass., were made by the girls themselves. Some time ago it occurred to the principal that such a feature would go far to prove to the public that the domestic science course in the public schools were of a practical nature. Another object was to demonstrate that an attractive graduation dress need not be beyond the means of the poorest pupil. The spotless white gowns, which withstood the closest inspection, cost a little less than \$2 apiece.

One of the director's fashions that has not died is the long flat pocket at the hips. They are used as trimmings, although the prudent and sensible woman has them as flaps for real pockets, for she is not the kind to carry everything in a dangling purse.

These flaps are quaintly shaped, quite conspicuous in size and trimmed with soutache, wide braid and buttons. They

are used on linen, pongee, summer chevvy and any of the new fabrics that go to make the coat suits.

One must be careful to get them at the right spot on the figure, so they will not increase the size of the hips. No woman who wants to confess that she has slipped these days, and therefore it is a grievous error to put a piece of trimming over the spot where the hips have vanished.

A novel lamp shade that can be made at home is fashioned of coarse bobbin-net closely fitted to one of the skeleton shade frames for sale in the lamp shops. After the frame is covered with the net sew on at regular intervals flowers or fruit clusters that have been cut from upholstery cretonne. Cover the shade with a second covering of the net and the effect will be as if the flowers and fruit were hand-painted on the net. Finish the top of the shade with a double net ruching and the bottom with a fringe of glass beads. When completed the shade will be most attractive and at the same time inexpensive.

Many a piece of household china gets chipped at the taps in the kitchen. A careless hand or a slight miscalculation of distance, and the result is a jag with broken nose, or a cup minus a handle, even if the damage is not of a more serious character. If you cut two small pieces from an old garden hose and slip one over each of the taps at the sink, such accidents are impossible, and your china and glass will remain unchipped.

What can one do to protect the skin from the drastic climatic effect of our summer? It is absurd to even think of sacrificing the pleasures of open-air life for the sake of a good complexion; even the dolls of life, whose aim is to be pretty, won't stand for this, because it puts them at once out of the fashion.

The one thing to do, therefore, is to use the simple aids to a good skin that are known, but not often practiced. Cosmetics may serve on a dull winter afternoon or in a brilliant ballroom on a cold night, but they are absurd in summer, because they are so easily detected. Even powder, which is necessary to wipe away the sweat, and to keep the face, must be put on very carefully when the face is exposed to the sun.

In winter powder is apt to clog the skin and clog the pores, but in summer the natural moisture of the skin prevents this. The perspiration keeps the pores and glands healthy, and it should be encouraged. Moisture is necessary to a good skin.

When one must be out in the open on quiet hot days or in a blinding glare, the sun should be covered with a little soft cream to make a slight protective layer of grease over the sensitive cuticle through which the burning rays will not penetrate.

Over this should be dusted violet talcum powder or the fine rice powder. Care should be taken to wash the powder, the cream, and the dust, (which the cream catches), from the face. This should be done when one goes indoors for the day or evening. Cold water should be used, and a little almond meal instead of soap.

The latter is not a good thing to rub on the face in summer unless one is quite sure it is pure. As a rule the cheap brands of white soap are the best for this purpose.

There is a code of manners for shoppers as well as for other people. Some women do not seem to realize this. It is inexcusable to push and shove in a store. Likewise it is very rude to talk to a saleswoman who is engaged with another customer. Make up your mind what you want before you go into a store.

Make a shopping list and take samples and measure. It is impossible to have the sales-people drag down bales and bales of goods when you don't know your own mind or, worse still, have no intention of buying. And it does no harm to say "Please" and "Thank you" to the overworked woman behind the counter. Shop assistants have, on the whole, a very hard time, and it is most unfeeling to add to their burden by adopting a rude manner when speaking to them.

For cleansing laces and dainty fabrics magnesia will be found invaluable. It should be allowed to remain on the soiled places for at least twelve hours and then brushed off. Much of the soil will be absorbed. A second application may be used if necessary.

A bold embroidery for summer covers is of inland applique. A natural colored linen could have an inlay of pink or green linen, while a brown linen would look well applied in a delicate yellow or ecru and a green line with white. The work is quickly done. Choose a conventional design of detached figures or a border specially arranged for applique. Be sure to see it is not a plain embroidery pattern you get. Baste the lines for inlaying on a back of material with the right side of the applique against the wrong side of the cover to be worked. Turn the piece to the outside and follow the outline of the design with fine running stitches in white cotton. This can be done on the machine with a loose tension. Be sure to have the inlay linen wider than the design by at least half an inch. Cover the outline with a firm, soft cord of a harmonizing color and couch it securely to the cover, taking the over-and-over stitch through both linens. After the couching is finished, cut out the top linen with small, sharp-pointed scissors, leaving the under linen as an inland applique.

