Has Narrow Escape From Drowning in River Here

A Milwaukee man, brother-in-law of Norman Roedel, boss of the Chicago & North Western railway section crew here, whose name we were unable to learn, had a narrow escape from drowning early Sunday afternoon when a skiff he was paddling capsized in the Milwaukee river at the village park, a few rods south of the Main street bridge.

Apparently the man had intended to paddle down the river on a hunting expedition. He reached the center of the river and in some way, either by making too sharp a turn with the light skiff or some other false move, his weight caused the craft to capsize, throwing him into the cold water. The river is between seven and eight feet deep at the scene. Members of his party who were standing on shore took it as a joke at first, thinking the man was able to swim. However, he knew little about swimming and began to go under from the weight of a heavy cartridge belt and rubber hip boots he was wearing, which filled with water.

Watching from the shore was Roedel, who took in the situation at once and leaped into the water to the man's rescue. After scuffling with the man for a short while and being pulled under himself, Roedel finally was successful in pulling him to shallower water. Others on shore formed a human chain and pulled the pair to safety. Upon reaching the river bank the Milwaukee man was exhausted, although still conscious. Roedel proved himself a hero in preventing a near tragedy.

When the skiff, only six or seven feet in length, capsized, the man's shotgun which he had placed in the bottom of the boat, was lost on the river bottom. The gun, a repeater model, was valued at about \$30. An attempt was made to retrieve the gun with a wire hook fastened on the end of a fish pole but to no avail. The gun lay at the river bottom until Thursday afternoon of this week when a group of village men dragged the river with a regular two wheel dump hay rake. A long rope was tied on the rake and it was pulled back and forth across the river from the banks until the gun was retrieved.

OPERATIONS

Mrs. A. L. Rosenheimer Jr. of this village submitted to a serious major operation at the Milwaukee hospital on Tuesday, Oct. 8. We are happy to report that Mrs. Rosenheimer is recovering fairly well at this writing. Mrs. Leroy Keller of this village underwent an appendicitis operation at St. Agnes hospital, Fond du Lac, on Tuesday, Oct. 8. She is recuperating nicely at this writing. Mrs. Henry Becker of New Prospect, daughter-in-law of Mr. and Mrs. Ernest Becker of this village, had her tonsils removed in Dr. Edwards' office last Friday. Mrs. Elva Kell of Route 3, Kewaskum, submitted to a major operation at St. Joseph's hospital, West Bend, last Friday.

ST. MICHAELS TO SERVE
CHICKEN DINNER SUNDAY

A chicken dinner will be served by the ladies of St. Michael's congregation in the parish hall at St. Michael's this coming Sunday, Oct. 13. Serving will be from 4 to 7 p. m. Two attendance prizes will be given away. The first one will be a lamp table donated by Kaper & Gehl, Barton, and the second a table lamp given by Miller's Furniture stores, Kewaskum. The price per plate will be 50c for adults and 25c for children. The dinner is being given for the benefit of the congregation. Reserve Sunday for St. Michael's.

BIRTHS

MEHRING—A son was born to Mr. and Mrs. Harold Mehring of Port Washington on Saturday morning, Oct. 5, at St. Nicholas hospital, Sheboygan. He will receive the name Thomas Frederick. Mrs. Mehring is the former Miss Margaret Miller, daughter of Mr. and Mrs. Edw. F. Miller of this village. The Mehrings now have three sons, Tom, Dick, and Jerry. BACHMAN—Mr. and Mrs. Oscar Bachman of St. Killian are the parents of a baby girl, born Thursday, Oct. 10. MATTHIES—Mr. and Mrs. Raymond Matthes of Dundee are the parents of a son, born last week.

MARRIAGE LICENSES

A marriage license was issued in Milwaukee last week to Adam Hartung, 2475 N. 28th st., Milwaukee, and Rosamund Helm, 2065 N. 26th st., that city. Miss Helm is a daughter of Wm. Helm, former operator of the Kewaskum Opera House a few years back. The approaching bride attended Holy Trinity school here. Licenses were also issued by County Clerk Kuhlaupt to Forest Survis, Bazton, and Verona Broecker, R. 8, Kewaskum, and George Roecker, R. 5, West Bend, and Sylvia Sarauer, R. 8, Kewaskum, the past week.

Lehman Rosenheimer Jr. Enlists as U. S. Army Flying Cadet

Lehman Rosenheimer, Jr., son of Mr. and Mrs. L. P. Rosenheimer of this village, has enlisted in the United States army air corps as a flying cadet. He will leave Monday to begin his training. Lehman is one of few young men in this section to qualify as a flying cadet, for which a college education and passing of a rigid physical examination are required and flying experience is recommended.

Lehman has been taking flying instructions during the past summer at the West Bend airport under the tutelage of Fred Lueneberg, instructor. He now has 60 hours of flying experience to his credit and owns a pilot's license, which requires 35 hours of flying. Included in his experience is a trip to Pennsylvania in May, on which he piloted a plane for 10 1/2 hours.

The young man sent in his application for a flying cadet early in August and passed his physical examination later the same month at the Curtis Reynolds airport in Chicago. On Monday he will leave for Milwaukee to be sworn into the army air corps. Driving his automobile, he will leave Milwaukee the same day for Muskogee, Okla., where he will be stationed for three months of primary training at the Spartan School of Aeronautics.

After his period of studying there he will be transferred to Randolph field, Texas, for an additional three months of basic training. Randolph field is located near San Antonio, Tex. Then he will move to Kelly field, Tex., about 12 miles distant from Randolph field, where he will be given three more months of advanced training. Upon completing his training at that place he will receive the rank of a second lieutenant in the U. S. army air corps. However, advancing to this rank is not as simple as it may sound. It requires diligent study and capability. According to a news release on Wednesday, 26 student pilots are completing their basic training at Randolph field at present.

After completing his training at Kelly field, Lehman will enter active service for the remainder of his three-year period of enlistment. During his active duty with the air corps he will have an opportunity of becoming a first lieutenant. Three other young men from Juneau, Milwaukee, and Plymouth, who have also passed their flying cadet tests, will accompany Lehman to Oklahoma to begin training.

Lehman attended the Kewaskum High school and Washland academy at Beaver Dam and graduated from the University of Wisconsin. For the past few years he has served in the capacity of department manager and buyer at the L. Rosenheimer store in Kewaskum. His position there has been taken by John T. Bryant, formerly manager of the Home Dry Goods store in West Bend. Mr. Bryant began his duties at the store last week and will move to this village soon, and will occupy the lower apartment in the Driessel home.

Lehman is the ninth young man from Kewaskum to enlist voluntarily in the army or navy within the past year. Others who are stationed at various places throughout the country and Hawaii, are as follows: Clarence Werner, Hawaii; Private Oliver Petermann, Fort McClellan, Ala.; Private Curtis Romaine, Scott field, Ill.; Ralph Kohn, Louis field, Wash. (who will soon go to Alaska); Otto Weddig, Tampa, Fla.; Werner Bruhn and Robert Gruber, Fort Wagner, N. C. and Robert Romaine enlisted in the U. S. navy in September but was sent home to wait a month and then take another examination. He left again on Thursday of this week for Chicago to take the test. If he passes the exam he will be sent to the Great Lakes Naval Training station in Illinois. In case he would not pass he could still join the army. No word was heard from Bob at the time we went to press. The young man was one of 28 recruits dispatched to Chicago from Milwaukee Thursday.

RALPH WOLLENSAK STARTS MILK PRODUCTS BUSINESS

Ralph C. Wollensak of this village has entered into a new business of his own, known as the Green Valley Milk Products company of Kewaskum. In his business Mr. Wollensak operates a dairy route in Chicago. He has purchased a new truck and makes four trips to Chicago each week, hauling cottage cheese and other dairy products. He obtains his products from the Gerlach cheese factory at Kohlsville. Besides his city route he is also building up a trade of patrons in the surrounding community.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Louis F. Klumb of West Bend announce the engagement of their daughter, Caroline, to Carl Melahn, Jr., son of Mr. and Mrs. Carl Melahn, Sr. of the town of Kewaskum.

