

Kewaskum Loses 1st Rivers Playoff Game

The Kewaskum Chevrolets, northern division champions of the Land of Rivers league, were defeated by Saukville, northeastern division winners, in the first playoff contest for the grand championship at Saukville on Sunday, 10-7. The setback does not eliminate Kewaskum from the championship series. Each team must lose twice before they are out of the running. This Sunday the Chevrolets play Hartland in the second round of the playoffs. This tilt will be played at Kewaskum.

HARTLAND IN PLAYOFF GAME HERE SUNDAY

In a second round playoff for the grand championship this Sunday between the division champions in the Land of Rivers league, Kewaskum, northern division winner, and Hartland, the central champion, will engage on the Kewaskum field starting at 1:30 p. m.

Bob Korth climaxed the spurge with a rousing home run. Saukville scored three in their half of the same frame. The Chev's lost the game in the last inning, in which Saukville scored three runs. The score was tied to them, Dickman, although touched for 13 hits, weathered the storm for the winners. He struck out three and walked four. Honeck worked eight innings for his team and was relieved by Backhaus after three straight hits in the ninth. Honeck whiffed seven and issued two free passes. Backhaus gave up two more safeties before getting the side out. Saukville had a total of 14 base knocks. Seven errors behind the local pitchers again contributed to Saukville's success.

Kaudson's three hits in five trips provided the main source of income for the victors. Dreher, Edwards, Krueger and Korth each poked out two for the Chev's. Dreher's were in three trips, the others in five.

KIWANIANS HEAR LIEUT. GOVERNOR KNAPPE MONDAY

You're going to have to live with the things that exist in the country, so do something about it! This is what the Kiwanis club was told Monday evening by their division lieutenant governor, Walter J. Knappe of Port Washington, in an interesting address on national affairs.

SILO ON JOHN HEBERER FARM SPLITS IN HALF

The concrete silo on the John Heberer farm, R. 2, Campbellsport, located in the town of Auburn, split in half Saturday afternoon between 4 and 5 o'clock. The accident happened about an hour after the silo had been filled with corn. The silo was built in 1919 and Mr. and Mrs. Heberer reported some cracks were noticed in the walls of the structure some time ago. On Sunday afternoon neighbors of the Heberers gathered on the farm to assist in transporting the corn to a tation at Great Lakes, Ill. where he is All of the silage was salvaged.

MONTHLY SOCIAL

The monthly social of the Ladies' Altar society of Holy Trinity church was held in the parish hall Tuesday evening. Hostesses were Meses. John Marx, Hubert Wittman and Cyril Wietor.

Holy Trinity School Enrollment of 112

Holy Trinity Parochial school opened Monday morning, Sept. 12, with a total enrollment of 112 pupils, which is an all-time high for the school. This number exceeds last year's enrollment of 97 by 15 pupils.

Of the 112 pupils, an exceptionally large class of 23 entered the first grade. The first graders are Robert Berg, Dianne Bingen, Gary Bohn, Mary Ann Czaja, Gerald Dreher, Thomas Green, Susann Harter, Nancy Hirsig, John Hron, Sheila Hron, William Koenig, Mary Ann Lecher, Jolene Miller, Ted Miller, Richard Puerling, Mary Rohlinger, Helen Schaefer, Gloria Schrauth, Edward Staehler, Pearl Theusch, William Volm, David Skrentny and Judith Zehrn.

Enrollment in the other grades follows: grade two, 16; grade three, 10; grade four, 12; grade five, 13; grade six, 14; grade seven, 11; grade eight, 10.

New pupils who transferred to Holy Trinity from other schools are Dianne Hoepner, grade two, from a West Bend rural school; James Falk, grade eight, from rural school; Joanne Ferber, grade seven, from St. Mary's school, Menomonee Falls.

Because of the very large number of incoming first graders, the school lacks space for all of the pupils. Therefore the first and second graders are attending school for only half a day. The second grade children attend mornings and the first graders in the afternoon. At a meeting of the parish held Wednesday evening of this week, it was decided to begin immediate plans for building a new school.

School Committee of County Holds Meeting

The Washington County School committee held its meeting in the county court house at West Bend on Friday evening, Sept. 9. The business for the evening consisted mainly of problems relating to transportation services.

Since the new legislation places new and added emphasis on the school children's transportation service the committee went on record with the following resolution, for it wishes to effect a safe and serviceable system in Washington county. It does so in full realization of anticipated cooperation from all parties concerned, and reads itself to carry out any other action which shall guarantee continued good service.

WHEREAS, it has been brought to the attention of the county school committee that the transportation vehicles transporting children to elementary schools and high schools have been unsanitary, are carrying children in excess of the number for which the bus provides seating space and the transportation vehicles and operators are not meeting the specifications of the regulations as prescribed by the Motor Vehicle Department and the State Superintendent of Public Instruction;

NOW, THEREFORE, IT IS RESOLVED that all transportation vehicles immediately comply with the specifications and regulations as prescribed by the Motor Vehicle Department and the State Superintendent of Public Instruction as to sanitation, safety, overloading and keeping the vehicles in adequate repair and that the operators of said vehicles comply with all regulations. In the event there is not immediate compliance with this resolution action will be taken for forfeiture of the surety bond posted by the carrier and disfranchisement of such contract carrier.

Let a copy of this resolution be published in the papers and served upon each school board and principals of the various schools and town chairmen and village presidents and upon all operators and contract carriers.

A. HARRY WRIGHT DIES IN MICHIGAN HOSPITAL

Word was received here last week of the death of A. Harry Wright of Hubbard Lake, Mich., who passed away at the Alpena General hospital at Alpena, Mich. on Sunday, Sept. 4, after a short illness.

Mr. Wright was born at Stanhope, New Jersey, and had attained the age of 62 years. On Jan. 24, 1947, he was united in marriage to Esther Backus, formerly of the town of Auburn, who survives together with one son, James, of Roxbury, Mass. by a former marriage.

Burial services were held at St. Anne's church in Alpena on Wednesday morning, Sept. 7, with interment in Union cemetery at Hubbard Lake.

