She achieved the highest score in the examination on homemaking knowledge and attitudes taken by senior girls on Dec. 5. Under the leadership and guidance of Gary Pike of Hartford, the Explorers and Boy Scouts in the Moraine District are looking forward to an interesting day with local and county officials during Scout Week, Feb. 6-13.

Gary and his chairmen in each community are selecting two or three Boy Scouts from each troop and five or six Explorers from each post. Each young man who is selected will accompany a government official during the day.

The Scout is expected to learn the specific duties and functions of the official to whom he is assigned. He must also know how these duties fit into the overall government structure.

The response from all government officials has been very gratifying and enthusiastic.

Over 100 at Annual County Holstein Meet

OFFICERS ELECTED; LOCAL BOYS IN SIRE CALF PROJECT

Cold, windy, snowy weather didn't hurt the attendance at the annual county Holstein breeders meeting on Monday evening, held in the meeting room of the Wisconsin Electric Power Co., West Bend.

Included on the program was a talk by Dave Albrecht of the American Dairy Association about the importance of advertising the dairy product by the men who produce the milk. John Horlamus, local farmer of Washington county, gave an illustrated talk on his recent trip into Russia. John compared farming in Russia and Poland to other parts of Europe as well as to farming in America. Somehow the feeling was gotten from John's talk that he wouldn't like to have to begin farming in Soviet Russia today.

County Agent Maurice J. Hovland told the breeders present that efficiency in the farm operation is the key to successful dairying today. Every farmer must get rid of the boarders if he is going to stay in business.

Included on the program was the election of three directors. Those directors elected to the Washington County Holstein Breeders Association were Christ Mayer, Ray Bast, who succeeded themselves, and John Horlamus, who was elected to the association for the first time, each for a three-year term.

In the directors' election of officers of the association, Herb Lepien of Hartford was elected president for a two-year term. Elwyn Hamlyn was elected vice-president for a two-year term, and Christ Mayer was elected secretary-treasurer to succeed himself in that office, also for a two-year term.

The association has decided to go ahead with the annual sire calf project for 1962. The breeders who will be consigning calves to the boys within the association are:

Holstein breeders: Ray Bast, R. 1, Richfield; Kenneth Blank, R. 3, West Bend; Philip Frey, R. 2, Hartford; John P. Horlamus, R. 5, West Bend; Herb. Lepien and Cyril Rohde, R. 3, Hartford; Edward C. Melius, R. 1, Jackson;

Leroy Peterson, Jr., R. 3, West Bend; Howard Proeber, R. 3, West Bend; Fred Schellinger, R. 3, Hartford; Andrew Schmidt, Colgate; F. C. & W. C. Schroeder, R. 4, West Bend; Tom Wiedmeyer, R. 1, West Bend; Frank Salter, R. 1, West Bend.

Boys in the 1962 sire calf project are: Tom Adamski, R. 1, Hubertus; Allen Bales, R. 2, Campbellsport; Jerry Berkholz, R. 2, Hartford; Dennis Ceshker, R. 1, Rubicon; Charles Eisentraut, R. 1, Random Lake; Bill Enright, R. 1, Kewaskum; David Gehring, R. 2, Hartford; Gordon Gilbert, R. 1, Jackson; Ralph Hagner, R. 1, Alenton; Wayne Held, R. 1, Slinger; Dale Kissinger, R. 1, Jackson; Allen Martin, R. 2, Kewaskum; Gordon Rosenthal, R. 3, West Bend; Ken Rosenthal, R. 3, West Bend; Carl Schmidt, R. 1, Jackson; James Stoffel, R. 5, West Bend; Richard Zuern, R. 3, Campbellsport.

These boys caring for these sire calves will be under the supervision of the vo-ag instructors of Washington county. These instructors are:

Neal Nicholson, Hartford High school; Earle Vivian, Slinger High school; Frank Fox, West Bend High school; Roy Esser, Kewaskum High school; Bob Stodola, 4-H club agent, supervising the project for those boys who are 4-H club members.

The annual sire calf sale date has been set for Saturday, Oct. 13, at the Fullpail Sales arena at Hartford.