Chas. Prost Sr. Among Those Who Are Called

Charles Prost, Sr., aged 72 years, 11 months and six days, a widely known and respected citizen of the village of Kewaskum, passed away at 3 p. m. on Tuesday, Oct. 8, at St. Agnes hospital, Fond du Lac, causing a blow of sorrow to residents of this community. He had been ailing for about three months and was removed to the hospital on Tuesday of last week, where he underwent treatment for a week before submitting to an operation on Tuesday morning. Mr. Prost suffered hemorrhages following the operation and although all possible was done for him, he died the same afternoon.

Mr. Prost was born on Nov. 2, 1867, on the Prost homestead in the town of Kewaskum, where he spent the greater part of his life. He was married to Miss Amelia Kirchner on May 21, 1895, in the town of Wayne. The couple resided at their farm home in the town of Kewaskum until nearly eight years ago when they left to live with their son, Albert, in the town of Auburn. They remained there for over two years and then came to this village in September, 1935. They occupied their home in the Rosenheimer addition ever since, located just back of the Rosenheimer store.

Deceased is survived by his widow, his four sons, Albert of the town of Auburn; Charles, Jr. of this village; and Clarence and Edward Prost of the town of Kewaskum; a brother, William Prost, of this village; one sister, Minnie (Mrs. Christ Schaefer) of this village, and five grandchildren, Albert Prost, Jr., Myron Prost, Bernice Prost, Lloyd Prost and Beulah Prost. Funeral services will be held at 1:30 p. m. Saturday, Oct. 12, from the residence and at 2 p. m. at the St. Lucas Evangelical Luth. church, Techtman Funeral Home in charge. The Rev. Richard M. A. Gadow, pastor of the Peace Evangelical church will officiate and burial will be made in the Peace cemetery.

Pallbearers will be Arnold Prost, Urban Prost, Ed. Schaefer, Wm. Schaefer, Andrew Kirchner and Ervin Kirchner. Mr. Prost was a fine, upright man, and one of the pioneers who helped build up the community. Care of those near and dear to him was ever uppermost in his mind and heart and he will be sadly missed. His life on this earth was a credit to him and his straightforwardness and pleasant character won many friends for him. He was ever ready to do his best for his family and the community. We join in the expression of sincere sympathy to the bereaved survivors.

MRS. OTTO DICKMAN

Mrs. Otto Dickman, nee Elizabeth Schroeten, aged 77, a beloved resident of the town of Auburn, passed away at 4:30 a. m. Saturday, Oct. 5, at her farm home north of Kewaskum following an illness of several months. She was a lifelong resident of the town of Auburn. Mrs. Dickman was born Dec. 13, 1862, in the town of Auburn. Her marriage to Otto Dickman took place on Jan. 15, 1889, who survives. She is also survived by three sons, Henry, Fred and Emil of the town of Auburn; three daughters, Mrs. Alvin Haug of West Bend, Mrs. Frank Bleck and Mrs. Gustave Lavernz, Jr., both of Campbellsport; 22 grandchildren, and a brother, Jacob Schroeten, of Odebo, Iowa. She was also a sister of the late Peter Schroeten.

Deceased was a member of the Ladies' Aid of the Reformed church at Campbellsport. The body lay in state at the farm residence from 10 a. m. Sunday until 11 a. m. Tuesday, Oct. 8, when private services were held at the home. The body was then removed to the Reformed church where it lay in state from noon until 2 p. m. Tuesday when the Rev. John Mohr, officiated at funeral services. Interment was made in the Auburn cemetery. Pallbearers were Paul Glese, R. L. Raymond, Otto Fick, Peter Hahn, John Uelman and John Terlinden.

With the death of Mrs. Dickman that particularly town of Auburn community has lost another member of its pioneering, hard working, self-sacrificing group of old settlers who are slowly diminishing. As true neighbors, together, clung together, and had their many occasions of enjoyment together. They saw their community change from a wilderness into the modern stage it is in today. Mrs. Dickman was one of the fine old ladies of this group. She possessed the qualities which make womanhood beautiful. Our condolences are extended to the survivors.

MRS. WILLIAM H. HANSEN

Mrs. William H. Hansen, 53, former resident of the town of Barton, and sister of Mrs. Arnold Martin of the village of Kewaskum, was called in death at 8 p. m. on Thursday, Oct. 3, at Savanna, Ill., following a long illness. Mrs. Hansen had been ill for the past two years or more and had been confined in bed for the past four months. Deceased, nee Louise J. Winckler, a

Coon Dog Field Trials of County Here Sunday

A large attendance is expected at the coon dog field trials, sponsored by the Washington County Coon Hunters' association, to be held Sunday, Oct. 13, on the John Roden farm, two miles southeast of Kewaskum. Interest in the trials will attract many spectators and a large number of owners entering dogs is assured. The trials will be the last of this season.

All coon dog owners are eligible to enter their hounds, which will be run in sections. Prizes will be awarded to dogs treeling and lining coons fastest. The heats begin at 10 a. m. and will continue several hours. Owners are invited to bring their dogs and come early. If you have dogs for sale or trade this will be the place to do business. Follow the arrows from Highway 55, one mile south of Kewaskum, east to the Roden farm.

Admission will be 25c for men and ladies and children free. Lunch and refreshments will be served on the grounds. Dogs from several neighboring counties will be entered. For an outing of excitement all dog owners, hunters, and others interested are urged to come and see the dogs do their work.

KEWASKUM INDIANS TO HOLD BASEBALL DANCE

A baseball dance for the benefit of the Kewaskum Indians team of the Kettle Moraine league will be held at the Kewaskum Opera House Saturday evening, Oct. 19. Music by Al's Melody Kings. A door prize will be given. Admission 30c, including tax. The Kewaskum team ended up in second place in the league the past season but was not so successful financially. Show your appreciation and support them at the dance. A meeting of the club was held Monday night to distribute tickets and complete arrangements for the dance. All are invited to come and have a real time with the boys so buy your tickets from them now.

LITTLE GIRL BREAKS ARM

Suzanne Rosenheimer, youngest daughter of Mr. and Mrs. M. W. Rosenheimer of this village, a primary room pupil in the Kewaskum Public school, had the misfortune of breaking her left arm just below the elbow last week Thursday when she fell while playing on the school grounds. Although it was a bad break the bone was successfully set back in place and little Suzanne is getting along very nicely. However, the arm must be held in a cast and she will be handicapped for some time.

HOLD BANQUET HERE

The Kewaskum Opera House was the scene of the annual banquet and dance of the EMBA of the White House Milk company of West Bend last Thursday evening. Officers were installed for the coming year following the banquet and members of the EMBA and their wives were entertained at a dance later.

ATTEND CONFERENCE

The Rev. Richard M. A. Gadow, pastor of the Peace Evangelical church, and three members of the congregation, Mrs. Joseph Schwind, Mrs. Clifford Rose and Clifford Stautz, attended the regional conference at Campbellsport Wednesday, Oct. 9.

daughter of John and Mary (Berkus) Winckler was born in the town of Barton on Nov. 28, 1886, where she grew to womanhood. She attended the parochial school in Barton. She went to Savanna in 1912, twenty-eight years ago where she was married to William H. Hansen on July 7, 1914, who survives. Mrs. Hansen had reached the age of 53 years, 10 months and five days.

Besides her husband, Mrs. Hansen is survived by four sons, Mads Winckler, William George, Peter Andrew, and Paul Davis, all of Savanna; a grandson, two granddaughters; six sisters, Mrs. Anton Meyer of Hartford, Mrs. Emil Rieke of West Bend, Mrs. Robert Jansen of Barton, Mrs. Lena Barry of Milwaukee, Mrs. Arnold Martin of Kewaskum, and Mrs. J. B. Antone of La Porte city, Iowa, and one brother, George Winckler of Barton.

Funeral services were held at St. John's Catholic church at Savanna at 9:30 a. m. Monday, Oct. 7. Burial took place in the congregation's cemetery.