For a bungalow or bedroom in a country house dainty furniture covers can be made of pink and white, or blue and white checked ginghams, with a swastika or Greek key design formed by working a colored French knot on the white squares. Other charming covers can be made of unbleached muslin with a cross stitch border in several tones of old blue. Canvas as wide as border must be basted on cover and work done through it.

A pretty and very useful present for the grandmother of the house or any elderly lady whose birthday is to be celebrated is a house pocket of heavy black silk to hang from the belt by ribbons or by a gun metal chataine hook. The bag itself is divided into two compartments, the one in front for the pocket handkerchief, the back one forming a handy case for the spectacles.

Lingerie waists made after the pretty Dutch neck model of wide bands of embroidery are among the newest fashions seen this season. Some have long sleeves, while others have pretty close-fitting elbow sleeves.

If one wishes to enamel or paint wicker furniture, it is necessary first to remove the varnish from the wicker. To do this pour boiling water, in which some washing soda has been dissolved, over and through the furniture. Repeat this two or three times; then let the article dry thoroughly. Next wipe it over well with a flannel dipped in turpentine, being careful, of course, not to have fire near. Let the article stand in the air until it is almost dry. It may be necessary to rub it over with a piece of sandpaper, though unless the varnish was unusually thick, this is not imperative. Now the wicker may be painted or dyed almost any color. If it is to be dyed, wet the surface with clear hot water before applying the dye. If it is to be painted and then enameled, see that the surface is perfectly dry before painting.

# MEASURING NAIL GROWTH.

## Fastest Up to 30, Diminishing as Old Age Approaches.

Among psychologists, as in the public at large, there are current a number of errors relative to the growth of the nails. For example, it is generally thought that the seasons influence the growth.

This subject has been studied very closely of late, and it can be definitely stated, says L'Illustration, that the growth of nails depends upon age. The growth is greatest from 5 to 30 years old, then it diminishes.

This applies to the nails on the hand. But it is very different with the nail of the big toe. The growth of this nail in the young is only a half or a third of that of the finger nails. But in old people it is equal.

This would seem to show that the lower limbs retain more of their vigor than the arms.

A Rare Good Thing. "Am using ALLEN'S FOOT-EASE, and can truly say I would not have been without it so long, had I known the relief it would give my aching feet. I think it a rare good thing for anyone having sore or tired feet.—Mrs. Matilda Holtvert, Providence, R. I." Sold by all Druggists, 25c. Ask to-day.

Diplomatic. A couple of the little south side children, Arthur, 4 years old, and Louise, 2 1/2 years old, were disputing over a string which Louise claimed. All threats and force on Arthur's part was useless; she would not give up. After a moment he used guile.

"Wees," he said, "will you be my little wife?" "Yes," she coyly answered. "Then give me the string," he commanded. And she gave it without a murmur.—Independent.

A feeling of security and freedom from anxiety pervades the home in which Hamlin Wizard Oil is kept constantly on hand. Mothers know it can always be depended upon in time of need.

Finder of Great Nugget in Poverty. The discoverer of the famous Welcome nugget has died in the Ballarat Benevolent asylum, aged 74. He returned to Ballarat three years ago poor and in ill health and had to seek shelter in the asylum.

The Welcome nugget, one of the largest pieces of natural gold in the world, was taken from Bakery hill, Ballarat, in 1858. It was found at a depth of 180 feet. It weighed 2217 ounces 16 dwts. and was sold for £10,500.—London Evening Standard.

MRS. WINSLOW'S SOOTHING SYRUP for Children teething; softens the gums, reduces inflammation, allays pain, cures wind colic, 25 cents a bottle.

The international office of public hygiene, recently established in Paris, has for its principal object the gathering and distribution of information concerning the more serious epidemic diseases, particularly cholera, plague and yellow fever.

# WANTS HER LETTER PUBLISHED

## For Benefit of Women who Suffer from Female Ills

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me, and I must say it did help me wonderfully. My pains all left me, I grew stronger, and within three months I was a perfectly well woman."

"I want this letter made public to show the benefit women may derive from Lydia E. Pinkham's Vegetable Compound."—Mrs. JOHN G. MOLDAN, 2115 Second St., North, Minneapolis, Minn.

