Charlady—Yes, sir, and I learned something real useful in the Egyptian section.
Professor—Come, this is most gratifying.
Charlady—Yes, sir. There was an

Heading It Off

The Reporter—I have an interview with the senator's old schoolmarm, telling what a model boy he was in school.
The Editor—Kill it. Don't you know how the model boys are hated by the rest of 'em? Want to start a league of old average boys to fight

Two of Greatest Southern Backs

Left, Bob Randolph, fullback, and right, Stumpy Thomason, halfback, two of the greatest backs in the Southern Conference in a remarkable action picture taken during scrimmage practice of their team, Georgia Tech.

Golfer Gets Gopher Instead of Birdie

Golf possibilities—a gopher. Players who number birdies, eagles and aces among their scores recently stood in line at Armour club, Minneapolis, to congratulate Fred Way of Minneapolis, who shot a gopher from the twelfth tee. Way's drive caught the little fellow squarely just as he drilled his way out onto the fairway.

Sport Notes

This is said to be Dr. John Wilce's last year at Ohio state.
Grady Adkins, Chicago White Sox hurler, is one of the slowest, most deliberate pitchers in the majors.
Mr. Foxx of the Athletics is a figure in baseball, even if his name looks more like an equation in algebra.
Temple university football team is coached by "Heinie" Miller, former all-American end at Pennsylvania.

Captain of Harvard

Art French, halfback and captain of the Harvard university football team, and one of the reasons why the team is feared this season.

Athletic Director Says Radio Lowers Receipts

Radio broadcasting of football games cuts down gate receipts, M. F. Ahearn, director of athletics at the Kansas State Agricultural college, believes.
Ahearn said in his opinion that broadcasting was largely responsible for small crowds at home games in which the Kansas Aggies' football team played last year. Only 21,217 people paid admission to see the four home games. The Nebraska game drew the largest crowd, 8,140.

"I believe that broadcasting of games has hurt attendance generally," Mr. Ahearn said. "When there was a threat of rain and the possibility of muddy roads, people stayed at home, saved their money and heard the game reports over the radio. If radio reports could be shut off within a radius of 100 miles and then broadcast beyond that, I don't think attendance would be harmed, but, of course, that is impossible."
"We believe that broadcasting is one of the services of our institution, however, and plan to continue with the air reports."

University of Utah Has a Strong Football Team

The University of Utah football team for this fall will be equally as strong as last year, but critics do not believe it can survive the season undefeated. Coach Ike Armstrong has been working hard with the line and hopes to find in his squad men to replace Dykeman, Christensen, Caffey Hardy, Tauffer and others who have been regulars for the last two years.
Ben Lingenfelder, who has assisted Armstrong since he began coaching at Utah three years ago, will be back to take charge of the backfield. Vadal Peterson also is assisting Armstrong. Champion, quarterback on the team for three years, is freshman coach.
Capt. Al Curmen will lead the Crimson over their heavy schedule. He is one of the best tackles developed in Utah. The ends will be well taken care of with Pete Couch and Paul Cecil. In the backfield are Hodgson, Pomroy, Price and others.

Aileen Makes Hit

Miss Aileen Riggins of the New York W. S. A. Olympic fancy diving champion of 1920, who was the idol of aquatic fans throughout her amateur competitive career, appears to have lost none of her great popularity, despite her several years in the professional ranks. Exhibiting in England recently, under the chaperonage of Mrs. W. J. Howcroft, wife of the noted coach. She is reported to have drawn a crowd of 8,000 at an appearance in Torquay.

PENNSYLVANIA TO DRILL RESERVES

Lack of Substitutes Last Year Lost Three Games.

The crying need of armies, teams of all descriptions but more particularly at this time of the year, football, is adequate reserve material. At the University of Pennsylvania the need is urgent judging by the amount of time the coaches are spending drilling the substitutes.

Last year Pennsylvania suffered heavy losses through injury that robbed the team of its mainstays in the heat of the season. Paul Scull, John Shober, Martin Brill, John Utz, Mort Wilner, all regulars were rendered hors de combat during the Penn state contest.