Among those attending the funeral were: George Winckler and son George of Barton, Mrs. Anton Meyer of Hartford, Mrs. Emil Rieke of West Bend, Mr. and Mrs. Robert Jansen of Barton, Mr. and Mrs. Arnold Martin of this village, Mrs. Lena Barry of Milwaukee and Miss Hannah Meyer.

Mrs. Hansen was a kind and loving wife, mother and sister and had many friends, a number of them in this vicinity. She was a cheering companion and sympathizing friend, who will be sadly missed by those near and dear to her, to whom our condolences are extended.

Kewaskum High school's six man grid team took another trouncing in its second Tri-County league tilt against a surprisingly strong Brandon team by a score of 45 to 18 last Thursday afternoon in the first home game of the season. The setback dropped the team to the bottom of the Tri-County standings in a tie with Lomira, this week's opponent. A small crowd saw the battle.

The game was closer than the score indicates. Several times Brandon men broke away for long runs to bring up the score. Brandon netted four or five touchdowns on runs of 20 to 40 yards, resulting from clever reverses which baffled the Kewaskum defense. Otherwise the highs played their opponents on even terms on the ground. The team's lack of experience showed up very plainly and a lot of drilling is still needed before they hit their peak. Kewaskum made 8 first downs to Brandon's six.

It was all Brandon in the first quarter and they ran up 20 points while holding Kewaskum scoreless. In the second quarter the locals got their bearings and easily outplayed the visitors.

SHEBOYGAN FALLS HERE NEXT
Kewaskum High will play its next home game next Friday, Oct. 18, against the powerful Sheboygan Falls six. The battle will get underway at 2:30 p. m. Falls has the biggest team Kewaskum will be called upon to meet this season and the boys will be outweighed about 35 pounds to the man. The six-foot heavyweights in previous games lost to North Fondy by one touchdown and beat Campbellsport by the same margin. This will be an exhibition game, Falls not being in the conference. Come and see them fight it out.

They scored two touchdowns for 12 points but failed on both conversions. Brandon was held without a point in this period. It looked like anybody's game at halftime but soon after it became Brandon's. The winners got "hot" and rolled up two more touchdowns in the third quarter and two in the fourth while Kewaskum weakened and was held to six points, scored in the final period. Brandon pushed over seven touchdowns to Kewaskum's three.

Harold Hess, 180-pound end, was the big gun in Brandon's attack. He ran over three touchdowns and played a hard game on the field. Krautramer of Kewaskum was easily the outstanding star of the game. Weighing only 132 pounds, he packs a tremendous amount of power and fight for his size. He was to be found on the bottom of every pile of players. A hard-hitting tackler and aggressive runner, he was called upon to do about three quarters of the work. He received a deserving hand when he was removed late in the game, tired and bruised, after having his jersey torn from his back. Kewaskum could use a few others with his grit. Except for "Kraut" the players lacked punch and drive. He scored one touchdown while Bligo and Bunkelman pushed over the other two.

The starting lineup:

THE SOLDIER OF FLUSHING BAY ("World Fair Site Proposed for Military Training Camp.")—Headline. Where Futurama drew the crowds From Maine to Timbuctoo, That's where I'd train to battle for The old Red, White and Blue; The Trylon and the Perisphere Will do to mark the spot Where I got flat feet marching on An exposition lot.

Where General Motors stood I'll let My army life take root; By Railroads on Parade I'll fight And do it all on foot.

Where millions flocked on pleasure bent And marveled merrily I'll drill and drill for Uncle Sam— And think of Gypsy Lee!

Where "Streets of Paris" once held forth I'll master arts of war; (If they would only leave 'em there It won't be such a bore); Where crowds fled to the midway sights I'll drill on soldier grub; Baked beans and stew won't taste so bad Served near the "Terrace Club."

I'll learn to swing a rifle near The "Living Pictures" gay, And capture lovely models in My fancy twice a day;

I'll do guard duty many nights In weather vile or nice, Consoled by distant memories Of "Beauties Cased in Ice."

I'll stand maneuvers any time In wintry weather tough Upon the spot where dancers With soap bubbles did their stuff; In fancy I'll hear officers Cry "Ready for a raid!" We've orders for a state of siege Around the Aquacade!"

From Standard Brands to "Gas" and "Coke," From "Norway" to "The Coast," I'll learn to be a soldier boy; Within this army post; Where stood the famous "Court of Peace" I'll learn the blitzkrieg way, And chase that ritzy Borden cow Right into Flushing bay.

Removing Paint QUESTION: The plaster ceiling in our kitchen was papered several times, and then painted twice. Now the paint is coming off in great pieces. We want to take it all off and repaint. How can we do it? Why is the paint peeling off?

Answer: Walls and ceiling of a kitchen become covered with a fine film of grease. This may not be visible, but it is there, and if it is not removed before painting, the paint will not stick. This may be the reason why your paint has peeled. The paint is evidently loose, and you should be able to scrape it off with a broad putty knife. A solution of three pounds of washing soda to the gallon of water will soften the paint after remaining on for a few minutes, but you should be careful not to get this on the wood-work or any other paint that is not to be removed. Follow by ample rinsing with clear water, and allow the wall to dry thoroughly before repainting.

Wet or Dry Return. Question: In a one-pipe steam system with an oil burner, is there any advantage in having a wet return line? My neighbor has a wet return, while mine is identical except that I have a dry return.

Answer: A wet return is filled with water for its entire length to the level of the water in the boiler. Water standing in the return may be chilled before it reaches the boiler, which will reduce the temperature of the boiler water. A leak in a wet return under the floor is difficult to locate and to repair. A dry return is under inspection at all times. Water in it returns to the boiler with but little drop in temperature. The one advantage of the wet return is that it gives the boiler a greater volume of water, which would be an advantage in case of a steam leak. My own preference is for the dry return.

Sticking Leather. Question: Leather covered chairs stick to and stain light clothing in damp weather. I have used varnish remover, saddle soap and wax, but nothing seems to help. Would you recommend varnish?

Answer: Varnish remover should not be used on leather, for the solvents would remove the natural oils. You may have caused permanent damage. Stocking of leather is usually due to the use of an unsuitable leather dressing; furniture polish, for instance. Apply pure neatsfoot oil to the leather; let it soak in, and then wipe dry. After a few days for drying, wash with thick suds of castile soap. After the leather is dry, rub with beaten white of egg. If this does not do the trick, inquire at a leather store.

Apartment Roof. Question: The roof of an apartment house, which I manage, has a three-ply tar paper and two-ply roll roofing; put on seven years ago. The job was done in November. The roof is full of blisters, many of them extending down to the first layer of tar paper. I would like to do this roof over and would appreciate your information on how to go about putting on a new roof.

Answer: Laying a flat roof in very cold weather will very often cause the roofing to blister and separate because of the difficulty in spreading the tar or asphalt. Before laying the new roof, get in touch with any one of the well-known makers of roofing and get their recommendations on the best way to lay it.

