

3rd Annual County Fair Now in Progress at Slinger Site

and Better Three-Day Ex-
position This Year Expected to
Draw 15,000 People; Free Ad-
mission

The third annual Washington county fair, one of the oldest fairs in Wisconsin, is being held today, Friday, Saturday and Sunday, Aug. 16, 17, and 18, at the new county highway grounds at Slinger. The fair, which during the past three years has drawn an attendance estimated at 10,000 and 15,000 people, is being held on a site which is being developed for at least equal last year's attendance.

Officials in charge of the fair expect to have a bigger and better exposition this year because of a number of new innovations. Among them will be a program put on by members of 4-H clubs in the county. Also, for the first time this year, competition has been established in a clothing class for the county home-makers. This class is for women 20 to 25 years old because of their work being automatically out of 4-H work.

Another highlight of this year's fair is the showing of a limited number of agricultural exhibits pertaining to agriculture. Then there is the Elman carrying show featuring free high class entertainment; concerts by three bands, and the use of a public address system for making announcements of interest to the fairgoers. Admission to the fair is free of charge, and there is free parking. The fair manager has rented enough land from the John Rosenheimer farm adjoining the highway grounds to provide ample parking space.

SELECT DAIRY QUEEN

Another feature of the fair will be the selection of a dairy queen from among 10 candidates who are aspiring for the honor. The queen will be selected by a panel of judges at 2 p. m. on Saturday, Aug. 17, and her coronation will take place at 8:30 p. m. on Saturday evening. The queen will compete with other county queens for the honor of being selected the Wisconsin state dairy queen at the state fair in Milwaukee next week.

The program to be put on by the 4-H members includes music by the county band, a hillbilly act by Herman and the "Singing Cowboy" by Hilbert Yogerst and Raymond Becker as the "Musical Mountaineers" and a play entitled "Orville's Day." The cast of the play includes Donald Schoedel as Orville and Lucille Wilkens, Caroline Germer, and Marie Meuschke as Beatrice, Ethel and Virginia, Orville's three sisters, respectively. All are members of the Slingerville Happy Hearts club.

There will also be folk dances in the evening by 4-H members, directed by Mrs. Treholm and Mrs. Walter Treholm. The program, including the dances, will be presented at 7:30 and 9:15 p. m. on both Saturday and Sunday, and in a large tent set aside for the purpose.

KEWASKUM BAND PLAYS

The Kewaskum Community band is presenting the music for the entertainment of fairgoers on the opening night, Friday, at 7:30 p. m. The West Bend Moose band will play on Saturday, while the Hartford Community band will provide music on the opening day, Sunday.

Other entertainment on the midway is provided by the Elman Carling company. They brought a wide variety of amusement to the fair in the form of 10 shows and 10 rides, free of charge, and a large number of concessions. This company enjoys an excellent reputation for furnishing high class entertainment at county fairs throughout Wisconsin and other states.

The fair this year was ready for visitors by Friday noon, Aug. 16. All 4-H exhibits have already been made. Exhibits were brought to the fairgrounds on Thursday afternoon or Friday before 10 a. m. Open class entries were made at the fairgrounds on Friday morning. Exhibits are to remain on display until 10 p. m. on Sunday, the closing day.

JUDGING UNDER WAY

Judging of exhibits started Friday morning at 10 a. m. The exhibits judged included foods, canned goods, sheep, baby beef, shorthorns, and red cattle. All other judging will be done on Saturday. The list of judges is as follows:

A. O. Colentine and John Fargo, state college of agriculture, Madison; dairy cattle, beef cattle, horses, sheep, and swine; William Halbach, Waterbury; Jean McFarlane, Milwaukee; specialist extension clothing; Mrs. County fair judge, will also be in charge of the booth at the state fair.

culture, Madison, horticulture and dairy; E. H. Thompson, Fort Washington, grains and agricultural booths; Erwin Holzbeuter, West Bend, vocational school agricultural instructor, agricultural demonstrations.

GIRLS' DRESS REVUE

A feature of the demonstrations by 4-H club girls will be a dress revue Saturday afternoon. Girls in this contest should be dressed and ready for the judge by 3 p. m. The contest will be held from 4 to 4:30 p. m. A judging contest for girls will be held in a tent on Saturday morning from 9 a. m. to 12 noon.

The demonstration contests for girls will be held in a tent Saturday afternoon, with the following girls participating:

Pearl Kuhn, Lois Kuhn, Mary Ann Suckow, Marion Suckow and Marjorie Naab, Marion Haumschild and Charlotte Hausmann, Marie Bahr and Marcella Mueller, Cecelia Rodenkrohn and Inez Miller, Anna Mueller and Virginia Mueller, Norma Redinger, Bernice Casper and Marcella Schwinn, Marjorie Meyer, Dorothea Goebel, Vera Kurtz.

CLUBS ENTER BOOTHS

Practically all of the 4-H clubs of the county entered one or more educational booths. Club members will be interested in knowing that the Hartford Times-Press is awarding a silver loving cup for the best educational booth at the fair.

Due to the advancing of the age limit in the junior farmer and junior homemaker divisions, resulting in increased membership in these organizations, and due to increased membership in the 4-H clubs of the county, entries in all classes of exhibits in the 1940 fair easily exceeded those of other years.

The fair management hastens to point out that, while the fair is known as a 4-H junior fair because of 4-H club sponsorship, it is in reality a county fair in which all may participate, not only in attendance but by exhibiting projects. Adult exhibitors were urged and invited to exhibit at the fair. They are exhibiting in the farm crops, fruits, vegetables, canning, baking, and clothing departments. Other exhibits were limited to 4-H members because of limitations on housing space.

Junior youth organizations, other than the 4-H clubs, are also participating. This includes Girl Scouts, Boy Scouts, CYO members, Campfire Girls, FFA members, and other junior youth organizations.

PREMIUMS INCREASED

The premiums this year are increased over those of former years. About \$3,000 will be awarded exhibitors, according to the fair management. The management consists of a county committee, including Otto Koller, Barton, chairman; George Nehm, town of Polk; George Raebel, town of Richfield, and E. E. Skalsky, county agent. They have had valuable assistance from Armin F. Meyer, assistant county agent, and Miss Helen Muehlmeier, county home agent.

The public is cordially invited to come to Slinger and enjoy the fair. There is no admission charge, and there will be plenty of free parking space available.

Washington County to Have State Fair Booth

The importance of the dairy industry of Washington county is to be featured in an agricultural resource booth at the Wisconsin State fair. The booth at the Wisconsin State fair, the booth will be in the county exhibits building. The title of the booth will be "Washington County—Capital of America's Dairyland." Subject matter in the booth will substantiate this statement and give a full picture of the dairy industry of the county. A special attraction in the booth is a life size model of a dairy cow which gives milk and distributes it to a cheese factory, a condenser, a milk truck and a milk can.

Preliminary planning and work on the booth has been under the direction of Armin F. Meyer, the assistant county agent for Washington county, who will also be in charge of the booth at the state fair.

Beechwood Man, Local Teacher's Father Die

FRANK SCHROETER

Frank Schroeter, aged 84 years, 3 months and 18 days, a widely known resident of Beechwood and step-father of Mrs. Winifred Walvoord of Kewaskum, passed away at his home in that village at 11:15 p. m. Friday, Aug. 9, following an illness of six months.