With so many of the best players out of the lineup it is little wonder that the team suffered the slump that caused the loss of three games. When the regulars returned to their positions there was a decided change in the team as Columbia, Harvard and Cornell will testify.

This season the reserve material has come along better than last, the individuals giving every indication of rounding into such form as will relieve the coaches of some of their worry. However, constant drilling in fundamentals with scrimmage as the real test, will keep the substitutes busy from now on.

Lud Way, the line coach, will have as understudies to the regular tackles, two players who saw action last season. Gene Kuen, who was understudy to John Smith and Bob Schneider, who also saw service in a number of games, should be better than they were last year. Each has had the necessary game experience to make them first rate substitutes.

Bill Williams, star of the freshman eleven's line last season, is making both Kuen and Schneider hustle for the honor of being the first tackle substitute. Others in the running include Barrett, who has been on the injured list for three weeks, Farley and Beaumont.

The guard reserves present a problem. Of the four men only one, Warren, a scrub last season, seems to have the necessary qualifications for big game service. The others are learning fast but still need plenty of work. Charles Urban, the minister, Thwaltes and Smalley are being the first substitute after Warren.

Ed Jordan holds the honor of being understudy to Westgate, the regular center. His experience as a freshman last season makes him highly valuable. He has Looby and Lockhart, the former a scrub last year and the latter a freshman guard, to battle for the post.

The end problem continues to be acute. Although Buch and Olesky started in the opening game, neither is certain of keeping their positions. Bill Sullivan and Mory Schainman, both substitutes last season, may yet win regular posts. Both are hard fighting, tearing in ends who can snare passes with the best and either or both may oust those now holding the fort. John Ball, first-string substitute last season is still in the running. Red Welham, a newcomer, who reported three weeks late, has displayed considerable promise.

In the backfield, Coach Bert Bell has Wilner, an experienced quarterback, and Ratowsky, a halfback last season who is also calling numbers. Carroll Rosenblum, has a slight edge on the other candidates for the first call if anything should happen to the regular backs. Frank Mulligan and Walter Opkun are other excellent prospects. Granville Carrel, substitute last season, and Walter Masters, former freshman star, have a fine chance to oust several of those already named.

Completion of a deal whereby Charles (Stug) Tolson, first baseman, goes back to the Chicago Cubs next spring was announced.
The biggest heavyweight fighter on record was Charles Freeman, who stood seven feet three inches in his ring shoes and weighed 330 pounds.
George Lott, co-holder of the national doubles title and third ranking tennis star, has enrolled for the autumn quarter at the University of Chicago.

St. Louis university high school maintains a fully equipped first-aid room, with a trained nurse in daily attendance, to accommodate the school gridders.
Thirty thousand racing fans attended the opening program of the half-mile Timonium track in Maryland—the largest crowd in its fifty years of existence.
Joe Devine, Pittsburgh scout, says Earl Averill with San Francisco is the best outfielder he has seen in the Pacific Coast league since the days of Paul Waner.

Many a sensational halfback has succeeded in later life, after recovering from the idea that five or six stalwarts will always be on hand to clear the way.
Recent changes make almost no difference to the football spectator who still explains the game to his wife, in a loud public voice, on the basis of the 1908 rules.
The New York World complains that boxers seem to have lost all originality in selecting their fighting names. This has been referred to our old pal, Bad News Eber.

Ninety-eight batters went to the plate in the American Legion elimination game between the Bismarck and Linton clubs in North Dakota, the former winning 19 to 2.
Jack Quilen has been pitching for twenty-five years, despite the fact that he has always been a horse for work. From 1914 to 1917 he pitched a total of 193 games, an average of nearly fifty a season.
Al Lesko, a Penn State football and baseball star, made good in baseball his first year out. The Yankees had him and farmed him to Jersey City where he caught good ball. He is one of the four stars lost by graduation.