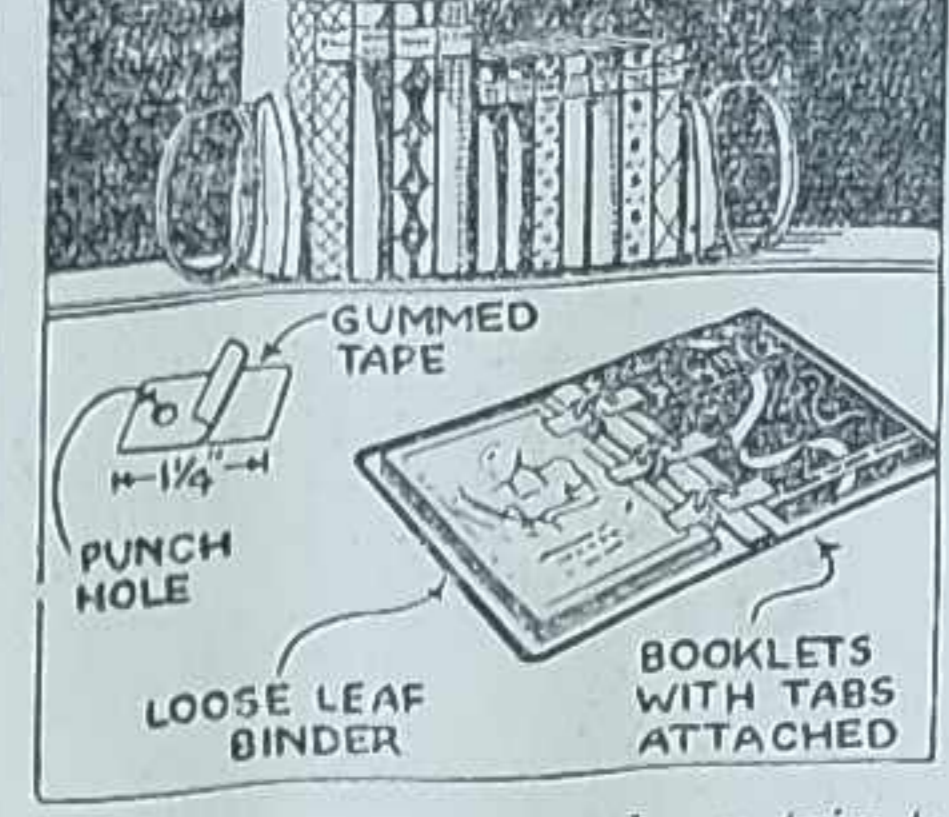

Buckled Cement Floor. Question: Every time we have a few hours' rain, my cellar is flooded. I have had some waterproofing done, but the last heavy rain has given us eight inches of water in the cellar, and caused the floor to crack and buckle up. We are quite near the water, and during high tides have noticed damp spots in the cellar. Will I have to have this floor taken up entirely? What will resist this pressure?

Answer: A badly cracked and buckled cement floor should be taken up and a new one laid of sufficient thickness to resist the extreme water pressure. The floor should also be given a membrane waterproofing treatment, with a topping of three or four inches of cement.

Dark Shingle Stain. Question: I want to stain the new wood shingles on my roof midnight blue or almost black. I cannot find such a stain. How can I make it? Answer: You can make that stain by adding color-ground-in-oil to linseed oil. The proportions are four parts of linseed oil with one part Japan drier. Thin the color with linseed oil to the consistency of paint, and add to the mixed oil and drier to the tone that you want. Experimenting will be necessary.

Termites. There are a number of inquiries on what to do about termites that have been found in the woodwork of houses. There is far more to be said on the subject of termite control than can be covered in this column. The best plan is to write for information to the U. S. department of agriculture, in Washington, and also to your state department of agriculture. State universities have usually investigated the subject and can give additional information.

HOW TO SEW by Ruth Wyeth Spears

WHENEVER I make a trip to New England I like to bring back something to remind me that there have been about 15 generations of homemakers in America since John Alden and Priscilla set up housekeeping in Plymouth colony. This time my treasure was the pair of ancient flat irons you see here in use as book ends for my work-room library of loose leaf binders. Setting them up reminded me that I have been wanting to show you my method of fastening booklets in ring binders.

I use 3/4-inch wide gummed tape. Pieces 2 1/2-inches long are cut in half. The fold end is placed together and punched. These are placed on the rings of the binder and booklet stuck between the open ends. We are interested in subjects. Frequently we use binders with fabrics of interesting papers so they look attractive on the shelves in any room.

NOTE: Here is a good suggestion which Mrs. Spears has prepared for other months. No. 3 contains directions for 30 different home-making projects, including new fall curtains, useful gifts, and description of the above booklets in the series. When you receive your copy of Book 3 be sure to place the order to:

Rickrack braid makes a gay finish for bedroom, kitchen, bathroom or play room curtains. It's equally effective on plain, figured or colored materials—such as unbleached muslin, chintz, dimity or lawn.

When sweeping a room open all the windows and sweep toward the center of the room. This prevents the dust from settling on the wood-work and the walls.

When painting a room the following hints may be found useful: Don't be in a hurry to finish; put down old newspapers, before work and remove all curtains and hangings; keep handy a rag soaked in turpentine to wipe off "mistakes."

In removing basting threads cut them every few inches, and do not pull a very long thread out at one time, as you are very apt to leave holes in the goods.

For Best Results—After putting water and soap into washing machine, let it run for a minute or two to dissolve soap before putting in clothes.

To make peanut butter spread easily, add a little boiling water and then a speck of salt for better flavor. Mix until creamy with a fork. Add some chopped raisins to peanut butter and use as filling for Graham bread sandwiches for the children's lunches.

A Reminder "Some changes here lately," said the young married man. "I see there's a new florist since I was here last." "I know," said Jones. "And he's certainly living up to his slogan, 'Say it with flowers.'" "Why, what do you mean?" asked the other. "Well, he sent me a bunch of forget-me-nots with my bill this week," replied Jones.

OR CHANGE HER MIND Answer That One! Hubert (to fiancée)—I admit your bathing costume looks smart, Edna, but I must say it would have shocked our grandmothers. Edna (defiantly)—Oh, yeah? You speak for your own grandmothers. Takes a Bath Novice (with great determination after numerous attempts)—I'll stay here till I hit this ball. Caddie—Weel, ye can get some other laddie to haud yer sticks, for this is ma bath nicht.

Looking Ahead The bride-to-be was showing her special friend a list of the guests to be invited to the wedding. After her friend had read the names she looked puzzled. "Isn't this rather strange?" said the friend. "You have only put down the names of married couples on the list." "Yes, that was Jack's idea," said the other. "Don't you think it's rather clever? He says that if we only invite married people the presents will be all clear profit." Country Paper The office boy entered the editor's office and said: "There's a tramp outside who says he hasn't had anything to eat for six days." "Bring him in," said the editor. "If we can find out how he does it we can run this paper a while longer." Eye Glasses? "Glasses do not improve the eyesight," declares a correspondent. That, of course, depends on how many you take.

1. e. 80 to 100 feet. Under these conditions a car will skid at least 60 feet from 40 miles an hour with all four wheels locked.

2. d. is quadrupled. The energy in a moving body increases not in direct proportion to speed, but as the square of the speed. At 40 miles per hour, therefore, it takes four times the braking distance to stop the car that it would at 20. At 60 miles an hour it would take nine times the distance.

3. True. At high speeds you use more gasoline and oil, and tires wear faster.

For a Deep, Mellow Seedbed McCORMICK - DEERING H-86 Two-Way Plow for Farmall-H

Here's an expertly designed and carefully built plow for use with the Farmall-H Tractor. It's the new No. H-86 two-way plow, built only for use with the exclusive Farmall "Lift-All" attachment. The "Lift-All" raises or lowers each plow bottom independently, or adjusts the depth, with the touch of a simple control. The H-86 is ideal for irrigated fields and for hilly or sloping land where dead furrows invite damaging soil erosion and washing.

We also have a new two-way plow for the Farmall-M. Come in and see us about it. It's called the No. M-188 and, like the M-86, is built for use with the "Lift-All" attachment. We'd like to tell you about our full line of McCormick-Deering plows for tractor and horse-drawn operation.

Getting the 'Low Down' on Crops

One of the most valuable departments of the U. S. Department of Agriculture is the crop report service. It gives a complete picture in a few minutes of production, utilization, sales, prices, and value of more than a hundred crops. Figures are submitted by forty-one field offices. The information is carefully guarded until the crop report is prepared to prevent speculative use of advance information. These are the ways in which the data is gathered.

Above, left: Farmer W. P. Hunter of Beallsville, Md., completes his schedule. He is one of a large number of volunteers. (Oval): A poultry farmer checks up on part of the new generation of chicks.

Top: Statistician C. E. Burkhead of the Maryland office interviews a farmer. Below: Field reports on speculative crops being removed from the double-locked box in the offices of the Secretary of Agriculture. Right: One of the armed guards stationed at the entrance of the crop reporting rooms.

Behind locked doors, sealed windows, and with all communication with the outside world cut off, members of the crop reporting board review and prepare estimates, by states, from reports submitted by the field offices. This secrecy is designed to prevent possible leaks. Their work presents a complete picture of agricultural America.

