DEATHS OF THE PAST WEEK

DEATH OF FRIEDERICKA DORN Mrs. Friedericka Dorn (nee Unger) highly esteemed citizen of the town of Barton, passed away in death at the home of her daughter, Mrs. Albert Wesenberg in the town of Auburn, on Sunday morning, October 13, 1929, after an illness of one year with diabe-All through her siege of sickness Mrs. Dorn was able to be up and around until two weeks prior to her death when she suffered a stroke of paralysis, from which time on she failed rapidly until the angel of death called her to her heavenly reward. Deceased was born February 5, 1856 in Germany, where she grew to womanhood. In 1883 she immigrated to America, settling near Jackson, this county, where she resided for one year when she moved onto a farm south of West Bend, coming to her present home in the town of Barton in 1910. In 1874 she was married to Fred Dorn, who preceded her in death February 9, 1918. Mrs. Dorn was the mother of six children, all of whom survive and who are as follows: Otto Dorn of the town of Kewaskum; Frank Dorn on the homestead; Anna Dorn of Pewaukee; Louise Wentland, 224-16th street, Milwaukee; Emma Wentland Muskego Lake and Mrs. Mary Wesenberg of the town of Auhurn. Besides these she leaves 15 grand children to mourn her demise. In the death of Mrs. Dorn, this community has lost another of its venerable and honorable citizens. A kind and faithful wife and mother. A devoted christian lady, one who always spoke a good word for everyone. The funeral was held on Tuesday aftermoon, October 15, 1929 with services in the Ev. Luth. St. Lucas church. Rev. Gerhard Kaniess officiated. Interment took place in the congregation's cemetery.

BARNS DESTROYED BY FIRE DEMON

At about three o'clock Monday morning, citizens of Kewaskum were aroused from their slumber, when fire of unknown origin completely destroyed two barns, belonging to Dr. H. Driessel and John Schaefer respectively, located on West Water street. The fire was first noticed by John Schae fer, who resides across the street, and who was awakened by "Doddy," his et house dog who scratched and barked at Mr. Schaefer's bedroom door to awaken his master. At the time Mr. Schaefer was awakened, the Driessel barn was enveloped in flames, while only a small portion of the Schaefer barn was burning. An alarm was immediately sent in. The flames, however, had gained such rapid headway. that by the time the fire department could arrive upon the scene nothing of the buildings could be saved. Besides the barns, all of the contents of the Driessel barn went up in smoke, consisting of a Ford sedan, a Ford coupe cutter, one buggy and a lot of other articles stored in the building. Dr. Driessel estimates his loss at about \$1800, partly covered by insurance. In the Schaefer barn, a small Ford truck and a large Oldsmobile truck, together with a large amount of piping and steam fittings as well as other articles were destroyed. The loss is estimated at several thousand dollars and is partly covered by insurance.

Dr. Driessel will erect a small garage to take the place of the barn, and Mr. Schaefer will erect a new fireproof garage and storage building to take the place of the barn. Work on these two buildings will be started as soon as the wreckage of the fire has been cleared away.

FIRE DESTROYS LARGE BARN

The large barn, 36 x 66 feet on the Henry Laatsch farm, located about a mile northwest of Boltonville, was completely destroyed by fire at about five o'clock Sunday afternoon. The origin of the fire is unknown. With Lines, a corporation. the aid of neighbors and the Boltonville fire department, other buildings Frnst Ahner. on the place were saved. Besides the barn, a grain binder, 900 bushels of year's crop of hay were destroyed

LOCAL LEGION POST ELECTS OF-

At the regular monthly meeting of the Kewaskum Post of the American Legion, held at the regular meeting place last Monday evening, the following officers were elected: Commander-Carl F. Schaefer: Vice-Commander-Prin. E. E. Skaliskey; Adjutant-Arthur Schaefer; Finance Officer-Harry Schnefer; Sergeant at Arms-Wm. Eberle; Chaplin-Dr. Leo Prauchle. The newly elected officers will be installed at the next regular monthly meeting. The meeting last SEEK MAN WHO GAVE BAD Monday evening was well attended, and new members were enrolled in the post, all indiciations are that the post will go over the top as far as memship enrollment is concerned.

ANNUAL FALL SALE

The 55th anniversary sale of the L. Rosenheimer firm, will be held on Wednesday, Thursday and Friday, October 23, 24 and 25. The remarkble low prices at which goods in evcry department will be sold at this sale, is a guarantee that all shoppers will go home satisfied with the purchases made. There will be no prizes & given away. The presents this time will be given in the form of reductions and discounts on all goods. There will be no imports of a lot of catchy specials, all articles sold will be their regular stock of goods. To ccommodate evening shoppers, the store will be open on the evenings of October 23rd and 25th. Circulars doing business as Rein & Ausen. ere printed this week and sent through the mails. Read them over carefully, make your choice and then come early and do your shopping.

Make Repairs on Farm Machinery

Don't Wait Until Last Minute to Make Test of Implements.

Trade cheap time now for valuable ime later, says B. B. Robb of the New York State College of Agriculture. Go over the entire stock of tools and farm machinery and make sure that they are all in good condition and that repair parts are on hand which may be needed next sum-

Delay is Expensive.