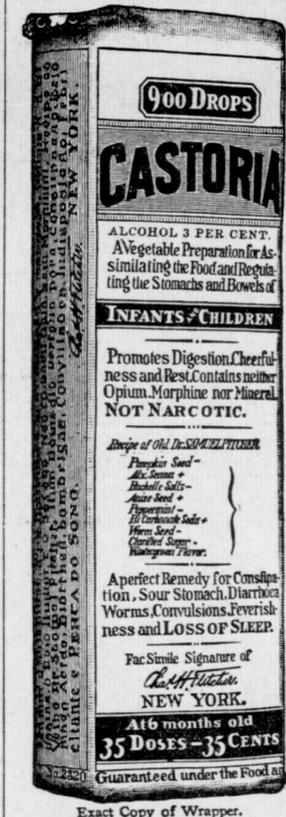

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letters strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

## A NOTRE DAME LADY'S APPEAL.

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbago, backache, pains in the kidneys or neuralgia pains, to write to her for home treatment which has repeatedly cured all of these tortures. She feels it her duty to send it to all sufferers FREE. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood, and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Summers, Box 3, Notre Dame, Ind.

**A  
 Stopped  
 Watch**

One that will not go AT ALL—  
 doesn't cause as much bother  
 as one that runs now fast now  
 slow, in an erratic fashion.

The first you don't pretend to  
 depend upon—the other is a  
 constant source of annoyance.  
 Most people can afford a watch,  
 but no one can afford an un-  
 certain fast and slow one.

And when our repair depart-  
 ment is so close at hand there  
 is really no excuse for carry-  
 ing anything but an accurate  
 timepiece, no matter what the  
 first cost was.

Consult us about any watch  
 troubles that may arise.

 Campbellsport, Wisconsin

**CAMPBELLSPORT.**

Mrs. Cisco is visiting relatives in  
 Nebraska.

Miss M. Goss left Thursday for  
 her home in Bailey's Harbor, Mich.  
 Joe Calhoun left Tuesday for  
 South Dakota.

Mrs. John Remmel was a Fond  
 du Lac caller Tuesday.

Ed. Koch of Brownsville visited  
 with his parents Sunday.

John Hahn of Empire spent Sun-  
 day with his parents.

Mrs. C. Reinhardt of Milwaukee  
 was a village caller Monday.

Rev. Ph. J. Vogt of Kewaskum  
 visited Rev. July Wednesday.

Miss Barbara Schaeffer spent last  
 Sunday with relatives at Barton.

Jeweler J. P. Schlaefer was at  
 Milwaukee on business Tuesday.

Mike McCullough and J. B. Day  
 were West Bend visitors Tuesday.

Albert Guepe of Milwaukee was  
 a village caller Saturday.

Phil. Guenther and wife visited  
 relatives at Wayne Tuesday.

Rev. A. Wieting of Ripon called  
 on his brother-in-law Ed. Senn last  
 Monday.

Miss Mary Ladwig of Antigo is  
 the guest of Mrs. Ed. Senn the present  
 week.

Miss Myrtle Knickel left Satur-  
 day to visit friends at Black Creek,  
 Wisconsin.

Miss Lillian Salter of Eden vis-  
 ited Miss Irene Klotz Tuesday and  
 Wednesday.

William Howe of Fond du Lac  
 was in the village on business last  
 Wednesday.

Ray Wenzel, Frank Cole, Art.  
 Vohs and Ig. Klotz were Elmore  
 visitors Sunday.

E. F. Roethke and family and  
 H. Cooley and family spent Sun-  
 day at Mayville.

Alphonse and Theodore Harter  
 were Fond du Lac callers Thurs-  
 day.

Mr. and Mrs. Fred Borchert vis-  
 ited last Sunday here with the P.  
 Terlinden family.

William Smith has been serious-  
 ly ill the past week with inflam-  
 mation of the bowels.

Chas. Behnke was at Fond du  
 Lac Sunday to visit Jacob Schlae-  
 fer at St. Agnes hospital.

Edw. Romaine returned to Platt,  
 S. D., Monday after a week's visit  
 with relatives and friends.

Rev. and Mrs. Miller of Sheboy-  
 gan Falls called on friends here  
 the forepart of the week.

Mr. and Mrs. Eugene Klotz and  
 daughter visited here Sunday with  
 relatives.

Mrs. James E. Ward left Tuesday  
 for a visit at Van Dyne and Fond  
 du Lac.

