### Catarrah Deafness Cannot Be Cured

by local applications, as they cannot  
reach the diseased portion of the ear.  
There is only one way to cure catarrah  
deafness, and that is by an constitu-  
tional remedy. Catarrah Deaf-  
ness is caused by an inflamed condi-  
tion of the mucous lining of the Eu-  
stachian Tube. When this tube is in-  
flamed you have a rumbling sound or  
imperfect hearing, and when it is en-  
tirely closed, Deafness is the result.  
Unless the inflammation can be re-  
duced and this tube restored to its normal  
condition, hearing will be destroyed  
forever. Many cases of deafness are  
caused by catarrah, which is an inflamed  
condition of the mucous surfaces  
Hall's Catarrah Medicine acts through  
the blood on the mucous surfaces of  
the system.

We will give One Hundred Dollars  
for any case of Catarrah Deafness  
that cannot be cured by Hall's Catarrah  
Medicine. Circulars free. All Drug-  
gists, 75c.

Cabinet Will Run the U. S. During His Illness. FOLLOWS GARFIELD ACTION

Washington, Oct. 15.—The cabinet met and prepared to assume as many as possible of the activities of President Wilson for the remainder of the period of his illness.

PIE, THE POPULAR DESSERT. In spite of the fact that pies and pastry have been condemned as indigestible, the sentiment has never been passed upon them.

DATE CUSTARD PIE.—Cook a third of a pound of dates, washed and stoned, with two cups of milk in a double boiler.

PRUNE PIE.—Soak three-fourths of a pound of prunes in cold water, stew until tender, cool and stone.

What's the Repartee? "Pa, what is repartee?" "It is, as a rule, an insult with a dress suit on, my son."

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything."

Bad Sickness Caused by Acid-Stomach. If people realized the health-detracting power of an acid stomach—the many kinds of sickness and misery it causes—the lives it literally wrecks—their efforts against it as carefully as they do against a deadly plague.
