

ITEMS OF INTEREST FROM OUR COUNTY SCHOOLS AND LOCAL SCHOOLS

EDUCATIONAL LISTENING POST

President Coates, State Normal School, Richmond, Ky., says: "The trouble with the rural problems is that the average farmer and the average rural teacher looks upon the rural school as a little house on a little ground, where a little teacher at a little salary for a little while teaches little children little things."

We were in the Frank Morey stock barns recently perfectly arranged electric lighted, screen-doored, scrupulously clean, modern-right up to the minute place for high grade Guernseys. A few miles from there by the side of the road was the Dist. No. 3, school building built in 1849.

In the reports sent in by district school teachers for September we note that the per cent of attendance runs from 66 to 94. The Mayfield school taught by Miss Floretta Senn had the highest per cent of attendance.

The superintendent and supervising teacher made 39 visits to schools during the month of September. In the field work many conferences were held with school boards.

The following children have been neither absent nor tardy: Norbert Becker, Florence Greve, William Klein, Lorinda Meinecke, Myron Perschbacher, Dorothy Dana, Elizabeth Quade, Ella Klein, Marvin Martin and Erna Quandt.

County Agent Geo. Blank has been instrumental in securing the interest of 48 boys and girls in the pure bred pig club. To date 38 of those are to exhibit their pigs at the county fair this week.

It is a fine meeting, said an older resident of the Orchard Grove school district at their community meeting in the school house last Friday evening.

Perfect attendance certificates for the first month were issued to Ethel Kollnow, Elizabeth Martin, August Poth, Johnny Wedding, Fred Wedding.

Mrs. Katherine Ketter, one of the village of Campbellsport's pioneer settlers died at her home in Campbellsport last Saturday morning at the age of 61 years.

Teachers often ask what shall I do to interest the people of my district in our community meeting. Many community meetings fail because the programme lags.

I hereby retract all that I have said against Alfred Klog.—Fred Klein.

any school work. Spelling down is as interesting as it used to be. Have your boys salute the flag. Have everybody led by the children salute the flag.

HIGH SCHOOL NOTES

Leander Koepke was absent from school Friday and Monday.

The Ancient History class is studying about the Ancient Greek heroes.

Some of the students of the class in American Literature gave reports on Bryant's poems last Monday.

There was no school on Wednesday on account of the great number of students who went to the County Fair at West Bend.

GRAMMAR ROOM

The Eighth grade history class has finished the work on "The Making of the Constitution".

The following have been our visitors: Mrs. Don Harbeck, Mrs. E. C. Miller, Miss M. M. Roetha and Miss Olga Haug.

Some interesting topics on Europe were given by the members of the Seventh grade Geography last Thursday and Friday.

Clarence Kudek entered last week as a member of the eighth grade. This makes an enrollment of twenty-three pupils for the entire room.

The following children have been neither absent nor tardy: Norbert Becker, Florence Greve, William Klein, Lorinda Meinecke, Myron Perschbacher, Dorothy Dana, Elizabeth Quade, Ella Klein, Marvin Martin and Erna Quandt.

INTERMEDIATE NOTES

Malinda Raether visited our room last Wednesday.

The Fifth grade pupils are studying the poem, "October's Bright Blue Weather".

Two new pupils entered school on Monday which makes the enrollment thirty-eight.

The pupils who were neither absent nor tardy during the month of September were: Marc David Rosenheimer, Maude Hausmann, Lucinda Martin, Elvrena Becker, Rosella Haug, Nettie Kludt, Grace Krahn, Alpha Meitman, Charles Miller, Irene Backhaus, Norma Knoeble, Arnold Meikahn, Barney Ramthon, Sarah Stark, Roman Keller, Frankie Groth, Allen Miller, Wesley Haug, Reuben Schaefer.

We have now twenty-nine pupils enrolled in our department.

Miss Mae Raether visited with us last Wednesday afternoon.

Perfect attendance certificates for the first month were issued to Ethel Kollnow, Elizabeth Martin, August Poth, Johnny Wedding, Fred Wedding.

DEATH OF MRS. KETTER

Mrs. Katherine Ketter, one of the village of Campbellsport's pioneer settlers died at her home in Campbellsport last Saturday morning at the age of 61 years.

Teachers often ask what shall I do to interest the people of my district in our community meeting. Many community meetings fail because the programme lags.

I hereby retract all that I have said against Alfred Klog.—Fred Klein.

