Council Meets, Moves to Reduce Accidents

Meeting at the county highway department building in West Bend Mona day evening, the Washington County , ticket must be voted to nom- Safety council discussed what steps can be taken to reduce the number of accidents, particularly those ending in fatalities. It was pointed out that Washington county, along with the state and nation, has experienced a sharp increase in the number of fatal acci. dents in 1940 over 1939.

The council stressed continued education among the younge generation those of school age, as the best means of insuring future safety, on the highways. The council also urged a continuance of stringent enforcement of traffic regulations as a means of reducing the number of accidents.

During the course of the meeting, reports were submitted on additional tampering with highway safety regulation signs in this county. It was stated that in a number of instances such signs have been torn from their bases and otherwise mutilated by physical force. In some cases, it was said, they have been made the targets of gunfire. The council, as it did at the June meeting recommended that the offenders, when caught, be dealt with harshly.

Pending further state action regarding highway safety programs, the council voted to meet every three months. It will, however, be subject to a meeting upon cail of the chairman, Harold J. Riley of West Bend, if circumstances demand that he call a meeting.

Having taken this action, the council voted to hold its next regular meeting Mr. and Mrs. Christ Koenig and childat Slinger at 8 p. m. on Monday, Dec. 2. The meeting Monday night of this Matenaer, Pete Bastian and sons, Mrs. week was the first held since in June, the council having voted to dispense with meetings during the summer

Hemorrhoids Are Curable By Injection

Medical Association, says: "There are three methods of procedure used in treating hemorrhoids; first, surgery, which is invaluable in certain types of cases; second, injection, which has merited use in a large group of cases, and, third, palliation-giving relief with ointments and suppositories.

Tests Show Up Favorably. From a group of 100 cases, 75 were selected for the injection treatment, ranging in ages from 16 to 86 years. The interval between treat-

ments was from 5 to 10 days. Pain, bleeding and the protrusion improved following the first and second injections. All cases showed the general effect upon the individuals, such as nervousness, lack of endurance, and emotional disturbances. The hemorrhoids returned in less than 10 per cent of the cases, which is not as large a percentage as by operation.

Strengthen Lungs Through Exercise

DURING the war I watched two squads being put through their physical training. Both squads were following the same schedule. Toward the end of the exercise period what is called the breathing exercises were given. One instructor had his squad raise their arms well up over their heads as they drew in a deep breath and let the air out of their lungs again as the arms came down to the sides. The other instructor pointed to a tent about 100 yards distant and instructed his squad to "double march" (slow run) to this tent, go around by the right and return.

Now which was the best exercise for the purpose of strengthening the

Exercise Makes Lungs 'Need' Blood. The simple, deep breathing by sending the diaphragm (floor of chest) down against the liver squeezed the liver and helped to increase the bile flow. This is of help, of course, as bile is nature's purgative. However, the simple breathing in and out, even if the men breathed in and out as hard as they could, did not really call for much work from the lungs or heart because such a small amount of work or exercise was done. The running of two or more hundred yards, which meant raising the 150 or more pounds off the ground and driving it forward 120 times a minute meant that the huge muscles of the legs raised many tons of weight, which meant extra blood driven by the heart, and extra blood had to

be made fresh by the lungs. The thought then is that if you are well enough to take exercise, Overheard by Seymour: "She doing some work-walking, run-'Hello' to her twice and got no an- muscles "need" more pure blood and so develops the lungs.

To await in the secrecy of night a concerted signal; to attune the ears to painful alertness while trying to strain out the murmur of human voices, lest the soft coo of the false owl be lost; to watch with straining eyes every move of the milling savages as they threw themselves down to sleep-all of this kept the two Texans pitched high in anxiety. An hour must still pass before Simmie could act, and it passed fearfully slowly.

> Finally Pardaloe muttered, "What's happened to Simmie?" "I don't know what has happened to Simmie, but something has happened to the horses," whispered Bowie. "Listen!"

> The neigh of a pony caused the exclamation. An answering trampling and million of the horses declared trouble to the ears of Bowie and his scout. But what was it all about? Before such a question could be asked the crack of a pistol instead of the coo of an owl caused the two to spring to their feet. The camp was already stirring.