Miss Mary Roessler visited rela-  
 tives at Beechwood for a few  
 days of the past week.

Jos. Schlaefer Jr. and Miss Gret-  
 chen Berg were Fond du Lac vis-  
 itors Sunday.

Mrs. Albert Guepe of Milwaukee  
 is visiting relatives and friends in  
 the village this week.

Oscar Huecker of Milwaukee vis-  
 ited Saturday and Sunday with  
 Mr. and Mrs. Jacob Schrooten.

Peter Haug of Milwaukee spent  
 the forepart of the week with his  
 parents.

The Burkard moving picture  
 show, which exhibited here last  
 Monday evening was well attended.

Frank Hilmes and family of Mil-  
 waukee are spending the week here  
 with the Grimminger family.

A large number from here at-  
 tended the Barnum and Bailey cir-  
 cus at Fond du Lac Thursday.

W. Grater and family of Ohio,  
 who visited here and vicinity, left  
 Tuesday for a visit at Fond du  
 Lac.

Henry Spoerl received his auto-  
 mobile from Theresa this week,  
 where he had it over-hauled by  
 Fred Jung.

Mr. and Mrs. Ed. Youmans of  
 Byron and Leon Youmans of Fond  
 du Lac called on the J. Vetsch fam-  
 ily Sunday.

Mrs. Walter Schoonover of Rock-  
 ford, Ill., was the guest of the  
 Martin and Rusch families Monday  
 and Tuesday.

Mrs. A. E. Richter of Lomira called  
 on friends here Friday.

Miss Agnes Pohlman, who is vis-  
 iting here from Antigo, visited  
 at Milwaukee over Sunday.

Mrs. S. Weiss of Empire was the  
 guest of the Martin and Rusch fam-  
 ilies Monday and Tuesday.

Mrs. Fred Tilke and Miss Katie  
 Polaski of Milwaukee are spend-  
 ing several weeks with their fam-  
 ily, John Polaski.

Peter Schlaefer spent Tuesday  
 and Wednesday with his brother,  
 Joseph at St. Agnes Hospital at  
 Fond du Lac.

Miss Annie Terlinden returned  
 Tuesday from Thorp and Waupaca  
 after spending the past two weeks  
 there with friends and relatives.

The Misses Wladys Wenzel, Alice  
 Farrell, Irene Klotz, Stella Paas,  
 and Lillie Salter of Eden spent last  
 Wednesday at Schrauth's pond.

Nathan Haessly of Theresa was  
 here last Wednesday with his auto  
 to call for his sister, who had been  
 confined in a hospital at Fond du  
 Lac.

Mrs. Chas. Dickman, who had her  
 foot taken off here some time ago  
 by the cars was operated upon for  
 the third time at Fond du Lac last  
 week Wednesday.

Miss Olive Guenther is visiting  
 at Fond du Lac.

Herbert Martin visited Fond du  
 Lac relatives last Saturday and  
 Sunday.

Mrs. J. Litscher and Miss Vera  
 Litscher returned to Fond du Lac  
 Tuesday.

C. R. Van De Zande and daugh-  
 ters, Lydia and Esther drove to  
 St. Cloud Wednesday.

Emil Wenzel and son of Oshkosh  
 arrived here Thursday to visit re-  
 latives and friends.

The Misses Nellie Farrell and  
 Lydia Van de Zande returned home  
 last week Friday from a visit at  
 North Ashford.

Wallace Ward, John Hendricks  
 Jr. and the Misses Alma Martin and  
 Alice Van de Zande spent Sunday  
 at Long Lake.

John Emmer of St. Paul, Minn.,  
 called on relatives here Saturday,  
 while enroute for his home in St.  
 Kilian.

Farrell & Meixensperger shipped  
 live stock on Monday, and John  
 Van Blarcom of New Prospect  
 shipped a car from here on Wed-  
 nesday.

Dr. M. A. T. Hoffmann and daugh-  
 ter Mary, Leo Hoffmann and Wm.  
 Bonesho were Kewaskum callers  
 Tuesday. The trip was made in  
 the former's auto.

Mrs. John Enders and children  
 returned to Wabeno Monday after  
 spending the past three weeks  
 here with her parents, Mr. and  
 Mrs. John Harter.

The funeral of Gottlieb Piehl,  
 which was held here last week Fri-  
 day, was very largely attended.  
 Services were held at the Reform-  
 ed church with Rev. Landseidel of-  
 ficiating.