PARISH CARD PARTY

The Ladies' Altar society of Holy Trinity church is sponsoring a card party in the parish hall on Sunday evening, Sept. 18, beginning at 8 p. m. Lunch served and all games played.

There are 1,312 cheese factories in Wisconsin.

Harry Koch Elected County Commander of Legion at Rites Here

A crowd of people estimated at 300 was on hand at the Legion Memorial building as officers of the individual American Legion posts throughout Washington and Ozaukee counties, together with county officers from both localities were installed at ceremonies in Kewaskum Monday night.

The installation was preceded by a parade along the streets, in which the colors of the six posts of Washington county, together with those of a similar number of posts in Ozaukee county were displayed. In addition, members of the Port Washington and Kewaskum drum and bugle corps, and the Jackson drill team also participated in the parade, adding color to the occasion. It is regretted that more local people did not turn out to witness the parade, although many of them believed it would be cancelled due to the all-day rain and misty weather of the evening.

County officers for the next year were elected and installed and Harry Koch, Kewaskum, past commander of the local post No. 884, was elected Washington county commander, succeeding Robert Furman of Jackson. Other officers installed were: Tom O'Meara, West Bend, vice-commander; Edgar Van Beek, Allenton, finance officer; George Gumm, Jackson, sergeant-at-arms; Joe Reinders, Allenton, assistant sergeant-at-arms; Mike Goring, Allenton, judge advocate; Arthur Leichtenwalner, Hartford, chaplain, and George Kolb, Hartford, service officer.

Legion dignitaries from the entire state participated in the event. Main speaker was Charles Larson, Port Washington, department commander. He was introduced by D. J. Kenny of West Bend, past department commander. Other speakers included Fred Duxbury, Sheboygan, department vice-commander; Jim Burns, Milwaukee, department service officer; Harold "Shorty" Kuehl, second district commander, and Don Miller, Thinsville, second district vice-commander.

Entertainment at the huge joint meeting was furnished by the S/Sgt. Henry F. Gumm Post 486 auxiliary of Jackson, department champions in quartette singing, and winners of sixth place at the national convention recently held at Philadelphia. Members of the quartette are Mrs. Corcen Petta, Mrs. Francis Schmalz, Mrs. Marion Harth and Miss Mabel Rheingans.

A lunch was served after the meeting by members of the Kewaskum Legion auxiliary.

Grand Opening of Lighthouse Lanes

Mr. and Mrs. H. J. Laubenstein will hold a grand opening at their new Lighthouse Lanes bowling alleys on Saturday afternoon, Sept. 17, and Sunday afternoon and evening, Sept. 18. The opening will feature match games between teams from surrounding cities, including Kewaskum, and exhibition bowling by Ray "Shrimp" Schanen.

Shanen bowls in the three all-star leagues in Milwaukee and is a famous exhibition bowler. For the first time in Milwaukee history he held the highest average in all three all-star leagues in that city last season. His averages were 218, 212 and 210. Ray has bowled three 300 games.

Lighthouse Lanes, which has 10 new air conditioned alleys, has open bowling every afternoon and Friday, Saturday and Sunday nights.

Mitchell Issues Report on Water Safety Program

Final results of the water safety program conducted in West Bend and Kewaskum during the past summer by the West Bend-Hartford chapter of the American Red Cross were made available this week by Ernest Mitchell, water safety program chairman.

The Kewaskum portion of the program took place at Mauthe lake. Chairman Mitchell also acted as instructor for this course which began on July 14 and ended on Aug. 18. Certificates were awarded at the end of the course to 15 beginners, nine intermediates, five swimmers, two advanced swimmers, and nine junior life savers.

Transportation during the course of the program was furnished by the board of education, while payment of the instructor was made by the Red Cross chapter.

In West Bend, the program was conducted at the city park pool, and was divided into two periods, the first extending from June 25 to July 16, and the second from July 18 to Aug. 14. Following the termination of the second period of the course, certificates were awarded to 76 beginners, 25 intermediates, 12 swimmers, 18 junior life savers, and three senior life savers. Instructors here were Mary Lou Burg and Richard Larson.

In addition to West Bend students, the courses there were regularly attended by students from Allenton and Newburg.

All told, a total of 174 certificates were awarded, making this year's program the most successful ever conducted here. The large majority of children attending either of the courses were between six and 16 years of age, although a few adults were also taught. The courses were designed not only to teach participants how to be safe in water, but also how to swim correctly.

Both West Bend instructors attended American Red Cross national aquatic schools prior to teaching here, with Miss Burg taking hers at Nevada, and Larson attending a similar course at the University of Iowa.

Indians Open Football Season With Oostburg

Coach Ernie "Doc" Mitchell's Kewaskum High school football team, which has been out for practice since the week before school started, opened the 1949 season with a practice game against Oostburg High on the local gridiron Friday afternoon.

Coach Mitchell has few returning lettermen on this year's squad and is mourning the loss of 11 seniors off of last season's championship team. A squad of 34 upper classmen is working out for the team and about 18 freshmen will join the squad next week.

Kewaskum is faced with a very rugged schedule this year. Particularly strong, according to Mitchell, are Kohler, Campbellsport, Oakfield and Green Lake. The complete schedule follows:

- Friday, Sept. 16—Oostburg here. Friday, Sept. 23—Kohler there (nite). Saturday, Sept. 24—Norris Farm here (B team game). Friday, Sept. 30—Campbellsport here. Friday, Oct. 7—Brandon there. Saturday, Oct. 8—Norris Farm there (B team game). Saturday, Oct. 15—Oakfield there. Friday, Oct. 21—Lomira here (homecoming). Saturday, Oct. 29—Green Lake here.

Marjorie Bartelt Bride of Ivan Buss

In a three o'clock nuptial ceremony read by the Rev. Gerhard Kinniss in St. Lucas Ev. Lutheran church on Saturday afternoon, Sept. 10, Ivan Buss, son of Mrs. Elsie Buss, R. 2, Kewaskum, took as his bride Miss Marjorie Bartelt, daughter of Mr. and Mrs. Edwin A. Bartelt, Kewaskum.

