LIVE BETTER TODAY THE ALL-ELECTRIC WAY

READ THIS CAREFULLY

it will help you be a winner

This contest is fun for the whole family. Besides, you may win a major electric appliance that will help you live better electrically. So, read this information carefully and then go ahead and complete the three easy steps to enter this contest.

Backbone of the All-Electric kitchen and laundry is an electric wiring system that will assure Full Housepower. For Full Housepower you need a big enough service entrance and enough circuits, outlets, and switches so that you can use as many appliances and lights as you want at any one time.

This requires a service entrance of at least 100 amperes and branch circuits in most homes as follows:

Six to eight 15-ampere 120-v lighting circuits.
Two 20-ampere 120-v appliance circuits in the kitchen.
One 20-ampere 120-v appliance circuit in the basement.

PLUS individual 240-v circuits for major appliances such as range, dryer, water heater, and air conditioning.

Convenience outlets should be placed so that you never have to use unsightly extension cords or move furniture to plug in lamps and appliances. In general, there should be a convenience outlet for every six linear feet of usable wall space.

With wiring for Full Housepower, you can connect and use all the electric equipment that you want in your kitchen and laundry.

An All-Electric kitchen and laundry is easy to plan because electric appliances can be placed anywhere for the greatest convenience and efficiency. This is very important, especially in deciding the location of your cooking equipment, your electric clothes dryer, and electric water heater.

These appliances use electric heat, and electric heat is pure energy. It is flameless and therefore does not give off any products of combustion. Electric heat adds no impurities to the air and therefore no vents for removing fumes are required.

Nature provides pure, fresh, clean air—rich in oxygen that is important to health and growth. Electric heat is the only type of heat that does not consume oxygen of the surrounding air.

Appliances that use electric heat have many advantages. Because electric heat is pure, every thing in your home stays cleaner. Your home has a fresher atmosphere because there are no fumes or fuel odors.

HERE'S ALL YOU DO!

1. See the spaces marked "All-Electric Kitchen" and "All-Electric Laundry." In the "All-Electric Kitchen" space write the names of 15 electric appliances that you consider most important in an "All-Electric Kitchen." In the "All-Electric Laundry" space write the names of 5 electric appliances that you consider most important in the "All-Electric Laundry."

You can enter this contest as many times as you wish. Additional entry blanks are available at your appliance dealer. While you are there, take time to look at the many electric appliances on display. You will get additional ideas for appliances to include in your lists.

2. Answer the quiz questions. Below are 15 questions. Information contained in this advertisement will help you answer the questions. Note that there are 3 answers to each question. All you have to do is put an "X" on the line

opposite each answer you believe to be correct. Be sure to mark all the right answers to each question. In each case there is at least one right answer, and in some cases, all 3 answers are correct; so be careful.

EXAMPLE: Because electric appliances can be placed anywhere in the house—

- they make home planning easier
- they can be placed in the most convenient locations
- work is saved.

3. Complete in 25 words or less the statement in the entry blank, "I want to live the All-Electric way because..."

Fill in your name and address (PLEASE PRINT) Cut out the entry blank on the dotted line and mail it to "REDDY KILOWATT," Wisconsin Electric Power Company, Milwaukee 1, Wisconsin.

CONTEST RULES

The contest is divided into 3 parts. All 3 parts must be completed to qualify for a prize.

1. Write in the names of 15 electric appliances you consider most important in the All-Electric kitchen and 5 electric appliances you consider most important in the All-Electric laundry.

2. Check the correct answers in the 15 question quiz.

3. Complete in 25 words or less the statement in the entry blank, "I want to live the All-Electric way because..."

Cut out entry blank section of this advertisement along the dotted line and mail to REDDY KILOWATT, Wisconsin Electric Power Company, Milwaukee 1, Wis., or bring it to any local Wisconsin Electric Power Company office.

All entries must be postmarked not later than midnight Feb. 28 or delivered to any Company office before the close of business on Feb. 28.

Prizes, as stated, will be awarded on the basis of the most correct answers to the quiz questions, the best 25 word statement in the opinion of the judges and the completion of your list of appliances.

Decisions of the judges will be final. Statements will be judged on the basis of the completeness of thought and originality.

All entries become the property of Wisconsin Electric Power Company.

Duplicate prizes in case of ties.

Winners will be notified by certified mail and their names will be published in local newspapers on or about March 20.

Contest is open to all members of the families of customers of Wisconsin Electric Power Company except employees and the families of employees of Wisconsin Electric Power Company, its affiliated companies and its advertising agency.