Marty Purtell, manager of the Joplin Western association club which won the 1928 championship, announces that he will not return as manager of that club next season.
The University of Illinois football squad lost one of its brightest stars when Pete Yanuskus, speedy sophomore half back from Kewanee, Ill., withdrew from the university.
Willie Garner has replaced Earl Sande as jockey for the J. E. Widener racing stable.

Coach Zupke is quoted as saying that Gordon, his left tackle is one of the fastest grid players he ever saw on a football field.
Brief Advises Players to Get an Education
Bunny Brief, Milwaukee sandlotter completing his nineteenth year of professional baseball, advises the young player to go to college.
"He will get the best out of the game by doing so," says Brief, famous home-run hitter of the Milwaukee American association club.
"He has an opportunity to develop his game as he gets an education—gets expert coaching. If he amounts to anything at all, he has the opportunity of starting his career with a bang by getting a bonus. In the old days there was nothing like that."

Harris Not Strict
Bucky Harris was listed among the "modern" managers who did not require strict training rules from his players, maintaining that as long as they turned up on the field capable of playing their best baseball it was none of his business what they did between times. He did require absolute discipline on the playing field as was demonstrated when he benched the temperamental "Goose" Goslin, his leading hitter, following a disagreement.

Highly Colored Bird
Flamingo is a bird of a flaming red color, from which it derives its name. It is web-footed, and while resembling the stork and heron in build, it is a swimmer like other web-footed birds. The flamingo is found in Central and South America, Africa, and India.

Flag Never Dipped
Raymond Poincare, war President of France, said a few years ago: "The Star Spangled Banner is the only flag in the wide world which does not dip before the head of a state, king or President." That's a little detail, but it is significant. The flag of the United States is dipped in courtesy to another nation, but never to an individual—Gas Logic.

The new Buick is the new Style

Men and women on every street-- in every city and town-- are pronouncing the new BUICK with Masterpiece Bodies by Fisher, the most beautiful automobile of the day.

Before in the history of car manufacture have the people of America welcomed new automobiles as they are shown the Silver Anniversary Buick with new Masterpiece Bodies by Fisher!

Coming into the market at a time when motor car lines were generally standardized-- when there was destroying indifference-- these new Buick models introduced an entirely new line--

of body-symmetry--of grace and magnificence--of soft lines--of embossed side and hood panels involving the most costly steel paneling work employed on any car in the world! And as the weeks have passed-- and the full significance of Buick's achievement has become apparent to the public-- enthusiasm for this car has swelled and grown to unprecedented proportions!

Buick sales records have been broken! Production schedules have been increased again and again! The great Buick plants are working to the limit of their capacity to supply the demand.

Value of Phosphorus
 Phosphorus, if present in too large a quantity, renders iron more brittle under shock, reduces the hot strength and tendency to segregate. On the other hand, it makes metal fluid and decreases contraction.

Every purchaser of a new Ford is entitled to Free Inspection Service for the first 1500 miles

The modern automobile is a finely built piece of machinery and it will stand a lot of abuse. Considering the work it does, it gives surprisingly little trouble. But there isn't a car made that will not run better and longer if given proper care.

The first few hundred miles are especially important because that is when the mechanism of your car is being broken in.

Proper attention during this period will lengthen its life and prevent unnecessary trouble later on.

We are particularly interested in this matter because we believe it is our duty not only to make a good automobile, but to help the owner get the greatest possible use over the longest period of time at a minimum of trouble and expense.

With this in view, the entire Ford dealer organization has been specially trained and equipped to service the new Model A car.

Furthermore, we have instructed every Ford dealer to give the following Free

Inspection Service at 500, 1000 and 1500 miles:

- Check battery
- Check generator charging rate
- Check distributor adjustment
- Check carburetor adjustment
- Check lights
- Check brakes
- Check shock absorber adjustment
- Check tire inflation
- Check steering gear
- Change engine oil
- Lubricate chassis

No charge is made for labor or materials incidental to this service, except, of course, where repairs are necessary through accident, misuse or neglect. The only charge is for new oil.

