## BLAINE MUST APPOINT SIX SHERIFFS

Madison, Wis., Nov. 24—Appointment of sheriffs in six Wisconsin counties will be made by Governor John J. Blaine, following the action of electors in the recent election in giving the present incumbent the majority for reelection. The sheriffs ran to succeed themselves in the hope that the constitutional amendment allowing such succession also before the people in the same election would be passed. It was defeated however, and the "re-elected" ones can't qualify. The counties in which the sheriffs can't qualify are: Dodge—George F. Hall, LaFayette—Frank H. Webster, Marinette—J. J. Doberstein, Pepin—W. E. Paul, Sawyer—F. L. Clark, Washburn—James A. Johnson.

## BULL GUARDS MOONSHINE STILL

The injunction "tie your bull outside" was followed by federal prohibition agents late Monday, when they raided the farm of Paul Biefeld, two miles southeast of DeLafield, and seized a 50-gallon still and 100 gallons of mash. Information had come to the authorities that Biefeld was manufacturing moonshine. Two federal agents, accompanied by Arthur Moran, a Waukesha county deputy sheriff, went to the farm. After a thorough search had failed to reveal any trace of a still, one of the officers noted a trap door on the floor of the bull pen in the barn. Before the door could be raised, the bull had to be lassoed, taken from the pen and tied to a stanchion. Raising the door, the officers saw an incline leading below to a circular chamber, which had been made by walling in a portion of the basement of the barn. Here they found a still as large as the one seized in the vicinity of Milwaukee recently. The underground room was 30 feet in diameter and six feet deep. It was equipped with electric lights and running water.—Hartford Times.

SOME FRUGAL PUDDINGS

One of the simplest to prepare and also one of the most wholesome for children is the old-fashioned Minute Pudding.

Kiss Pudding—Put two cupsful of milk into a double boiler with the yolks of two eggs that have been well beaten.

Fifteen-Minute Pudding—Take one cupful of flour, one teaspoonful of baking powder and one-half teaspoonful of salt.

POINTS FOR HOUSEKEEPERS To remove fruit stains there is nothing better (and perfectly harmless to cloth) for this purpose than lemon juice.

To remove stains from the hands lemon juice of vinegar mixed with corn meal is a fine agent to not only take off discolorations, but will make the hands smooth and soft.

Rose geranium leaves laid in the cake tins under the greased paper will give a delightful flavor to layer cake.

Wash hair brushes in hot water to which baking soda has been added.

Stiffen will be the bristles. When making ginger cookies, fruit cake, spice cake, or any dark cake, use cold coffee for the liquid.

One can prepare tomato catsup or chili sauce as it is needed, using canned tomatoes.

A skeleton rattled violently in Agnes Worthington's closet.

As Agnes sat pondering, a little girl ran out of the house after a highly rouged mother, who stepped into a waiting touring car containing a gay party.

Turning to an oak table, she produced a rather cheap grade of letter paper, smiling ruefully as she recalled the correct stationery with which she was wont to address the man in question.

"My dear Agnes! It may surprise you to hear from me after my apparent indifference of the past two years. I have never been indifferent, and my attitude after Ed died was due to another feeling.

Still, they were surprised and glad that Mrs. Goose and Mr. Gander had a little of the Christmas feeling, for so often they were cross.

"Merry Christmas," said Brother Bacon.

"Merry Christmas," said Sammy Sausage.

"Merry Christmas," said Grandfather Porky Pig.

Tell Me Again

Tell me again the story that you told when we both were young! The stars were up in a glow...

The First Christmas

By Dennis J. Knoch, in the Wisconsin Farmer

"Merry Christmas! Merry Christmas! Rings the heavy, deep-toned bell, As all the world gives back the answer: 'A Merry Christmas, and all is well!'"

At this time the ruler of the Roman Empire, Augustus Caesar, required all persons to pay taxes for the upkeep of the Empire. Joseph was a descendant of King David.

What Do You Want?

By Christopher G. Hazard

WHILEN the boy passed the baker's shop on his way to school, he used to look with longing upon the display of pies and cakes and resolve in his heart that if fortune should over-bless him with means he would have enough of a feast for once.

What do we want now? Not what we used to want. Not more pie, not more candy, not more toys, not even more money.

How would you like to recover that lost art of imagination? How would a large investment in hope pay you?

SPIRIT OR SOUL OF THE OAK

Mysterious Mistletoe, Growing From Sturdy Tree, Looked Upon By Druids as Holy Thing.

THE mistletoe season draws near. Many bouquets or pendents of this mysterious and beautiful plant will be torn from oaks and other trees and suspended from chandeliers and doors.

Many myths are associated with the mistletoe. The Druids of Britain looked upon it as a holy thing. To them the oak tree had a strong religious significance.

The old herbalists regarded the mistletoe as a thing having remarkable therapeutic properties. It was held to be good for epilepsy and for various convulsive "distempers."

The mistletoe is a plant parasite and yet not altogether a parasite. Though it would rather live off of the tree, it was the means of self-support.

It fastens itself upon its host, penetrates its tissue and draws nourishment from it, often deforming it and sapping its vitality. Yet the mistletoe is a green, leafy plant; that is, it possesses the green pigment, chlorophyll, which gives the green color to normal vegetation.

The Christmas Wreath

Glad wishes for friends are the green wreaths we may hang in the windows of our Christmas room.

Hopes for another year are the candles we light on the table. New plans are the fruit to deck the board, and very likely there will be a guest or so to share them.

Think of the Fire of Purpose you may light on your hearth! Think of the glow and warmth it will cast over you!

Think of the castles and dreams you crowded out of your heart because you were too busy; the fine, adventurous ones; the funny ones you have laughed over all to yourself; the shy ones you would not reveal to a soul at any price.