SHEEPSHEAD WINNERS AT LEGION TOURNEY

Twenty-two players attended the sheephead tournament at the Legion clubhouse on Monday night. Prize winners were as follows: 1. Barney Strobel, 44-4-40; 2. Ray Kudek, 36-0-36; 3. Ralph Stern, 38-2-36; 4. Francis Bohn, 40-4-36; 5. Ed Barch, 36-2-34.

Looking Thru the Field Glasses . . .

BY BOB LAKE
Conservation Warden
Washington County

Below zero weather held ice fishing, fox hunting and the number of ski riders to a bare minimum for about a week. This past week end found them out in force again.

Sportmen's clubs have started an intensive feeding program for pheasants and Hungarian partridge. Deer are moving northeast, either looking for better food or the coniferous areas of the Kettle Moraine for shelter from the cold. The number of hawks has increased in this vicinity during the cold spell. There must be a shortage of mice in other areas. Many complaints of rabbit damage to shrubbery in cities and villages are coming to our attention. Chicken wire or tar paper wrapped around the shrub and extending above the snow line will stop this.

Operators of game, fur, and deer farms, as well as private fish hatcheries should have their 1962 licenses by this time. A new law indicates that they may not sell fish, birds or animals unless the buyer has purchased such a license.

Riparian land owners are reminded that they must obtain a permit from the Wisconsin Public Service Commission before sand may be placed on the ice or the lake bottom. The truck line operator or the truck driver should be sure that his client has a permit before hauling sand on the ice. He could also be arrested for the violation.

Large numbers of fishermen were at Pike lake this past week end; there were some nice catches

of perch and walleyes. One of our local residents caught a twenty-eight inch northern on Dricken's lake this past Saturday.

Fishing shanties in Wisconsin must have the name and address of the owner or the occupant painted on the outside so as to be readily seen and read at all times.

When an individual stands on the ice of a lake with a fish pole in his hand, a line, cork, hook and bait in the water, he or she is fishing. It makes no difference whether they are there for one minute or five hours. A LICENSE IS REQUIRED.

The number of deer killed on the highways of Washington and Ozaukee counties in 1961 was less than that of 1960.

Washington county had forty-one car kills, one railroad kill. Ozaukee county had 14 car kills.

Bow and arrow hunters killed four deer in Washington county, none in Ozaukee.

Gun hunters killed twenty-five deer during the season in Washington county, fourteen in Ozaukee county. In addition each county had three illegal gun kills. One deer with a broken leg had to be shot near Port Washington, another shot in the face, and blinded by rabbit hunters was taken alive in the city of Mequon.

With a plentiful supply of good tracking snow, fox hunting will increase. Hunters are to be reminded that while hunting unprotected game, they must obey all game laws. The hunter must have a current license, may not shoot from a car, either standing or moving. Guns transported in or on an automobile, tractor, motorcycle or horse drawn vehicle must be unloaded and enclosed within a carrying case.

January and February will be the best months for hog prices this year.

HOVLAND, RYAN TO HEAD HEART DRIVE IN COUNTY

Maurice J. Hovland, 217 S. 11th ave., West Bend, county agent, and Harold F. Ryan, 1716 Columbia Place, West Bend, county soil conservation agent, have been named representatives for the Wisconsin Heart Association's 1962 campaign.

Rufus K. Schriber Jr., Oshkosh, state Heart Fund campaign chairman, announced that Hovland will be the representative for the southern section of Washington county and Ryan for the northern area of the county. They will handle all communities under 2,000 population in their respective areas.

Ryan was the campaign representative for this section of the county for the past two years. He is a Third Degree Knights of Columbus member and is active in 4-H activities and farm programs in Washington county. Hovland is a member of the Rotary club of West Bend.

ELECTED BY LOCAL 579

John F. Shallow, new recording secretary of Local 579, AIW, AFL-CIO, West Bend, this week announced the election of officers for the 1962-63 term. The officers include from Kewaskum Kenneth Cudnoske, second shift chief steward, and Cudnoske and Earl Kohler, members of the five-man local's bargaining board.

March of Dimes Mothers Hold Key In Fight Against Crippling Disease

Some two million Marching Mothers, wearing the symbolic Golden Key of Hope, will appear on America's doorsteps toward the end of January asking support for the 1962 New March of Dimes fight against crippling birth defects, arthritis and polio.

Why do these women brave winter weather to ask their neighbors for funds?