See your Ford dealer, therefore, and get this Free Inspection of your new car at 500, 1000 and 1500 miles. Find out, too, how little it will cost to have your car given a thorough going-over at regular periods thereafter.

A checking-up by experienced mechanics, together with oiling and greasing every 500 miles, will add months and years to the life of your car and mean more economical and pleasurable motoring every mile you drive.

PAID ADVERTISEMENT—Authorized and will be paid for by Theo. Holtebeck, West Bend, Wis.

To the Voters of Washington County
I the, undersigned nominee for the office of sheriff on the Republican ticket at the general election to be held on Nov. 6, 1928, hereby submit a short biography of myself.

My boyhood days were spent on a farm in Waupaca County, Wisconsin. I have been a resident of Washington County since 1909, property owner since 1912, and conducted a barber shop in the city of West Bend for the last 19 years. My home city honored me by electing me alderman for two terms, and I have also served as undersheriff for four years—perhaps the longest any undersheriff served at one time in Washington County.

Was nominated to the office of sheriff Sept. 4, 1928, by a very large majority of votes, for which I express to you my sincere and hearty thanks.

With the experience as undersheriff, I am qualified to conduct the affairs of the office of sheriff in an efficient manner. If I am elected Nov. 6, I assure the citizens of Washington County that it shall be my aim to serve the people of Washington County to the best of my ability and work for the best interests of the County. Assuring you that I will appreciate your vote on Nov. 6 and any other help that you may see fit to give me, I am

Yours respectfully,
THEO. HOLTEBECK,
West Bend, Wisconsin.

1860

They Said the Same Thing About Lincoln

Who did? The snobs of 1860. They laughed at Lincoln because he came from the PEOPLE. They sneered; "Imagine the Lincolns in the White House."

But the people stood by Abraham Lincoln. The solid citizens. The bread winners—the pioneers—the plain folks—the majority. They loved and understood Lincoln. And they elected and re-elected him their President.

Today we say: "Imagine the loss to our country if Lincoln had NOT gone to the White House!"

History is repeating itself in 1928

We are now engaged in another

such campaign. We have oppor-

tunity to support another great

humanitarian born of the people.

Alfred E. Smith has proved that he is a courageous leader, a Democrat, not Bureaucrat.

The public wants a leader—not a follower—in the White House.

The public wants a man who can sway other men and get the results the country needs.

Alfred E. Smith, even with a legislature of opposite political faith to deal with, has proved that he can put through needed legislation.

Alfred E. Smith has always been the champion of the less fortunate. All through his career he has fought for laws benefiting ALL of the people. He stands on his record of twenty-five years of public service during which he has been four times Governor of New York—succeeding such great Governors as Tilden—Cleveland—Hughes—Roosevelt.

"Al" Smith is gaining day by day as people recognize his greatness and warm to his attractive personality and friendliness.

"Al" Smith is a genuine, unassuming, human man—a SELF-MADE leader of men.

Will you listen to the WHISPERS OF PREJUDICE and close your mind to the evidence of Alfred E. Smith's high achievement?

This country needs a President who knows the importance of the well-being of ALL the people—not just a privileged few.

Benefactors To Their Community and State

The prosperity of communities, states and nations depends on the dairy industry. The dairy cow has been the factor that has turned a country of financial failure and distress into prosperity and contentment. As a nation we have Denmark as an example. Now noted as one of the richest agricultural nations on the globe, she at one time was on the verge of bankruptcy, the dairy cow turning the trick. Denmark has a world-wide reputation for quality products. Her producers know the importance of taking good care of milk.

Notice of General and Presidential Election

November 6, 1928

of Wisconsin
of Washington

ELECTORS OF WASHINGTON COUNTY:

Notice is hereby given that a General and Presidential Election is to be held in the several towns, wards, villages and election precincts in the county of Washington, on the 6th day of November, 1928, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for whose nominations have been certified to or filed in this office, are given under the title of the office and under the appropriate party or other designation in its proper column, in the sample ballots below.

