Music will be furnished by two orchestras and there will be continuous dancing from 8:30 p. m. to 1 o'clock a. m. Bernard Sell and His Orchestra and A's Melody Kings will furnish music. A very good time is assured to all who attend. Get your tickets in advance and save some money. Tickets on sale at Paul Schaefer's, Jos. Eberle's and A. Naumann's. Don't miss this dance.

### IN MEMORY

In loving memory of our beloved husband and father, Edwin Ramthun, who passed into eternal sleep, Jan. 7, 1934. It is sad that one we cherish should be taken from our home. But the joys that do not perish. Live in memory alone. All the years we've spent together, All the happy, golden hours, Shall be cherished in remembrance. Fragrant sweets from mem'ry's flowers. Sadly missed by his wife and daughter.

### HAVE YOU SEEN THE PLAY "WHERE'S GRANDMA?"

The play "Where's Grandma?" given by the St. Theresa Sodality of Holy Trinity congregation at the Kewaskum High school auditorium last night (Thursday) was very well attended and greatly enjoyed by all who attended. If you did not see the play Thursday evening, be sure and see it Saturday, Jan. 12, as it is well worth the time and price of admission. There are still some choice seats left and they can be reserved at John Marx's grocery store at any time. Tickets may be obtained from any member of the sodality, at the door on Saturday evening, at the John Marx store and at the parochial school. "Where's Grandma?" is different from anything put on in this village for quite some time—it is a purely home talent play. Come for a rousing evening of entertainment.

### WOMAN'S CLUB MEETING

The next meeting of the Kewaskum Woman's Club will be held on Saturday afternoon, Jan. 12, at the home of Mrs. L. P. Rosenheimer. Discussion will be "What Women Talk About," led by the club members.

### CITY TEAM LOSES TO CEDARBURG

The Kewaskum city team lost its fourth game of the season at Cedarburg last Friday evening by the score of 36 to 22. This defeat gives the team a percentage of 334, having won two games and lost four.

The game was an interesting one to watch, although Cedarburg held the lead throughout the entire game. Kewaskum crept up to within a few points of Cedarburg several times but could not stop their opponents from making baskets in the manner in which they did. Many of Cedarburg's baskets were made on freak shots, which only luck could lead through the hoops. We do not wish to take credit away from the Cedarburg team, for they played good ball, especially Blank and Schneider, who sank baskets from all angles, but no doubt the home team got the majority of "breaks" on shooting. Shots like that cannot be stopped.

Stenschke played his usual bang-up game for the locals, helping the cause along a great deal by sinking five field goals and three free throws for a total of 13 points. He scored all his points except one in the second half. "Hank" Blank played an outstanding game for the winners, scoring 14 points. Closely following him was Schneider, who scored 10 points.

The score at halftime was 16 to 5 in favor of Cedarburg.

On the same evening the Kewaskum second team lost a rough and tumble game to the Cedarburg Turner Juniors by a score of 29 to 19 in the preliminary game to the Turner-Kewaskum battle. The players who represented the Kewaskum second team in this game were, Honeck, J. Schaefer, Hron, C. Miller, Rosenheimer, Landmann, Schlosser and Reese.

Next Sunday, Jan. 13, Grafton will invade Kewaskum to try and make it two straight over Kewaskum this season. Grafton defeated Kewaskum 25 to 21 in a bloody battle at Grafton several weeks ago. These two teams are almost perfectly matched and the game is sure to be very close and interesting. Kewaskum is confident they can turn the trick on their home floor so be sure and be seen and heard at the game Sunday.

There will be a rip-roaring preliminary game at 7:30 o'clock between the Mueller Furnitures of Grafton and the Kewaskum second team. Come early!

### SCHEDULE FOR FREE DENTAL EXAMS

The Washington County Health Committee and the County Nurse have organized a program of dental education which has been carried on in the schools of the county for the last four years. The dentists and the dentists have cooperated and much excellent work has been accomplished.

Several schools had 100 per cent dental corrections and some very nearly 100 per cent. This has been evidence of a keen understanding of the factors leading to health.

There are other tragic cases, however, where stony gums, poor enamel, extensive stains, large cavities, and teeth discharging pus, give evidence of improper food, no mouth cleanliness, and no dental care. These cases are tragic for it is almost certain that aftermath of ill health will follow. Many heart, nerve, and joint diseases are direct results of dental decay.

It has been said that "To have good teeth is to have good health," and it has also been said that "Good health is worth more than Croesus's gold." The dentists of Washington county are again co-operating with the health committee in the dental program. They will examine the mouths of all school children free. They have outlined the following schedule and wish to have people abide by it as nearly as possible to save time and confusion.

- Each child will report to his own family dentist.
- Jan. 7th to 14th—Kindergarten children.
- Jan. 14th to 21st—1st grade children.
- Jan. 21st to 28th—2nd grade children.
- Jan. 28th to Feb. 4th—3rd grade children.