Mr. Schroeter was born on April 21, 1856 at Silver Creek, Sheboygan county, and came to his present home in Beechwood in 1912. On July 20, 1879 he took as his bride Miss Louise Caroline Lahn at Silver Creek, who predeceased him on July 6, 1908. No children were born to the couple. On Sept. 22, 1907, he was married again to Mrs. Mathilda Flunker, who survives him, along with his step-daughter, Mrs. Walvoord. He also leaves to mourn his loss one brother, Otto, of Milwaukee and four sisters, Mrs. Emma Schwenzen of Batavia, Mrs. Flora Rietz of West Bend, Mrs. Ida Strauss of Random Lake and Mrs. Wm. Russert of near Sheboygan.

The body lay in state at Miller's Funeral Home in Kewaskum from 1 p. m. Sunday until 10 a. m. Tuesday, Aug. 13, when it was removed to St. John's Evangelical and Reformed church at Beechwood. The remains lay in state at the church from 11 a. m. until the time of the services at 2:30 p. m. The Rev. Herbert Tetzlaff officiated and interment took place in the Beechwood Union cemetery.

Mr. Schroeter was an upright man and was held in high esteem in his community. He was a splendid husband and enjoyed a wide acquaintance of friends, who, along with those near and dear to him, will sadly miss his presence. Our sincere condolences are expressed.

CARD OF THANKS

With deepest gratitude and appreciation we extend this word of thanks for the kind acts of sympathy and assistance expressed by thoughtful neighbors and friends during our bereavement, the illness and death of our beloved husband, step-father and brother, Frank Schroeter. To Rev. Tetzlaff, the pallbearers, all who loaned cars, for the floral bouquets, Millers, who conducted the funeral, the choir, organist and Ladies' Aid of the church, and all who attended the funeral we extend special thanks.

Mrs. Frank Schroeter and Daughter, Brother and Sisters

PATRICK HENRY BROWNE

Word was received here of the death of Patrick Henry Browne, father of Miss Margaret Browne, commercial teacher in the Kewaskum High school for the past 10 or 11 years, which occurred at his home in Harvard, Ill., on Wednesday, Aug. 7, after he had been in failing health for the past six months. He would have observed his 80th birthday anniversary in September.

Mr. Browne was born on Sept. 23, 1860, a native of Ireland. Besides his widow he is survived by three daughters and four sons.

Funeral services for the deceased were held on Friday, Aug. 9, at St. Joseph's church in Harvard. The Rev. L. M. Kienon officiated and interment was made in St. Joseph's cemetery, Harvard.

We join with the very many friends of Miss Margaret Browne here in extending sincere sympathy to her and other members of the family in their hour of sorrow.

TO MEAT CUTTING SCHOOL

Sylvester Harter, son of Mr. and Mrs. Jac. Harter of the town of Auburn, Route 2, Campbellsport, who has been employed by the Kewaskum Creamery company, is leaving tonight, Friday, for Toledo, Ohio, where he will enroll at the National School of Meat Cutting. Sylvester will take a six weeks' course at the school and will begin his studies next Monday.

INSURANCE MEN MEET HERE

The Mutual Insurance Managers club, an organization consisting of managers of mutual fire insurance companies from other cities, held a meeting in the offices of the Kewaskum Mutual Fire Insurance company on Wednesday of this week. Theo. R. Schmidt, secretary of the local company, serves the Managers' club in a similar capacity.

TAKE WESTERN TRIP

William Krahn of Milwaukee, former resident of Kewaskum and brother of Mrs. Ida Demarest of this village, and his wife left last Thursday on an extended trip to California and other western states. The many old friends of Mr. and Mrs. Krahn here will be interested to hear of their trip.

WILL SERVE BRATWURST

Delicious home-made bratwurst lunch will be served again at Joe Eberle's Beer Garden Saturday evening, Aug. 17. Stop at Joe's for a treat.

Hit-Run Driver Causes Four Autos to Collide

Four autos were damaged in two collisions which occurred only a few minutes apart on East Water street (Highway 5) in this village at about 8:30 p. m. Sunday evening. Both accidents were caused by the driver of one of the cars, a hit and run specimen, who fled from the scene after crashing into another automobile.

The first crash took place near the "Jke" Keller home on what is known as the River road. A car driven by Lester W. Heintz, 2203 N. Sixth street, Milwaukee, and traveling south along the road where it enters the village proper, was sideswiped by another auto traveling in the opposite direction, which was driven by an unknown party. Occupying the car with Heintz were his wife and children. The driver of the other machine failed to stop. Instead he sped from the scene toward the north.

Harvey Schmidt, 2542 N. 38th street, Milwaukee, who was traveling alone in his auto behind Heintz, witnessed the accident. When the driver causing the collision did not stop Schmidt turned his machine around and gave chase. He drove as far as Bauman's corner about two miles north of Kewaskum but found no trace of the hit-run party. He returned to the scene of the accident here.

Schmidt parked his car on the right side of the street, off the road, in front of the Traugott Stenachke residence. Along came another auto, driven by Clarence Galabinska of Campbellsport, Ill., and smashed into Schmidt's car for accident No. 2. As though matters were not complicated enough, Galabinska then became unruhly with Traffic Officer George Brandt, who was called to the scene. In turn Officer Brandt placed Galabinska under arrest for driving a car while intoxicated. He was brought before Justice L. W. Bartlett in this village Monday and was made to pay damages amounting to \$100, done to the Schmidt car. Further charges were pressed against Galabinska and his case is being held open until Aug. 24, when he must appear in court.

Fortunately no one was injured in the two crash-ups. A hub cap from the hit-run driver's car was found where the crash occurred and officers know the make of the machine. Fond du Lac county officers were notified of the accident and were on the lookout for the auto but no trace of it was found. However, officers are still investigating.

The left side of the body, running board and fender of the Heintz machine were damaged. On Schmidt's car the rear fender and wheel and gas tank were smashed.

BIRTHS

WEDDING

A 6½ pound daughter was born to Mr. and Mrs. Arthur Weddig of West Bend in St. Joseph's community hospital in that city at 8 a. m. Friday, Aug. 9. Mr. Weddig is a son of Mr. and Mrs. John Weddig of this village. The mother is the former Miss Ella Feuerhammer, who was formerly employed here.

ENJOYING EASTERN TRIP

Miss Janice Koch of this village, along with Olga Plischonung of West Bend, left Saturday on a week's vacation trip to New York City and the World's fair, Washington, D. C. and other cities and spots of interest in the Eastern states.

BUSINESS TRIP TO NEW YORK

N. W. Rosenheimer left Wednesday morning on a business trip to Buffalo, N. Y., in the interest of the L. Rosenheimer Malt & Grain company. Mr. Rosenheimer expected to return home this (Friday) afternoon.

HAROLD SMITH OPERATED

Harold Smith, son of Mr. and Mrs. Roman Smith of this village, submitted to an operation at St. Joseph's community hospital, West Bend, on Tuesday of this week, Aug. 13. He is recuperating nicely.

CLASS HOLDS REUNION

The members of the graduating class of 1933 of the Kewaskum High school held a reunion at Round lake Sunday. Lunch and refreshments were served and a general picnic was enjoyed during the afternoon.

Field bindweed, which is becoming increasingly troublesome in Wisconsin, is a vine-like plant with dull green leaves varying in size from ½ to 2 inches in width, and from 1 to 2 inches in length. The vines often creep close to the ground, unless other plants permit them to climb and twine upon them.

The 1940 Wisconsin dairy queen will be crowned at the Wisconsin state fair on Dairy Day, Friday, Aug. 23.