The bride, given in marriage by her father, was attired in a gown of slipper satin designed with a fitted bodice and French neckline finished with imported lace and beads. The full skirt, ending in a long train, was also finished at the hip with French lace. Her fingertip veil of French illusion edged with satin was held by a coronet braided of matching satin. She carried white mums and glad florists showered with p. m. pons.

Attending the bride as maid of honor was her sister, Miss Joyce Bartelt, 17-year gown was of winter green satin having a fitted bodice attached to a full skirt with a cascade of lace ruffles; the skirt length at the back folds of satin and lace formed the shoulder line. Matching gauntlets and a satin coronet braid completed the ensemble. She carried a cascade bouquet of yellow glads and bronze pom pons. The bride aides, Miss Marilyn Buss and Mrs. Art Buss, were attired in gold satin gowns in the same mode as that of the maid of honor. They carried cascade bouquets of beacon glads and bronze pom pons.

Art Buss served as his brother's best man, while Glen Backhaus and Roger Schleit ushered the guests to their places.

Dinner was served to 30 guests at Forest Lake resort, followed by a reception there for 200 guests.

Following a wedding trip to northern Wisconsin, the young couple will reside at the home of the groom's mother on Route 3, Kewaskum. The bride and groom both graduated from the Kewaskum High school. The bride is employed in the office of the L. Rosenheimer Malt & Grain company, while the groom is engaged in farming.

GIESE-FABER

On Saturday afternoon, Sept. 3, at two o'clock, the Salem Evangelical and Reformed church, Wayne, was the scene of the wedding of Miss Rosemary Faber, daughter of the Wilmer Fabers of the town of Wayne, and Ralph Giese, son of Mr. and Mrs. Walter Giese of Brown's Corners. The Rev. Carl Fieuecker officiated at the rite. Attending the bride was Miss Mildred E. Faber as maid of honor and Miss Gladys Franke as bridesmaid. Rodney Giese attended the bridegroom as best man and Eugene Faber was groomsmen. Lynn Smith served as flower girl and Charles Ringle was ring bearer. Ushers were Wayne Faber and Elroy Conrad.

The bride wore a gown of ivory satin, lace trimmed the train and the sweetheart neckline. A crown of pearls held her lace trimmed veil. She carried white roses and baby's breath.

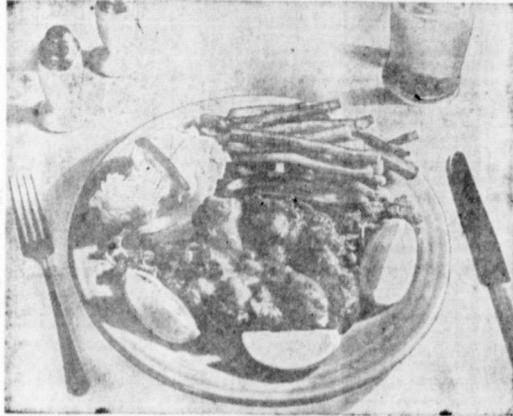

Aqua taffeta and net fashioned the gown of the maid of honor. She carried pink roses and baby's breath. Orchid taffeta and net fashioned the bridesmaid's gown and she carried a coronet bouquet of yellow roses and baby's breath.

A reception was held at the home of the bride's parents following the ceremony. The newlyweds took a honeymoon trip to northern Wisconsin, following which they will be at home at Brown's Corners.

STROBEL-STRAUB

In a ceremony read at 9 a. m. Saturday, Sept. 3, in St. Matthew's church at Campbellsport, Miss Alice Straub, daughter of Mr. and Mrs. Peter J. Straub, became the bride of Bernard K. "Barney" Strobel, son of Ray Strobel of St. Killan. The Rev. Fr. Bertram officiated. Forty guests were served dinner at New Prospect and 125 guests were entertained at a reception at Goring's, Big Cedar lake. The couple will reside at Wayne where they will take over Forester's tavern.

HOUSEHOLD MEMOS... by Lynn Chambers

Serve Fish Often For Meal Variety
(See Recipe Below)

Seafood Specials
FISH do not swim in the ocean just to be eaten on Friday," says the old adage. If you've had the good fortune of eating fish prepared properly, then you certainly will adhere to the adage, for fish cooked to perfection is truly delicious.

But, there are other reasons for eating fish, too! You may have abundant body-building proteins, minerals and vitamins when you have a fish dinner.

Fish are modestly priced whether you buy them fresh, quick-frozen or canned, so they'll help you with food budgeting problems. They're plentiful and amazingly versatile, if you'll just give them a chance.

If you don't particularly enjoy fish, try a new way of preparation. One of the recipes in today's column might start you on a new food adventure. Or, if you tend to get tired of fish, try other methods of preparation with a dash of spanking brand new flavor tricks. You'll be surprised at how many new ways there are for preparing the same foods.

Many have heard of "fish and chips" but have you ever tried them at home? Use filets of fish which have been cleaned, then season with salt and pepper. Roll them in flour and dip in a thin batter, and fry in deep fat (360°) Served with shoe string potatoes, also fried in deep fat until golden and crisp, a hearts of lettuce salad and a generous serving of lemon quarters, you'll have a really delicious dinner for any night of the week.

DO YOU OBJECT to the odor of fish? Fish which is not overcooked will not have that odor to which you may rightfully object. It's wise to remember that fish is delicate and does not need long cooking to make it tender.

Baked fish is popular, especially when it's stuffed with a nicely seasoned celery mixture, then served with a tangy lemon-butter sauce.

***Stuffed-Baked Fish**
(Serves 6)

3 to 4 pound whole fish
3 tablespoons chopped onion
1 cup chopped celery
1 tablespoon minced parsley
1/4 cup bacon drippings
4 cups dry bread cubes
1 teaspoon salt
1/2 teaspoon pepper
1 teaspoon sage, marjoram or thyme
4 slices bacon

Have fish cleaned but leave on head, tail and fins. Wipe dry. Rub inside and out with salt; let stand about 10 minutes. Cook onion, celery and parsley in drippings until golden brown. Combine with bread cubes and seasonings.

