Kewaskum Will Welcome Its First AFS Student Saturday

Walborg Pettersen Will Arrive Here From Oslo, Norway

STUDENT TO ATTEND HIGH SCHOOL FOR YEAR, LIVE AT C. MILLER HOME

Walborg Pettersen will arrive in Kewaskum this Saturday, July 29, to spend a year in our community attending high school. She will live with Mr. and Mrs. Charles Miller during her stay.

Walborg arrived in New York by jet plane from Oslo, Norway, on Thursday, the 27th. From there she boarded a bus for Milwaukee where she will be met by the Charles Millers and Mrs. L. N.

Walborg Pettersen

Peterson on Saturday.

Walborg's father and mother, Gunnar and Randi Pettersen, have a grocery store in Oslo. Svein is her twelve year old brother.

Miss Pettersen has been attending Oslo Commercial High school, where she has been studying languages (Norwegian, English, French and German), religion, economics, geography, history, math and physical education.

She enjoys skiing, swimming and gymnastics, winning the Norwegian championship in 1960. She is fond of music and books and has been active in scouting. Walborg hopes to become a high school teacher.

Since Walborg is the first student awarded an American Field Service International Scholarship to come to Kewaskum, this community is very eager and happy to have her. This is the wonderful culmination of the work of a group of our enthusiastic high school students who formed a local AFS chapter late last fall. By their efforts and with the encouragement and support of local citizens and organizations, they raised the necessary money to qualify for the foreign student exchange program.

And so—Walborg arrives and we all say welcome to our new high school senior.

RED CROSS HAS FIRST AID STATION AT FAIR

To accommodate Washington county fair-goers, the Hartford and West Bend chapters of the American Red Cross are maintaining a first aid station July 27-30.

Laying of Gas Mains Progressing Rapidly

Construction crews of Williams Brothers Company, working under contract to the Milwaukee Gas Light company, are progressing very rapidly in laying natural gas mains and services in Kewaskum. The laying of mains has already been completed on many streets. This work is intended to bring natural gas service to all Kewaskum residents as soon as possible.

As this work progresses, you will find that these construction crews are working near your property. Since this type of work necessarily requires excavation, it may be that you will be inconvenienced for a short time. The project is being expedited to hold inconvenience to you to a minimum.

The need for cutting pavement and digging trenches will result at times in some noise. This work is necessary, however, to provide Kewaskum with superior natural gas service. Residents can rest assured that any damage to lawns, sidewalks and driveways will be repaired promptly and to your satisfaction.

The Gas company assures you that they intend to do everything they can to prevent any inconvenience.

Lehman Rosenheimer Promoted to Colonel

Lt. Col. Lehman L. Rosenheimer of Kewaskum who for the past nine years has commanded Flight B of the 9664th Air Reserve Squadron headquartered in the Robert G. Romaine Legion post in Kewaskum, received orders last Friday promoting him to the permanent grade of colonel in the U. S. A. F. Reserve, effective July 1, 1961.

He is currently working with the development of the new Air Reserve Recovery Group recently founded in the state of Wisconsin, with headquarters in Milwaukee.

Col. Rosenheimer began his military career as a flying cadet in 1940 and served for 5½ years on active duty during World War II as a pilot in the Army Air Force. He was flying B29's at the end of the war and received a permanent grade of major upon separation in 1946, and has received two promotions during his 15 years of active service with the Air Force Reserve.

Fifteen officers and airmen from Washington county make up the West Bend-Kewaskum Air Force Reserve unit in which he has been active.

The station is housed in a mobile home through the courtesy of Mr. and Mrs. John Flood of the Spartan Flood Sales Inc. Registered nurses and persons trained in advanced first aid are in charge. Assisting from Kewaskum will be Mrs. Roland Pledl, R. N.

Mrs. Tessar Attends VFW Auxiliary Meet

The council of administration of the Wisconsin department of the Ladies Auxiliary to the Veterans of Foreign Wars will meet at the G. A. R. Home at King, Wis., Saturday and Sunday, July 29 and 30, in conjunction with the fifth annual V.F.W. Day at King.

A budget hearing is scheduled for 10:30 Saturday morning and also at this time, a school of instruction for district presidents will be supervised by Mrs. Loran Patten, Horicon, newly elected department president.