40 Cyclists Coming for Lake Outing Sunday

Nearly 40 members of the Muni Cycle club of Milwaukee will come for a cycle ride and picnic sponsored by the Kettle Moraine Bike-Hike club at Mauthe lake northeast of here Sunday, Aug. 18. Members from Kewaskum and neighboring cities and villages make up the Kettle Moraine club. The Milwaukee club will be under the leadership of Harold "Zip" Morgan, director of Municipal Athletics in that city, who just recently got back from a two weeks' trip to the Ozark Mountains with a group of 15 Milwaukee boys.

The Milwaukee club will come to Kewaskum by train at 12:20 p. m. on Sunday and will ride the distance to Mauthe lake on their bikes, where they will have lunch. In the afternoon cycling, swimming and hiking will be enjoyed by the group. In the evening the club members will cycle back to Kewaskum to catch the 7:13 p. m. train back to the city.

Curtis Romaine, vice-president of the Kettle Moraine club, is chairman of the committee in charge of the affair. Other committee members are Ken Mockros and Phil Mendel of Shorewood.

FIREMEN THROW PICNIC AND EVERYTHING'S FREE

The Kewaskum fire department royally entertained between 100 and 200 people in the village park Tuesday evening to a free picnic. The picnic was given for all those people, and their families, who helped the firemen at their recent big tournament and picnic of the Badger Firemen's association and the picnic last year. The members of the Kewaskum Community band were also guests, along with the firemen and their families.

Free beer, soda water, ice cream, good lunch, cigars, cigarettes and candy were all on the firemen. There was enough of everything and the party lasted until all had their fill. When the lunch and beer was all gone thirty firemen sent out for more so that everyone was more than satisfied. The band played during the evening. All had a genuine good time and are very thankful to the firemen for their generosity and appreciation shown. More power to them.

TEACHERS RETURN FROM SUMMER SCHOOL COURSE

Mr. and Mrs. Clifford Rose and family and Mr. and Mrs. Ly'e Gibson returned home here on Tuesday from Milwaukee where Messrs. Rose and Gibson completed a six weeks' summer school course at the Milwaukee State Teachers college. Mr. Rose is principal and mathematics instructor in the Kewaskum High school. Mr. Gibson teaches science and also is athletic coach. His teams won the Tri-County football, basketball and baseball championships last school year.

While at summer school the Rose family stayed with relatives and the Gibsons in an apartment. Prin. Rose is now preparing for the opening of the local school early next month.

HOLY TRINITY CHURCH

Mass on Sunday, Aug. 18, at Holy Trinity church will be read at 10 a. m. and at the St. Bridget's mission at 8 a. m.

Dr. Russell Schaefer, Clara Bodden Married

In a quiet summer wedding ceremony read by the Rev. Joseph P. Webber in the Catholic church parsonage at Juneau on Wednesday, Aug. 7, Miss Clara Bodden, daughter of Mr. and Mrs. Hubert Bodden of Theresa, became the bride of Dr. Russell Schaefer of Johnson Creek, son of Mr. and Mrs. Louis W. Schaefer of Juneau, former residents of Kewaskum. The bridegroom is a nephew of Mrs. Wm F. Schultz of this village, who attended the wedding.

The bride was attended by her sister, Mrs. W. H. Schaefer, as matron of honor at the nuptial event. W. H. Schaefer, brother of the bridegroom, acted as best man.

The bride was attired in a cinnamon brown gown with accessories to match and carried a colonial bouquet of tall, man roses and baby's breath. Her matron of honor wore a dress of forest green wool trimmed with beaver fur and brown accessories.

Following the ceremony a wedding reception was held at the home of the bride's parents at Theresa. Dr. and Mrs. Schaefer left on a wedding journey to Pelican Lake near Antigo. They will make their home at Johnson Creek, where the bridegroom's occupation is that of a dentist.

ATTEND LEGION CONVENTION

Mr. and Mrs. Hubert Wittman and Mr. and Mrs. A. J. Fellenz attended the 22nd annual convention of the Wisconsin department of the American Legion at Kenosha Sunday. One of the biggest parades in American Legion history Monday ended the three-day convention. The parade took four hours in a four mile line of march and was witnessed by 100,000 people, including Gov. Hell. Antigo was selected for the 1941 convention.

A program to increase dairy sales will be highlighted throughout the nine days of the 1940 Wisconsin state fair, Aug. 17-25. The ever-popular dairy bar, the dairy store, the dairy bakery, and the dairy lunch will be in full swing as a part of this greater dairy sales program.

County Tavern League's Grand Picnic in Local Park Sunday

Bernard Seil's Gladiolas Win Honors at State Show

A bouquet of gladiolas grown by Bernard Seil in his garden here won the highest possible honors in the state gladiola show held at Columbus, Wis., last Saturday and Sunday. His flowers furnished the centerpiece on the table which puts them in the highest class. Mr. Seil is a member of the State Gladiola association.

The local entry was made up of red, white and blue flowers. In a search made by Chester Harrison of Waldo, president, and other officers of the state association, the Seil garden was the only one in which the red, white and blue gladiols could be found. Mr. Seil has been growing these flowers for the past three years.

The State Gladiola association will hold a meeting in the Kewaskum park on Sunday, Sept. 8. More details will appear later.

RESOLUTION OF THANKS

KEWASKUM FIRE DEPARTMENT:

Be it resolved that the council in behalf of the Peace Evangelical congregation send a vote of thanks to the Kewaskum fire dept. for their brave and faithful work in fighting the recent fire caused by a bolt of lightning which struck the church.

Be it further resolved that a copy of this resolution be spread upon their records as well as upon our own.

Public Invited to First Annual Fair; \$100 in Cash Prizes, Am- usements, Concessions, Band Music, Dance; Free Admission

Arrangements are all set to entertain a large crowd at the first annual picnic to be sponsored by the Washington County Tavern league in the beautiful Kewaskum park this Sunday afternoon and evening, Aug. 18. There'll be entertainment of all kinds and the members of the league cordially invite the public to come and have the time of their lives at this grand event.

Seventy some tavernkeepers of the 101 in the county are members of the tavern league. Nearly all of these and their families will be here to see that everyone has a big time. Band music will be furnished both in the afternoon and evening by the West Bend Moose band. This is a fine organization and all are sure to enjoy their two concerts.

ENTERTAINMENT FOR ALL

There will be rides, games, and amusements for old and young as well as ice cream, lunches and refreshments of all kinds. Bring the kiddies. There'll be special chair-o-plane and small auto rides for them. The amusement company having the rides arrived in town already Thursday afternoon and is busy setting them up in the park for Sunday. In the evening a dance will be held at the Kewaskum Opera House. Modern and old time music will be furnished by Ray's Wisconsin Aces. Admission 30c, including tax.

BEEKEEPERS PICNIC HERE

Another picnic has been scheduled to be held in Kewaskum's beautiful new park. The Washington County Beekeepers' association will hold their annual picnic here on Sunday, Aug. 25, a week from Sunday. More details will be announced next week.

Then, on Sunday, Sept. 8, the State Gladiola association will hold a meeting in the Kewaskum park. More details on this will also come later.

Cash prizes amounting to \$100.00 and other merchandise prizes will be awarded in the evening. The drawing will take place at 9 p. m. Tickets for these worthwhile prizes are on sale in all of the league's member taverns and others in the county. Buy yours before 9 o'clock Sunday. You may be the one to win one of the big cash prizes which are as follows: 1st prize, \$25.00 cash; 2nd, 3rd, 4th, 5th and 6th prizes, \$10.00 cash each; 7th, 8th, 9th, 10th and 11th prizes, \$5.00 cash each, besides other prizes.