Right: Former Secretary of Agriculture, Henry A. Wallace, signing crop report in the presence of W. I. Callender, chairman of the crop reporting board.

Questionnaires The federal government received 135,700,000 reports and returns from individuals on business concerns last year. Industrial, commercial and financial enterprises filed a total of 60,000,000 reports—an average of about 20 for each enterprise—while about 21,000,000 returns of all kinds were filed each farm. The average industrial questionnaire contains about 65 questions.

Early Removal Of Tonsils May Affect Sinuses

By DR. JAMES W. BARTON (Released by Western Newspaper Union.)

WHEN it was found some 30 years ago that infected tonsils caused rheumatism and rheumatism caused heart disease, there were thousands of children who had their tonsils removed if they had one attack of simple sore throat. Also, tonsils that were larger than normal, without any symptoms whatever, were removed.

However, that the tonsils are useful organs up to the age of puberty (14 to 16) is admitted, so that physicians today do not advise removal of tonsils unless there are repeated attacks of tonsillitis. If one or more attacks of tonsillitis are followed by rheumatic attacks a few weeks later, the removal of the tonsils is usually advised.

As each season comes we always heed its call by planning foods suitable for serving at that particular time of the year. We try to rush spring by setting forth very crisp, cool, and fresh vegetable salads. Throughout the summer, when appetites wane, cooling beverages and light foods are most popular.

But with cooler weather that is here at last, appetites pick up, and the family is more than ready to discard their favorite lighter meals for something more substantial that will provide new energy for school and fall activities.

Many of the foods we serve are those that your mother served, and her mother before that time, but we can give new flavor to them, new and attractive ways of serving, and a 1940 style.

A tiny sprinkling of ginger over roast beef gives it a yummy flavor. Meat loaf may be baked in a ring mold and served with parsley potato balls in the center.

Pour a bottle of gingerale over ham for baking, and baste occasionally. When using jelly or jam as a filling for layer cake, spread each layer very thinly with soft or creamed butter first. This keeps the jelly or jam from soaking into the cake.

If you add a few drops of mint extract to whipped cream it makes a delicious topping for chocolate cake.

Allegory Sometimes the Cause. That sinus trouble is not always due to infection is pointed out by Dr. E. C. Mitchell, Memphis, Tenn., in West Virginia Medical Journal, who states that allergy (sensitivity to various substances) can set up an irritation in a sinus which the patient, and sometimes the physician, may believe due to infection. He points out that if allergy or sensitiveness is causing the disturbance in the sinus, the material dropping into the throat is liquid or fluid and the lining of sinus and nose is pale, whereas in infection of the sinus, the material is a thick mucus and the lining of sinus and back of nose is red and boggy.