Sec'y, R. 1, Germantown, Wisconsin. WE SUGGEST YOU VOTE FOR ATTORNEY LEO A. O'REILLY FOR MEMBER OF THE ASSEMBLY

As the Man Really Qualified to Protect Your Interests

We, the undersigned, Farmers, Workers and Businessmen' resident voters of the TOWN AND VILLAGE OF GERMAN-TOWN, knowing the fine qualifications of ATTORNEY LEO A. O'REILLY, who is a candidate for the NOMINATION on the REPUBLICAN TICKET for MEMBER OF ASSEMBLY and knowing the other candidate for said office who is also from the VILLAGE OF GERMANTOWN;

We do hereby ENDORSE ATTORNEY LEO A. O'REILLY for MEMBER OF ASSEMBLY for we know that he is NOT A NEWCOMER to the COUNTY, that he is well qualified for the office by his experience of practicing law for the past 23 years and he has broad experience in business and intimately knows the milk business, thereby he understands the wants and needs of the farmers and will render valuable service to the farmers and he has always been willing to assist the farmers in their problems, he understands and knows the problems of the workers and has always been ready to help the worker in his problems and we know that because of his wide and varied experience we THE FARMERS, WORKERS and BUSINESS-MEN will receive benefit from ATTORNEY LEO A. O'REILLY; he being at present a MEMBER of the COUNTY BOARD and having been a MEMBER for a NUMBER OF YEARS, he knows COUNTY GOVERNMENT; hence he understands the wants and needs of the COUNTY and will render valuable service to each citizen of the COUNTY and also because of his BROAD LEGISLATIVE EXPERIENCE he is the BEST QUALIFIED FOR THE OFFICE for MEMBER OF ASSEMBLY.

The other candidate from the VILLAGEOF GERMANTOWN says "Don't Experiment." YES! We fully agree with that slogan, because that is one of the many reasons why we heartily ENDORSE ATTORNEY LEO A. O'REILLY for we, know when he is elected there will be NO EXPERIMENTING with ATTORNEY LEO A. O'REILLY.

The other candidates also say "You are entitled to Honest and Experienced Representation." YES! We again say that we agree with that slogan. for again that is one of the reasons why we ENDORSE ATTORNEY LEO A. O'REILLY for we know that with the ELECTION of ATTORNEY LEO A. O'-REILLY we shall have HONEST and EXPERIENCED REP-

RESENTATION. WE EARNESTLY ENDORSE ATTORNEY LEO A. O'REIL-LY FOR THE OFFICE OF MEMBER OF ASSEMBLY on the REPUBLICAN TICKET AND SINCERELY ASK EVERY VOT- . ER IN WASHINGTON COUNTY TO VOTE FOR ATTORNEY LEO A. O'REILLY ON PRIMARY DAY, SEPTEMBER 17, 1940

King Carol II of Rumania Abdicates As Fascist Iron Guard Effects Coup; House Votes 60-Day Volunteer Plan Before Launching of Peacetime Draft

(EDITOR'S NOTE-When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.) Released by Western Newspaper Union.

BALKANS:

Coup Shots fired at the palace of King Carol of Rumania followed anxious days in the Balkans, during which Rumania accepted a Berlin-Rome dictated agreement transferring part of Transylvania to Hungary

Included in the agreement was a guarantee to Rumania by Germany that its shrunken borders would be guaranteed against further demands by anyone. With a "Who, me?" expression, Soviet Russia looked over the fence from Bessarabia and Northern Bukovina, which it earlier had seized from Rumania.

Even this did not satisfy the king's Gen. Ion Antonescu as the new military dictator of the country. Carol retained only a few unimportant governmental tasks.

But still crowds of angry rioters | Munitions shouted in the public square around the Rumanian palace and the political "outs" clamored for more changes. Finally it was announced that King Carol had abdicated. Stepping down from the throne he was succeeded by his son Michael, 18 years of age, who once before ruled his nation as "the boy king" when his father renounced the right to the throne in 1925.

The coup against Carol was by Fascists who sought to take over Rumania at once and liquidate the | HISTORY: entire situation.