Options for prize winners:

1. If you win a prize and have purchased, between Jan. 26 and the date when winners are announced, the appliance that you would have chosen from the prize list, you may choose to have the purchase price refunded up to the stated value of the prize, or,

Chevs Hand Horicon 1st Loss in Overtime, 67-64

The Kewaskum Chevrolets handed Horicon its first defeat in the second half here Saturday night in a mild upset when they shaded them, 67-64, in a sizzling overtime contest. The setback knocked Horicon out of a first place tie with Slinger, both of whom had 4-0 records. Slinger's win over the week end kept their slate clean with 5-0 and gave them the sole lead.

The victory kept Kewaskum in a third place tie with Fond du Lac, both with 3-2 records. The score

FOND DU LAC GAME HERE POSTPONED TO FEB. 28

The Kewaskum Chevrolets regularly scheduled Land o' Lakes league game with Fond du Lac here Saturday night has been postponed to Sat. Feb. 28. The Chevs, who are participating in the 16-team invitational tournament at Mt. Calvary, will play two games there Saturday at 3 p. m. and 9:15 p. m. in the semi-finals and therefore will be unable to play the Lakes tilt.

Saturday night at the end of the regulation playing time was 59-59. Kewaskum scored 8 points in the 5-minute overtime period to win by 3 points as the visitors were held to 5.

Horicon jumped to a 14-11 lead in the first quarter but the Chevs took command in the second period to drop in 17 points to the visitors' 9 and take a 28-23 halftime advantage. Horicon again outscored Kewaskum in the third stanza, 20-16, to cut the Chevs' lead to one point, 41-43. The losers' 16 points in the final quarter compared to Kewaskum's 15 tied the count and sent the game into overtime.

Sharpshooting Rollo Taylor and center Del Schmidt shared scoring honors by scoring 20 points apiece for the losers. The scoring for the Chevs was quite evenly divided between the five starters, Don Meisenheimer with 17, Frank Krueger 13, Augie Bilgo 12, George Hanrahan 11 and Bob Stenman 9.

The Chevs' weak shooting from the free throw line almost cost them the game. They sank only 13 out of 34, missing 21.

Chevs Win First Two Tournament Games, Reach Semi-Finals

DEFEAT ST. PETER, HAUSER'S OF SHEBOYGAN IN MT. CALVARY MEET

The Kewaskum Chevrolets of the Land o' Lakes league won their first two games last week end in the first annual, 16-team invitational tournament at Mt. Calvary Community hall and advanced to the semi-finals to be played this Saturday. The tourney is a double elimination meet and teams must lose two contests before they are eliminated.

In their first tournament game Friday night Kewaskum easily defeated the St. Peter A. C. team, 68-46, and in the second round of play Sunday afternoon the Chevs tipped Joe Hauser's Sport Shop team of Sheboygan, 77-67. Three games were played Thursday evening, three Friday evening, three Saturday afternoon, three Saturday evening, three Sunday afternoon and three Sunday evening, Feb. 12-15, and semi-finals and finals will

take place this week end, Feb. 20-22.

This Saturday afternoon, Feb. 21, at 3 o'clock Kewaskum is scheduled to meet Felda's Bar of Oshkosh, winner in double overtime over Red Arrow of Sheboygan Sunday evening. Then Saturday night at 9:15, in their second game the same day, the Chevs will play in the semi-finals against a team still to be determined from Saturday afternoon's winners. It may be Fond du Lac, also of the Lakes circuit. Only 10 of the 16 teams still remain in the meet.

In Friday night's opening tilt Kewaskum led St. Peter A.C. all the way and was able to play substitutes much of the time. The Chevs were ahead 14-12 at the quarter, 24-20 at halftime, and 44-36 at the end of the third stanza. They turned on the steam in the final quarter, scoring 22 to St. Peter's 10 to win by 22 points, 68-46. John Tessar, who came out of retirement to play with the Chevs in the tournament, scored 12 points in the last period. He totaled 14 for the evening, although playing only part of the time. Top man was Augie Bilgo with 18. The St. Peter scoring was evenly divided with J. Stephany being high with 10.

Sunday afternoon's contest against Hauser's Sport Shop of Sheboygan was a tight one. Tessar did not play in this game because of an officiating job he had elsewhere. Sheboygan was on top at the quarter 23-18 but the Chevs closed the gap to 39-38 at the intermission. Kewaskum outscored the big Hauser team 19-13 in the third period to take a five-point 57-52 advantage. The Chevs went ahead by 10 points at the game's end, 77-67. Bilgo and Don Meisenheimer played very good ball and also copped scoring honors with 25 and 22 points respectively. High scorers for Sheboygan were Oetzel with 25, Timler with 17 and Gutschow with 14.

One of the best daylight saving plans is to get up earlier.

Indians Nosed Out At Slinger, 51-49

The Kewaskum Indians lost a heartbreaker at Slinger Friday night, being nosed out by the Owls by two points, 51-49, after leading throughout the contest. The setback dropped the team back into fifth place with a 5-6 record for the season. Campbellsport clinched the title by beating North Fondy, 69-52, Friday.