FIREMEN TO HAVE STANDS

Admission to the park will be free. The members of the Kewaskum fire department will have charge of the bratwurst, hamburger and ice cream stands in the park. All other stands will be operated by the tavern league. Tavernkeepers in charge of the arrangements for the picnic are making every effort to give all who attend a time they will long remember. They have worked hard and gone to considerable expense so everybody come early and stay late. There'll never be a dull moment so make it a date for Sunday with the jolly tavernkeepers. Residents of the village are urged to decorate their buildings, display the flag, and get into the spirit of things by bidding the tavernkeepers and guests a welcome to our little city.

Final plans for the picnic were made at a meeting of the league held in the West Bend City park Monday afternoon. Paul F. Jorgensen, executive secretary of the Tavern League of Wisconsin, addressed the meeting. He spoke on several important issues and then introduced Jos. A. Schmitz of Germantown, present member of the assembly for this county. Mr. Jorgensen gave praise to Assemblyman Schmitz for the way he cast his vote in favor of the tavern industry in several bills which came before the legislature during his term. Mr. Schmitz also spoke to the group.

WEDDING DANCE HERE

A wedding dance in honor of Agatha Thill, Ashford, and Ervin Schmitt, St. Killan, will be held at the Kewaskum Opera House Saturday evening, Aug. 17. Music by the Ke-Wayne orchestra. Admission 30c, including tax. Free lunch and everybody invited.

MARRIAGE BANNS ANNOUNCED

Banns of marriage were announced for the first time in Holy Trinity church on Thursday of this week, a holy day of obligation, for Miss Anna Lecher of Milwaukee, daughter of Mr. and Mrs. Steve Lecher of Kewaskum, and Joseph Meyer, also of Milwaukee. Their marriage will take place on Saturday, Aug. 31.

'Bats' for U. S. Battle Wagons

As the great American defense program goes into high gear, the Washington navy yard, which makes most of the U. S. naval artillery, and others throughout the nation are poised for the greatest production race in their history. For the new defense program calls for a force of striking equipment for defense that is second to none in the world. Guns and other equipment of defense will be turned out at great speed, and in such quantities that assure a warm reception to any invader.

England's Mystery Benefactor
Because he "haunts" the Blackburn Royal Institute, in Blackburn, England, leaves a donation and disappears, a mysterious man has been named the "nice ghost of Blackburn." He refuses to give his name or the reason for his generosity, except that it is "for services rendered." Institute officials are at sea as to what help the institution has given to the mysterious subscriber. His donations have ranged, in United States currency terms, from \$67.50 to \$250.

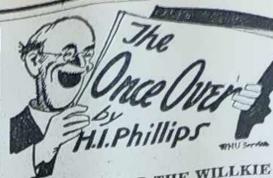

Jobs Go Begging
Officials of the Frankford Arsenal have not been able to obtain enough candidates for a call sent out last fall to fill jobs. With no takers, the jobs, amounting to \$6.80 and \$7.12 a day, have gone begging since the civil service office requested journeyman machinists. The need has become acute as the jobs for 50 machinists and journeyman instrument makers remains open. Qualifications include trade experience, sound health and United States citizenship.

Centenarian Must Have Grieved Over Wasted Life

It was a great day for the village when the oldest inhabitant celebrated his hundredth birthday. And the excitement grew intense when it was learned that a newspaper reporter had come in search of an interview.

After various questions, the answers to which were prompted by fond and anxious relatives, the press representative asked:
"And now, tell me what you would do if you could have your time over again?"
There was a long silence with the old man thought. Then he said slowly:
"I think I would part my hair in the middle!"

GOOD GROUNDS
Teapot—What grounds did your wife get her divorce on?
Coffeepot—Coffee grounds!

Forgive It
"Did you hear about the fellow who invented a device for looking through walls?"
"No, I didn't. What does he call it?"
"A window."

Luxury Taxes
Miss Spinster—I see they're talking about putting a tax on bachelorhood—and I think it will serve them right.
Neighbor—Yes; why not? All other luxuries are being taxed.

Quick Thinking
A small boy was asked to dine at the home of his teacher. His mother questioned him on his return.
"You are sure you didn't do anything that was not perfectly polite?"
"Why, no; nothing to speak of."
"Then something did happen?"
"Well, while I was trying to cut the meat, it slipped off to the floor. But I carried the situation off all right."
"What did you do?"
"Oh, I just said carelessly, 'That's always the way with tough meat.'"

Hard to Suit
Store Owner—What did that customer say when he refused to buy that suitcase?
Son—He said when he bought a bag he wanted to see some cowhide in it.
Store Owner—So what does he take us for—magicians?

Planet Politics

FARM AND HOME RECORD AWARDS

The International Harvester company recently gave awards to 4-H club members for the neat and accurate keeping of farm and home records. Those from Washington county who received awards are:

Willard Gerner, R. 2, West Bend; Silas Miller, R. 2, West Bend; Wesley Kopp, R. 3, West Bend; Clarence Kurtz, R. 2, West Bend; Vera Kurtz, R. 2, West Bend; Robert Kuhn, Rockfield; Lloyd Kuhn, Rockfield.

REPAIRING CRACKED SILOS

During the late summer days when the threshing is done many farmers find it an opportune time to repair silos with cracks or pits in them. The needed repairs are usually inexpensive, and if properly done will lengthen the life of the silo many years.

The following is considered an effective and inexpensive way of repairing the interior wall of a silo:

(1) Clean very thoroughly with a wire brush. Thorough cleaning is very necessary.

(2) Have the silo wall surface damp, but not wet.

(3) Prepare a cement plaster consisting of one measure cement, two and one-half measures medium plastering sand and ten pounds of hydrated lime for each sack of cement used.

(4) Apply this plaster in layers about 1/4 to three-eighths inch thick. Usually two such layers of plaster are needed.

(5) Keep the newly applied plaster damp for several days thus allowing it to set slowly and without cracking.

Twenty-five Years Ago

(1915)

Born to Mr. and Mrs. H. W. Mellahn, a baby girl. Sons were born to Mr. and Mrs. Wm. Bremer of St. Michaels and Mr. and Mrs. Andrew Strachota of St. Killian and a daughter arrived at the home of Mr. and Mrs. John Tunn at New Prospect.

The horse and buggy belonging to Chas. Muckerheide, which was stolen last week while parked in Joe Eberle's shed, was recovered. A man by the name of Livingston, who was arrested by Milwaukee police, also confessed the theft here. The horse and buggy had been sold to a saloon keeper in Menomonee Falls. Marshal Geo. F. Brandt, Chas. Muckerheide, Walter Muckerheide and Joe Eberle went to Menomonee Falls to reclaim the stolen property.

Joe Smith, town of Auburn resident for over 50 years, died at his home south of New Prospect.

W. F. Backhaus was elected village treasurer to fill the vacancy caused by the resignation of John P. Klassen. The village board cast 19 ballots before Mr. Backhaus was finally elected.

The remains of Frank Smith who died 11 years ago, were removed from the Van Vechten cemetery southwest of here to Milwaukee, where they were laid to rest beside those of his wife. Mrs. Smith died last April and before her death it was her great desire to have her husband's remains laid alongside of hers.

Miss Anna M. Meinecke, 25, died at the home of her parents, Mr. and Mrs. Chas. Meinecke, here after a 5-year illness. The funeral was held in the Peace church and burial was in the church cemetery. The Misses Maylinda and Theresa Raether, Linda Andrae and Nellie McCullough were flower bearers and Walter Schneider, Fred Stern, Henry Haback, Chas. Brandstetter, Erwin and Elmer Bassil were pallbearers.

Answers

1. a. before you reach the curve. A car is steadier on a curve when the engine is pulling. A driver should enter the curve slowly enough to enable him to accelerate slightly when actually rounding it. If you have to use your brakes on a curve you label yourself an inexperienced driver.