Toss lightly and stuff fish loosely. Fasten fish with skewers and lace with string. Place fish, seam side down in a shallow, well greased baking pan. Brush with melted fat or salad oil. Bake, uncovered, in a moderately hot oven (375°) for 40 to 50 minutes. Baste occasionally with fat or oil. During the last 15

LYNN SAYS:
These Tested Ways Help in Fish Cookery

When breading fish filets, allow the fish to stand after breading for at least one half hour, so that the coating will not fall off when the filets are fried.

Potato nests are a nice innovation for serving creamed fish. Make them by cutting raw potatoes into slender strips, and cook in hot fat for 2 minutes. Press the potatoes into muffin pans and brown in a hot oven.

Scallops are delicious when wrapped in pieces of bacon, and skewered with pineapple chunks, then broiled. Use three scallops to each skewer.

If you want a quick sauce to serve with fish, season mayonnaise with lemon juice and a bit of grated rind, then fold in some finely chopped cucumber.

Filets of fish are usually very soft and must be handled carefully. Trim off ragged bits around the edge so they do not catch and tear. Use a wide spatula instead of a fork for turning them in the skillet.

Fish goes to lunch just as nicely as to dinner, when it's tuna fish in golden brown and puffy sandwiches:

Tuna Fish Sandwiches
(Serves 4-6)

- 1 cup grated tuna fish (canned)
- 1/2 cup chopped celery
- 1/4 cup chopped green pepper
- 1 tablespoon grated onion
- 2 tablespoons lemon juice
- 1/2 cup salad dressing
- Salt, pepper and paprika
- 1/2 cup coarsely grated American cheese

Combine all ingredients except cheese and season to taste. Cut bread slice diagonally in half. Toast one side; spread other side with tuna mixture. Sprinkle with cheese and broil until golden brown and puffy.

HERE'S A RECIPE for the thin batter into which to dip the fish for deep fat frying:

- 1 cup sifted flour
- 1 teaspoon baking powder
- 1/2 teaspoon salt
- 2 eggs
- 1/2 cup milk
- 1 tablespoon melted butter or salad oil

Sift together flour, baking powder and salt. Beat eggs, add melted fat or oil and milk. Combine with dry ingredients. Beat until smooth and use for fish filets which have been seasoned and rolled in flour. Fry in deep fat until golden brown. Serve at once.

Oysters have a delicate flavor, but you can coax them into an even more appetizing tempting dish as follows:

Savory Oyster Casserole
(Serves 4)

- 2 dozen oysters
- 1 cup cooked, chopped spinach
- 1 bay leaf
- 1/4 teaspoon tabasco sauce
- 1 cup toasted bread crumbs
- 2 tablespoons butter
- 2 tablespoons chopped onion
- 1 tablespoon minced parsley
- 2 tablespoons flour
- 2 tablespoons minced celery
- Salt, pepper and cayenne pepper

Add seasonings to parsley, spinach, bay leaf, onion and celery. Brown flour in butter and add spinach mixture to it. Cook slowly for 15 minutes and then remove bay leaf. Drain and dry oysters and place in a buttered baking dish, or in individual casseroles. Mix oysters with bread crumbs, then top with vegetable mixture. Dress with lemon juice. Bake in a hot (450°) oven for about 12 minutes. Serve with additional lemon, if desired.

Chopped sweet pickles added to bread stuffing make a nice innovation when used with pike or other white fleshed fish.

Lemon browned butter is another fine idea for serving with fish. Brown but do not burn butter over a slow fire in a heavy skillet. Add to this a dash of Worcestershire sauce and lemon juice to season.

Fish filets are sometimes more interesting if dipped in bread dressing, rolled, fastened with string and baked or fried, than when served flat.

Lean fish will be more tasty and juicy if you place some strips of bacon on top of the fish when broiling or broiling. Or, if you prefer, brush them frequently with melted butter while cooking.

Tart apples are a delightful ingredient to use in a fish salad. Season the salad or its dressing with enough lemon juice to add tang.

For serving creamed fish, try toast shells; trim crusts off slice of white bread, and press it into a muffin pan so that the four points rise above the pan. Toast until golden brown.

FOLK FESTIVAL

The 22nd year of the annual Mountain Music and Folk Festival at Chapel Hill, N. C., was a sell-out, and to Bascom Lamar Lunsford, "minstrel man of the mountains," goes the major portion of the credit. In the photo above the Ruby Lovin'ood string band from South Turkey Creek plays one of the old songs of the hills.

Lunsford (above) has been director of the festival for all its 22 years. He is said to know more mountain ballads than any other person in America and has recorded over 600 tunes for the Folk section of the Library of Congress.

Shown playing her five-string banjo (above) Aunt Samantha Bumgardner has an inexhaustible repertory of ancient ballads. She is always one of the favorites at the festival. At left, you can almost hear Peggy Baker, 18, give out with her version of a mountain ballad, accompanied by Ruth Burleson on the guitar.

It wasn't all mountain music and dancing at the festival. Here, at right, the North Carolinians see guest performers in the type of dance which is being presented at the International Folk Festival in Venice, Italy, this month. This is a dance team from Amarillo, Texas. Both Texas and western North Carolina teams will represent the United States at Venice. Below, light-footed mountain youngsters go through the same dance steps their grandparents used to do.

How It Started . .

DASH MY BUTTONS—The button was for a long while a symbol of a man's fate, or destiny, and if things were going hard with a person, he would naturally wish to damn fate—hence, the phrase "dash my buttons!"

STAND IN ANOTHER MAN'S SHOES—To "stand in another man's shoes" was literally once a part of the adoption ceremony. If you adopted a son, in addition to the legal side of the business, you took off your shoes and the youth put them on and stood in them.

Vending Machine Move Proves Business-Getter

A. R. Geist hated to tear down the attractive little building which had been his office when his Traffic Circle service station at Still Valley, N. J., grew up and required larger quarters.