To delay seeding or harvesting while waiting for your local dealer to send away for repair parts is expensive and in the end the wrong part may be sent by mistake. Order now to avoid delay.

If equipment needs repairs make them now. If the plow points are dull or worn out put on new ones. The drag teeth or the disk harrow may need sharpening or a brace rod or an adjusting lever may be bent or broken. The harness or hayrack may need repairs-the mowing machine, hay loader or binder may have been put away broken.

Experience of One Farmer.

A certain farmer, says Professor Robb, broke the tongue of his disk harrow and let it lie in his shed all winter without repairing it. When it came time to harrow the corn ground he had to stop to mend the disk. This delayed him several days, then rains came on and in all he was delayed two weeks in planting his corn. That year an early frost came in the fall and his corn didn't mature. If he had been prepared the two weeks time he would have saved in planting would have matured his crop.

It takes no longer to make repairs now than later, Professor Robb says, and when time is two or three times as valuable later on, the farmer who does things now is making money.

Bee-Keeping Industry

Aided by Sweet Clover Sweet clover bids fair to revolutionize the entire beekeeping industry, says the American Beekeeper. Already it has made great changes, and will be even more marked in the future. Sweet clover has made bee-keeping an important industry in the plains region where formerly bees were not worth the trouble to keep them. North Dakota, which was formerly the poorest bee-keeping state, is now one of the best, all because of the coming of this plant.

Now we find it coming into favor with the farmers of southern and eastern regions. In portions of South Carolina there are reports of extensive planting of sweet clover in rotation with such crops as cotton and

Land Limed Years Ago

Still Shows Its Effect Reviewing recent soil experiments ft was found that in all cases the "Didn't you see that fielder way out soils where the lime was applied seven there by the fence catch that fly?" he years ago, are less acid than the soils adjacent to them. Lime was applied "Don't be so absurd," she snapped, at rates varying from one ton to three tons per acre, on the basis of acidity tests conducted in the fields at that time. Only five of the limed demonstration plots are now too acid to grow successfully a valuable legume. Only one of the check plots alongside, which were not limed, are sufficiently "sweet" to produce the same tegume crop.

HAS THE LAXATIVE IN YOUR HOME A DOCTOR'S APPROVAL?

Some things people do to help the bowels whenever any bad breath, feverishness, biliousness, or a lack of appetite warn of constipation, really weaken these organs. Only a doctor knows what will cleanse the system without harm. That is why the laxative in your home should have the approval of a family doctor.

The wonderful product, known to millions as Dr. Caldwell's Syrup Pepsin is a family doctor's prescription for sluggish bowels. It never varies from the original prescription which Dr. Caldwell wrote thousands of times in many years of practice, and proved safe and reliable for men, women and children. It is made from herbs and other pure ingredients, so it is pleasant-tasting, and can form no habit. You can buy this populac

Mack's Signals Play Big

Part in Baseball Game The officials of football now have a system of signals to tell the crowds what it's all about, when the whistle blows and the teams do a little marching about as the officials announce a penalty. But these signals have nothing on the signals the crowds at a baseball game can watch if they keep their weather eyes on Mr. Mack, generalissimo of the Philadelphia team.

Connie keeps a scorecard in one hand. Watch that scorecard. And when you see it move in a pattern which makes little sense to you, take a careful look at what the Athletics are doing on the diamond, for Connie's signals are not meant to make things clearer to anybody except the nine men who are working for him on the

Those nine men know very well what that scorecard and its movements mean. For years the veteran manager has directed plays by this patented wig wag system of his. And when the scorecard moves there's action. Some of the keep minded Connie's ideas for victory are working out toward the diamond. And the opposition must watch out, for no one knows any more baseball strategy

than Connie. Nor can anyone command a team better in action. The gentlemanly, almost ecclesiastic figure on the Philadelphia bench can put just as much fron in his order as any of the touder-voiced variety of managers. Connie prefers to voice his crincisms when the game is over. While it is in action the little white scorecard wig wags, and the team obeys.

According to a report from Urbana. Ili., the acting secretary of the Big Ten faculty committee has unnounced that the committee has decided Allan Holman, quarterback at Ohio State university, is eligible to play football for another year.

Holman was ruled eligible earlier this season but other Big Ten schools protested on the grounds that a year Holman played for another school should make him ineligible for play this year with Ohio State.

Ump Shows Red Player

How to Get New Punch Evan Swanson, southful bit of orightness in the gloomy cellar the Cincinnati Reds have been occupying, owes Umpire Rigler of the National league a big debt.

During May, Swanson was in a pronounced batting slump. Rigler gave the flashy youngster some valuable ad-

"Get back and grip the bat nearer the handle," suggested Rigler. "Crouching at the plate is burting

your hitting. Swanson followed the tip and has been climbing stendily in the batting averages, adding a much-needed punch to the Reds' attack.

Night Football

Night football will increase the patronage of football because naturally it will attract more widely from sport lovers who are not celiege graduates. Sport followers whose work forbids attendance at football games on daylight schedtiles will be drawn to the night games And our great universities and state schools, with bigb powered and financed stediums are not sneezing at anything that will pour more boullion into the athletic coffers.