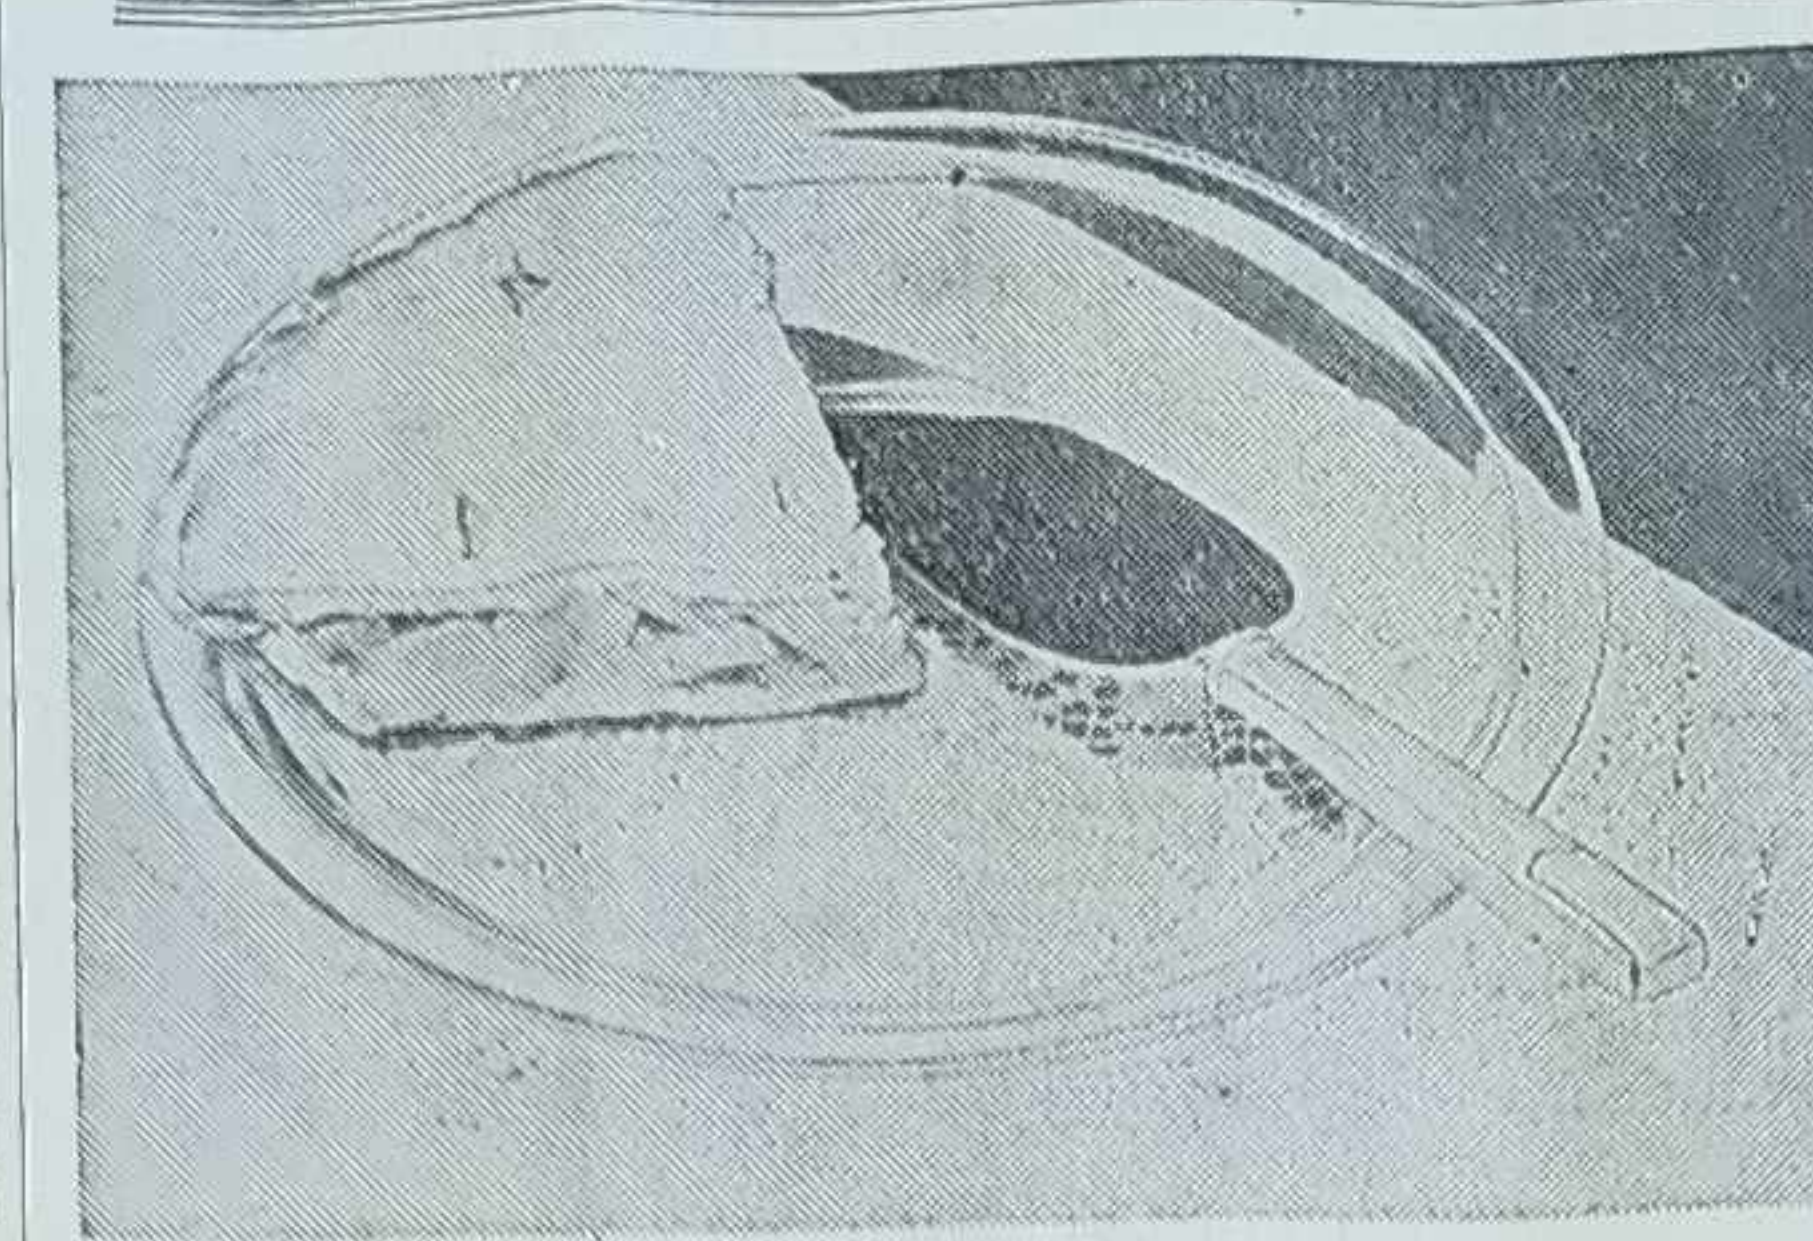

Relief for the 'Hard of Hearing' MOST physicians dislike recommending new remedies or forms of treatment to those who are hard of hearing because they do not wish to raise false hopes in these patients. The hard of hearing patient, because he misses so much of what is going on around him, gradually grows moody, keeps looking inward instead of outward, and to have his hopes raised only to be dashed down, increase his mental depression.

The use of prostigmin—an ovary extract—has given some help in cases of hard of hearing due to catarrh. From the Ear, Eye, Nose and Throat Monthly, comes the report of another series of cases of "partial" deafness in which prostigmin was used.

Twenty-eight patients with head noises and acute or recent blockage of the eustachian tube (tube carrying air from back of throat to inner side of ear drum), most of whom had marked deafness, were given injections of 1 cubic centimeter of prostigmin methyl-sulphate, 1 to 2,000 solution, at intervals of from three to five days, together with the opening up of the eustachian tube by the use of an instrument and massage. There was rapid relief from the annoying symptoms and few patients required more than five injections even where there had been loss of hearing for as long as one month.

Thirtythree chronic cases of deafness were treated by similar injections two to three times weekly, with resulting gradual improvement or very slow improvement. Remember, prostigmin is a gland product and should be given by, or only under the direction of a physician.

LET'S SWING INTO FALL (See Recipes Below)

Three cheers! It's fall again! Now is the time to perk up your home a bit, to scan through Dame Fashion's news notes, and to dress up your table a bit with new and old-time favorites.

As each season comes we always heed its call by planning foods suitable for serving at that particular time of the year. We try to rush spring by setting forth very crisp, cool, and fresh vegetable salads. Throughout the summer, when appetites wane, cooling beverages and light foods are most popular.

But with cooler weather that is here at last, appetites pick up, and the family is more than ready to discard their favorite lighter meals for something more substantial that will provide new energy for school and fall activities.

Apple Pie. 1/2 cup shortening, 3/4 cup boiling water, 1 1/2 cups flour, 1 teaspoon salt, 1/4 teaspoon baking powder, 4 to 5 tart apples (peeled and sliced), 1/2 cup sugar, Dash cinnamon or nutmeg.

Place shortening in a warm bowl, pour boiling water over it and cream thoroughly with a fork. Place flour, salt and baking powder in flour sieve and sift gradually into the creamed shortening and water mixture. Mix thoroughly. Make up into a dough ball and chill.

To make apple pie, divide pastry, roll out and line pie plate with first half. Peel and slice the apples, arrange in alternate layers with sugar and cinnamon, or nutmeg. Top with pastry and bake in a hot oven (450 degrees) for 10 minutes; then reduce oven heat to 350 degrees and bake approximately 35 minutes longer. Serve warm with a wedge of cheese.

Golden Carrot Ring. (Serves 5-6) 1 tablespoon onion (minced), 3 tablespoons butter, 1 cup soft bread crumbs, 2 eggs (well beaten), 1 1/2 cups milk, 2 cups raw carrots (grated), 1 teaspoon salt, Dash pepper.

Brown the onion in the butter. Remove from fire, and add crumbs. Place in a mixing bowl, and add well-beaten eggs. Mix well. Add milk, carrots, salt and pepper. Pour into well greased ring mold and bake in a moderate oven (350 degrees) for about 40 minutes. Turn onto heated platter and serve immediately.

Household Hints. Have you ever stopped to realize that every single one of us includes several hundred ordinary, homely household tasks in our daily routine?

Miss Howe has just given you a few of her time-savers and hints; but she also wants to share her favorite home-making trade secrets with you. All you have to do is write to Eleanor Howe, 919 North Michigan Avenue, Chicago, Illinois, for her book, "Household Hints," and enclose 10 cents in coin.

Men Prefer 'Practical' Home Furniture By ELIZABETH MacRAE BOYKIN Interior decoration is generally pretty much on the feminine side—there's no use denying that. And without apology, since the men don't really mind the furbelows as much as they pretend to. Nevertheless they stand firmly on their masculine rights when it comes to their own private quarters. And perhaps it is not so strange, in view of their taste for staunch tweed and fine leather, that left to themselves without previous decorative prejudices, the men will almost invariably select modern furniture for their own backgrounds.

Modern furniture that is as efficient as a tier of file cabinets and a big flat top desk... but for home use seasoned with geniality—this is the sort of thing a man on his own will gravitate toward in a furniture department. The current versions of modern for men are likely to be in natural wood grains with no hardware or else with hardware in a plastic or of saddle leather.

Stuffed Ham Steak. (Serves 5-6) 2 cups soft bread crumbs, 1/2 cup seeded raisins (chopped), 1/2 cup walnut meats (broken), 1/4 cup brown sugar, 1/4 teaspoon dry mustard, 1/4 cup butter (melted), 2 large slices smoked ham (1/2 inch thick).

Combine the crumbs, raisins, nuts, sugar, mustard, and butter to form a dressing. Place one slice of ham in a shallow baking pan, and spread dressing on the ham. Place a second slice of ham on top. Stick whole cloves into the fat. Bake in a slow oven (300 degrees) for about 1 hour.

Date Butterscotch Pudding. (Serves 5-6) 2 cups brown sugar (light), 3 tablespoons cornstarch, 1/4 teaspoon salt, 1/2 cup cold water, 1 cup boiling water, 1 egg, 3 tablespoons butter, 1/2 cup dates (chopped).

Combine brown sugar, cornstarch, salt, and cold water. Add boiling water and cook until thickened, stirring constantly. Remove from range and pour over slightly beaten egg. Cook about a minute longer. Add butter and dates. Pour into sherbet glasses and chill before serving. Serve plain or garnished with whipped cream.

Cinnamon Apple Salad. (Serves 5) 2 cups granulated sugar, 2 teaspoons cinnamon, 1 1/2 cups water, Red vegetable coloring (peeled and cored).

Bring sugar, cinnamon, and water to the boiling point and add sufficient vegetable coloring to tint mixture bright red color. Drop apples (peeled and cored) into boiling syrup and cook until apples are tender but firm. Remove and chill.

Serve on bed of water cress and fill core of apple with diced celery and chopped nuts. Serve with Roquefort dressing.