Office of County Clerk, October 23, 1928

INFORMATION TO VOTERS

Following instructions are given for the information of voters:

MARKING BALLOTS

(1) A voter upon entering the polling place and receiving a ballot, will receive a copy of each ballot and the instructions printed thereon. The ballot clerk will have indorsed thereon the name and initials of both clerks, and no other ballot can be received. After receiving his ballots, the voter must retire alone to a booth or compartment and prepare the same for voting. He may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any way to whom to vote for.

GENERAL COUNTY OFFICERS

If a voter wishes to vote for all the candidates nominated by any party he shall make a cross or other mark under the party designation at the top of the ballot in the square at the right of the name of the party. If he desires to vote for particular persons without regard to party, he shall make a cross or other mark in the square at the right of the name of the candidate for whom he desires to vote, if it be there, or write any name that you desire to vote for in the proper place.

square at the right of the name or names of candidates in another column. If the voter does not wish to vote for all the candidates nominated by one party, he shall mark his ballot by making a cross or mark in the square at the right of the name of the candidate for whom he intends to vote, or by inserting or writing in the name of the candidate.

PRESIDENTIAL CANDIDATES

(c) A voter by making a mark in the square at the right of the names of any group of presidential candidates, casts a vote for each of the electors supporting such candidates. A mark should be made in one square only. Lists of electors may be found on file with the county clerk.

MARKING BALLOTS

(e) If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all shall be issued to any one voter. Five minutes time is allowed in booth to mark ballot. Unofficial ballots or memoranda to assist the voter in marking his ballot can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter.

FOLDING AND VOTING BALLOTS

(f) After it is marked it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment give his name to the inspector in charge of the ballot box, hand him his ballots to be placed in the (ballot) boxes, and pass out of the voting place.

ASSISTANCE TO VOTERS

(g) A voter, who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have assistance of two election officers in marking same, to be chosen by the voter; and if he declares that he is totally blind, he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath in his discretion, as to such person's disability.

(h) The following are facsimiles of the official ballots

WASHINGTON CO. 4 H CLUB WILL HOLD MEETING NOV. 3.

The annual Washington County 4 H Club corn and potato show will be held at the American Legion Hall in West Bend on Saturday, November 3.

For this year's potato exhibit the county has been divided into two sections. The exhibitors from the southern section consisting of Jackson, Germantown, Richfield, Erin, Hartford and Polk will compete against each other for prizes offered by Hoge and Gumm at Jackson, Ben Duehrwaechter, Germantown, Leach & Christenson of Hartford, L. J. Bull of Slinger and Robt. Klippel of Richfield and by the Fair Association. Prizes for the northern group consisting of the towns of Kewaskum, Wayne, Farmington, Trenton, Addison, Barton and West Bend are provided for by the H. J. Lay Lumber Co., of Kewaskum and West Bend and by the fair. In each group the winner will receive a scholarship to the annual weeks short course in Madison, while cash prizes will be paid to the next dozen in order of excellence. The potato club project which was started one year ago has grown to such proportions that two sections are necessary this year.

The corn club exhibits from each township will be judged separately as heretofore and the winner from each connection with the show.

A judging contest will be held in township will receive a scholarship and the next two in order cash prizes.

INTERNATIONAL STOCK SHOW OFFERS MANY ATTRACTIONS

Thanksgiving will see the Horn of Plenty tipped decidedly in the direction of Chicago, when the International Live Stock Exposition opens its doors on the first Saturday following Thanksgiving, December 1 to 8 are the dates of the exposition.

At no other time of the year and at no other place is there to be seen so complete a collection of the very choicest products of American farm homes, fields and feed-lots. Breeders and feeders of fat cattle have sent in their entries from the far-away west coast, according to Manager E. H. Heide, while others, he says, are being received from the tide-water country of the Atlantic.

The northern border states, as well as the southern, and that great live stock area, the Corn Belt, will each and all be represented in this final and crowning event of the live stock and agricultural show season.

