Locks 50 Cows As Easy As One

Adjustable To Every Size of Stock.

You can stand at one end of a row of 50 cows, throw a single lever, and lock them all in their stalls.

ions, or release them—if you use West Bend Swinging Stanchions and Cow Stops. With the same equipment you can release any cow or lock her in separately. It's the greatest idea of the kind ever conceived. With this equipment you can lock in or release, 50 cows in the same time you would ordinarily spend on one cow, with ordinary equipment.

They Can't Get Their Heads In Wrong
The West Bend Automatic Cow Stop prevents the animal passing its head any place but the right one. West Bend Barn Equipment costs no more than the "other kind"—but there is no comparison between them.

See the West Bend Line Before You Place Your Order
Come in—let us explain all the fine features of the West Bend line. If you like, we'll lay out a complete plan—show just where everything goes—and this service does not obligate you in any way. All we ask is an opportunity to figure on your job of barn equipment. If we can't show you how to get bigger value for your money, we can't expect your order. That's fair, isn't it?

The West Bend Line is complete, including Stanchions, Stalls, Bull and Calf Pens, Feed and Litter Carriers, Watering Systems, Barn Ventilators, etc. We can equip any barn, large or small.

THE GOOD JUDGE AND THE LOCKSMITH.

JUDGE, I'VE FOUND THE KEY TO TOBACCO SATISFACTION—W-B CUT THE REAL TOBACCO CHEW.

RIGHT YOU ARE, MR. SMITH—IT OPENS THE DOOR TO LESS GRINDING AND SPITTING.

THAT'S WHAT I NEED.

AFTER the first trial of W-B CUT Chewing many men are quite surprised to find that the key to chewing satisfaction lies in a small chew.

A little chew satisfies because W-B CUT Chewing is rich tobacco.

Your dealer can let you have a 10 cent pouch—and then you, too, can enjoy the comfort of W-B CUT Chewing.

Notice how the salt brings out the rich tobacco taste.

If You Are Deaf Read This

Lip Reading teaches the eye to hear. This study is easily acquired through our complete Correspondence Course by learning to read the speaker's lips. You can enjoy the comforts of conversation with embarrassment—throw away all mechanical hearing devices and re-enter society. A good lip reader seldom betrays his deafness to a stranger. Send \$1 for outline of study, first lecture and lessons. Address: School of Lip Language, Kansas City, Mo.