Instead, he moved all the vending machines he had put in over the course of years into one spot in the old building, added a few comfortable chairs, and invited car-wary patrons to use the building as a lounge.

The relocation did so well for both the vending machines and the service business that Geist is planning to add a frankfurter machine, a hot coffee machine selling coffee in paper cups, more cold drink machines, and an ice cream vendor so that he can offer motorists a 100 per cent automatically dispensed lunch. Attractive feature of the plan to Geist is that it requires no extra labor.

Facts on Idaho

The area of Idaho is 84,313 square miles, lying between the 42nd and 49th parallels. It's width varies from 48 miles across the "Panhandle" to 310 miles across the lower part of the state. The Bitter Root range of the Rocky mountains forms the northeast boundary of the state.

When Your Back Hurts -

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up at night, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

"My race for life against a Rattler's Poison!"

A true experience of WILLIAM F. COLLEY • San Diego, Calif.

1 "A piercing shriek cut the silence as I lay in wait for deer in the Laguna Mountains near San Diego. I dashed to Sam Keaton, my hunting companion. A 3 1/2-foot rattler had dug his fangs into Sam's ankle! Twice in my own life, I'd felt the rattler's sting. I knew what to do.

2 "I shot the rattler - opened my snake kit. Night was closing in. I needed light - good, steady light. My flashlight with its 'Eveready' batteries was the answer. By its light, I made a tourniquet, cut a cross incision and removed the venom.

WEEKLY NEWS ANALYSIS

British Ask Special Loan Favors; Senate Rejects Economy Measure; GI's Apply for War Risk Rebates

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of the newspapers.

BRITISH LOAN:

True to Form

Even before the talks got fully underway, the trend of the discussion concerning British-American finance deals was becoming familiarly clear.

THE PROBLEM was Britain's current financial crisis. The hope rested with U. S. procedure as it affects assistance. That the U. S. was thoroughly under the spell of British need and persuasion was shown in the statement that this government is hospitable to a proposal to relax terms of the British loan pact.

Under the current preliminary proposal, the U. S. would grant Britain permission to discriminate temporarily against American goods. Under the British loan pact, Britain got 3.75 billion dollars from the United States in return for a promise to treat American exports the same as those from British empire countries and Europe.

Now, the British want that requirement knocked out. Here's how the British plan would work:

BRITAIN could, for instance, refuse to license British buyers who want to buy American goods, but it could give "open licenses" to Britshers who, for example, wanted to import Italian goods. Since the Italian imports could be purchased with sterling, this would save Britain dollars.

Thus, with the monetary talks hardly underway, the British are asking a double burden of the American taxpayer—money from the taxpayer to solve Britain's economic problem while at the same time setting up what amounts to a boycott of American imports which will further cost the American taxpayer if he happens to be one of the businessmen affected by the ruling.

And, as the pattern seems to be, officials were reported favorably to the British proposal and—symptomatically, too—were planning to by-pass congress in implementing that approval.

WATCHMAKING:

Pioneered in U. S.

Many Americans believe precision watchmaking is an exclusively Swiss craft. Hence the small but lusty U. S. jeweled watch industry delights in pointing out that basic production methods now used by the Swiss were developed here a century ago, and that this "American system" was adopted by the Swiss about 1875.

Two years ago American craftsmen proved they hadn't lost their ingenuity. An Elgin, Ill., watch manufacturer introduced a rust-proof, acid-proof "duralpower" mainspring which was called the most revolutionary advance in watchmaking since introduction of jeweled bearings 200 years ago.

Now by way of improving on perfection, the same factory announces its technicians have learned how to squeeze every last ounce of power out of the wonder-alloy mainspring.

Their method was to eliminate the conventional annealed arbor end of the spring, which had always been dead, unproductive weight. By pre-forming the arbor end, possible only with the new alloy, they have put the entire length of the spring to work. The result: A longer run of the watch between windings, hence a boon to lazy and forgetful thumbs and forefingers!

DIVIDEND:

Rebate for GI's

The federal government, in one of the most amazingly simple forms ever to come out of Washington, was receiving applications from World War II veterans for rebates on GI insurance premiums.

REJOICING

over the windfall, surprised and delighted with the simple application form, veterans were flooding the mails with their application cards.

"It's like finding money on the street," one veteran declared. The dividend payments from national life insurance surplus funds are to be made to persons who hold or have held these policies. The average payment is estimated at \$175. To be eligible for a rebate, the veteran must have had his service life insurance in force at least 90 days. The dividend would not be issued on any service life insurance issued after December 31, 1947.

HITLER AIDS COUNTERFEITERS

International Ring Floats Bogus Bills The dead hand of Adolf Hitler reached out to assist one of the biggest international counterfeiting networks in history. The ring was reported to be flooding New York and South America with bogus bills. And all the experts agreed the bills were printed on plates Adolf Hitler ordered made to enrich his wartime over-seas sabotage funds. Scotland Yard indicated

JOB LAYOFFS

Decline Seen

The federal bureau of employment security had an encouraging report. It declared that sharp declines since mid-July had placed new applicants for jobless payments at the lowest level since last November.

The bureau drew no conclusion, however. It simply stated that a steady slackening "in the rate of new industrial layoffs" was indicated.

Touched Off Probe

Cedric Worth, special assistant to Navy Undersecretary D. A. Kimball, is shown as he appeared before the house committee investigating the B-36 bomber program. It was Worth who touched off the probe. He admitted writing the document containing serious charges against Defense Secretary Johnson and former air force secretary Symington.

THE UNITED STATES senate stood firm in support of President Truman's estimate of the financial needs of the nation for the next fiscal year.

SPENDING:

Slash Rejected

A move to force the President to slash federal spending to a level 5 to 10 per cent below his advance estimates was defeated. But the margin was only three votes.

The economy amendment, had it carried, would have required the President to hold spending for the current fiscal year some two billion to four billion dollars below the estimates he made last January.

FOES of the proposed economy asserted it amounted to passing the economy buck to the President. Supporters of the amendment answered that the President was in better position than anyone else to determine where to cut.