Betzel Resigns

The general shakeup of managerial jobs in major league clubs has reached Indianapolis, the officials having received the resignation of Albert F. Betzel, familiarly known as Bruno, who has been manager of the team since 1927. In 1928 the Indians won the American association pennant under the management of Betzel and the victory was followed by the capture of the little world series from the Nochester club, pennant winners in the International league.

GREATEST PASSER CLAIM OF TEMPLE

Wearshing Tops Them All in Aerials, Says Coach.

Capt. Grover "Worm" Wearshing of the Temple university football team is the greatest forward passer in college ranks, in the opinion of Les Haws, backfield coach of the Cherry and White team.

"I think that Wearshing is the best forward passer in college football now," stated Haws. "Grover compares with the great Swede Oberlander. Dartmouth halfback, when it comes to heaving the oval. Wearshing, 1 think, is a little better at the overhead game than the Swede, who was All-American in 1925. I played with Oberlander and I know his assets when it comes to tossing a pass, but after watching Wearshing last year and in practice I truthfully believe that 'Worm' is the better passer of the two." In two games last year Wearshing

whipped forty-seven passes and fortytwo found their mark. Against Providence Wearshing chucked fifteen passes and only one was incomplete. The following week against Schuylkill Grover tossed thirty-two forwards and of that number twenty-eight were complete. Wearshing tosses short and long passes and at both he is an ace

Echoes of Fielding H. ("Hurry Up") Wilbert Robinson is regarded as a Yost resounded distinctly on Michicertainty to manage the Dodgers again gan's varsity football training field For the "old man" came out of his shell at the specific request of Coach Harry Kipke, long enough to instruct Ethan Allen, Cincinnati outfielder, the linemen on the ways and means is one big leaguer who plays on his of stopping the Notre Dame-Purdue running attack. Shortstop Jesse has been returned

Eddie Hughes of Gary, veteran fullback and star punter on Indiana university's football team last year, is a welcome newcomer to the fold of Pat Page's squad. Hughes was de clared eligible on passing a make-up examination.

Nine football graduates of Stanford university have found coaching tobs in the past three years. Wilton, Lewis, Harder and Robesky of last year's team are now mentors.

El Dorado club of the Cotton States Jack and Pete Walters, Marquette university sophomore distance runners from Listowel, Canada, returned to school this fall after some real cross country travel, a 12,000-mile finishing six and a half games ahead auto jaunt about the United States. Leaving home June 28, the Walters boys and two young friends who have enrolled as freshmen at Marquette, on the sport by Walter Johnson doesn't drove through Wisconsin, Minnesota, apply to the clown. Nick is extremely and Nebraska, where they worked in the harvest fields, and then on to the west coast. They returned to the Middle West just in time to resume chased by the New York Yankees from their classwork at Marquette. Both Mobile, has been sent to the Albany brothers were members of the 1928 Canadian Olympic track team.

"Makes More Bread

Than Any Flour I Ever Used"

"Never a Failure With Gold Medal

'Kitchen-tested' Flour. The Only

Flour For My Family"

Mrs. G. H. Blodgett R. R. No. 1, Waserly, Minn.

"My neighbor who bakes 28 to 30 loaves of bread a week came over one day in tears. She said her bread turned out like lead and almost black. I told her it served her right because she did not use Go! 1 Medal Flour that's 'Kitchen-tested'. She got a sack of Gold Medal and she said, 'Why, that flour is just like cake flour'. I told her there's never a failure with Gold Medal-besides it makes more bread than any kind of flour I ever used."

It's Easy Now For Women To Have Baking Success

No longer need they worry Failures, experts found, were about perfect results. Now, mostly due to the fact that 2 sacks they can be sure of success every time with pies and cakes, bread ferently, even with the same recand biscuits. They use a new-type ipe . . . it was not uniform in oven flour for all baking purposes-

Says Mrs. Blodgett So now all GOLD MEDAL Flour is 'Kitchen-tested" before it comes to you. As each batch comes through the mill it is tested by actual baking-bread, cakes, biscuits, pastries-in an oven just like yours. Only flour which acts the same perfect way every time is allowed to go out to you. Thus

Record Gain in Butter Profits

Dairymen Who Use "Dandelion Butter Color" Say It's the Best Investment of All.

The biggest creameries in the country, who are most careful to cater to the whims of the public, are earning record profits by keeping their butter that appetizing June color everyone likes. Ninety per cent of them are doing it with "Dandelion But-

ter Color." It's the most economical and satisfactory butter color made. Half a teaspoonful colors a gailon of cream! It doesn't color the buttermilk. It's purely vegetable and tasteless. Approved by all State and National Food Laws. Large bottles, only 35¢ at all drug and grocery stores or write Wells and Richardson Co., Inc., Burlington, Vt., for a FREE SAMPLE BOTTLE.