2. e. within the assured safe distance which you can see. Road, light, weather and traffic conditions vary greatly, making 50 miles an hour safe at times and 20 miles an hour dangerous at others. No matter how straight the road, how good the car or how dry the pavement, if headlights carry only 200 feet which will allow you to stop, in an emergency, within 200 feet. Likewise, in daylight, you must drive at a speed which will allow you to stop in time should the car ahead stop suddenly, should another car emerge suddenly from a side road, or should a child dart suddenly into the road ahead of you.

3. False. 115 times as many persons are killed in automobile accidents as are killed in airplane accidents.

CARMEN OF THE RANCHO

A Magnificent Story of Western Pioneer Days, Unsettled Lands, and Ever-Present Danger

by Frank H. Spearman

HERE is the story of the middle 19th century in old California. In those days unsubdued bands of Indians made periodic raids on the ranchos of the Spanish Dons.

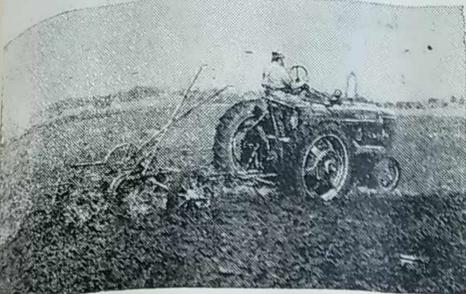

In one of these raids—on the Rancho Los Alamos of Don Alfredo—family and retainers were massacred and two small girls were kidnaped by the savages. It was Henry Bowie, a Texas scout, who rescued them and found them sanctuary in the mission of Padre Vicente, then forgot them even as he rode away.

But he was to remember them eight years later when, his suit spurned by the stormy Carmen, he tried to forget by roving California with Kit Carson and Captain Sutter. How Padre Vicente came to Bowie's rescue and how the gallant Texan again met the lovely Carmen are experiences you will want to follow. Do it—

FARM AND HOME LINES

Wisconsin was one of the first states in the nation to establish a program of area testing for Bang's disease.

It was in 1937 that the Wisconsin legislature passed the soil conservation district law, that enabled farmers to unite themselves into soil conservation districts.

For years scientists have known that milk was a good source of vitamin A, the vitamin that helps build resistance to infections and that helps keep eyes up to par.

Artificial insemination of dairy cattle is no longer considered a laboratory miracle. Today cooperative breeding rings in ten Wisconsin counties are providing facilities for this modern method.

In the United States the annual requirement of posts for new fences and for replacement is estimated at 400 to 600 million posts, or three to nearly five fence posts for every person in the nation.

Hot Weather Menus Which Perk You Up

By DR. JAMES W. BARTON (Released by Western Newspaper Union.)

THE foods you should eat in large quantities during the summer are fruits and vegetables and fortunately they are in such abundance that they are reasonably priced.

TODAY'S HEALTH COLUMN

If you are a calorie counter and count or measure the number of calories you eat each day, you can safely cut down about 500 calories from your winter to your summer diet.

As meat, eggs, fish and butter may "look" too heavy for warm weather, and salads and juicy fruits appear and are more appetizing, you may be tempted to live entirely on fruits and salads during the warm weather.

This is a mistake and you will find yourself "tired," because the salads and fruits are so bulky they have filled your stomach and satisfied your appetite and yet not enough calories and not enough meat, eggs or fish for rebuilding tissue have been eaten.

You have been rightly advised that you need more fruit and leafy vegetables in warm weather than in cold weather, but you are advised also that you should eat "some" meat, fish or eggs at least once a day.

A few of the summer menus which give an all-around diet are:

Breakfast—Fruit with milk or cream; a boiled egg and two slices of bacon (or two eggs; bread or roll, tea or coffee.

Luncheon—Celery or lettuce soup; canned or fresh fish; cabbage or lettuce salad; berry cake or pudding; iced tea or coffee.

Dinner—Roast beef, or chicken, or fish; potatoes; leafy vegetable, corn or peas; berries.

Breakfast—Cereal with milk or cream; toast and bacon or bacon and one egg; roll, fruit; tea or coffee.

Luncheon—Cream or chicken soup; cottage cheese or cold tongue; salad (lettuce, celery, cucumbers); fresh fruit; wafers or soda biscuits; tea or coffee.

Dinner—Fowl, fish, or meat; potatoes; lettuce and tomato salad; peas or corn or asparagus or squash; berries and cream or iced fruit.

Removing Objects From Eye Safely

THE commonest object that gets into the eye is a tiny cinder or a speck of dust.

As soon as the cinder or speck of dust gets into the eye, the eye begins to water, which is nature's way of washing the object down to lower part of eye or into the corner. Just allow yourself to "cry" for a minute while it can be readily seen and removed by the corner of a clean handkerchief or a piece of tightly rolled gauze.

If object is in lower part of eye on eyeball or lower lid it can be readily seen and removed if the patient is told to look upward as you pull the lower lid downward.

By having patient look downward as you lift upper lid, any object on the eyeball can be seen if the light is good. If no object can be seen and the patient tells you that he feels as if something is scratching the upper part of his eyeball, the object is on the inner side of the upper lid.

The Benefit of Tears. The upper lid has hard tissue—cartilage—on its edge. This makes it a little difficult to turn the lid to expose the object. However, if you stand behind the patient, as he looks upward, and hold the point of a pencil on the upper part of the lid, the object can be removed with the pointed piece of gauze.

The thought, then, is that when an object gets into the eye, the tears should be allowed to flow for about a minute, which may be all that is necessary to get rid of it. If this does not remove it to the inner side of lower lid, then search and removal must be made as suggested above.

Don't use anything harder than soft gauze.

QUESTION BOX

Q.—What would cause me to have repeated colds in the head?

A.—Repeated colds may be due to dust or pollen irritating the lining of the nose, or to some low or slow infection in the sinuses.

Q.—I have a large hernia and weigh 250 pounds. Would the injection treatment be suitable in my case?

A.—You had better ask your physician. A large hernia and much fat is not likely to be suitable for the injection method.

Go-to-School Headwear Will Include Chic Matched Turbans

By CHERIE NICHOLAS

at the nape of the neck is sure news that is news. You can carry out the idea as extreme as you please. Knotted and tied, the ends will stream down to the waistline at the back or stop at the shoulders. You can get in the better shops a clever little chignon type such as Lilie Dache interprets via a red, white and black silk scarf manipulated as you see above to the left in the oval. Note the saucy chignon frill at the back and see the impudent how to the fore designed to accent her widow's peak to the utmost. This type turban also adapts itself to the new pompadour hairdress.

If you like bright stripes, tell the world this fall via a stylish peaked turban together with a gigantic matching envelope bag of red, white, yellow and blue striped fabric as worn by the smartly clad young woman pictured to the right.

It adds to the glamour of the new jersey frocks that the majority of them are accompanied with turbans or toques made of the identical jersey. The figure centered in the picture demonstrates how interestingly the alliance of a striped jersey frock and a matching striped jersey draped turban work out. Here a reefer of dusty rose flannel over a navy and white striped jersey dress, navy shoes with dusty rose quilted bag and gloves add a definite style touch, the cabochon twist of the matched jersey turban supplying the final touch of chic. See how flatteringly it reveals the pompadour, which, as said before, is the characteristic feature of the newer turbans.

The vogue for matched fabric hats is expressed not only in turbans for this fall but we will see many brimmed sports hats made of tweeds to match suits and coats to which add a shopping bag of the same and behold a perfect ensemble for travel and town wear.