EX-CONGRESSMAN CHARLES H. WEISSE KILLED BY FALLING WALL AT HIS HOME IN SHEBOYGAN FALLS, WIS.

CHARLES H. WEISSE

Former Congressman, C. H. Weisse of Sheboygan Falls, was instantly killed on Wednesday, when a wall in the ruins of his tannery which was recently destroyed by fire, fell upon him.

Mr. Weisse, who was president of the plant in company with several other officers of the plant had gone to the ruins on an inspection tour, and while he was watching a crew of men clearing away the debris, a wall which had been left standing, and which was thought to be safe, without warning of any kind suddenly fell upon him, burying him beneath same.

"I SUFFERED, I CAME TO YOU AND WAS CURED"

The above statement was made by one who had suffered from a chronic disease which other doctors failed to even help, he came to Dr. Karass, was treated and is now well.

GOOD NEWS

To those who use carbide or that may use it in the future is that carbide is now being used so extensively, and the result is that you can buy it for less money now.

Mr. Weisse was 52 years of age. He was a prominent man in politics. He served eight years in congress being elected to that responsible office in 1903, on the Democratic ticket.

Mr. Weisse was also one of the owners of the "The Daily Press" at Sheboygan.

CARD OF THANKS

We wish to express our most heartfelt thanks to our friends, relatives and neighbors who so kindly assisted us at the death of our dear son and brother Edward, for the kind words of sympathy spoken and to all those who attended the funeral.

AMUSEMENTS

Sunday, Nov. 2—Grand Opening dance in the Opera House, Kewaskum. Music by the celebrated Pat. Netzel orchestra.

KEWASKUM'S NEW INDUSTRIES RAPIDLY GAINING GROUND

Kewaskum's new enterprises are rapidly materializing, and the dream of large factories to be built here, to help our beautiful little village move along with the thrift of times, is fast and assuredly molding into facts.

Last Sunday the stock holders of the Aluminum factory received the approval of the Secretary of State in filing of articles of incorporation for an aluminum factory to be built here.

The company commenced operations this week, in the former Ed. Westerman building, located on Fond du Lac Avenue, which has been rented for use until their new factory building, 60 x 200 feet is completed.

On Thursday evening a stockholders meeting was held in the Bank of Kewaskum, at which time the company organized and the following directors were elected: A. L. Rosenheimer, B. H. Rosenheimer, D. M. Rosenheimer, Dr. N. Edw. Hausmann, Wm. F. Schultz, Geo. Petri and N. W. Rosenheimer.

OTTO BRAUN TAKES BRIDE

The marriage of Otto A. Braun, son of Mr. and Mrs. George Braun, of Calvary, to Miss Gladys M. Longdin, daughter of Captain and Mrs. S. H. Longdin, of 37 Doty street, Fond du Lac, was solemnized at the St. Francis church at Cedarburg at 7 o'clock on Thursday morning.

The bride wore a brown silver-tone suite, trimmed with Hudson seal, and a picture hat of brown. She wore a French bouquet of Ophelia roses and carried a gold rosary.

The bride is a former student of St. Mary's Springs Academy. She was a member of the Woman's Motor Corps formed by the executive board of Fond du Lac Chapter of the A. R. C.

Mr. Braun is well known here, for a number of years, prior to his going to war he made his home in Campbellsport, and frequently came to this village assisting in spatter work.

LOMIRA TO HAVE FURNITURE PLANT

As soon as the necessary material can be secured, a furniture factory will be erected at Lomira. Two acres of land have been purchased from Alfred Klein, located north of the Soo Line Station.

The Nicholas Remmel machine shop and foundry which was purchased a few weeks ago, by local capitalists, received their incorporation papers on Tuesday of this week, and will commence operations at once.

A meeting of the stockholders was held on Friday evening at which time officers and directors for the new corporation were elected.

The Theresa Union Telephone Company, who purchased the former Dave Casey property on Main street a few months ago, have razed some of the buildings on said property, and a new foundation for a garage has been completed.

IVES CASE TRANSFERRED TO WEST BEND

The case of Raleigh A. Ives, who was tried in a jury trial in Fond du Lac last spring, and in which case the jury could not agree, for the killing of Herbert P. Loehr of Fond du Lac, has been transferred to West Bend from Green Lake County.

Proceedings of the court said: "Upon consideration of both said affidavits and motions it is now ordered that the place of trial of said action is hereby changed to Washington County."