All members of the council and chairmen attending this two day conference assumed office at the department convention held in June in Sheboygan. They will convene Saturday afternoon at 1:30 to adopt a nearly \$10,000 budget for 1961-62 and to map plans for the new year.

Mrs. Patten will confer with the home's commandant John S. Drayna during a formal inspection beginning at 8 o'clock Saturday morning. Other top officers making the inspection are Mrs. Jack Tessar, Kewaskum, senior vice president, and the organiza-

tion's hospital director, Mrs. Arthur Tell, Milwaukee.

More than 500 V.F.W. and auxiliary visitors are expected for the annual pilgrimage. Sunday's activities include a barbecue chicken dinner, entertainment for the residents, with escort service being provided by auxiliary volunteers, and conducted tours.

Our Police Chief Says

The following letter was received from Richard T. Becker, district attorney of Washington county:

July 11, 1961

Mr. Roland Pledl
Chief of Police
Kewaskum, Wisconsin

Dear Mr. Pledl:

You may have read in the news-

papers of about a week ago that the Attorney General urged the District Attorneys of the State to instigate a crack-down on traffic violations. In yesterday's mail, I received a memo from Mr. Reynolds urging again that serious efforts be made to enforce the traffic laws of this state and of our municipalities. He makes the point that about 75% of the drivers involved in accidents have had multiple traffic convictions within the past two or three years.

We are all aware of what has happened the last several weekends in this state. While the 4th of July weekend was mild, the weekend before and this past weekend produced a terrible number of deaths on the highway. The fact that our county has had

very few highway fatalities, I think, points out the fact that all of you are doing a good job of enforcing the traffic laws. I want to use this letter to urge you to increase your vigilance and to pledge to you the support and cooperation of my office.

do our very best because of their importance.

Very truly yours,
Richard T. Becker

DON'T BE RUSHED INTO CHANGING YOUR FURNACE FUEL

You have seen and heard advertising for natural gas.

You may already have been asked by a salesman to "sign up"

-- be sure you have all the facts before you sign anything.

RUSH CAMPAIGNS ARE BEING STAGED TO PRESSURE YOU INTO CHANGING FROM YOUR PRESENT FURNACE FUEL TO NATURAL GAS. THIS MAY COST YOU MUCH MONEY NOW AND IN THE FUTURE. CONSIDER THESE POINTS TO SEE IF YOU WANT THIS CHANGE NOW. IT MAY BE BETTER FOR YOU TO WAIT AND SEE THAN TO RELY ON UNGUARANTEED PROMISES.

1 Rates Quoted You Are Not Guaranteed.

The rate you are quoted is "projected." It is allegedly based on "selling" 60% of the market or more within a short period. If that unrealistic percentage is not reached, the rate may be increased so that the utility can make the 6% profit allowed by law. Gas rates are now moving up everywhere and there are legislative moves afoot to permit even sharper increases. Isn't it wiser to wait for a firm rate — or, better yet, to stay with oil, the fuel that is competitively priced and lower in cost over the long run?

2 You Will Be Tied to One Source of Fuel.

The investment and equipment required to change over to natural gas tie you to the utility for years, and during those years utilities can charge you any rate which they can get approved. As we pointed out above, their profits are guaranteed by law! When

you use fuel oil, you can change your dealer. If you don't like the service or quality, you can make a change without cost.

3 In Case of Disaster, You Don't Have "Oil in the Tank" or "Coal in the Basement."

Pipelines run for hundreds of miles. In case of emergency or disaster or reduced pressure, your fuel supply is impaired or can even be cut off at once!

4 The Safety Factor of Natural Gas Is at Least Debatable.

We read of many tragic gas explosions. (In Madison, Merrill and Milwaukee, for instance). A slow leak in your heating plant could "saturate" your home before you know it. You could be overcome. A tiny spark could bring disaster to you and your family.

Don't be "rushed" into a change that will cost you money and perhaps give you less than you have now!

Beechwood Halts Win Streak of Locals, 5-1

FILLMORE HERE SATURDAY NIGHT IN BATTLE FOR FIRST PLACE

After winning five games in succession, second place Kewaskum's streak was broken Sunday by Beechwood, which posted a 5-1 upset over the locals. It was only the second victory in seven games for Beechwood, which holds down the cellar in the northern division of the loop.

