# OY MARY GRAHAM BONNER **DAY FLOWERS**

Two bright blue flowers looked out upon the world and smiled at each other.

"It's a nice world." said the first. "Very nice," said the second. "Strange," said the first, "that

Brother Day Flower the Third doesn't want to see what is going on." "Strange, Indeed," said the second. "But that is the family way, I sup-

pose. "I'm thankful," said the first, "that I am not Brother Third Flower. As It is I can look about me and enjoy

myself for a short time." "I'm thankful, too," said the second. Now these two blue flowers were very bright and very pretty. They were of a lovely color and they were dressed very handsomely in their blue costumes.

Near them was a third flower, but the third flower was not blue in color. Instead the third flower wore a very simple white costume which would not be particularly noticed.

And, too, the third flower was smaller and did not amount to very much. "Yes," the first flower said again. "I am thankful that I am not Brother Day Flower the Third. I know the old family custom.

"Three of us belong to this little family group but of the three one must not be much noticed. One must be simply dressed in a whitish costume and must not wear the blue costume worn by the other two.

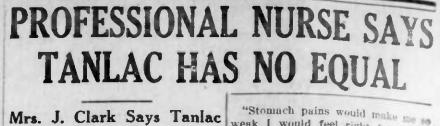

"I do not know the reason for this but this is the way it has always been, and so I suppose it is all right. "It is true I am so happy that I did not happen to be Brother Day Flower the Third and yet I wasn't greedy about choosing this costume. "I did not push Brother Day Flow-

er out of the way nor did I say: " Here, Brother Day Flower, I was promised the blue costume and my

# -Indianapolis News. If You Need a Medicine You Should Have the Best--Dr. Kilmer's Swamp-Root

Have you ever stopped to reason why It is that so many products that are extensively advertised all at once drop out of sight and are soon forgotten? The reason is plain-the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited to those who are in need of it.

A prominent druggist says, "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a

According to sworn statements and worified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, to many people claim, that it fulfills almost PTATY. wish in overcoming kidney, liver and bladder ailments, corrects urinary which causes rheumatism.

Swamp-Root by parcel post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores .- Advertisement.

BADLY NEEDED

A large firm in Baltimore, Md., seeking to stimulate payment on accounts long deferred, took a rather unusual method to accomplish the end. Cards containing the following unique "dun" were mailed out to a large number of the firm's delinquent customers:

"It is rumored that a certain young lady of this city kneads bread may be peculiar but there are others. "We need bread with our shirt on.

"We need bread with our shoes on. "We need bread with our pants on, and unless we get a few of our out. standing accounts on our books, we Al. Hron, Kewaskum will soon need bread without a darn thing on, and this city will be a Garden of Eden, if collections don't improve. You can do much to prevent. this. Won't you send us your check to balance your account? Thanks." The bait worked; many of the accounts were paid in full.

#### Get Bank Cash in Holdup in the Calumet District and Escape

Indiana Harbor, Ind .--- Another successful mail robbery in the Calumet district-the second within a few weeks-was staged here. The loot was \$35,000 in cash and other valuable property which has not been checked with government records thus Tar.

The holdup was committed in the rear of the Indiana Harbor post office and the money was taken from a contract truck which had just borne four registered mail sacks from a railway station. One of the bags contained two packages of money trom the Chicago Federal Reserve bank.

One of the packages included \$20,-000 for the United States National bank here, and the other \$15,000 for the East Chicago State bank.

Postal Inspectors Fahy, Jackson and McWhorter were rushed here as soon Ebert to form a new cabinet. He has as news of the robbery was flashed to Chief Inspector A. E. Germer at Chicago. After a hurried survey the vations." men reported the "technique" used by the robbers was identical to that employed by the men who robbed a mail U. S. GOVERNMENT

# to Save a Springfield (Mo.) Institution.

Springfield, Mo .- With more than one million dollars received by airplane, registered mail and express, the Union Nutional bank has overcome a "run" which started late Saturday afternoon and continued at night, but which dwindled and died before increasing confidence Monday. There was a good-sized crowd in front of the bank when it opened an hour before time Monday morning. It slowly dispersed when it was learned that an airplane from St. Louis carrying \$400,000 in currency from the First National bank of St. Louis had reached the city. The bank also sent \$100,000 currency by registered mail In addition to \$75,000 sent last Fri-

disconnect the battery from the set when not in use. This switch, however, Place of Potentiometer is not necessary and can be eliminated. Only one side of the potentiometer is connected to the battery, the other side going to one terminal of the rheostat. When the rheostat is turned to the "off" position, the potentiometer is also disconnected. The extra resistance of part of the rheostat is added to that of the potentiometer, but as

this is only one or two ohms and as the rheostat is varied very little after the correct position has been found, it will make no difference in the functloning of the potentiometer. The diagram shows all connections clearly.

#### Vacuum Tube Current

Vacuum tube filaments should never be operated with a greater filament current than is absolutely necessary

# Day In And Day Out

Day in and day out, Dodge Brothers Motor Car serves its owners faithfully and at low cost. This is because Dodge Brothers have consistently built their product more staunchly than strict manufacturing practice requires. Employing only the finest materials, they have insisted upon an exceptional margin of excess strength in every part that takes a major strain.

You hope-I hope-we all hope for better timesmore pay and a comfortable success. It is ours for the making-and right here in KEWASKUM.

Perhaps we all pride ourselves on our civic loyaltybut do we practice it? Civic loyalty is more than a mere boasting of present assets. It is in the daily active support of our public and business institutions --- so that they may develop and grow.

A community thrives and grows as its business institutions grow. As a successful business is developed. it throws its prosperity right back into the life and development of the community.

If we send or take the money we earn here in Kewaskum to other business centers for trading, pleasure or investment-we cannot expect our community to grow -our property to increase in value-nor can we expect our earning powers here to be greater.

It is an every-day job for you-for me-for all of us to practice civic loyalty in the simple little acts of buying all our goods in Kewaskum. Patronize home merchants and home industries and soon we will all share in the prosperity which is ours if we will develop it.