Shortly after the jury could not agree the defense made an affidavit to have the case transferred from Fond du Lac county to Green Lake county, where it was to have been heard beginning October 13.

HAS SECOND CROP OF RASPBERRIES

Mrs. Martin Krahn of Beechwood, has a raspberry patch which is growing its second crop of the season. While in her garden one day this week she noticed a number of ripe raspberries and a large number of blossoms on the bushes.

WILL GIVE A BAZAAR

The Kewaskum Woman's Club is planning a bazaar on December 11, 1919 for the benefit of the public school. Everyone responded so generously to the library fair, we are hoping this bazaar will prove as big a success. All contributions will be appreciated.

Your New Home

should be made artistic, sanitary and livable.

These walls should be Alabastined in the latest, up-to-the-minute nature color tints. Each room should reflect your own individuality and the treatment throughout be a complete perfect harmony in colors.

The walls of the old home, whether mansion or cottage, can be made just as attractive, just as sanitary, through the intelligent use of

# Alabastine

Instead of kalsomine or wallpaper

How much better, when you have a new home, to start right than to have to correct errors afterward from former treatment with other materials, when you come to the use of Alabastine, as does nearly every one sooner or later.

Once your walls are Alabastined you can use any material over it should you desire, but having used Alabastine you will have no desire for any other treatment.

Alabastine is so easy to mix and apply — so lasting in its results — so absolutely sanitary — and so generally recognized as the proper decorative material in a class by itself that it is becoming difficult to manufacture fast enough to supply the demand.

Alabastine is a dry powder, put up in five-pound packages, white and beautiful tints, ready to mix and use by the addition of cold water, and with full directions on each package. Every package of genuine Alabastine has cross and circle printed in red.

Better write us for hand-made color designs and special suggestions. Give us your decorative problems and let us help you work them out.

## WISCONSIN STATE NEWS

**La Crosse** — The county appropriated \$10,000 for the repair of the roadway leading through the town of Holland to the McGillvray bridge. This action, it is believed, will end a controversy of 15 years between Trempealeau and La Crosse counties over responsibility for the upkeep of the bridge and road, long since condemned and for years impassable. Trempealeau county will be expected only to repair the approach of the bridge on its side of the structure.

**Fond du Lac**—Judge C. A. Fowler took the lives murder case away from Green Lake county and sent it to West Bend, Washington county, to be tried by Judge Martin L. Lueck. His action was the result of an affidavit of prejudice filed by the defense against Judge Fowler. The first trial, in Fond du Lac, resulted in a disagreement. A change of venue was then granted to Green Lake county.

**Kenosha** — Acting on orders from Atty. Gen. Brundage, Illinois, officials of Zion city will set fire to \$100,000 worth of beer confiscated by them during raids on beer trucks passing through the city. The event will take place the first week of November and will be the largest celebration the city has ever known. Dr. Drys from miles around Zion City will gather for the conflagration, it has been announced.

**Kenosha**—Payment of \$35,000 has been made toward the purchase of the Penoyer sanatorium, which will replace the present St. Catherine's hospital. The remaining \$35,000 of the purchase price was covered by a mortgage. The hospital will be closed for ten days for repairs and improvements, including installation of a modern operating room.

**Madison**—Hevige Heiss, a minor, is suing the Standard Oil Co. of Indiana, for severe and permanent injuries in his hand and leg, caused by an explosion of gasoline in the basement of the company's station. The suit alleges carelessness and negligence of the agents, who permitted a fire in the furnace while gasoline was being used to clean the floor.

**Madison**—Gov. E. L. Philipp appointed Gen. Charles King, Milwaukee; Myron E. Keats, Oconomowoc, and John Reese, Dodgeville, as members of the Wisconsin war history commission to chronicle the part played by the Badger state in the winning of the war. The appointments were made pursuant to a measure passed by the 1919 legislature.

**Superior**—Despite the handicap of the strike, Superior docks shipped 2,040,518 tons of ore last month, an increase of more than 64,000 tons over the same period of last season. With the three local dock systems working, and only one showing a decrease for the month it is believed that the season will go far ahead of 1918.

**Manitowish**—Daniel Tracy, 76, assemblyman from the First district in this county, in 1887, died at his home here. He leaves no relatives except his aged widow. The funeral was held at Osman, the former family home. Tracy was a hotelkeeper in this city for 30 years and retired two years ago.