Bacon Baked Spaghetti. (Serves 6-8) 1/2 package spaghetti, 6 slices bacon, 1/2 cup raw onion (cut fine), 2 1/2 cups tomatoes, 1 cup cheese (grated), 1/2 teaspoon salt, 1/4 teaspoon pepper.

Boil spaghetti until tender in boiling salted water. Drain. Cut bacon in small pieces and fry until light brown in color. Butter casserole, and place alternate layers of spaghetti, bacon, onion, tomatoes, and cheese in the casserole. Season each layer with salt and pepper, cover top layer with grated cheese and dot with butter. Bake approximately 30 minutes in a moderately slow oven (325 degrees).

Thursday night will soon become more important than ever so far as radio is concerned. You can hear Fred Waring, "Good News," the Albritch Family, Bing Crosby, Rudy Vallee, and after October 10 Westinghouse's Musical Americana will join the ranks.

How would you like to stand by and see somebody fireproofing the clothes that you were going to wear a little later? That's what happened to Ray Milland, William Holden and Phil Brown, of Paramount's "I Wanted Wings," recently. The picture is being filmed at San Antonio, Brown, a flying cadet, crashes in a basic training plane, and the other two rush in and pull him from the flaming wreckage.

The Record Players, a company of actors headed by Wendell Holmes (of radio's "Big Sister" and "Myrt and Marge"), is being formed to record the great plays of the ages and distribute them to schools and cultural groups throughout the nation. At first a limited number of recorded plays in album form will be distributed free. Holmes' idea is to make the world's famous plays available to every home or group having a phonograph, and to open a new field for actors and actresses.

Paulette Goddard is resting up after "Second Chorus." The Paramount publicity office can't keep a portrait of Veronica Lake on the walls—Veronica, who has her first important screen role in "I Wanted Wings," is so luscious looking that her pictures just disappear.

Raymond Paige, orchestra conductor of Musical Americana, would carry his office in his hat if he ever wore a hat; as it is, he carries it in a vest pocket—though he has five conventional offices in New York.

Edward G. Robinson of "Big Town" had to change hotels three times in four days during a New York visit because he was pursued so relentlessly by authors wanting to sell him scripts for the air show.

Star Dust

By VIRGINIA VALE (Released by Western Newspaper Union.)

SAYING that the first feature-length film made by the March of Time is important is like saying that the history of our country is important. "The Ramparts We Watch" is living history; the nonprofessionals who appear in the story that is played out against the background of the stirring events of 1914-18 are just people like all of us, thinking and talking as we do now.

Since the film was released in a limited number of cities a new ending has been given it, one so dramatic that the picture is made doubly effective. Despite protests of the German embassy, sections of the Nazi propaganda film, "Feuertaufe," ("Baptism of Fire") have been incorporated at the end of the picture.

The Nazi film, designed to "soften" countries such as Norway, Holland, Belgium and France which Germany was about to conquer, was seen by the March of Time as a warning of what free countries were up against today. But UFA, German state film trust, imposed impossible demands for censorship. Then it was learned that the British government had confiscated English language copies of the film at Bermuda. Full title to the film was transferred by the British government to the March of Time.

In this German film, a Stuka bomber dives on a railroad station—and you seem to be in it. Warsaw is razed, the German war machine moves relentlessly. Your daily newspaper's headlines come alive for you.

Jeanette Nolan was the victim of one of the worst things that can happen to a radio actress, the other day. Of course, the worst thing is missing a broadcast. The next worst is an attack of hiccoughs.

It happened to Jeanette just before she was to broadcast on the Court of Missing Heirs. She drank water. She held her breath. People beat her on the back. And still she hiccupped.

Finally Director John Loveton had an inspiration. "Just heard that John didn't show up for rehearsals at 'Meet Mr. Meek,'" he remarked casually. By John he meant John McIntyre, Jeanette's husband. She was so frightened that she forgot her hiccoughs.

The American Federation of Labor had decided tentatively to produce a motion picture based on the life of the great labor leader, Samuel Gompers, who for many years headed the A. F. of L. Paul Muni is slated for the leading role. It is said that Mr. Muni will be paid \$25,000 for his work. The picture will be made in New York city.

Most of the big stars of Hollywood are married or past 35, but among those who will qualify for the draft are John Howard, Orson Welles, Broderick Crawford, James Stewart, Lew Ayres, John Carroll, William Holden, Bob Preston, Eddie Albert, Jeffrey Lynn and Dennis O'Keefe. Wayne Morris still doesn't know whether he's married or divorced.

THE TRUTH SIMPLY TOLD Today's popularity of Doan's Pills, after many years of world-wide use, surely must be accepted as evidence of satisfactory use. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions.

These physicians, too, approve every word of advertising you read, the objective of which is only to recommend Doan's Pills as a good diuretic treatment for disorder of the kidney function and for relief of the pain and worry it causes.

Doan's Pills. It is better to rely on a medicine that has won world-wide acclaim than on something less favorably known. Ask your neighbor! Doan's Pills.

COLUMBUS DAY
 On October 12 we commemorate Columbus Day.
 Christopher Columbus was born in Genoa, Italy, in 1451. Little did the people of that day realize that Columbus would become such an important historical figure, as we know him to be today. His thrilling sea voyages, which merely appeared to be nonsensical to many southern Europeans, proved to lead to the discovery of America.

The first time he set foot on American soil was October 12, 1492. This date has been set aside since that day as Columbus Day.

PEP MEETING
 The freshmen class is to be complimented on the very fine pep meeting that they gave on Thursday afternoon just before the Kewaskum-Brandon game.

The program was given in the form of a radio broadcast over station WIN with James Bartelt as announcer. During the broadcast we heard the latest news, a musical program and an interview with the K. H. S. gridiron coach and several of the players. After station WIN had signed off for the day cheers were given by the cheer leaders and the student body.

FIRE PREVENTION

The week starting October 6th was fire prevention week. This does not mean that we should prevent fires only this week, but every week. Having fire drills in school helps us to get out of school in a short time if fire would break out. The school is built of fire-proof materials but nevertheless the woodwork and seats would burn. Some of the best ways to prevent fires are to destroy oily rags, be sure matches are out before you throw them away, and keep matches out of little children's reach. This week has been especially set aside to bring forth the necessity of preventing fires. Grow-ups should be careful with gas stoves and faulty wiring. Tourists should be sure camp fires are out. Let's make Kewaskum safe from one of man's deadliest enemies—fire.

SPORTS

Yes, Kewaskum lost again Thursday, although they showed great improvement over their last game played with North Fondy. The players showed improvement in tackling and blocking. The second quarter of the game Kewaskum outplayed Brandon but they were unable to continue their fight for victory.

HEPBIBAH PYNCHION

Miss Hepzibah Pynchion was an elderly maiden who lived alone in the House of Seven Gables many long and dreary years. The effects of this loneliness were shown in her character. She always had a "hard to get rid of" scowl on her face. It was, in part, due to the fact that she had to wrinkle her face up to see, because she was very nearsighted. People said she was cross and irritable because of her scowl. Hepzibah had a tender and sensitive heart, but the neighbors didn't know this. If you knew Hepzibah personally, you soon became to love her just as Phoebe did, regardless of her scowl. At first she was humiliated when she opened her cent shop. She was irritated every time the shop bell rang, but after a while she became accustomed to it. Miss Pynchion was a very generous person. When she first opened her shop, she used to give her wares away. Hepzibah was a descendant of the original Colonel Pynchion and had inherited the House of Seven Gables.

CLASS NEWS
SOPHOMORES

The sophomore English class has organized a S. S. S. club, (Sophomore Super Speaking club). Its purpose is to teach us about parliamentary procedure and to improve our speech. In world history we discuss current events one day a week and the rest of the week studying about events long ago. We are improving in typing and find it lots of fun. The sophomores are struggling with algebra. It is the great headache of the day. Manual training is well liked by those who take it.
JUNIORS

In home economics the junior girls are making various vegetable dishes as main courses for a luncheon. As an extra activity they prepared and served an entire luncheon with a menu of vegetables. The junior English class has finished the novel, "The House of Seven Gables" by Hawthorne and are now studying the short stories and authors of the Transition Period. The battles and generals of the Revolutionary War are now puzzling the American history class.
SENIORS

The senior English class is studying the history of poetry in England through the various literary ages. The social problems class is concentrating on a chapter entitled, "Recreation at the Great Adjuster." In bookkeeping the seniors are studying journals and ledgers and are having quite a time drawing lines.