Remarkable Ape Dead

Azwas, giant six-foot ape, captured In the Dutch East Indies and the subject of much controversy among scientists, died at Rochester, N. Y. recently. Azwas was neither gorilla nor chimpanzee, it was said, yet weighed 400 pounds, the only simian of his kind ever captured. Meyer Aaron, the ape's owner, valued him at \$20,000. He was being exhibited at a local park at the time of his death. His daily diet of seventy-eight hananas had fallen to a point where he refused food, and it required ten men to give him medicine. In Azwas' native jungles his kind were known as "muskuda" or "men of the woods," and were rare.

Old Bank Vault Buried

The first bank vault in Hillsbord N. H., has been laid to rest. Workmen razed the building which housed the town bank two score years ago and rather than go to the trouble of removing the large cumbersome iron and Cincinati Reds. filed a petition asking steel strong box it was decided to dig a hole under the building, which is to be replaced, and drop the safe into it.

Badger State News = Briefly Told =

Kaukauna-A local of the Wisconsin Pure Milk Products Co-operative association, sister organization to the Chicago Pure Milk association, was organized at a meeting here.

\$\(\alpha\al

Wabeno-A proposal to appropriate \$3,500 for the purchase of a fire truck for the protection of the town of Wabeno will be voted on at a special referendum election Oct. 29, as a result of action taken by a special town meeting called to consider the matter of fire fighting equipment.

Amery-Winter brings indoor feeding of dairy cows and great care should be taken not to overfeed or underfeed, says C. F. Claffin, Polk county agent. Underfeeding is one of the most common reducers of profits for many dairy farmers, he says, but overfeeding may be just as unprofitable,

Platteville - The Congregational church here observed its ninetieth anniversary Sunday, Oct. 13. The church was admitted into the conference Oct. 13, 1839. Special services were held morning, afternoon and at night. At the afternoon service the Rev. T. R. Faville, Madison, delivered the anniversary address.

Juneau-The matter of relief from the crowded condition at the Dodge county courthouse here will be considered by the county board at its fall meeting, which opens Nov. 12. A special committee has been appointed to investigate and make recommendations. The erection of an annex has been suggested.

Chippewa Falls-Intimating that he did not like the stories which are circulating because of the disappearance of the park board's record book, T. L. Murphy, superintendent of Irvine park, has submitted his resignation to the board. The books disappeared some time ago when the board ordered an audit. Murphy said the books were

Janesville-A gift of \$14,000 to \$15,-000 to Beloit college was made public when the will of Mary Louise Smith, who died in Beloit Oct. 7, was filed in county court here. The trust fund will be known as the Edward J. Smith scholarship fund in memory of Mrs. Smith's father. Income will be used In alding worthy young men in obtaining an education in Beloit.

Milwaukee-A policeman who was shot by a bandit during an attempted holdup here two years ago, had filed suit against the estate of the bandit for \$10,000. The policeman is Walter F. Smith, who was shot by Harry H. Swanson when he interferred with Swanson's attemptel robbery. Swanson later hanged himself in the state prison, leaving a \$30,000 estate.

Kenosha-A denunciation of the action of Wisconsin in repealing the state dry law was made by Mrs. Annie Warren of Stoughton, president of the state W. C. T. U., in an address at the temperance organization's annual convention here. The action was that of "a traitor to the constitution of the United States," said Mrs. Warren. Prohibition, she said, is the best method yet found for dealing with the liquor traffic.

Madison - Conferences at Antigo, Superior and La Crosse to explain pro vision of the new children's code were announced by the Wisconsin Conference of Social Work. Judges, district attorneys, county and city officials, heads of charitable institutions and interested citizens are invited to attend any of these meetings. The Antigo conference is scheduled for Oct. 28, with Superior and La Crosse meetings occurring on successive days.

Superior-A little slip of paper in the form of a check from the state treasurer for \$133,917.40, the city's share of railway and terminal taxes. is expected to tide the municipal government over until late December, when the 1930 taxes will come in. If this check does not arrive the city will have to borrow money to carry on, Treasurer George Ostrom said. When the check arrives, the school board will get \$60,000, leaving \$73,000. The city has only \$50,000 in the bank at present.

Platteville-The Platteville Teachers' college operates a 140-acre faria in connection with the agricultural department of the college, specializing In pure bred Duroc-Jersey swine, pure bred Holsteins and Guernsey and fine flocks of Barred Rock and White Leghorn chickens. Much forage is required and a considerable portion of the farm is given over to raising corn, Silver King and Clark's Yellow Dent. The crop is now being harvested and according to Prof. Stoneman the yield will average 60 bushels to the acre.

Janesville-Ninety-six pupils at the local high school were barred from physical education classes during September because of foot and skin troubles, according to Mrs. Lifa Belton, high school nurse. Of this number 62 were affected with plantar warts, contracted during the summer at public

Clintonville-The clover seed crop here is far below expectations earlier in the season. Heads were poorly filled. It is expected that prices will be high

Rhinelander-C. L. Harrington, spperintendent of state forests and parks, has informed M. R. Jeffris, president of the Rhinelander Chamber of Commerce, that approval has been given by the conservation commission for expenditure of not less than \$30,000 on highways leading to the state park at Tomahawk lake.