**Madison**—To meet calls for veterinary training from Wisconsin's returning soldiers, the state board of education asked the university to establish the first two years of a course in veterinary medicine. No institution in the state has been training men to enter the veterinary profession.

**Green Bay**—What looks like an effort to defeat the purchase of a municipal dock site is seen in a petition submitted to the city commission with request that the question of issuing bonds for purchase of the dock property be submitted to a vote of the people at a special election.

**Antigo**—Approximately 300 carloads of potatoes have been shipped from Langlade county this season. A large part of the crop is still in the possession of growers. Some excellent yields are reported, instances where the crop has paid for the land being comparatively common.

**Madison**—A total of 6,500 students have enrolled at the university, 1,300 above the mark reached by the largest previous enrollment in 1916. Students are still applying. The rooming crisis has been successfully met.

**Eau Claire**—Fire, believed to have originated in a hotbox, consumed the Chippewa Consolidated Construction and Manufacturing Co.'s plant. The loss is \$30,000. The Steinmetz building, a foot away, was uninjured.

**Janesville**—Rock river, which flows through the center of the city, was making a boisterous run and a raise of sixteen inches, following the heavy and frequent rains of the week, was recorded by Alonzo W. Woodworth, chief engineer of the electrical plant at the dam.

**Menasha**—This city will entertain its first international convention in September, 1920. Menasha has been selected as the place for the 1920 gathering of members of the International Association of Electroyters.

**Madison**—All funds in the state treasury on Oct. 1 totaled more than one million less than the balance on hand Sept. 1. State Treasurer Henry Johnson announced that on Oct. 1, \$4,162,077.80 was in the treasury as compared with \$5,528,214.79, a month ago. Receipts during September were \$844,455.11 and disbursements were \$2,210,752.10. In the general fund on Oct. 1 was \$2,659,926.83 in comparison with \$3,780,320.58 on Sept. 1.

**Janesville**—"Hog cholera is prevalent on farms in the vicinity of Janesville, and unless immediate steps are taken to prevent spread, many farmers will lose valuable herds," said Dr. J. T. Purcell, Madison, after investigating disease on seven farms east and south of this city. He strongly advised vaccination of the animals. The epidemic can be prevented, but hogs afflicted with the disease are incurable.

**Madison**—A hearing will be held here Oct. 14 by the railroad commission to investigate the long distance rates of the Wisconsin Telephone company. When the federal government took over the company, its toll rates were increased about 25 per cent. Wisconsin protested, but lost in the courts. Now that the company has been turned back, an action will be started to reduce the rates again.

**Grand Rapids**—Arnold Klopfel and Julia Randall, who originally came from Marinette, were sentenced to a year and a half at Waupun, respectively, by Circuit Judge Park. According to the couple, Mrs. Randall deserted her husband and six children at Marinette to join Klopfel at Appleton. Later they came to this city and from here went to Marshfield, where they were arrested.

**Kenosha**—A clue to operations of a ring of six thieves who have been robbing box cars in Chicago has been discovered in a Kenosha shoe store where 104 pairs of shoes were purchased by the proprietor for \$2 per pair. The salesman gave his name as Carl Dean. The shoes are worth \$15 per pair. Chicago detectives estimate the value of all goods taken by the gang at \$200,000.

**Madison**—Rural telephone rates of the Reedsburg Telephone company have been ordered increased by the state railroad commission from \$4.05 to \$4.75 per quarter, subject to discount provision now in effect. Moving charges of \$1 for interior moving, \$2 from building to building and \$3 for moving outside city were authorized. A reconnection charge of \$1 is granted.

**Kenosha**—Kenosha county's proposed new courthouse got another big setback when the county board was forced to lay over the letting of contracts to the November meeting because all bids were far above the price set by the architect. The lowest bid was for more than \$1,000,000 with a possibility of the price running near the \$2,000,000 mark.

**Manitowish**—George Brothers and eastern capital are to give Manitowish a modern opera house with seating capacity of 1,500 to 2,000. The building will be erected on the site of the George Brothers store and on property to the rear. The cost is estimated at \$150,000. Work will be started immediately.

**Neenah**—Stockholders of the Neenah Auditorium Co. adopted a resolution authorizing the directors to deed the Neenah Theater building, valued at \$30,000, to the Neenah club, and providing for the dissolution of the Neenah Auditorium Co. The club agrees to maintain the theater as a place for public amusement.