WHAT'S MY NAME?
 Last week: Ralph Krautkramer.

A paper boy full of vim, vigor, and vitality is often seen pestering the girls during school hours. He takes part in football, and doesn't seem to mind the bumps and knocks that he may receive during the game. A green sweater with a large K can be seen miles away. Great kid. What's his name?
 Due to an unintentional error last week, Lorraine Honeck's name was omitted from the "What's My Name" column.
DID YOU KNOW?

1. That Ruth Koenig is wearing a Campbellsport class ring?
2. That the sophomores complain about algebra?
3. That the sophomores think the freshmen are O. K.?
4. That Lorraine Eberle has a body-guard who escorts her home from band practice?
5. That Kewaskum High has lost their school spirit?
6. That "Dolke" can eat fourteen pancakes
7. That Jerry S. wants to know where Celesta lives?
8. That Miss Dachenbach enjoyed the tetter totter with some certain boy?
9. That six weeks' tests are this week.
10. That Fern Barke is interested in Two Rivers lately? (We wonder why.)
11. That Roger Bilko was seen jimping Friday?
12. That Henry Backhaus gets letters from Belleville? (Oh, Hank)
13. That the freshmen showed their talent at the pep meeting on Friday afternoon?
14. That James Strupp and Frank Bremser like to exchange sisters on dates? (Oh, Mary B. and Monica!)
15. That Kewaskum's homecoming is November 17?
16. That Mary's Sunday roast fell in the washing machine at one of the local stores?
17. That Harold Bunkelman and a few others always look sleepy on Monday mornings?
18. That Miss Dachenbach thinks it is too much for the seniors to be up two nights in a row?
19. That Millie B. has a kiss timer? She also uses it.
20. That Marion F. likes to ride in black Lafayette's?

HOMECOMING
 Plan now to attend the huge homecoming which will take place November 1st in the village of Kewaskum, sponsored by the Kewaskum High school. Never before in the history of K. H. S. has such a large affair been planned. The band, floats, football players in uniforms, bonfires, and a dance will be a small part of the homecoming.
 The homecoming game on Friday afternoon of November 1st will be between the K. H. S. and the Oakfield teams. The game is guaranteed to be as exciting as a game between the Bears and the Packers. Don't miss it. Each class in K. H. S. is planning a float in the immense parade on the Thursday evening before the game. Here's a hint of one of the floats: Oakfield's funeral with the freshies as pallbearers. After the parade a huge bonfire will be held on the campus of K. H. S. where speeches and yells will be given and several numbers, including the school song, will be given by our band.
 After a sleepless night by the students on Thursday evening the celebrating will continue with skits Friday morning and cheers after them and in the afternoon the main attraction will begin, the game in all its glory.
 After the game, a dance will be held in the evening in the gym, which will be decorated in fall decorations, with an orchestra playing sweet strains to which the students and the alumni will dance. Admission price has not yet been set.
 The alumni are cordially invited to attend the homecoming and dance, meet their old schoolmates, and take part in the celebration.

STUDENT COUNCIL

The council members are making plans for a homecoming parade. The freshman boys will get the boxes for the bonfire. The band will parade in its new uniforms and the football boys will also parade in their new outfits. Each class is to put up a novel stunt or float of some kind for the parade.
 After the operetta and football season are over, it was suggested that camera contests be held and that the dark room equipment be made available for student use. It was also suggested that a daily paper be provided for the main room that students may be informed of the news of the day. Bobby Brauchle and Lloyd Petermann were asked to confer with Mr. Rose about a trophy case.

 The fifth graders are studying Indian life in the United States. The class is divided into groups. Each group is studying a different group of Indians. We are glad Elsiebeth Gadow is back in school again after two weeks' absence.
PRIMARY NEWS

Friday is playtime, for on that day we join Mrs. Steve in rhythm and games. Her broadcasts are completely informal. Seated at the piano, she plays her original tunes and rhythms, giving instructions and encouragement as if her pupils were in the studio with her. The children are making scrap books. At the present time they are looking for pictures to illustrate the many ways of transportation.
 Suzanne Rosenheimer had the misfortune to fall and break her arm while playing on the playgrounds.
 The primary children were very glad when the radio programs started. Storybook Land is heard on Tuesday. On Wednesday we listen to "Let's Find Out." The program is built around a grown-up narrator and a child who asks questions. Questions about the seasons, animals and plants, people who live in lands around the world, how we live and what America stands for are some of the things "Let's Find Out" will answer.
 Mrs. Morphy is in charge of music enjoyment, the program we listen to on Thursday. Selections appealing to children because of rhythm, melody, or descriptive qualities, simple tales about compositions and composers, and occasional programs of live talent are used to widen the children's acquaintance with the world of music.

County Food Stamp Plan Wins Federal Approval
 Notice was received by Louis Snoeyenbos, director of the Washington County Public Welfare department, from the secretary of agriculture at Washington, D. C. last Friday that the food stamp plan of the federal surplus marketing administration had been approved for Washington county and several other counties of the state.
 Fieldmen of the surplus marketing administration will be in the county within the next two weeks to set up the plan in order that it can be in operation before Nov. 15. At a special meeting of the county board on Sept. 25, the board unanimously approved of the food stamp plan by adopting a resolution appropriating \$7,500 for the county general fund for the purchase of stamps. The plan has met with 100 per cent approval of food merchants in the county. John Marx of Kewaskum is one of the county committeemen.
 The stamps will be used by persons on any form of relief or public pension for the purchase of food commodities only. The plan is designed to benefit local farmers and food retailers. A stamp office will be set up to work with the county public welfare department. Town and municipal units of government will then issue orders for persons on relief to obtain the stamps, instead of issuing cash orders as heretofore. The town or municipal government will reimburse the county for the stamps, keeping the revolving fund intact.

WINSON WINNERS
 10A stores throughout the state are sponsoring a contest or game called "Winson." Each customer is given a Winson card when making a purchase at the store. Winners are announced each Thursday evening over station WTMJ, Milwaukee, from 6:30 to 7 p. m. Numerous prizes are given each week, including a first of \$50. Included among the winners last week were three from Kewaskum, Claudia Uelmen, Robert Schmidt and Orrin Voltz.

Theresa Marsh Leased by State for Public Hunting

Approximately 1,800 acres in the Theresa marsh, located in Dodge and Washington counties and located west of Kewaskum, have been leased by the state for a public hunting ground, William H. Field, deputy conservation warden at Beaver Dam, revealed last week. The lease was said to have been financed from the sale of the special sportsmen's voluntary licenses.
 Field said that the area had been well stocked with pheasants this year and that it has been an unusually good duck hunting area during high water periods. The marsh may be reached by turning west on Highway 28 out of Kewaskum. The Theresa marsh is the second large area to be leased by the commission, a similar public hunting ground having been opened in Dane county a year ago.

Beauty Reaches All-Time High in New '41 Chevrolet

Completely new styling joins with numerous mechanical improvements to make the new 1941 Chevrolet, now on which have earned first place in public favor year after year. The greater size and roominess of the new models, as well as their sleek new beauty, are apparent in the Special De Luxe Sport Sedan, shown above.
 At (2) is shown the spacious interior of the same model's rear compartment, and at (3) is its front compartment, showing two-spoke steering wheel with horn-blowing ring, new sliding-type sun visors, and smartly re-styled dash.
 One of the major changes is substitution of concealed safety-steps (4) for the running boards of other years, an improvement adding to the car's beauty without sacrifice of the safety and convenience which running boards provide. At (5) is the six-cylinder Chevrolet valve-in-head engine for 1941, in which many refinements have been made. Horsepower is increased from 85 to 90 without affecting economy; and cooling, lubrication and carburetion are all improved. In circle is the new switch which reverses the ignition current polarity each time the starter is operated, indefinitely prolonging the life of distributor points.