Pompadour Felt

While the dress of the college girl must assume a casual look, yet in reality it must observe most meticulous detail that insures for its style distinction.

You will thrill with delight at the sight of the new featherweight jersey dresses styled in classic simplicity but spectacular at that because of the fringed shawl of the self-jersey that is thrown nonchalantly about one's shoulders.

And then there are the newest-of-the-new pinafore frocks. Can imagination go beyond this—a navy dress with a bright red pinafore of sheer wool with pleated apron skirt and a jumper top all carried out in demure little girl fashion yet skillfully tuned to teen age wear? You will want to include one of the new and clever drawingroom models done in jersey. They are fitted to waist with drawstrings that tie in front. Another suggestion is a plaid skirt with suede shirt in bright monotone.

Color Contrast in Fall Wool Suits

Two-piece jacket-suits dramatize color contrasts and blends more eye appealingly than ever. Some of the new color contrast suggestions offered are olive green with mauve, brown with pale blue, plum with pale blue, dark brown with toffee tan, red with hunter's green and so on and on with the color spectrum. The schemes are worked out with monotone tweeds coupled with plaids and stripes. Lots of plaid is on the way for fall. It will be tailored into long coats, into separate jackets and for the costume entire.

Suede for Sports Is Coming for Fall

Soft glove suede is being used by Voris, a West coast designer, in a collection of sports dresses for fall. One dress of suede, in a pottery pink shade, is collarless and has soft, unpressed pleats in the skirt. The belt is just a wide sash of brown suede. Another dress of beige suede has a fly-front closing, a perfectly straight skirt and deep, saddle-stitched pockets on either hip.

Tips Picked Up in World Fashion Centers

Gay flower prints for summer evening wear look most appropriate. One answer to the summer evening wrap problem is the coat made of silk jersey.

Dressmaker suits with their soft draping, shirring or gathers are best for the tall and thin.

Unusual accessories are the means by which clever designers lift their original creations out of the commonplace.

Painting Wicker Chair

Question: We wish to repaint our green wicker chair a chestnut brown color. Living in an apartment, it is not convenient to use paint remover. Would appreciate any suggestions you may make.

Answer: Clean the surface with soap and warm water, remove the soap by wiping with clear water. Allow to dry for a couple of days. Wipe with turpentine. Apply an enamel undercoater of a color similar to that of the finish, then put on a coat of a top quality quick-drying enamel.

FIRST AID to the AILING HOUSE

by Roger B. Whitman (© Roger B. Whitman—WNU Service.)

Poor Chimney Draft

QUESTION: My smokestack draws well when there is no wind, but does not work satisfactorily on a windy day. The chimney has been lengthened so that it is well above the roof, but that did not help. The location of the house may have something to do with it. The house is in a valley between two hills, about 50 feet taller than the house. Both hills are about 200 feet from the house. I would appreciate your advice.

Answer: The force of the wind coming down from the hills may cause a down-draft condition in the chimney. A type of revolving chimney, a type of revolving chimney with a vane on top may help. The vane will turn the open part of the cap away from the wind, minimizing the downward sweep of the wind from the hill. Any sheet metal shop will be able to supply it.

Disintegrating Bricks. Question: The brick on my bungalow seems to be disintegrating. Many of them had scaled off to depths of from one-eighth to one-half inch. The builder claims that all brick is more or less affected this way by the frost. He says a clear waterproofing brushed on the wall will correct this condition. Do you think this will be adequate?

Answer: A porous brick will absorb moisture, which during the winter may freeze, causing the brick to chip or scale off. Waterproofing the brick will most likely prevent the absorption. If the brick is very porous two coats may be necessary.

Sawdust and Cement Mix. Question: I noticed in several rural publications a reference made to a floor made of cement and sawdust. What are the advantages of such construction, and what is the formula?

Answer: This form of cement mixture is still in the experimental stages. The purpose is to obtain a concrete floor that may be somewhat warmer than ordinary concrete in barns and poultry houses. Further information can be had by writing to the Extension Service Bureau, University of New Hampshire, at Durham, N. H., for Circular No. 217.

Rust Stain on Cement. Question: Please let me know how to remove rust stains from white cement on a terrace; caused by iron furniture standing on it.

Answer: Dissolve one part of sodium citrate in six parts of water. Mix thoroughly with six parts of commercial glycerine. Mix a portion of this with enough powdered whiting to form a paste, then spread on the stain in a thick coat. When dry, replace with fresh paste. Several applications may be necessary.

Bedroom Ceiling. Question: I have the problem of bad ceilings in some bedrooms. The plasterer advised plastering on wire lath, then applying some kind of paper before painting. What is the reason for this? There is no wallpaper on the walls now.

Answer: The plasterer had in mind the application of "painter's cloth" over the plaster. This is a strong fabric applied over plaster surfaces to prevent the cracks from showing through the paint.

Separating Rooms. Question: My living room and dining room adjoin with a wide space between the two rooms, so that they can be used as one, when desired. When privacy is temporarily desired, is there any way the two rooms may be separated without destroying the present lay-out?

Answer: A set of folding doors can be installed, if the space is too wide for a pair of French doors. Your only other alternative would be to hang portieres.

Leaking Leaders. Question: The outside leaders of my house are leaking very badly. Will this cause any damage to the house? How could they be replaced so I would not have trouble with them again?

Answer: Leaking leaders should be replaced as soon as possible. A 16-ounce corrugated copper leader should give you long and satisfactory service.

Burst Boiler. Question: When we closed our house for the winter last fall, water in the heater was not drawn off. This spring on lighting the fire, we found that the boiler had been cracked by the freezing of the water. Can this be repaired, or must I get a new heater?

Answer: Boilers are built up of sections, any one of which can be replaced. Any plumber should be able to get new sections to replace those that are broken. It will not be necessary to get an entirely new heater; replacing the burst sections will be much less expensive.

Tarnished Brass. Question: What can be done with old brass fireplace fittings and grate, which have become tarnished and darkened through the years? I would like to make it look bright.

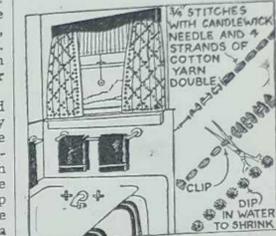

Answer: The tarnish can be removed by washing with ordinary vinegar in which has been dissolved as much salt as will be taken up, followed by rinsing with clear water. Use any good brand of metal polish for polishing. Remove traces of the polishing material by wiping with benzine, (be careful of fire.) Apply a coat of clear lacquer. This will prevent the brass from tarnishing.

Showing a New Use For Candle Wicking

By RUTH WYETH SPEARS

WHEN we last heard of Marty and Bill the curved bottom shelf of that old buffet had not been used. Well, Bill made it into a cornice board for the bathroom window, and painted it blue. Then Marty went into action on curtains to match.

Grandmother is an expert at doing old-fashioned candle wicking, so together they made the tufted

curtains illustrated. They used plain white muslin marked off diagonally in three-inch squares. They found the blue they wanted for the tufting in a soft string type of cotton yarn. The sketch type of cotton yarn. The dipping in what really turned the clipped stitches into tufts; then the curtains were stretched into shape to dry but were not ironed. All this about curtains has given Gram the most wonderful idea for something for a bride's kitchen shower that is coming off soon. It is pretty clever, we think. Watch for it, next week.

Temptation

No one can ask honestly or hope fully to be delivered from temptation unless he has himself honestly and firmly determined to do the best he can to keep out of it.—John Ruskin.