TIPS ON MAKING SAVORY COOKIES

Tempting and Delicious Tidbits Are Easily Made.

By EDITH M. BARBER

I LOVE cookies, but they're so hard to make, announced one of my friends the other day.

There are, however, any number of those delicious little cakes which do not need to be rolled.

Then there are those drop cookies which, in general I think, are even better than rolled cookies.

Another cookie of the drop type demands no flour.

I wonder if you have ever used unblanched almond or brazil nuts for cookies of the macaroon type.

Macaroon Cookies. 2 egg whites 1/2 cup sugar 1/4 teaspoon salt

Spiced Cookies. 1/2 cup shortening 1 cup white or brown sugar

Bran Molasses Cookies. 1 cup shortening 1/2 cup boiling water 1 cup molasses

Put the shortening into a bowl, add the boiling water, molasses and sugar.

These cookies have good keeping qualities and the flavor improves on standing.

Almond Slices. 5 1/2 cups pastry flour 1 teaspoon soda 3 eggs slightly beaten

There are, however, any number of those delicious little cakes which do not need to be rolled.

HOW IT STARTED By JEAN NEWTON

PEOPLE often ask as to the origin of that so-familiar phrase from our childhood days, "learning by heart" for learning by rote or committing to memory.

We may regard this as an old expression because we know it so long. But it is far older than we think.

Big Dipper to Be Soup Spoon in 50,000 Years Philadelphia.—The Big Dipper in another 50,000 years will be the same shape as a common, ordinary soup spoon.

During these next 50,000 years one will be able to watch the wandering stars in the tip of the handle move to the left and the rest to the right, thereby changing the shape of the Dipper considerably.

The star-making machinery in the planetarium can switch them around in the most amazing ways. The universe can be turned back to 50,000 years ago, showing the astral positions at that time, and then can be turned forward to show how the Dipper will appear in the year 51934 A. D.

Mending Tears Triangular tears in garments may be neatly mended if the edges are first worked with a buttonhole stitch, then caught together through the stitches instead of the material.

Because of these heavy death duties, most wealthy men who have their fortunes tied up in specific industries, carry death and duty insurance to take care of payment of taxes and obviate necessity of the family selling the business in order to settle with the government.

Mr. Chamberlain planned on receiving \$380,000,000 from the death duties. But apparently he has underestimated things a little, for about a dozen millionaires have died so far this year and revenue returns from the first quarter showed an increase of \$27,000,000 over 1933.

Another of those indefatigable researchers has discovered that children born when their fathers are over 40 years of age have better chances of success than the offspring of younger men. The idea may be that the older fathers can not hold a bad example before the kids so long.

## Economic Highlights

Happenings that effect the dinner pails, dividend checks and tax bills of every individual National and International problems inseparable from local welfare.

During 1934 retail business was substantially better than in 1933, according to leading commentators. Most surveys place the improvement at 20 to 25 per cent.

However, industry showed little or no improvement.

The explanation of that seeming anomaly is that department store cash registers tinkled oftener than at any time since the beginning of depression. But basic industries, such as steel, lumber and mining, found purchasers for their products few and far between. People bought perishables—shoes, food, fuel, clothes—but they did not buy cement, shingles and similar non-perishable goods. Increased retail trade was undoubtedly due largely to heavy government relief expenditures.

The disparity between retail business and industry was especially marked during the Christmas buying season. Heavy employing industries were at an extremely low level—while stores were jammed with purchasers who bought not only necessities and staple goods, but more luxury items than in several years.

The burning question now is, When will industry come back and give regular employment? And here's a case where the commentators are a long way from seeing eye to eye. For example, a short time ago, General Charles Gates Dawes, ex-Vice-President, ex-Ambassador to Great Britain, and ex-Chairman of the Reconstruction Finance Corporation, spoke before the Chicago Association of Commerce, Armed with an imposing array of charts and graphs, Mr. Dawes observed that during any depression, the demand for durable goods rises last—but rises fastest once it starts. Then he made the unequivocal forecast that June or July of the present year will mark the commencement of a period of full business prosperity. Basis for this forecast was the experience of past depressions, notably those of 1873 and 1893. In each case, according to Mr. Dawes, demand for heavy goods appeared precisely five years and six months following the stock market collapse.

Not so sanguine, however, is one of the country's most famed business prognosticators, Colonel Leonard P. Ayres, vice-president and economist of the Cleveland Trust Company. Mr. Ayres can see no recovery in sight—said that our economic machine was comparable to a stalled automobile with a dead starter. We have, he observed been making the machine go by rushing (great public expenditures) for more than a year without any indication that it will soon become self-propelling.

One concrete sign that the break in the clouds for heavy industry may be not far off came from Federal Housing Administrator James A. Moffett. He announced that his remodeling drive had rolled up a total of \$145,000,000 worth of durable goods business in three months, was creating industrial activity valued at more than \$2,000,000 per day.