Colby-"he Central Canning company, with factories here and at Bochester, has been sold to the Libby, McNeil and Libby Company of Chicago for \$175,000, it was announced here. | three years.

Kaukauna-Dairymen of this view ity met here and made plans for organizing a local branch of the Wisconsin Pure Milk association.

Fond du Lac-All city water pumped from the municipal reservoir will be treated with chlorine hereafter, it was announced by city health officials. This action was taken as the result of an epidemic of intestinal flu which had affected hundreds of residents here.

Oshkosh-Three breeds, Ayrshite, Holstein and Jersey, are represented in the first county herd improvement association being developed in Winnebago county. Testing will be carried on under the breed association plan, says Roy T. Harris, extension dairy specialist at the Wisconsin college of agriculture.

Madison-Appropriation for \$100,- title. 000 annually for advertising the recreational, industrial and agricultural attractions of Wisconsin will be set up in the budget of the Wisconsin State Chamber of Commerce. Announcement of the financing plan was made by E. H. Krueger, general secretary of the State Chamber.

Janesville-The average valuation of \$62 this year, in the equalization of tory over Wisconsin, 7 to 0. valuations on various towns and villages and cities, submitted to the counwas \$56. The total valuation of cattle in the county is \$3,539,000.

Rhinelander-For an attack commitand a motion for a new trial was denied by Judge A. H. Reid, who sentenced them.

a 400-foot steel oil tanker for the ity of 2,100,000 gallons and will be propelled by engines of 2,000 horsepower. The contract calls for delivery the middle of next year. No boat of this kind has ever been built here.

Oshkosh-With the exception of Milwaukee, this city entertained more convention visitors this year than any other city in the state, it was announced at the Chamber of Commerce here. With the close of the Knights Templar convention which brought close to 5,000 people here, Oshkosh played host to more than 26,000 visitors during 1929. Already six organizations have selected Oshkosh for their convention city for 1930 and the prospect is that the figure of 26,000 will be surpassed.

Two Rivers-A huge alcohol still, in full operation, located in an abandoned brewery in the heart of Mishlcot, sev en miles north of here, was raided by four federal prohibition agents from Milwaukee. Lane Maloney, one of the agents, termed the distillery the most modern equipped plant he had ever seen. The still had a capacity of from 20,000 to 25,000 gallons. Although the still was in operation there was no one and it is believed they had been tipped off to the raid shortly before it was

Madison-Following an announcement by the state tax commission that the assessment of all real and perincreased \$103,549,767 this year to a total of \$5,975,952,415, Secretary of ship consideration. State Theodore Dammann said that it equalization law. The rate also includes 1.20 of a mill levied for forestry | bandily. purposes for the first time. THINNING OUT NOTED IN GRID TITLE RACE

East Loses Three; Elimination Faces 4 West.

Chicago.-Defeats of three of the strongest elevens in the East and the probable elimination of four teams from Western conference championship consideration were the features of Saturday's gridiron battles.

Despite the fact that Wisconsin, Indiana, Michigan and Iowa stepped off the gridirons on the small end of the scores, they are not counted out of the running for the Big Ten honors; if they win their remaining conference games they may earn a tie for the

In the intersectional contests of note, Notre Dame, which will meet Wiscousin at Soldier field Saturday, won from the Navy 14 to 7. The Ramblers turned the trick without the presence of Coach Rockne.

Nebraska defeated the strong Syracuse eleven, 13 to 6.

In the Middle West the four conference games were evenly fought, cattle in Rock county was increased to Northwestern took a well earned vic-

It was a costly victory, however, for Coach Hanley's purple clad eleven. ty board by F. A. Taylor, supervisor Hank Bruder, who gave every indicaof assessments. The average last year tion of developing into one of the leading backs in the conference, sustained a broken leg and will be out of the remaining games.

Chicago won over Indiana in its ted upon two girls near here last Aug- Big Ten opener, 13 to 7. HAITIAN ELECTION OFF

President Borno.

Port-Au-Prince, Haitl. - President Borno announced that there will be no legislative elections in 1930. This means that the election of a president next April will be by the council of state and not by the national assembly, which is chosen by popular vote. The choice of the April election will serve for six years.

CUBS AND ATHLETICS WILL SPLIT \$271,660

Small Attendance at Philadelphia Is Surprise.

Philadelphia, Pa .- Official figures for world series attendance and receipts show that 160,569 fans paid \$718,679 to see the first four games, the only ones in which the players will par-

Although the players were shocked to learn that only 20,921 persons had attended each of the Philadelphia games in a park reputed to hold 40, 000 in a pinch, the pool for the Athletics is only a bit short of the record pot of \$419,736.60 divided by first division men last year.

The Athletics, the Cubs and other first division players will split up \$388,086.66. The pool was swelled by the large number of \$6 box seats in the Chicago park and by the elimination of the \$3 seats except in the case of a few hundred standing clients at Wrigley field.