There Are Two Ways to Get at Constipation

Yes, and only two ways—before and after it happens! Instead of enduring those dull, tired, headache days and then having to take an emergency cathartic—why not KEEP regular with Kellogg's All-Bran? You can, if your constipation is the kind millions have—due to lack of "bulk" in the diet. For All-Bran goes right to the cause of this trouble by supplying the "bulk" you need. Eat this toasted, nutritious cereal regularly—with milk or cream, or baked into muffins—drink plenty of water, and see if your life isn't a whole lot brighter! Made by Kellogg's in Battle Creek. If your condition is chronic, it is wise to consult a physician.

We Can All Be EXPERT BUYERS

In bringing us buying information, as to prices that are being asked for what we intend to buy, and as to the quality we can expect, the advertising columns of this newspaper perform a worth while service which saves us many dollars a year.

It is a good habit to form, the habit of consulting the advertisements every time we make a purchase, though we have already decided just what we want and where we are going to buy it. It gives us the most priceless feeling in the world: the feeling of being adequately prepared.

When we go into a store, prepared beforehand with knowledge of what is offered and at what price, we go as an expert buyer, filled with self-confidence. It is a pleasant feeling to have, the feeling of adequacy. Most of the unhappiness in the world can be traced to a lack of this feeling. This advertising shows another of its manifold facets—shows itself as an aid toward making all our business relationships more secure and pleasant.

SUMMER SALADS (Recipes Below.)

Household News By Eleanor Howe

Salads, in summer, are as important as swimming or tennis, or golf! They taste quite so good as a crisp mixture of fresh greens, tomatoes, or vegetables, served with the proper dressing. The very best is refreshing—like a drink of cold sparkling spring water after a long and dusty hike.

Very light salads may be served as an appetizer first course, if desired. Dinner salads, too, are served as a separate course, with the main course of the evening. For luncheon, salads may be somewhat heavy, because the main luncheon dish is likely to be light. Many times, a lambchop salad is a whole meal in itself, served with bread or crisp toast, a beverage, and dessert. And there are many times in informal luncheons and dinners, when salads are the duty for dessert.

What makes a good salad? Plenty of crisp, fresh greens, a blend of fruits or vegetables or fish, a zesty dressing and a dash of color, say the experts. To make salads appealing and refreshing, as they should be, everything must be fresh, crisp, and well chilled. Greens are freshened in ice water for half an hour, well drained in a salad basket or bag, and left in the refrigerator to chill. To prepare head lettuce for salads, cut out the core or stem with a pointed knife, and let cold water from the faucet run into this opening. The water forces the leaves apart and cleans them.

Use other greens besides lettuce for garnishing salads, and in mixed green salads, as well. Watercress, tender inside leaves of raw spinach, endive, escarole and romaine are good for variety.

Add cubed, leftover meats to green salad, for a hearty main dish. And for hot days, plan fruit salad plates for lunch or supper.

Peeled oranges, sliced and served with fresh, whole berries, with lettuce, watercress or endive for a garnish, make an attractive and refreshing meal.

Golden Fruit Salad. (Serves 6)

1 tablespoon gelatin 2 tablespoons cold water 1 cup juice from canned pineapple (not) 1/2 cup sugar Few grains salt 1/2 cup orange juice 1/2 cup vinegar 1 orange (cut in pieces) 1 cup raw carrot (coarsely grated) 1/2 cup crushed pineapple Soak gelatin in cold water and dissolve in hot pineapple juice. Add sugar, salt, orange juice and vinegar. Cool, and when beginning to thicken, add remaining ingredients. Turn into wet mold and chill until firm. Unmold on lettuce. Serve with mayonnaise or fruit salad dressing.

Crab Apple Salads. (Serves 6)

6 eggs Pink pure food color 12 cloves 6 tiny sprigs of green 1 head lettuce 1/2 cup mayonnaise Place eggs in saucepan, cover with boiling water and simmer gently until shells are hard cooked (about 15 minutes). Remove shells while eggs are very hot, then while holding egg under hot water, flatten both ends of the egg until it takes on the shape of a small crab apple. Paint a tint

of pink on each egg with pink liquid color; place a clove at the stem end of the egg and another at the blossom end. Add a tiny sprig of green at the stem end and the "crab apple" will be complete. Arrange lettuce cups on individual salad plates; place one egg on each plate and serve with mayonnaise.

Fruit Salad. Toss lightly together in salad bowl one cup watermelon balls, one cup muskmelon balls, one cup honey dew melon balls, 1 cup seeded red cherries, and 1 cup diced celery. Add french dressing in sufficient quantity to thoroughly coat all fruits. Serve in bowl lined with chilled greens.

Tomato Jelly Rings With Salmon. (Serves 5 to 6) 1 tablespoon gelatin (unflavored) 1/2 cup cold water 2 cups tomato juice 1 tablespoon sugar 1/2 teaspoon salt Dash pepper 1 bay leaf 1 teaspoon onion (minced) 1/2 cup celery (chopped) 2 teaspoons lemon juice 1 pound can salmon Watercress or lettuce Salad dressing Soak gelatin in cold water. Combine tomato juice, sugar, salt, pepper and bay leaf, and bring to a boil. Strain. Dissolve softened gelatin in the hot liquid. Allow to cool until the mixture begins to thicken. Fold in onion, celery and lemon juice and pour into individual ring molds. Chill until firm; just before serving unmold on beds of watercress or lettuce. Fill centers of salad rings with large flakes of salmon. Serve with salad dressing.

Appetizers. Cut the crusts from slices of very fresh bread. Spread bread with cream cheese generously mixed with paprika. Roll as for a jelly roll and slice in very thin slices. Brush with melted butter, toast lightly, and serve immediately.

French Dressing. (Makes 1 1/2 cups) 1/2 clove garlic (grated) 4 lumps sugar 1 tablespoon salt 1 tablespoon paprika 1 cup oil 1/2 cup vinegar Grate garlic on lump sugar, and let stand before using, for several hours. When ready to mix, place all ingredients in order listed in jar. Shake vigorously and serve.

Lady With Mansion Must Be an Executive

By ELIZABETH MacRAE BOYKIN It's a snare and a delusion to think that an impressive array of servants means a life of leisure. It just means that the lady with that kind of a house has to become an executive and a high-powered organizer to keep an ambitious establishment moving on greased wheels.

For no man, whether it's a three-room cottage or a thirty-room mansion, will operate any better than a manager manages.

So don't sigh, lady dear, if you find that you must rock along unaided by your own steam domestically. About a recent visit to a household with four servants, we came home with a modest cot with no regrets.

My husband did a wonderful job of it. He was sure, and her home was as perfect. But she worked just as hard as any two of her servants put together. She was not at routine tasks, and she always could keep her house looking poised and polished.

She was not at routine tasks, and she always could keep her house looking poised and polished. She was not at routine tasks, and she always could keep her house looking poised and polished.

Waldo at Greenbush
Cascade bye

The Kewaskum team won its second straight contest at Greenbush Sunday by a 3 to 1 score in extra innings in one of the best games of the current campaign. The battle went 11 innings as "Mix" Marx, making his first start of the season on the mound for the locals, allowed the opponents only two hits. Cudworth was Marx's opposing pitcher in the duel. A double by Bartelt with the bases dripping in the 11th frame decided the outcome.

The victory dropped Greenbush out of second place in the standings and put Kewaskum right up with the leaders. Marx was in top form and Greenbush had little chance. He pitched six hitless innings in succession. The opponents' first hit was made in the first inning and the second did not follow until the eighth, after which Marx hurled three more hitless innings before Bartelt's blow ended the affair. Marx would have won his game in the regulation nine innings except for two bad breaks. First, Greenbush's only marker in the opening inning came as a result of Miller's error. Another tough break came in the sixth. With a man on second base Marx hit a long ball that landed atop the stone fence in left field and bounded back into the playing field. Had it gone over he would have gotten a homer. The way it was he got a triple and then was left stranded at third.