**Oshkosh**—A. H. Kargus and son, Interwald, Wis., will establish a silver-black fox farm on a 60-acre tract in the town of Algoma, Winnebago county. Mr. Kraus owns 12 foxes, six pair of a cross between silver and black fox, valued at \$15,000. Each pair is said to produce a litter from one to ten foxes a year.

**Neenah**—Coming to his boyhood home to say good-bye on the eve of his departure for France, Maj. E. W. Austin, regular army, arrived just in time to attend the funeral of his mother, the late Mrs. William Austin. News of his mother's death did not reach Maj. Austin until his arrival.

**Madison**—Commissioner of Banking Marshall Cousins has approved the articles of incorporation of the Bank of West Deperre. Capital, \$50,000. Incorporators, E. J. McGeehan, John Hermes, E. T. Abendroth, John Roffers, Peter Baiten and L. W. Scheuring.

**Medford**—William Zenner, Gilbert Srebbig and John Bauer won in the order named at the annual plowing contest in the town of Hamuel, Taylor county. The first prize is a purchased bull calf. Demonstrations by farm tractors showed successful work.

**Neenah**—Farmers' Equity societies of Winnebago county plan to invade the local retail field by establishing a general store in this city. A site for the proposed store has been obtained.

**Madison**—Sixty wounded soldiers from Wisconsin have been sent by the government and entered in the college of engineering at the University of Wisconsin. They are in a course laid out by the board of education of the United States government. It is along vocational lines and open only to wounded soldiers.

# Too Ill to Work

## Scores of Women

in homes, stores, offices and factories are not fit to be at work. They toil on day after day and year after year suffering with distressing weaknesses and derangements, hoping against hope that they will soon feel better, but how can they hope to do good work or escape permanent invalidism?

Such women are in danger of derangement of women's functions. They owe it to themselves to try that good old fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American Women to health and strength.

**Here is a Notable Example**

Joplin, Missouri.—"I took Lydia E. Pinkham's Vegetable Compound to see if it really would do as it was advertised and it sure did, and more. I was weak and could not do much work, had bearing down pains and had to go to bed. I learned about the Vegetable Compound from my mother and my husband told me to get it. After taking one bottle I was able to be on my feet most of the time and do my work again. I have a baby eleven months old and I have done all my own work, even the washing and ironing since she was three weeks old. I certainly recommend your great medicine to everyone who complains of female trouble and I am more than willing for you to use my testimonial."

—Mrs. TIMOTHY GRANEY, 426 Connor Ave., Joplin, Mo.

**And Another**

Chicago, Illinois.—"I suffered for four years with pains in my sides, hips and legs and a terrible backache. I could not do any work at all. I was treated by many physicians but they did not help me. I read in one of your books where other women have been helped by Lydia E. Pinkham's Vegetable Compound, so I tried it and it helped me very much so that now I can do everything in the house. I have told my friends about Vegetable Compound and you have my permission to use this letter."

—Mrs. I. OVENSTEIN, 902 S. Marshfield Avenue, Chicago, Ill.

## Encouraging Bolshevism

Everything that falsely encourages unrest also encourages bolshevism.

Misunderstanding of American industrial organization, and of its benefits to mankind, leads to unrest, dissatisfaction, and radicalism.

For example, the Federal Trade Commission tells the public that the large packers had an agreed price for lard substitute (made of cotton-seed oil).

It reproduces letters taken from the files of one of the packers, showing that such agreed price existed.

But it failed to mention that the agreed price was determined at the request of and in co-operation with the Food Administration!

Even the Department of Justice, in its unjust attempt to create prejudice against the packers, has made public these same letters, with no explanation.

How long must this kind of misrepresentation continue? In so far as it is believed, it not only breeds discontent, but results in injustice to our industry.

### WASHINGTON COUNTY TO HAVE FREE DEMONSTRATION CLINICS

Washington county has been selected as one of the counties in the state where free demonstration clinics will be held weekly under the direction of the Wisconsin Anti-Tuberculosis Association. The first clinic will be held Saturday, October 11th, at the Commercial Club Rooms in West Bend from two o'clock until five, when heart and lung cases will be examined free of charge for all people presenting themselves at the clinic. The purpose of the clinic campaign, which is being conducted in various parts of the state is to give opportunity for expert diagnosis and advice to the people, who have tuberculosis, to people who have been in contact with persons suffering from consumption, or who have symptoms which point to the need of a chest examination. The project is financed by funds raised through the sale of Red Cross seals, which entirely support the Wisconsin Anti-Tuberculosis Association.