Of the money in the players' pool, the Athletics and the Cubs will divide 70 per cent, or \$271,660.66, on a sixty-forty basis, with the series winners, of course, taking the larger

The fifty-odd players on the rosters of the Pirates and the Yankees will share equally in 15 per cent, or \$58,-213, and the third place Indians and Giants will lay claim to 10 per cent, or \$38,808.67. The 5 per cent consolation prize of \$19,404.33 will be tossed to the Browns and Cardinals.

If the players on the contending teams divide their money into 27 shares, each winning player will receive \$6,003.69 and each loser, \$4,002.-46. This winning estimate is a shade behind the \$6,143.49 paid to each of the Yankees in 1923, the record year. The losing estimate falls short of the record made last fall when each Cardinal drew \$4.197.37.

Each second place player will get slightly more than \$1,000, and each third place man will receive about \$700. The fourth place boys will get a bit more than \$350.

Corn Crop Report Shows 72,000,000 Bu. Increase

Washington - An Increase of 72,000. 000 bushels over the estimate of a month ago is shown in the crop report on corn as made by the United States Department of Agriculture. The October estimate is for a corn production of 2,528,000,000 bushels, which compares with 2,836,000,000 bushels raised last year, a loss of 308,000,000 bushels. The average yield for the years 1928-27 was 2,747,000,000 bushels, so that this year's outlook is for a crop 219,000,000 bushels under the five-year average.

The prospect is for 224,000,000 bushels of spring wheat, including 52,-000,000 bushels of durum, as against 217,000,000 hushels a month ago and 324,000,000 bushels last year.

No new estimate was made on winter wheat and the preliminary figures of 568,000,000 bushels indicate a total of 792,000,000 bushels for the United States this year. This 110,000,000 bushels below the crop of last year. An oats production of 1,127,000,000 bushels is indicated, which is 22,000,-000 hushels above the September figure, but 222,000,000 bushels under the estimated production last year.

SENATE GROUP OK'S FEDERAL FARM BOARD

ence Call Issued.

Washington.-Nominations of the eight members of the federal farm board appointed by President Hoover were approved by the senate committee on agriculture. The committee's recommendation, it is believed, virtually assures favorable action by the senate.

All except three of the nominations were approved unanimously. One vote out of seventeen was cast against Chairman Alexander Legge and three votes were cast against Carl Williams of Oklahoma, who represents cotton, and Samuel R. McKelvie of Nebraska, the wheat representative. A roll call vote was taken on each board mem-

Washington.-For the purpose of planning a national organization in which the various live stock co-operatives may participate, a call has been issued by the federal farm board for a conference of co-operative livestock marketing associations in Chicago on October 23. In view of the fact that there are competing co-operatives at some of the large terminal markets, the board has been advised is very evident that that co-operative control can be cor. sleeves are being made related more effectively through a national group.

"Of the live stock sold at terminal markets in 1928, \$289,142,930 worth was handled by the co-peratives." the hoard said. "This represented 181,-850 carloads composed of 1,751,599 cattle, 8,483,413 hogs and 1,686,889 sheep, or approximately 18 per cent of the live stock sold at the terminal markets of the country, and ranges from 9 per cent on some of these markets to 35 per cent on others."

Those invited to the Chicago con. cially as it pertains to the autumn ference are officials of the National and winter wrap, the stylist is aided Livestock Producers' association, which operates sale agencies on 12 of furs, which embrace every species from the large terminals; the Farmers' Un- pedigreed types to those of obscure ion group which operates on nine of origin. However, fur is fur, and its the terminal markets; the Farmers' Livestock Commission company at St. Louis: the Central Co-operative association at South St. Paul, the l'enples' Co-operative Sales agency at South St. Paul; the Equity Co-operative Livestock Sales association at Milwaukee; the Producers' Livestock Commission association at Springfield, Ill.; the Missouri Farmers' Association Livestock commission at Springfield, Mo.; the Cattle Raisers and Producers' Commission company at Fort Worth, Texas, and the Western Cattle Marketing Association of San Francisco, Calif.

In addition to these operating agencles, the presidents of these national farm organizations have been invited: American Farm Bureau federation the National Grange, the National Farmers' union, the National Equity union and the American National Livestock association.

Principles of operation for the Farmers' National Grain corporation \$20,000,000 marketing organization for wheat co-operatives of the west were also agreed on at a conference attended by the members of the board and the organization committee named by the growers. This leaves only the settlement of the details of incorporation before the machinery is finally

Progress in the organization of the grain group was noted by Alexander Legge, chairman of the board, who expressed the hope that the corporation would begin functioning by November 1. If it does, he said, some assistance might be extended for the marketing of the spring wheat crop.

The corporation plans to maintain a central sales organization with offices in all grain-buying centers of the country, Mr. Legge said.

month or six weeks. Best thing all the way round. I'm a member myself, and I'll go to old Jop this very day, and get things started. We'd better have it all fixed before your father comes back, for be just might have an objection or so. Now you be ready to come out with him-" "Miriam will have to go with fa-

ther. Remember-1 have my own personal business to look after at

"Oh, is that the way of it? Well. Miriam then-anybody. And the rest of you must come out and visit very often to keep him from getting lone some. I wonder we didn't think of this before. Why, it is just the thing all the way around. It will tickle mother to have some one around for ber to make a fuss over, and your father-You see, Ginger, when he is at Lome, he can't rest. He lives every minute five times over, once for himself, and once for each of you girls. Ob, there are only three of you now. But there's lenky. And when you want things be can't affor ., it simply makes him sick. And when the tills come in, and he hasn't the money! Rest? How could any man rest! Get bim away from it, that's the ticket."

