

# MCCORMICK-DEERING

## There is a Reason!

There is a reason why McCormick-Deering Tractors are increasing in popularity by leaps and bounds. There is a reason why these sturdy, completely equipped tractors are rapidly replacing cheaper tractors in all sections of the country. There is a reason, also, why the farmers and orchardists of one county in California bought, during 1924, over a hundred McCormick-Deering—more than all other makes combined in the same period.

The reason is that McCormick-Deering 10-20 and 15-30 Tractors are the long-lived kind, and are by far the most economical year of service.

The crankshaft and crankshaft ball bearings in every McCormick-Deering are guaranteed against breakage for life. They are ball and roller bearings at 28 points, and all wearing parts, including cylinders, are replaceable. Entire frame is in one sturdy unit. All gears and important wearing parts are enclosed, running in oil. All parts are easily accessible, easily removed. Complete equipment includes throttle governor, wide platform, adjustable drawbar, Alemite lubricating system, impulse magnet, fenders, etc. Weight is distributed perfectly for good traction and safe operation. Short turning radius for convenient handling.

All in all, the McCormick-Deering is the tractor for every farmer in this community. Let us show you what it will do for you; then we'll tell you how easily you can own one.

CHAPTER VII—Continued

AS HE fell, the other leaped at her as if struck upon wires. Jean saw, very dimly, the face of Mrs. Dana. She was in her nightgown, with her hair loose and the ferocity of her attack seemed atrocious in contrast with the expressionless, masklike features.

The woman bore Joan backward. The lamp fell crashing to the floor in a deluge of splintered glass. A chair was overturned. Mrs. Dana's hands sought Joan's throat, and they struggled in the darkness, crashing here and there, upsetting the water pitcher, smashing into the swinging door.

Joan ran upstairs and slipped on her cloak. When she got back Lancaster had not moved from the door. The secretary was packing noisily in his room.

Lancaster led the way toward the chairs at the end of the veranda and wiped the dew from them with his handkerchief.

"Who should anyone tamper with that lock?" Lancaster muttered. Suddenly he broke down and covered his face with his hands. His shoulders shook convulsively.

"I'll stay with you," said Joan. "Let us wait on the veranda," said Lancaster. "The air is stifling in this house. Put on a wrap and I will wait for you here."

Joan ran upstairs and slipped on her cloak. When she got back Lancaster had not moved from the door. The secretary was packing noisily in his room.

am going to regain all else that I have lost."

He resumed upon the verge of a revelation, but he said no more. And now the day was dawning.

"You have made a splendid fight, Doctor Lancaster," she said. "Now you shall have your hypodermic."

He rose up eagerly, and she could see the terrible strain that he was undergoing in the trembling of his limbs, the color look in his eyes. They went back into the house. A light still burned in the secretary's room but no sound came from it. At the door of Lancaster's room he stopped.

"Miss Wentworth," he said, "I have something to say, and something to promise. I am not going to take that dose. Tonight, perhaps, but not now. If I take it and free my body from its suffering, I lose my soul again. I lose that hope which you have given me. And I want to give you this."

He handed her a little bottle of morphine, three-quarters full.

"It is the bottle which you took from the drawer of my desk yesterday," he said. "I stole it from your pocket when you leaned over me last night, when you told me I was winning. I was a thief, but I am a penitent thief, and I restore it intact."

"No, Doctor Lancaster," answered the girl, smiling as she took the bottle from him. "That has no bearing upon your character; it was a symptom of your disease."

"Well, I didn't take any," said Lancaster, with the transient flash of humor lighting up his face.

FORTRESS MONROE "BLOWN OFF MAP"

Army Aircraft Demonstrate Ease of Annihilating Warship and Fort.

Fortress Monroe, Va.—Fortress Monroe was "blown off the map" here in a thrilling night raid conducted by aircraft which earlier in the day had demonstrated the futility of anti-aircraft gunnery by destroying a battleship silhouetted on the ground and silencing the land batteries provided to defend the ship and the great fortress.