Kewaskum went ahead 12-8 in the initial period. They were outscored 17-15 in the second stanza but still were on top at halftime, 27-25. Scoring 15 points in the third quarter while holding Slinger to 10, the Indians built up a 7-point lead, 42-35. Losing Butch Rodenkirch and Dan Coulter on fouls, the team went to pieces in the final period, being outscored 16-7, enough to give the Owls a narrow two point victory.

Pacing Slinger's win were Boll with 18 points and Machazek with 17. High point men for the Indians were Rodenkirch with 17 and Tom Smith with 11. Slinger sank 13 free throws and Kewaskum only 9.

Tonight, Friday, the Indians will close the regular season by hosting Campbellsport's champions. The Bells have an 8-1 record, their only defeat being administered by Kewaskum on Campbellsport's home floor. It would be asking quite a bit to expect the Indians to pull another major upset by repeating this triumph. At least Kewaskum holds the distinction of being the only team to measure the Bells.

Immunization Clinics Will Be Held in County

Immunization clinics will be held in Washington county during March, April and May. This health program has been approved by the County Medical society and the Washington County Health committee and will be arranged by the public health nurses.

Protection against diphtheria, whooping cough, lockjaw and small-pox will be offered to county grade school children, ages 5 through 14, at these clinics. Although polio immunization is not being offered during this program, it is recommended that all members of the family receive this protection at their family doctor's office.

Centers will be conveniently located throughout the county. These clinics will be conducted by local physicians with the help of volunteer nurses and lay people. There will be no public clinics in the city of West Bend. Immunizations will be given in the offices of the West Bend physicians.

Protection will be given to the children only upon the written request of the parents. A charge of 50 cents per injection will be made.

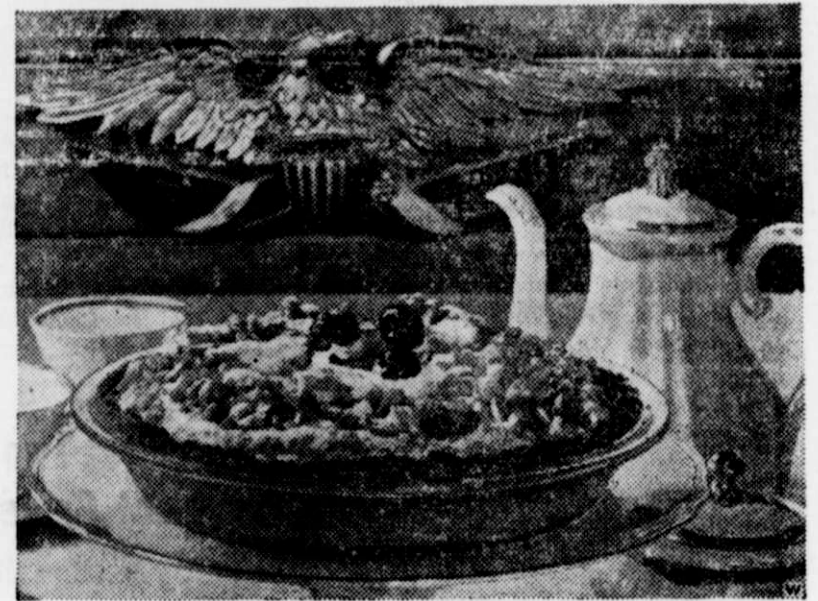

More specific information about this program will appear in next week's paper and also be sent home through the schools.

A Washington's Birthday Party Pie

Parties are fun—with the refreshments rating as a big part of that fun. Take this pie, for example . . . a tempting party confection.

The fluff filling is a blend of canned apple sauce and whipped cream, sprinkled with crushed peanut brittle, all sitting pretty in a buttery crumb crust. It's a pie that retains the tang of apple while merry with such party-going regulars as candy and cream.

Could be you'll find yourself on occasion whisking it together for family meals, too. But when you do, count on its casting a party spell over the meal. In fact, could be that's one of the nicest things about this pie—its ability to offer sheer enjoyment anytime, anywhere.

WASHINGTON'S BIRTHDAY PARTY PIE

1½ cups graham cracker crumbs	2 cups canned apple sauce
¼ cup sugar	½ pint heavy cream
1 teaspoon cinnamon	¼ teaspoon nutmeg
½ cup melted butter or margarine	½ cup crushed peanut brittle
	Maraschino cherries for garnish

Mix 1 cup crumbs, sugar and cinnamon. Blend in butter or margarine. Press into 9" pie plate. Bake in moderately hot oven, 375 degrees, 10 minutes. Chill. Chill apple sauce; add remaining ½ cup crumbs. Whip cream stiff. Fold in with nutmeg to apple sauce mixture. Spread into crumb pie shell. Chill. Just before serving, cover with peanut brittle and garnish center with maraschino cherries.