With its surprise loss, Kewaskum also missed up on a golden opportunity to tie for the league lead with Fillmore, which team lost its first game of the season to Belgium. A victory would have given the local nine a tie for the lead with that team. But it was one of those off days when nothing worked and the setback resulted.

Erwin Lueck was the winning pitcher over Otto Ramthun. Lueck held Kewaskum to five hits, struck out 12 batters and walked only 1. Ramthun struck out the first 7 hitters to face him before giving up a walk. In all he fanned 16 batters and still lost the ball game. He also was nicked for 5 hits and passed 5.

Beechwood scored 3 runs in the 4th inning and 1 each in the 3rd and 8th. Kewaskum's lone button came in the 3rd. No batter in the contest got more than 1 hit. B. Hintz's triple for the winners was the only extra base hit.

The big game of the season will be played here this Saturday night when league leading Fillmore comes to Kewaskum to fight it out for first place under the lights. Fillmore was unbeaten until being upset by Belgium Sunday. At the same time Kewaskum lost to Beechwood and with it a first place tie. A win will give Kewaskum a tie for the lead and a loss

will just about eliminate them from the title picture.

The pony leaguers played four games, two on Thursday, July 20, and two on Saturday, July 22. The first game on Thursday saw the Yanks take the Cubs by a score of 7 to 2. In five and one-half innings of play the pitchers had 23 strikeouts. For the Yanks, M. Miller had a home run and B. Backhaus a double.

In the second game the White Sox beat the Braves, 7 to 4, for their first win of the season. G. Reigle pitched the full game for the Sox, backed up with a triple by himself and a double by J. LaMarche. For the Braves M. Schaefer got a double.

The twice postponed games scheduled originally for June 22 were played on Saturday. Again the White Sox won, beating the Braves, 7 to 3. D. Petermann pitched the full game for the Sox, allowing three singles and three runs in the first inning, after which he settled down and allowed only three scattered singles the rest of the game. For the Sox G. Reigle and G. Martin tripled and D. Laubach doubled.

In the second game the Cubs edged the Yanks by a score of 4

to 3. It was the Yanks' first loss. For the Yanks B. Backhaus had three hits, two doubles and a single. M. Miller pitched the full game with nine strikeouts. For the Cubs D. Wietor and J. Fehlhaber shared the pitching with 12 strikeouts for Wietor and 3 for Fehlhaber.

103rd Annual County Fair Now in Session At Slinger Grounds

The Washington County Fair got underway Thursday, July 27, and runs four days, through Sunday, July 30. This is the 103rd annual Washington County Fair.

Approximately 900 boys and girls are exhibiting the projects on which they have been working for the past year. These include 400 head of some of the outstanding livestock of southeastern Wisconsin, plus better than 3,000 other exhibits which are part of their project work. These other exhibits include clothing, cooking, crafts, gardening, electrical, photography, and many others.

Booths line the main exhibit building showing the work that these boys and girls have been doing for the past year.

The floral exhibit is outstanding in 1961, as it always is. On Thursday, July 27, the 4-H club boys and girls brought in their floral displays. These were judged on Friday. On Saturday the junior floral exhibits will be removed, and the open class flowers will be brought in, and these will be judged on Saturday. This is always a highlight of the program and tends to keep the floral exhibit in good condition throughout the entire fair.

The Washington County Fair emphasizes local entertainment. The entertainment includes the Slinger Community school band, Hartford American Legion band, Washington Union High school band of Germantown, and will feature the Jefferson American Legion band on Sunday afternoon. The Jefferson band has not appeared at the Washington County

Fair for the past six years, and the fair welcomes them back for their usual fine brand of entertainment.

The Washington County Fair is the place where old friends meet. It is an entirely free fair, and those many people who have been fair-goers for these many years will have an opportunity to renew old acquaintances and perhaps make new acquaintances.

One of the finest items that people can witness is the show in the livestock ring during the dairy cattle judging program. Internationally famous dairy judge Harvey Swartz will be placing the animals according to blue, red, white groups. Mr. Swartz believes in their work with dairy cattle. It is not unusual for him to give a boy a blue ribbon even though the animal might not have warranted it simply because the boy has been doing an outstanding job with the animal. This, of course, is the kind of philosophy that we like to see during the Washington County Junior Fair. It emphasizes the importance of youth projects throughout. Watch this dairy cattle judging on Saturday forenoon and afternoon, and on Sunday afternoon.