After the decision on this issue, the senate passed by a voice vote a 14.80 billion dollar appropriation bill to pay for national defense—the cost of the army, navy and air force. This was 500 million less, however, than President Truman had asked.

IN OPPOSING the economy rider, Sen. Scott Lucas, majority leader, said the amendment was a "political gesture," an attempt to tell the President to do what congress lacked the courage to do. He asked if economy supporters would "impeach him" if Mr. Truman failed to save as much as ordered.

On the contrary, contended Senator McMillan of Arkansas, "it is sound legislation necessary in the public welfare, and failure to balance the budget or hold the deficit to the minimum this amendment makes possible may well prove to be a stupid and dangerous blunder."

TELEVISION:

Color Must Wait

For those who want color in television, there were four more years of waiting.

That was the expressed conviction of a television manufacturer, Benjamin Abrams. He said that while color television had been demonstrated successfully, "it still is in the laboratory stage and it will be years before it is available for the general public." He then estimated the waiting time as four years.

Abrams said that at the present stage of development of color television, he did not believe manufacturers could turn out adapters for less than \$300 to \$500. And he estimated a set built especially for color would cost \$1,000.

He declared present sets would not become obsolete even with the advent of color. But he said widespread interest aroused by the FCC exploration of color television was causing some prospective customers to postpone buying sets.

Abrams took issue with charges that manufacturers are deliberately holding back color video. He declared it would be in the manufacturers' own interest to bring out color sets quickly if they could produce them at prices within range of the general public.

Summing up he said: "You can't push a button and have color television appear over night."

TITO:

How Long?

How long would Yugoslavia's Marshal Tito manage to hold out against Moscow? On-the-scene observers didn't give him long. They predicted that Tito would be liquidated by assassination or that Russia would abandon diplomatic maneuvering and move into Yugoslavia by force of arms.

THIS LATTER supposition was strengthened by the reported arrival of three Soviet mechanized divisions in southern Hungary. The general view in Belgrade was that the Soviet government had so involved its prestige in the 14-month campaign to destroy the present Yugoslav government that Moscow couldn't let Tito get away with anything further.

The presence of the new Soviet forces in Hungary was held indicative of the gravity of the new crisis between Belgrade and Moscow.

It was pointed out, however, that conditions which made Soviet operations successful in the Baltic states and in Poland do not exist in Yugoslavia. A direct attack might create a condition that could result in another European war.

THE RUSSIANS must realize that as well as anyone else. It will be interesting, therefore, to observe Russian strategy in the continuing onslaught against Tito's regime. If the Russians resort to military force, that action should notify the world that Moscow believes itself ready for war and is ready to face the issue.

If tactics of diplomatic attrition continue, then the embassies of the globe could safely hazard the opinion, and act upon it, that for all its sabre-rattling, the Kremlin is not ready to go to war—not just yet.

TRUMAN:

Long Memory

While President Truman may have nothing else in common with the symbolic GOP elephant, he shares the pachyderm's fame for long memory.

This was indicated by a recent story in Washington that the President appeared about to shake up the membership of the Fine Arts commission which opposed the controversial balcony Mr. Truman installed in the White House.

THAT BALCONY, as almost everyone will recall, was a bonanza for gag men and cartoonists, and, apparently, Mr. Truman didn't appreciate whatever humor might have been contained in the situation.

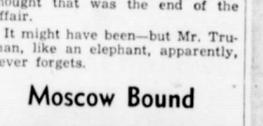

According to the Washington reports, Commission Chairman Gilmore D. Clark, who vigorously opposed the balcony project, has received no word from the White House since his term expired last March. Terms are about to expire for three other commission members and they, too, have received no communique from the White House about being reappointed.

During the winter of 1947-48 the dispute over the proposed balcony raged furiously after President Truman announced he wanted a second-floor "porch" built onto the White House. The Fine Arts commission formally voted disapproval and various architectural groups and citizens joined in.

THAT DIDN'T deter the President. Mr. Truman had the balcony built despite the criticism. The turmoil subsided quickly and many thought that was the end of the affair.

It might have been—but Mr. Truman, like an elephant, apparently, never forgets.

Moscow Bound

The Very Rev. Dr. Hewlett Johnson, dean of Canterbury, whose support of Russian ideologies has earned him the nickname, "Red Dean," is shown entering his car for a trip to Moscow. This will mark his second journey to the Soviet capital since the war.

FARM AID:

Truce Sought

President Truman was casting about for an end to the feud on farm programs. To that end he invited a group of congressional leaders to the White House to discuss the situation.

Senator Thomas (D., Okla.) who is chairman of the senate agriculture committee expressed a hope the President "tells us exactly what he wants for a farm program next year."

He added that it would be "silly to do anything else, because he certainly would veto it."

Thomas alone among the 130-member committee, has been plugging publicly for another year of the rigid, high-level price supports already voted in the house.

"But I'm going to be for the President's recommendations," he said, "because I'm sure he's for high supports just as I am. We've had too many farm plans to deal with."

In that, Senator Thomas was correct.

ONE AUTO CLUB LAUNCHES CAMPAIGN...

Some Drivers Act Late for Their Accidents

... AGAINST THE SAFE AND SANE DRIVER

By H. I. PHILLIPS

ALL DONE BY DAWDLERS

WATCH OUT! You're apt to get hit by a careful automobile operator, huh? You can never tell what those drivers who are in no hurry may do next. Whammo! I knew it. . . . another smasher due to one of those scourges of the highway, the cautious autoist!

The Automobile Club of New York, through William J. Gottlieb, its president, issues (with

a straight or nearly so, face) a statement saying that dawdling drivers are a menace to safety, and urging that something be done about them. "While it is commonly believed that irresponsible, speeding, intoxicated or reckless drivers cause most accidents, many may be traced to those who drive cars too slowly," says the statement.

"When these slow drivers move out of the right-hand lane," says Mr. Gottlieb, "they create perils for faster drivers." (Ya don't say!) "This is utterly selfish and provocative of accidents," he adds. (How about some traps for slow drivers?)