Marx struck out 11 men in the 11 innings and gave up four walks. Cudworth gave up seven hits and fanned seven batters. Marx retired the side in order in seven of the 11 innings and Cudworth did the same. Following the first inning Marx pitched 10 scoreless innings. The only times he had any trouble besides the first frame was in the second when he walked two men and in the sixth when a walk and another error by Miller put 2 on. All the way it was a real nip and tuck thriller.

The Greenbush run, scored on an error and B. Knowles' single, looked big until the sixth when Kewaskum tied it up. With one out Miller doubled and H. Marx's three bagger drove him across. Prost popped up and Kudek fled out to leave Marx on third. The team's winning runs in the 11th were scored as follows: Miller singled and H. Marx sent him to second with another single. Prost's sacrifice advanced both runners and then after Kudek had walked to fill the bags, "Bill" Bartelt made himself a hero by drilling out a double for two counters. Miller paced the hitters with three bingles, followed by H. Marx and Bartelt with two apiece.

UNBEATEN, LEAGUE LEADING ADELL NINE COMING SUNDAY

The biggest game of the season will take place on the local diamond this Sunday, Aug. 18, when the league leading Adell team faces Kewaskum. Adell, still undefeated this season, won the first half championship and is well on the way to the title this half. Although a big chunk to bite off, Kewaskum feels it can turn the trick. In the first meeting between these two teams at Adell the locals lost a close 7 to 6 de-

cision and the boys have confidence that they can win. It is bound to be a thriller and one you shouldn't miss. It is the second last home game of the year so present Adell's Johnny De Groot will have to face either Honeck or Marx. Honeck held Adell scoreless for two innings in the all-star game at Sheboygan Friday night and if Marx is on like at Greenbush there'll be trouble ahead for Johnny. Come and see a good duel and help tarnish Adell's fine record. Should Kewaskum win they'll be only a game behind the leaders.

St. Kilian Downs Waucousta

After losing several games in a row St. Kilian broke into the victory column again Sunday by downing Waucousta, 9-4. Frank Uelmen got 4 hits to lead both teams with the stick. L. Wietor, Saints pitcher, allowed only 6 hits. His teammates were guilty of 7 errors. By winning St. Kilian passed Waucousta in the standings.

7-UPS WIN FIRST TOURNAMENT GAME, THEN ARE ELIMINATED

The West Bend 7-Up team, undefeated leaders of the Wa-Fon-Do loop, which is representing the league in the Milwaukee Sentinel's annual amateur tournament at Borchert field, Milwaukee, this week, won its opening game Monday afternoon. West Bend defeated Milton Junction of the Southern Wisconsin league by a score of 2-0 behind the two hit pitching of Clem Schweitzer. The 7-Ups entered the second round of the tourney and in their second game on Wednesday were eliminated by Eddie's Horseshoe Bar team of the West Allis Minor league by a 7-4 score.

Al. Kissinger started on the mound for the 7-Ups and was greeted with 5 runs in the first inning. Despite expert relief hurling by Schweitzer the West Allis nine could not be headed off.

BRIGGS & STRATTON TEAM TO PLAY HERE SATURDAY

A ball game will be played this Saturday afternoon, Aug. 17, on the local field between the Briggs & Stratton company nine of Milwaukee and a pick-up Kewaskum team. The game was originally rained out two weeks ago. The Milwaukee nine is the same one that has been playing a series with Kewaskum each season for the past several years. The contest will start at 2:30 p. m. and there will be no admission charge. Art Raasch, manager of the visiting team, informs us they will be out early and also will remain after the game to meet friends here. Kewaskum's team will be composed of some players from the regular village team and other younger players who desire to participate.

KETTLE MORAINÉ ALL-STARS DEFEAT ADELL AT SHEBOYGAN

In the annual Kettle Moraine league all-star game played last Friday night in the Sheboygan Indians' Wisconsin State park, Sheboygan, the stars of the other eight teams in the loop defeated the leading Adell nine, 5 to 0. Kilian Honeck and Willard Bartelt represented the Kewaskum team in the game, which went only three innings before being called to allow the regular Sheboygan-Green Bay league game to start on schedule. Honeck pitched two of the three scoreless innings against Adell. Bartelt played the full three frames at third base.

The game was originally booked to go from five to seven innings, but time did not permit. Besides Kewaskum, players from Greenbush, Sheboygan Falls, Campbellsport, Cascade, Waldo, Boltonville and Elkhart Lake faced Adell.

STATE FAIR NOTES

One acre of mature timber in the lake states, when all merchantable products are utilized, is said to be able to give employment to an average of 10 men for one week.

Following the many events of special interest to farmers on Dairy Day, Friday, Aug. 28, the Wisconsin state fair will feature a Butter Ball in the Modernistic ballroom on the fair grounds that will be by invitation only. Music will be furnished by the ever-popular Heinie and his Grenadiers.

A cast of 200 persons, including stars of the stage, screen and radio, will be featured with the world's greatest outdoor show, "Stars of America," every evening before the grandstand beginning Aug. 18 at the 1940 Wisconsin state fair.

The national championship 100-mile AAA auto race will be held Sunday, Aug. 25, at the Wisconsin state fair. This race will feature the outstanding drivers in America. Other auto racing dates are Sunday, Aug. 18, and Thursday, Aug. 22.

Never before have the officials of the Wisconsin state fair been able to present to fair goers an entertainment program of such caliber as is the 1940 outdoor show, "Stars of America." This event, hailed as the outstanding outdoor show in America, will be presented nightly before the grandstand from Sunday to Sunday, Aug. 18-25.

Fair visitors at the 1940 Wisconsin state fair, Aug. 17-25, will see a giant refrigerated display of several thousand pounds of dressed poultry including broilers, fryers, roasters, waterfowl, capons, and turkeys. The display, the first of its kind in the Bedger state will be featured in the new lannon stone poultry exhibit hall.

Bend. Catchers—Matt Hanson, Granville, and Henry Krueger, Rockfield. Infielders—Curtis Lane and Marvin Zarling, West Bend; Bob Petzold, Granville; Kenny Gengler and John Kaehny, Rockfield, and D. DeCristoforo, Lannon. Outfielders—Francis Schmit, Menomonee Falls; Delbert Erdman, Granville; Earl Gengler and Reuben Hoeltz, Rockfield, and Paul Wiedmayer, West Bend.

The West Bend City park will be an ideal setting for this big league conflict. Last year several thousand fans saw the exhibition of stars, including Gabby Hartnett and Larry French of the Chicago Cubs, and this affair for the accident benefit fund of the entire Land o' Lakes organization should have a two fold interest.

With a 50c membership fee of each of the 950 players of 57 teams in the Lakes, Rivers, Valleys and Brooks leagues and a number of benefit all-star games, all of the injuries of the players are being taken care of.

When skin between your toes cracks... when toes itch or burn... or white blisters appear... those are signs that you may have caught a fungus infection called "Athlete's Foot." Don't temporize. Act before the fungus spreads. Drench foot with SOROTONE. It is a powerful yet harmless medicinal liquid. Laboratory tests show that SOROTONE kills on contact all free of the stubborn fungi usually responsible for Athlete's Foot. It helps to soothe and heal the broken tissue. And, except in aggravated cases which demand the attention of your physician, it quickly relieves the itching and the pain. Note trial offer.