Clinics will be held in West Bend and Hartford on alternate Saturdays, the first and third Saturday at the latter place, and the second and fourth at West Bend. Among the examiners who will conduct the clinics are: Dr. Oscar Lotz, medical director for the Wisconsin Anti-Tuberculosis Association and Red Cross in the department of draft rejects and discharged soldiers, and Lawrence G. Sykes, assistant medical director for the Northwestern Life Insurance Company.

While Washington County is among the first in the state to have weekly clinics, several communities have held one and two-day demonstration clinics. The communities that have had this clinical service, have been so awakened to the value of the work in saving lives through the early diagnosis of the disease, that several of them have established permanent public health dispensaries. Among them are: Douglas, Marathon, Ashland, Iron and Bayfield counties. In Fond du Lac over 250 people were examined on the days of the free demonstration clinic and the examiners have been similarly busy wherever the clinics were held. Physicians have been especially interested in the clinics and have brought cases in for consultation with the examiners.

Washington county is fortunate in securing the weekly clinical service and much credit for its establishment goes to Miss Olive Sewel, county nurse, who with the co-operation of other people interested in bettering health conditions has made arrangements for the work.

### Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by an constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

### CAN NOW EAT AND SLEEP IN COMFORT

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight in my stomach. I was very constipated and my complexion became dark, yellow and mouldy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well."

**The Powerful, Economical  
 Wallis Motor!**

"**W**ILL it deliver the power I need?" "Can it stand heavy work?" "Can it be operated economically?" These are questions which must be answered before you purchase a tractor.

Engineers brought about the successful use of the aeroplane by decreasing the weight of the motor and increasing its efficiency.

The Wallis engineers realized this principle years ago. They designed the most powerful tractor for its size. The Wallis motor is of the four-cylinder valve-in-

head type, ready to develop fifteen horse power at the drawbar or twenty-five on the belt at any time.

Removable cylinder sleeves, enclosed working parts, dust-proof motor head, 2 1/2 inch chrome vanadium steel crank shaft, etc., are but a few features of the Wallis Motor which we would like to tell you about.

If you are considering purchasing a Wallis, we advise placing your order with us immediately.

**ANOTHER BIG U. S. PAY DAY  
 OCTOBER 15th.**

Another one of Uncle Sam's big pay days comes on October 15. Then you again will have an opportunity to clip your Liberty Bond coupons and re-invest the interest in another form of Government security—War Savings Stamps or the new Treasury Savings certificates. Interest on Liberty bonds to the total amount of \$78,102,249.28 will be paid by the Treasury Department on October 15.

Keep your dollars working for you. That is what the wise investor does, and with the purchasing power of the dollar lower than it ever was, it is the part of wisdom to keep your income increasing until money is worth more. You can do that by re-investing your Liberty Bond interest in War Savings stamps which pay four per cent interest compounded quarterly.

The procedure is easy. All you have to do is to take your Liberty Bond coupons to any postoffice and almost any bank and exchange them for War Savings stamps, which are non-depreciable and non-fluctuating. In case you ever need the money, you always can cash them at any postoffice on ten days' notice. Each purchaser of War Savings stamps gains sure profit and insurance for the future. The Government gains some money and assures and stabilizes its financial safety and prosperity by assuring the financial future of its citizens.

Following are Uncle Sam's other pay days this year and the amount of Liberty bond interest it is possible to re-invest in War Savings stamps:

November 15.....	\$148,517,248.75
December 15.....	\$36,658,376.65
December 15—5th Loan	106,875,000.00

Don't forget these dates. Go to a postoffice or bank and put your Liberty bond coupons in War Savings stamps.

**FOR ECONOMY, SERVICE, DURABILITY**

A better light for your house and barn, at a saving of from \$300 to \$500, by buying direct from the oldest and largest manufacturing company in the business; and guaranteed by them and with a good many plants right in your neighborhood. Some in use over fifteen years without spending a cent for repairs. There are hundreds of thousands of satisfied users in the United States alone. There is no experimenting with the farmers' money or an unnecessary dealer's profit.

These plants are only sold by a bonded man, sent out by the company and no dealer can make a cent on them. Can I have the pleasure of giving you more information or an estimate without any obligation on your part? Look for other ads.