M-DAY: Men

Effects of the war will be brought to hundreds of thousands of American homes this month. For the first time in U. S. peace time history young men will be called from their jobs and schools to serve at least one year in the nation's military forces.

First is the National Guard, 60,500 officers and men from 26 states being the initial cadre going on active service beginning September 16. Later more will be called until 250,-000 are in the field.

Meanwhile 11,000,000 will have registered under the conscription measure. Once set up, the draft machinery will turn fast. First call will be for a gradual enlistment of 400,000. An additional 500,000 will follow before spring.

A few days after the senate had approved the Burke-Wadsworth bill which would call up these first U. S peacetime, conscripts, the house of representatives tacked an amend-

Answer came quickly in the senate, where it was pointed out that 10 Republicans were among the 69 senators who favored "industrial draft." Senator Russell said Willkie was willing to conscript lives and careers of young men but not

WHEAT: World Crop

The bureau of agricultural economics said indications are that about the same wheat acreage will be planted for 1941 harvest as was seeded for the 1940 harvest. There were 62,000,000 acres allotted for seeding for the 1941 crop under the Agricultural Adjustment act, the same as for the 1940 crop.

The bureau estimated that 1941 production will total about 750,000, 000 bushels and leave about 50,000, 000 bushels for export or addition to carry over. The total carryover would accordingly be about 300,000, 000 bushels at the close of the 1941-42 season.

But while the report, for obvious reasons, cannot be confirmed, there is an inclination in official circles here to accept it at almost face value. It is too logical to be utterly untrue.

Further, there is another reason why the Germans might view with alarm Japanese aggression in the Dutch East Indies. They remember the amazement with which the whole world heard the sharp caution of Secretary of State Cordell Hull that this country would be much disturbed at any change in ownership of the Dutch East Indies.

Berlin Distrusts U. S. Defense Preparations

At first blush it might seem that, if the Germans are worried about the possibility of the United States getting into the war, they might welcome a diversion in the Far East calculated to keep Uncle Sam very busy until the war in Europe is over. This, of course, might be the German reasoning, but it is not thought here that it is. Berlin is extremely distrustful of every move Washington is making toward preparedness. There are indications that the Nazis do not want the United States on a war basis, entirely aside from any fear that this country might actual

When you see Hedy Lamarr and Clark Gable in "Comrade X" don't be puzzled if the story seems familiar. It's "Clear All Wires," which Spencer Tracy made seven years ago. The story of an American newspaper man's adventures in Russia, it's been rewritten to include incidents in the recent Soviet military ventures. Gable draws it as an assignment instead of "Osborne of Sing Sing," which he didn't like anyway.

June McCloy may win a bet with her husband if you like her well enough in "Glamour for Sale," in which she has the second feminine lead. Nine years ago she left Hollywood to make a name for herself as a night club singer, and succeeded. In 1936 she married and retired. Now she wants to return to the screen; she's bet her husband that she can make good within six months; if she can't, she'll go back to being just a wife. So she's working now in the picture starring Anita Louise and Roger Pryor. She has a chance at her specialty—she sings a torch song. But so does Anita Louise.

Denis Day became singing star of the Jack Benny show because an inflamed appendix kept him out of law school. Finish for Stucco. A correspondent sends me a circular descriptive of a waterproofing finish for stucco, and asks whether it would be satisfactory over magnesite stucco, 11 years old. "There are a few small cracks in the stucco,

but otherwise it seems in good condition.' Answer: Magnesite stucco has a corrosive effect that destroys metal lath in some 10 to 15 years. No surface treatment will give protection. This type of stucco came into use some years ago, but has since been abandoned because of this difficulty. The only real remedy is to take off the old stucco and what is left of

The stain is brushed on freely, and time is allowed for its penetration; about two minutes for pine. Wipe the surface clean with cheesecloth. If the color is not dark enough apply a second coat. Over this apply a coat of shellac thinned halfand-half with denatured alcohol. Finish by waxing or varnishing, Before applying the stain try it out on some left-over pieces of pine.

Aluminum Paint.

Question: Please give me information on heat-proof aluminum paint for a steel furnace and airconditioning plant.