Grain and hay from the Corn Belt will vie for the attention of the public along with crop samples from far-away Australia and New South Wales. Over 5,000 samples of 22 different varieties of grains and hays are expected to be received in the coming International Grain and Hay Show, declares Mr. Heide.

In the brilliant evening horse show which will be the close and climax of each day's program, the very best specimens of the country's foremost stables will strive for recognition in this national competition.

Educational displays, judging and auctions of about 2500 of the finest quality steers fed during the past year, five great auctions of breeding cattle, the familiar and widely attended "Meat Show", a Wool Show, to be held for the first time in the history of the exposition, will all compete for the attention of the visitor and tax the skill of the exhibitor.

Railroads entering Chicago have indicated that they will offer special reduced round-trip rates from points along their lines to Chicago, during this week.

COUNTY MAY HAVE RURAL HOME TALENT DRAMATIC TOURNAMENT

Washington County may have Home Talent Dramatic Tournament this winter. There will be local and county tournaments from now on in a State Tournament at Madison during Farmer's and Homemakers Week. These tournaments have been held the past few years throughout Wisconsin and have been very popular and useful in developing local dramatic talent and in bringing rural communities closer together for work and play. One act three to a local tournament have been

MOST SPORTSMEN ARE GOOD SPORTS

By far most of the men and women who hunt and fish in Wisconsin are good sports and law-abiding citizens, according to figures recently released by the Wisconsin conservation commission.

An average of less than four people in a thousand who buy licenses are violators. This estimate is arrived at by a study of the number of arrests and convictions made by the wardens last year, as compared with the total number of licenses sold.

But this figure of four in a thousand is much too high, because of the 1513 arrests and convictions made last year, many of them were for hunting or fishing without a license. Also, there is no way of computing the number of Wisconsin resident fishing licenses.

"Without doubt the great majority of people in this state are law-abiding," says Mr. William Mauthe, chairman of the Wisconsin conservation commission. "They themselves want to obey the laws and see others obey them, and this is especially true with reference to laws dealing with conservation."

"It has come to the attention of the conservation commission that certain people are making a profitable business out of illegal hunting, fishing and trapping. This small class of law violators has been operating with impunity. They gamble on the chance that if they are caught the sentiment in their community will permit them to escape with a small fine, or even a reprimand."

"In a number of cases they have been permitted to escape on a mere technicality. The commission believes that this type of law violator should be dealt with, and it is convinced that the sentiment of the great majority of people demands that this type of law violator receive the full penalty of the law."

"Conservation—protection of game and fish—must be applied to all of the people for the benefit of the state, and the citizens are urged to promptly report all who profit by violation of the conservation laws. The commission appeals to law enforcement officers, judges, and district attorneys to do their utmost in the prosecution of this type of law violator and impose severe penalties."

"This type of violator does not proceed in ignorance. He sets out deliberately to defy the law, and he should receive no leniency or mercy. Swift and sure punishment will deter this class of criminals. The commission is determined to bring about the prompt arrest and prosecution of this type. Every game warden should do his utmost in detecting this kind of criminal and the citizens in his community should promptly give him every aid."

"The citizens and law enforcement officers may rest assured that in prosecutions of this kind, as far as lies within the support and power of the commission, the guilty shall not escape. No longer shall it be said that the commission will be deterred by the threat that some law violator is going to appeal to the higher courts. The commission is ready to meet these appeals and it believes that money spent in this direction will be well spent for the interests of the entire community."

MAN INJURED AS TRUCK HITS TREE

Two men driving a truck from Chicago lost control of the truck which sprouted several times at the Fox Camers, a short distance west of Theresa last Wednesday night. One of the drivers was hurt and taken to a nearby farmhouse, where he is still confined. The truck is badly damaged.

The county starting point. A meeting of interested communities has been called at the County Agricultural Agents office at the Court House for Monday evening, November 5 to decide whether or not a tournament is desirable and if so to make plans and organize a Washington County tournament. Any rural organization that is interested is invited to be represented.