Two admirals and four generals—among them General Mitchell, deputy air chief-in-command, and a huge throng of citizens witnessed the complete submersion of Mitchell's condition—that airplanes can do their stuff today with scant regard for land and sea forces.

The night attack on Fortress Monroe was sensational and speedily pursued. The light and speedy pursuit planes which had won the morning and afternoon contests raced through the dusk and paved the way for the great Martin bombers by clearing the air of imaginary defensive batteries and silencing the ground batteries of anti-aircraft guns.

Then the bombers reduced the fortification to fragments by dropping nine tons of bombs.

Not a single one of the great attacking bombers was loosed by a searching light until after the flaming torpedoes had dropped through the air and struck their target.

This amazing result was achieved in spite of the fact that the defensive forces knew the time of the attack, the direction from which it was coming, the number of their foes—and had a brilliant moonlight night to help!

The demonstration was only a confirmation of what had gone on all day. At mid-morning the first landing of the games began.

Among those present were Representative O'Sullivan and Rogers of the committee, Admirals Strauss and Moffett, and Generals Patrick, Mitchell, Drumm, Friss and Callan.

MISS MARTHA GOLD

Miss Martha Robbins Gold, one of the best-known women at the capitol, has been secretary to Senator Moses of New Hampshire ever since he came to the senate.

Her name is now the name of a post office in the senate, a post never before held by a woman.

MRS. WM. BUTTS WAS VERY SICK

Gives Full Credit to Lydia E. Pinkham's Vegetable Compound for Remarkable Recovery

Wellston, O.—"I took Lydia E. Pinkham's Vegetable Compound to make me strong. I was troubled with my back and sides hurting me till I could not do my work, and whenever I caught cold it made me irregular. Since I have taken the Compound, my side and back don't bother me and I can do my household work and care for my children now, where before I did not feel like doing anything or going around. After my first child was born about four years ago I saw an advertisement in the paper about the Vegetable Compound. I know it would help me, but I was afraid to try it because people said it would help you to have children and I knew I was having children fast enough. But I thought if it would help me it would be better to have a whole household full of children and have good health. I became stronger from taking it and my husband says I look like a live woman instead of a dead one. When Spring comes I am going to take your Blood Medicine as I am very thin. I will answer letters from any woman who wishes to ask about your medicine."

Printer's Sick Stomach and Headaches Almost Cost Job

Mr. K. M. Collins of Woodhull, N. Y., says, "Instead of plodding through my work wearily on account of sick headaches and sour stomach, I now enjoy good health and ambition, can do more and better work and live in joyous living. I have never before given my name to advertise a medicine, but you cannot imagine how different I feel since I discovered Carter's Little Liver Pills. They tonic the whole system through the liver and bowels. They act as a mild and effective laxative, in a gentle manner without any bad after effects. Recommended and for sale by all drug stores."

"My Rheumatism is gone!" "THERE are thousands of you men and women, just like I once was—slaves to rheumatism, muscle pains, joint pains, and horrible stiffness. I had the wrong idea about rheumatism for years. I didn't realize that increasing blood cells had the effect of completely knocking out rheumatic impurities from the system. That is why I began using S. S. S. Today I have the strength I used to have years ago! I don't use any crutches any more."

"Praises Old Friend" Aleck, Ill.—"I have taken Dr. Pierce's medicine for over 40 years. I am 68 now and in excellent health and I can say Dr. Pierce's Golden Medical Discovery has done me more good than any other medicine I have ever taken. I have been so ill that I could not walk across the floor and the 'Discovery' is the only medicine that did me any good. I have a daughter who had the 'flu' and the doctors gave her up; she took the 'Golden Medical Discovery' and is well today."—Mrs. John Hejnowitz, Box 44. All dealers. Tablets or liquid.