"Oh, Eddy!" Ginger was spellbound at the depth of his understanding "Isn't it too bad you haven't got a

And in a Moment They Were Rolling

Off to the Country. family of your own? Why you'd be perfectly wonderful with childrenjust like father"

So Eddy, with some reluctance, turned the car back from the pleasant lanes, and went into consultation with Mariory and Miss Jenkins.

"I asked Ginger to come out with her father," he said frankly, "for she looks pale and tired, and I thought the change might do her good. But she says Miriam. Ginger has affairs of her own which require her continued presence in the city-at least, she says so, though she did not take me into her confidence. At any rate, I shall make arrangements for Miriam and

your futher at Pay Dirt." "And Ginger-and the rest of uswill come and visit," promised Marjory, with a sly smile for the young man. But she added, with great seriousness, "Eddy, I think you are a dear good boy. You are so sympathetic and so generous it simply isn't fair, it leads us to expect too much of human

when I want it most." She sighed a "And it will be the best thing in the world for father," interpolated Ginger "What's the matter? Bad news from proudly. "And something we can well your father? What do the doctors afford-since it doesn't cost anything." "Eddy, believe me." added Miss "Just what they have been saying Jenkins almost tearfully, "you shall for five months. He is worn out, have your reward for the good you nervous and weak. His eyes can't ger well until the rest of him is

"Well," he said facetiously, "I hope the reward happens to be the thing I want. The worst thing about rewards is that they are usually just what you

want least" "What do you want especially?" demanded Ginger, her thoughts flying to the future affluence attendant upon

her home for the blind. "Something that I dare say will disagree with me if I ever get it," he re-

plied, laughing. "But I want it." "Don't eat anything that will give you indigestion," she continued. "I had it after the strawberry festival. It's terrible."

Quietly then they made their pians for their father's return. Eddy promised to go that same day to Joplin Westbury, treasurer of the official board of the Methodist Episcopal church at Red Thrush, trustee, stewication of the new.

When Eddy broached the subject to relief in his manner.

Only one minor detail he wished altered. Mr. Tolliver needed more serve with mayonnaise and cream. than a mere four weeks of rest, he must continue until the formal dedication of the church.

"We've got things well in hand, now, moved over. If a little rest will do yolks and mix well, him good, a big rest will do more. And that will bring us up nearly to no barm done."

Season with salt, needs, was gratified by a piece of add an onion or a clove or minced The superin- garlic if liked and bake for six to eight hours. A simmer burner is heat enough if gas is used for the oven

Butterscotch Pie.—Take one cupful ing the convening of the conference milk, add the beaten yolks of two for his a signment. The practice in eggs, two tablespoonfuls of flour, one active ministry would be a very fine teaspoonful of cornstarch, one-half thing for him, and he could be se- tenspoonful of salt and two tablespoonfuls of butter. Mix the dry in-In the meantime, Mrs. Westbury gredients, add to the milk, add beaten had telephoned the members of the egg yolks, melted butter, and fold in board, announcing a special meeting the egg whites at the last. Bake in a pastry shell, as a custard pie.

Dishes of Fall Fruits. While the delicately flavored quince is in the market prepare some for win-

ter use, by making quince honey and serve them as desserts with other fruits. Quince Custard

Pic.-Take two cupfuls of quince, cook with water to a pulp, add the grated rind of half a lemon while stewing, then add the fuice with one-half cupful of sugar,

two egg yolks, one-half cupful of milk and fold in the stiffly beaten whites. Pour into a pastry shell and bake as a custard pie. Quince Scattop .- Take three quinces,

three sweet apples, one pint of crapberries. I'eel and core the quinces and apples into eighths. Place a few cake crumbs or slices of cake in the bottom of a baking dish; over this sprinkle a layer of apple, quince and cranberries; sprinkle with sugar, a bit of cinnamon; repeat and bake one

Quince Souffle.-Take four quinces. three eggs, one-half cupful of milk. one lemon, one-half cunful of bread or cake crumbs. Boll the quinces un heart of the chimney, forming unique til tender, after peeling and coring hallways from one part of the main Pass through a sieve. Add the juice floor to another. Foundations and of the lemon and a little of the rind. chimneys were built to withstand the Stir the beaten yolks of the eggs into onslaughts of floods, earthquakes and the mixture and fold in the beaten centuries. Fire occasionally razes whites, add other ingredients and pour cleanly one of these Colonial dwell- into a baking dish, bake twenty minings, yet the hand of man is always utes. Serve with cream or a fruit necessary to tear apart that honest sauce. Pear souffle is prepared in the same way.

