World's Biggest Musical Production.
 Lew Fields mammoth musical play, "The Midnight Sons," positively the biggest production ever staged, will be the greatest attraction, however, to be brought to Milwaukee this year. It comes to the Alhambra theatre following Mr. Hopper's engagement, opening with the performance on Sunday night, October 9. "The Midnight Sons" has been called "America's neverending Arabian Nights entertainment" and no one should miss the opportunity of telling their grand-children they once saw "The Midnight Sons."
 The original New York production will be brought to Milwaukee, with its cast of 125 people and a special company of vaudeville artists, backed by a record of thirty-six consecutive weeks in New York, twelve weeks in Boston, eight weeks in Philadelphia and several months in Chicago.
 "The Midnight Sons" company travels in a special train of which there are eight baggage cars. One of the scenes that showing the interior of the practical theatre requires ten hours to "set up." The stage crew alone with the company numbers fifty men. There is a chorus of eighty and a supernumerary contingent of 200. Everything has been done on a lavish scale as may be judged from the fact that the piece is pronounced the biggest production ever seen indoors with the exception of the spectacles shown in the New York Hippodrome.
 Included in the ten great scenes in "The Midnight Sons" is the banquet hall of the Hotel Insomnia, the exterior of Richard Noyes' shoe store on Fifth avenue, the interior of the same, concourse at the Grand Central station, the Honey-moon Express, the interior of the Merri Murray theatre, the exterior of the theatre, and the garden fete at the Ponceuponham Hotel, Billionaire Beach, Fla.
 Prices during the engagement of "The Midnight Sons" will be: main floor, \$1.00, \$1.50 and \$2.00; first balcony, 50 cents, 75 cents and \$1.00; second balcony, 25 cents.

Why He Advertises.

A prominent business man of Michigan explains why he advertises and why he uses newspapers for that purpose as follows:
 I advertise in the newspapers because I am not ashamed of my goods or my work and to let the people know about myself, my store and my stock; because I cater to the intelligent class, and they read the papers, and I believe in increasing my business; because I can talk to more people through the newspapers at a greater distance in less time at a more reasonable price than any other way; because my newspaper advertising has brought me greater returns for the least expenditure of any advertising I have done; because when I write an ad. I am not too stingy to pay for and placing it in the best possible medium or to have it inserted so it is attractive; because I know my ad. is seen and read by every one in the house where the paper goes.