However, "Anything to make the highways safer!" is our motto. So let's rush up the following caution signs at once:

DRIVE FASTER
for
SAFETY'S
SAKE!
KEEP YOUR FOOT
ON THE
GAS!
IT SAVES LIVES
DON'T DAWDLE!
SCHOOL
ZONE
AHEAD

Or perhaps a few reading "SLOWPOKES CAUSE ACCIDENTS," "TAKING YOUR TIME FORBIDDEN," "ARE YOU DRIVING FOR PLEASURE? SHAME ON YOU!" and "DON'T RISK LIFE AND LIMB BY PROCEEDING WITH CAUTION."

Of course, it is just possible the auto club is looking for some publicity. Auto associations are like that. But it is dangerous stuff these dizzy days on the highways to belittle the slow driver and classify him with the drunk, the roadhog and the speed maniac.

The dawdlers are mighty few and you never hear of one running over a child, crushing a baby carriage on a crowded sidewalk or going through a drugstore window. And who are those rough, tough, inconsiderate schmooes who may be seen tearing down our crowded highways at homicidal speed in trailer trucks? Just dawdlers out for a pleasant dawdle, eh?

(Note: At this point this article had to be concluded. The writer heard a terrific crash and rushed

out to see what had happened. He found a truck, a bus and two sedans full of picknickers in a tangled mass. Well, that's what comes of caution.)

Anne Notre, the Jersey gal, who won that "Hollywood Calling" gets among other things a trip abroad, an ermine coat, a diamond ring, a sedan, two poodles and a year's supply of dog food free. . . . That stirs ye ed.

"There is no need for anyone to intervene between the businessman and the government in procuring government contracts. Let me repeat, there is no need to have any broker between the businessman and the government to do business."—Louis Johnson.

Well, we'd like to see some newspaper send a businessman to Washington about doing business with it and record his progress trying to see the right man.

"Ignorance and uncertainty on the part of the businessman as to how he should proceed and whom he should see have been the basic causes for his succumbing to the five percenters," added Mr. Johnson. Never was a truer word spoken. And the bureaucratic red tapers, whose chief delight is playing hard-to-find and whose motto is "Never do anything in a half hour that can be stretched over a month," would die rather than relieve the ignorance and uncertainty.

YE GOTHAM BUGLE & BANNER

Tobacco Road reached London the other night. . . . British stamina continues to get a rigid test. . . . Western Union reports a deficit of nearly four million. . . . Those "Having a wonderful time; wish you were here" telegrams must have been cut to "I wish Okay, Toots." . . . And nobody wants a singing telegram unless it's delivered by Ezio Pinza. . . . Ginger Rogers is divorcing her third husband. . . . Love is like that.

The Greater Love

THE sight of others' suffering hurts me so,
How can God bear it, he who knows so well
The innermost recesses of the heart
That hold the secrets tongues can never tell?
I wonder at it often as I see
Some child in pain, some aged one in distress—
When my heart aches with pity, how can God
Restrain a hand with power to heal and bless?

I question it, and then I know, I know!
I learn it in this school which I attend:
Whatever hurts us, hurts his great heart more;
Whatever else may fail, he is our friend.
He does not send our grief, or pain or loss,
But if we wait and trust him as we should,
I am quite certain his great love will turn
Ultimately, all things for our good.

Ringold Lady Dora Is Champion Again

Raises Litter of 10 To 447 Pounds Weaned

Ninety-six pigs raised to weaning age is the remarkable new record of America's champion production sow. She is Ringold Lady Dora, a purebred Hampshire owned by Meadowlark Farms, Inc. of Sullivan, Indiana, and the only sow of her breed to qualify for an 8th star in production registry books.

The champion chalked up her new record this spring when she raised a litter of 10 pigs, nine of them eligible for registration, to weigh 447 pounds at weaning time, 56 days.

To qualify for production registry, conducted by the purebred associations, a sow must raise a litter of at least eight pigs to a minimum weight of 320 pounds within 56 days. They must be approved breed type, free from fault

Here is Ringold Lady Dora with her litter of 10 pigs which qualified her as an 8-star sow, the only sow having such designation in registry sows of any breed. This litter weighed 447 pounds at 56 days of age. Ringold Lady was fed a ration of corn, oats, pelleted milk products and alfalfa pasture prior to farrowing and during the suckling period.

or defect and at least half of them eligible for registry. The sow gains a star in the production registry books each time she repeats the performance.

The champion has repeated it eight times, raising a total of 81 pigs to weigh a total of 3,183 pounds at the weaning age. Besides her eight litters which qualified for production registry, this sow has raised another 15 pigs in two litters which failed to qualify, or a total of 96 pigs since her first litter was farrowed in September, 1944.

According to U. S. department of agriculture reports, the national average is less than 6.3 pigs per litter raised to weaning age. It would take more than average litters to equal in numbers of pigs raised to weaning age what Ringold Lady Dora raised in her eight qualifying litters.

Worth of her litters was proven recently when her sixth qualifying litter (farrowed February 13, 1948) consisting of seven boars and three girls, was sold for a total of \$4,365.

Versatile Tool

This "adjusto-blade" tool is a time, space and money saver for the farmer and gardener and can be used at any season of the year. A product of the Cofing hoist company, the tool does the work of a hoe, an angle hoe, an axe, edger, trencher, sickle in summer and a scraper in winter.

The secret of its versatility lies in the adjustable blade which can be fastened or loosened in a number of positions. The head of the company which makes it, Fred W. Coffing, is the inventor.

The tool is sturdily made throughout, with blade made of heat-treated tool steel to insure extra toughness.

Grain Sorghum Grazing Cuts Farm Feeding Cost

The widespread use of grain sorghum for fall grazing has proved this crop to be one of the best grown for livestock, according to J. T. Graves, Clemson extension livestock specialist.

The grain sorghum gives grazing at a time of year that most other types of grazing are unavailable. It fits in very well between summer pastures and green winter grazing crops.

