A Dozen Good Reasons Why Your Engine Should Be An INTERNATIONAL

(1) It does all kinds of work cheaper and easier than it can be done by hand. (2) It is backed by a Company that is in business to stay. (3) It is simple in construction and has few wearing parts. (4) It is a safe engine—fuel is pumped to mixer, excess is returned to fuel tank. (5) FOUR piston rings hold compression perfectly. (6) It is reliable—you can depend on it to do your work when you want it done. (7) A farmer—his wife or his boy can operate it with ease and safety. (8) It is economical—at cuts your fuel bills in half because it operates on KEROSENE. (9) The flywheel keys are so protected that they cannot catch clothing. (10) Ignitor points are easy to get at—easy to adjust. (11) All working parts are readily accessible and all are thoroughly oiled. (12) It can be equipped with speed reducing gear for operating small machines—the small engine can be mounted on hand trucks, the large on horse trucks. Made in three sizes, 11, 3 and 6 Horse Power. Just the engine for running your FEED MILL, PUMPING YOUR WATER, running your CIRCLE SAW and the hundreds of other small jobs about the farm.

A Visit to Your Old Home Town

Don't you wish you could make one? But, of course, you haven't the time. It's a fast world! And it's a long, expensive trip. Perhaps, some day!

But just as often as not, "some day" never comes. And you have to be content with just sending your memory back on a sky-larking trip among the ghosts of yesterday.

However, those "ghosts" are very much alive, chances are, and are doing a lot of interesting things you'd like to know about. True, you may be getting letters regularly from mother or father, or sister or brother—but they seldom, if ever, mention good old Tom, Dick or Harry. What of them? Somebody knows!

You bet somebody knows! That "somebody" is the KEWASKUM STATESMAN, your Home Town Paper. Why, it's got stories about Tom, Dick and Harry today. You ought to keep in touch with them—and you can! It's easy!

Letters to the Editors

The Kewaskum Statesman, which always tries to keep abreast of the times, are planning on a novel stunt to put before the readers of this newsy paper, in the form of weekly letters written by the readers and their friends. These letters received weekly from different communities will add greatly to the interest in the Home Town Paper, and with the nearly co-operation of our multitude of readers, the coming of this paper will be looked forward to with keenest delight. All contributors, however, are warned against personal jokes, stories of an injurious character and articles of an advertising nature. Do not write long letters or stories as we would prefer to run as many letters as we can in the column each week. Sign your name to all letters. We will not publish names if requested not to.

LET'S GO!

Here is a chance for each and every one of you to become an active contributor to one of the best little weeklies in the state. Start the ball rolling and see what a marked improvement it will make in community co-operation.