Thus, you can find about whatever you want to find in the way of business forecasts. But the best forecasts have gone awry in an uncanny manner during the present depression. One thing is sure—conservative or radical action of the Congress will have a strong effect, either favorable or unfavorable, on the business future. Most qualified lookers-on believe that Mr. Roosevelt wants legislation to be comparatively conservative, but the question is, can he control the more radical members of his party?

When it comes to crime, the United States has the unenviable distinction of leading the world by a wide margin. Each year crime accounts for the death of ten people out of each 100,000 of our population—the next country, Greece, is a poor second, with five. In England, but one out of each 100,000 dies because of criminal undertakings.

The greatest fight on crime ever attempted in this nation is now being carried on by the Federal government—and that is one of the new Federal activities, perhaps the only one, which meets with unqualified support of all the people. So far, the government has been extremely successful. Its agents have eliminated a number of underworld kings—have frightened others into hiding. Where, in many cases, local police are corrupted, Federal men have moved continually about from place to place to insure that they will not be known to the criminal element. Where local police are often stupid and inefficient, Federal men are college-trained, are instructed in chemistry, ballistics, all the subjects that make successful crime fighters. Where a small force of local officials could sometimes be intimidated, that is impossible with Federal men because their number is not limited, and the criminal who does "bump off" a Federal agent, can look forward to two more immediately taking his place. The whole power of the Federal government, with its unlimited resources in money, men and equipment, is turned loose to effect his capture and execution.

It is pleasant to be able to report that all the signs point to major crime being "on the run" in this country.

Two-year-old Arthur Barney of Chicago got his head stuck in a brass jar-dinere and the metal had to be cut away to release it.

## Twenty-five Years Ago

January 15, 1910

Mrs. H. J. Lay made the highest score in bowling amongst the women at Eberle's alleys Tuesday evening. Her score was 154.

Chas. Fleischman, while working at the ice house for Henry Garbisch last Monday, had the misfortune of breaking his leg at the ankle.

Passenger train due here at 9:15 a. m. last Tuesday morning jumped the track while pulling into the siding at Rockfield. No one was injured.

Another snow storm accompanied by high wind struck this section last Thursday, although only about six inches of snow fell, the wind blew at a terrific rate all day drifting the snow and filling all passage ways made after the recent storm. The rural carriers started out on Thursday morning but were obliged to return after getting out but a short distance. Freight trains, although they were pulled by two locomotives, were from 2 to 6 hours late. Some were abandoned entirely. Train No. 5, due here at 3:20 Thursday did not reach here until 6 a. m. Friday. The service was not much improved yesterday.

Mrs. Jacob Schmidt, nee Wilhelmina Quandt, for many years a resident of the town of Kewaskum died at her home January 6, 1910, at the age of 67 years, 11 months and 6 days, after an illness with kidney trouble terminating in heart failure.

Gottlieb Blum, who has been an inmate of the County Poor Farm for about three weeks, died at the institution last Monday, aged 62 years.

John Bast, rural carrier on route 34, was tipped out of his cutter last Tuesday while returning from his duties. The horses arrived here ahead of time. No serious damage was done.—Campbellsport Correspondent.

### New Kidneys

If you could trade your neglected, tired and lazy kidneys for new ones, you would automatically get rid of Night Blindness, Nervousness, Dizziness, Rheumatism, Burning, Itching and Acidity. To correct functional kidney disorders, try the guaranteed Doctor's special prescription called CYS-TEK. (Sign-Test). Must fix you up in 8 days or money back. At \$1.00 a glass.

### DON'T GET UP NIGHTS

IF YOU ARE OVER 40  
If so, nature is warning you of danger ahead. Get rid of your trouble early. Make this 25c test. Get Juniper oil, Buchu leaves, etc., in green tablets. Ask for BUKETS, the bladder laxative. Take 12 of them in four days; if not pleased go back and get your money. BUKETS work on the bladder similar to castor oil on the bowels. Flushes out excess acids and other impurities which cause getting up nights, frequent desire, scanty flow, burning, backache or leg pains. You are bound to feel better after this flushing and you get your regular sleep. Guaranteed by Otto B. Graf, Dealer.

## FACTS... TO CONSIDER

**in choosing your 1935 Banking Connection!**

Two matters of prime importance arise in the selection of "your bank." They are first—SAFETY; then—SERVICE!

Here you will find both in a marked degree. Through conservative and careful management this bank has served this community faithfully with the utmost security for its depositors' funds. Its Directors are, and always have been, well-known local men who have proved their ability in the successful management of their own affairs. Its Officers are conservative bankers of long experience, well qualified to assist its patrons in their business problems.

As to service—you will find here always, not only every desirable banking service at your convenience—but a spirit of willing, cordial co-operation to assist you in getting the greatest satisfaction from your banking relations with us.

Make this Bank your Bank in 1935