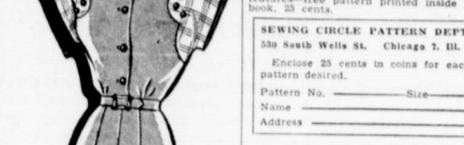

Sprayable Plastic Used To Aid Tobacco Storage

The use of sprayable plastic as a sealing material preparatory to fumigation of tobacco-storage warehouses for insect control has been found to be satisfactory, the U. S. department of agriculture reports.

Plastic sealing, the department said, can be applied rapidly and with a minimum of labor. The savings that can be made with this material can prove to be an important economic factor.

Star Dust

STAGE SCREEN-RADIO

By INEZ GERHARD

MARIE WILSON, in New York to help publicize the hilarious screen version of "My Friend Irma," was probably the most cooperative actress Paramount has worked with in a long time. Also one of the nicest. "I want to go on making comedies," she said, "But with the radio 'My Friend Irma' going on, I won't have to take just anything that's offered." Previews

of the picture have been so enthusiastically received that a sequel, "Irma Goes West," is being prepared, to be made with the same cast. Three members of it, Miss Wilson, Dean Martin and Jerry Lewis, the comedians, have been signed for "That's My Boy." So she's back on the screen to stay.

More about the pretty Marie. Arriving on one of New York's hottest days, she posed on a load of ice for news photographers. Her dog, a true lens hound, promptly scrambled up beside her and gazed into the cameras.

If you have a Mark Warnow Victor Record (No. 27868-BO) of "The Music Goes Round and Round" you may be able to get \$10 for it. Mark Goodson and Bill Todman, producers of CBS' "Spin to Win," use it as their theme song, and they've worn their discs thin. So they will pay that sum for the first 10 records they receive—in good condition, of course.

Tipsters and radio columnists cannot cue listeners to the "Kate Smith Calls" show about the week's Mystery Personality. Each broadcast features a new celebrity, and a contestant must do some on-the-spot guesswork.

Betty Hutton, whose "Red, Hot and Blue" will be released before the end of the year, will make "Annie Get Your Gun" for MGM, then will do "The Life of Theda Bara" and another story based on the life of Mack Sennett.

ODDS AND ENDS . . . Band-leader Elliot Lawrence, recognized as one of the best band leaders in the business, has just written a number that can be played with one finger. . . . And Bill Harrington, singing star of "Your Hit Parade," composer of several popular songs, is working on another—called "Hit Parade." "Stop the Music" is said to be the hardest radio show in New York to get tickets for. . . . It's reported that the belles of Stromboli have adopted Bergman's hair style.

The Fiction ACTING ON IMPULSE

By Richard H. Wilkinson

"IT'S ABOUT TIME," said Uncle Ralph, "that you, my dear Constance, were married. You're nearly 25, which is the verge of the unignorable age. Don't let popularity turn your head, my dear, it won't last forever. One of these days you'll find yourself seeking a man, instead of being sought after. And that," Uncle Ralph added, "often means disaster."

Connie Brigham wrinkled her cute little turned-up nose, closed one eye and stared soberly at Uncle Ralph with the other. Uncle Ralph cleared his throat and began to let his gaze wander about the room. He felt guilty.

"Which," said Connie, with the slightest of twinkles, "is a polite way of suggesting that I accept Bob Merrill, and forget all about Don Baxter. She stood up and ruffled Uncle Ralph's hair, an act which he resented delightfully. And Connie went on: "Uncle Ralph, just why is it that you dislike Don so much? I think he's fascinating."

Uncle Ralph snorted. "Donald Baxter," he said, "is not a fit young man to become the husband of any girl. He's flighty, unreliable, impulsive, and out of a job. You never can tell what he's going to do next."

"He's romantic," said Connie. "He's after your money," said Uncle Ralph.

"And he's so good looking," said Connie.

Uncle Ralph coughed. "On the other hand, Bob Merrill is dependable, honorable, manly, steady. You can count upon him to make you a good husband."

"That's just the trouble," said Connie.

"What's just the trouble?" said Uncle Ralph.

"He's steady and dependable. So easy to read. Life with Bob would be safe, yes, but it would also be monotonous."

Despite his outward jovialness while conversing with Connie, Uncle Ralph was worried. I wish, thought Uncle Ralph, I only wish something would happen to open her eyes. Drat that Don Baxter, you never could tell what he'd do next.

Two days later Uncle Ralph had come no nearer to solving the problem.

He had considered every possible plan to make Connie see the light, and discarded them all. In the end he reluctantly decided to interview Connie again, offer one final paternal plea.

Judge's Advice Fails; Defendant Is Suspended

MIDDLETOWN, N. Y. — The judge's advice backfired, so sentence on the defendant was suspended. It began when J. Allan Ballman, trying to take a defendant's mind off automobiles, told him to get a girl.

In a few days, the defendant was a defendant again on a charge of drunkenness. He told the judge he had got himself a girl, but she jilted him. "That's why I drank,"

WITH THIS in mind Uncle Ralph rose from the veranda chair in which he was sitting, only to see Connie coming slowly up the walk. He sat down again, and picked up his newspaper. Connie came on, doleful and sorrowful of expression. She sighted Uncle Ralph, stopped and smiled whimsically.

"I guess you were right," she said.

"About what?" asked Uncle Ralph.

"Don."

"Don? How was I right about Don?"

"About never knowing what he's going to do next."

"What's he done, now?"

"He's married. Decided to last night about 6 o'clock. At 6:30 he was a married man."

"Oh, hum," said Uncle Ralph. He was not one to gloat, hence suppressed his delight with a masterful effort. He merely said mildly, "Well, that's that. Sort of turned out like I said it would. Well, you'll be happier with Bob. He's a man in a million."

Connie shook her head. "I can never marry Bob, Uncle Ralph. That's what makes me feel so bad."

"Tsk, tsk. That's no way to talk. You'll get over Don soon enough. Bet a thousand the girl he married isn't worth one-tenth of you."

"Yes," said Connie. "she's worth all of me. I'm the girl Don married."