Ignatius Klotz, Eldon Romaine,  
 Dr. Fenstermacher, Dr. P. E. Uel-  
 man, Fred Schmidt and Herman  
 Raas and the Misses Maud Salter,  
 Olivia Klotz, Mary Hustung and  
 Sophia Williams spent Sunday at  
 Long Lake.

Bernard Ulrich returned to his  
 home Thursday, after a week's visit  
 relatives in Stratford, S. D.

Henry Braun is having the inter-  
 ior of his hotel newly painted.

Mrs. John Kahut is on the sick  
 list.

Rgina, the six year old daughter  
 of Mr. and Mrs. Stephen Bonesho,  
 died Thursday at 3 A. M. of cere-  
 brae spinal meningitis. The little  
 girl had been a sufferer for the  
 past two weeks and since Sunday  
 her death was expected any mo-  
 ment. Her death is a sad blow to  
 her parents, she being the only  
 child. The funeral was held this  
 (Saturday) morning from the St.  
 Matthews church with interment  
 in the Union cemetery. The sym-  
 pathy of the whole community goes  
 out to the afflicted ones.

**GONE BUT NOT FORGOTTEN.**

Last week Tuesday evening just  
 as the bells were going to ring  
 the close of day, they tolled the  
 sad news that Gottlieb Piehl, one  
 of our respected residents of the  
 town of Ashford had been reliev-  
 ed of all suffering and pain, and  
 had been called to that great be-  
 yond. The deceased had been sick  
 for three months with blood poi-  
 soning and at last gangrene set in.  
 He had reached the age of 58 years  
 10 months and 27 days, deceased  
 was born in West Prussia, Ger-  
 many, September 26, 1859, when 7  
 years of age he came to America  
 with his parents and they settled  
 on a farm in the town of Ashford  
 now owned by Nick Stoffel. In  
 the year 1874 he was united in  
 marriage to Mrs. Augusta Schim-  
 melpennig, their happy union was  
 blessed with three children, of  
 which two survive namely, Helen,  
 (Mrs. Barthol Jaeger) of Ashford,  
 William who resides with his moth-  
 er, also two stepchildren, Lizzie,  
 (Mrs. Phillip Damm) Krause and  
 Henry Schimmelpennig of Dalles,  
 S. D. Mr. Piehl was al-  
 ways a kind and loving husband  
 and father, and will be greatly  
 missed by them, he always had a  
 kind word for everyone he came  
 in contact with, and in turn it  
 showed in what high esteem he  
 was held, when 115 teams formed  
 the funeral cortege, which follow-  
 ed his remains to its last resting  
 place. It was one of the largest  
 funerals ever held in the town of  
 Ashford. The floral tributes were  
 beautiful, one piece being set with  
 the inscription husband, and from  
 his children was the gates afar.

Those from abroad who attended  
 the funeral were: William Piehl  
 and daughter, Mrs. Fred Fox of  
 Marion, Mrs. Frank Krause and  
 August Buettner of Ellsworth, Mrs.  
 Christ Kierig of Fond du Lac.

**CARD OF THANKS.**

We kindly thank our many  
 friends and neighbors who so kind-  
 ly assisted us during the illness  
 and death of our beloved husband  
 and father, and to all who attend-  
 ed the funeral.

Mrs. G. Piehl and children.

**An Interval of  
 Keen Enjoyment**

Is that when you can put aside your  
 work for a time, forget that there  
 even is such a thing and sip the  
 goodness from a glass filled with  
 sparkling

**LITHIA BEER.**  
 Really we believe there is no other  
 beverage that you can partake of  
 with so great a relish.  
 Lithia beer is a boon to the man  
 who works. The human body, be-  
 ing simply a machine, must be kept  
 in good repair for best results.  
 Lithia beer nourishes, tones and  
 strengthens, because of the barley  
 malt and hops it contains.

**Johnston**  
**"Continental" Binder**  
 NOT IN THE TRUST

Three generations of farmers have used the Johnston binder—  
 we have been building them better and better for 58 years—no wonder users call  
 them the "King of Binders."  
 The Johnston Binder has greater strength and more elevator capacity than  
 any other Binder. Roller bearing wheels, folding dividers, right-hand levers in  
 easy reach of the driver, an adjustable reel and back wing, which can be set for  
 any kind of grain under all soil conditions, a trip that never repeats, a knottor  
 that always ties. Every Binder is guaranteed. Built in 4 sizes. The Johnston  
 Binder meets every requirement of the farmer.  
 Write today for our 1909 Library describing the Johnston Farm Tools.