Do spend a little time in your Christmas room!

CONVENIENT HOUSE FROCKS; PRETTY PARTY FROCKS

HOUSE frocks are among the things that it is hardly worth while to make at home; they may be bought ready made at such reasonable prices...

Pretty Model for House Frock.

It is a good idea to study the ready-made models because they embody points that are important.

Just now satens in black and colors, plain and striped chambrays, checked and cross-bar gingham and a variety of percales, are featured in the displays, with satens attracting most attention.

Strong shades of blue, in chambray, make pretty house frocks with bright, figured cretonnes, cut into triangles, applied for trimming. The cretonne is as effective as embroidery.

happy world for the young girl, for most party frocks are simple. They depend upon the loveliness of sheer fabrics, the beauty of color, and designing that will interpret the gay, and perhaps frankish, spirit of young girlhood, for their charm.

Simple but Pretty Party Frock.

chambray in blue, lavender, green or light brown, bordered with bias band of striped cotton material, showing white and the color of the frock, makes neat dresses like that in the picture. Cotton neck and tassel are appropriate neck finishings and a hat veil of the material finishes the waist.

ing its raw edge bound with a very narrow bias fold. Petals and flowers are used, the petals for finishing the skirt sleeves and as a banding on the waist.

TURBANS OF MALINES Malines turbans showing the neck through the crown and having a thick roll of the malines are worn on the street, even in white and bright colors.

LEGHORNS ARE SMART Right at this true natural color leg horn hats are very smart. Usually they are faced with black velvet or with colored silk and frequently that is the only attempt at trimming.

Knitted Flowers. For the street hat poppies knitted of flame-colored wool with green centers borrowed from milliner's flowers are stunning; use on a hat of gray silk or knitted wool.

Spanish Lace. Spanish lace is being widely used with velvets. Often the lace is dyed to match the frock, though most frequently such gowns are carried out in all-black.

Business Woman Feared She Had Heart Trouble

"Since Tania has overcome a bad case of indigestion and nervousness of three or four years' standing for me, my work here in the store is a pleasure, and I am certainly grateful for the good health it has given me."

"It was so run down that I felt miserable all the time. My sleep was broken and restless. I had no appetite, and the gas from undigested food caused my heart to palpitate so I thought I had heart trouble. For a time I had a swelling in my legs, too, and it was an effort for me to get about."

"It is wonderful how Tania has given me such perfect relief from these troubles. I eat heartily now, sleep like a child at night, and just feel fine all the time."

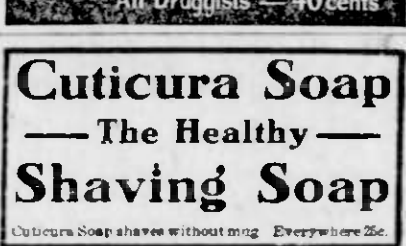

Tania is sold by all good druggists. Advertisement. If you look for pineapples on a pine tree your search will be fruitless.

Some men find it necessary to revise their list of friends daily.

Peg Legs as Racers. A novel London-to-Brighton (51 miles) walking race is reported in the London Morning Post. The race, walked by two men, one with a steel artificial leg and the other with a wooden leg, arising out of an argument as to the rival merits of different artificial limbs, resulted in a win for V. F. Bell, wearing a steel leg.

**DID YOU EVER STOP TO THINK**

THAT the average Editor lives a quiet life, mid peace and plenty.

THAT the more he labors to uplift his community the more are his motives questioned.

THAT if he takes a hand in local politics, he is accused of being crooked.

THAT if he does not, he is accused of being a coward.

THAT if he advocates public improvements, he is condemned and his motives are under suspicion.

THAT if he stands for law and order, he is charged with trucking to the preacher.

THAT if he takes a stand for prohibition he is denounced as a fanatic.

THAT if he advocates light wines and beer he is branded as a drunken sot.

THAT if he roasts the mail-order houses, he is told to mind his own business, that people have a right to buy where they please.

THAT if he prints mail-order advertisements, the merchants land on him with both feet.

THAT if he tries to discuss fairly, the merits of public utility corporations, he is accused of being owned by them.

THAT the life of the average editor is indeed made exceedingly pleasant.

THAT if the people would only realize the truth they would honor the editor.

**THAT they are the greatest community leaders you have.**

THAT the growth of your city means your success.

THAT you need him as much as he needs you.

**THAT WITHOUT HIM YOUR COMMUNITY WOULD SOON BE NUMBERED AMONG THE DEAD DEPARTED.**

**THE GREATEST STORE IN WISCONSIN**

**BOSTON STORE**  
THE HEART OF MILWAUKEE  
The Store with the Christmas Spirit

**\$100,000.00 Worth of Goods at COST**  
—in December

**That is the Boston Store's Christmas Gift to Wisconsin**

In 1920 we sold a million dollars worth of goods in December. In 1921 our December sales were well over the million dollar mark. Plans have been laid for a still greater business for December 1922—so much greater that we feel justified in offering \$100,000.00 worth of goods at exact invoice price to us.

The merchandise to be sold at cost may be advertised in our daily columns, or it may be displayed in the departments without newspaper advertising—but in no instance shall we call specific attention to the articles offered at cost, and shall leave it to your judgment to make selections. Every one of our 103 departments shares in this gigantic endeavor—every department will have its quota of goods to sell at exact invoice cost, without any profit added whatever.

If you are planning to come to Milwaukee to do a part of your Christmas shopping—by all means come to the Boston Store. More than twelve acres of good merchandise await you here, gathered from the four corners of the earth by expert merchandisers—and there is the added incentive in that \$100,000.00 worth of it is to be sold at the same price which our gigantic institution is able to obtain it for.