Cantaloupe Cups .- Prepare the cantaloune, removing the seeds, and chill, Fill with ripe watermelon balls, white grapes, banana and peaches. Pour over a thick slrup of pineapple or peach juice with orange or lemon. Chill until the fruit has absorbed the

spoonful of gelatin in one-fourth cupful of cold water, add one cupful of grape juice heated to boiling, add the grated rind of a lemon, the juice, and the juice of an orange. Chill and fold in two cupfuls of whipped cream. Pack in ice and salt to mold.

Metal Requires Rest Metallurgists have now learned that metals become tired out in much the of the time. Do you call that con. same manner as living creatures. versation?-Philadelphia Public Ledger. When they are fatigued by constant small shocks, they may break without apparent cause and there is no way to prevent this collapse except by giving the metal a rest!

> Put Conscience First Be more careful of your conscience than of your estate. The latter can be bought and sold; the former never .-Hosea Ballou.

Why not? It is a proven antidote for pain. It works!

And Bayer Aspirin tablets are utterly harmless. You have the medical profession's word for that; they do not depress the heart.

So, don't let a cold "run its course." Don't wait for a headache to "wear off." Or regard neuralgia, neuritis, or even rheumatism as something you must endure. Only a physician can cope iarize yourself with its many uses, with the cause of such pain, but and avoid a lot of needless suffering.

you can always turn to Bayer Aspir-

in for relief. Bayer Aspirin is always available, and it always helps. Famil-

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid

Doctor Gives Hint to Lucky Salesman

TT'S a wise man that knows when he is slipping. Mr. R.F. Myers of 711 Rosedale Street Baltimore, had the good fortune to get his tip straight from one of his doctor customers (he was selling for a pharmaceutical house) and since that lucky visit he has increased his business 50 per cent.

For two years he had been driving from town to town, and naturally this threw his elimination out of shape. He felt himself slipping. Cathartics only made him worse. Then one day he was calling on a wise old physician, and asked his advice. "What you need, my boy," said the doctor, "is a simple, easy, normal way to clean the poisons out of your system-we all have themand with your kind of work they certainly cut down efficiency. Why don't you try Nujol?"

"Well, believe it or not," says Mr. new man. 'What's got into you?' | your efficiency 50 per cent too

asked the home office, 'your business has increased 50 per cent!" That's the great thing about

Nujol. As soon as it begins to clean the poisons out of your system it makes you feel so well that you can almost always do a much better job.

Nujol is not a medicine and contains no drugs. It is perfectly harmless, forms no habit. It is simply bodily lubrication, which everybody needs. You, like everybody else!

Why put off good health any longer? Go into any good drug store and get a bottle of Nujol in a sealed package. Costs so little and means Myers, "in a few days I felt like a | so much! Maybe you can increase

Colonial Homes Surely Constructed to Endure

struction methods employed by New England coast house builders of the Colonial period are generally impressed by the foundation work, Today, after a century or more, one may find these foundations unshaken. La--I'm afraid-1 couldn't do very much bor was cheap in earlier times; construction material close at band. Perhaps such massive bases for the superstructure were needlessly extravagant, yet one must admire the honest work that has stood the tests of time. At East Winthrop, Maine, there

stands a massive Colonial dwelling, 107 years old, that has one of these typical foundations. It is formed of enormous granite slabs which are laid up three feet thick. It is tradition among descendants of the original owners that three yokes of oxen were required to haul some of these great stones to the spot. Quite frequently one will come

across one of these Colonial houses with stone chimney bases 20 feet square while on the ground floor

The Rose in History Roses and romance have been kin through the centuries. They have

been flung to knights in armor, have been worn beneath the coat of mail as heroes entered battle, have been strewn at the feet of returning con querors, have lain in quiet peace on the blers of the dead, have softened the contours of tombs and burial mounds, have marked the confident pathways of brides, have been thrown at the feet of idols. Wherever man has sought to express what words your father would object, we can get cannot say, the rose has played its

"Conversational" Dinner One night at the White House dur-

ing the Presidency of Theodore Roosevelt there met at dinner John Hay (then secretary of state), Sir Martin Conway, Walter Weilman, James Ford Rhodes, the historian, and, of course, President Roosevelt. Next day Hay and Rhodes met again and the following conversation en-

Rhodes-That was a nice conversational dinner we had at the White House last night.

Hay-Conversational do you call it? How long were we at the table? Rhodes-About two hours.

Hay-Well, Wellman talked a minute. Sir Martin a minute and a balf. you a minute and I not more than that, and Theodore talked all the rest

Money's Real Meaning

Money in itself means nothing. It is only a medium of exchange. How much you get in your pay envelope each week depends on what you have to offer and are willing to give in exchange for it. You are your own paymaster.-Grit.

Grape Parfalt-Dissolve one table-

Nellie Maxwell

Dairying Means Permanency

The permanent nature of dairying not only means a permanent class of farmers--an owner class--but through them is built a class of permanent business men. Permanency is the twin sister of success. Without success no business can be permanent. Dairying is not an experiment, and the evidence of the success of the dairy business may be found without trouble in every community. The Better Dairyman's Platform should be: "Better Sires to head their herds." Weed out non-producers by testing. Raise the good calves from tested cows. Secure the highest prices by producing dairy products of the very highest quality.