Mrs. Phyllis Sublett of Evansville, Ind., does it because experience with her fourth child, three-year-old Stevie, who was born with a birth defect, has shown her the need to have medical help more readily available in the community when an imperfect child is born.

"Stevie was born with an open spine and water on the brain in 1958, the year The National Foundation expanded its program to include birth defects," says Mrs. Sublett. "I had never heard of either condition. Since then I have learned that these malformations, and hundreds of other birth defects, afflict one out of every 16 babies born in this country each year.

"These children need help, their parents need to know where to find the specialists who can give prompt and effective treatment. I know now that the March of Dimes supports work in clinics to improve treatment, in laboratories to find the causes, and is building a network of diagnostic and treatment centers to make new knowledge available to everyone, not just those fortunate enough to live close to great medical institutions.

"The March of Dimes already supports nearly 50 centers throughout the country, and many more are being planned.

"That's why I'm in the Mothers' March—to let people know this help and hope exists. I want to ask their support so the 250,000 American babies born each year with birth defects need not go through life hopelessly disabled for lack of proper treatment."

In Denton, Tex., Mrs. Mona Grisham says, "Until our lit-

"IS MY BABY ALL RIGHT?"—More than 250,000 mothers of babies born with birth defects in the U. S. each year hear a heartbreaking reply to this question. Marching mothers will seek public support late in January for March of Dimes research and patient aid to control crippling birth defects and rheumatoid arthritis, just as polio has been controlled.

tle Sondra developed juvenile rheumatoid arthritis, I'd always thought arthritis was something you got when you reached old age. Now I know that thousands of children are stricken with it each year. It can twist and cripple little bodies with permanent disability if it's not caught and treated in time.

"I've seen the wonders accomplished at Arthritis Clinical Study Center at Parkland Hospital in Dallas supported by the March of Dimes, and I know that doctors in the laboratory there and elsewhere are working hard to find out what causes arthritis and how it can be prevented or cured. I'm a Marching Mother because I know firsthand how important this work is."

Marching Mothers across the nation have similar reasons. Mrs. George Dibbon of Kansas City, who lost a child born with a birth defect, marched actively until the past year. But then her own arthritis forced her to "retire" to a quieter paperwork and record-keeping job for the Mothers' March.

In Tustin, Calif., Mrs. Polly

Spangler has been confined to a wheelchair since a paralytic polio attack in 1954. Yet she, too, enthusiastically works for the Mothers' March via the telephone, and prepares marchers' kits for distribution.

Multiply these shining examples by thousands, and you have the reasons for the scope of success of the traditional Mothers' March for the New March of Dimes. Mothers' March volunteers know there is a need for the cause they support, and they are determined to make every one of the 40,000,000 households they call on aware of the magnitude of the problem.

Mothers' March volunteers will be identified by a distinctive badge bearing the Golden Key of Hope, symbolizing medical progress against crippling diseases. Each will give those who open the doors a valuable health information slip summarizing basic information about birth defects, the most important unmet childhood medical problem today; as well as arthritis and rheumatic disease which afflict 11,000,000 Americans.

Chevs Win 6th in Row At Cedarburg, 83-75

The Kewaskum Chevrolets maintained their unblemished record by winning their sixth Land o' Lakes league game in succession without a defeat at Cedarburg Sunday night, 83-75. Beaver Dam also won its sixth straight, slaughtering Hustisford, 101-58, to keep the two teams deadlocked for the lead.

The Chevs had an unexpected hard time in beating tail end Cedarburg, winless in seven games. The Burgers proved surprisingly tough and gave Kewaskum a battle of it, so much that the Chevs had to overcome a one point deficit in the final quarter to come out on top. The local team was weakened, however, by the absence of regular Al Tennes from the lineup.

The Chevs started slow, outscoring Cedarburg by slight margins in the first two quarters. The first period score was 19-17 and at halftime Kewaskum led, 41-35. The team couldn't hit in the third quarter and was outpointed by Cedarburg, 25-18, to give the opponents a 60-59 advantage at the end of the stanza. The Chevs came to life again in the final period when they had to, netting 24 points to the host team's 15, to win by a fairly comfortable 8-point margin. Luckily Kewaskum wasn't playing one of the top teams Sunday.

The Chevs' five starters did all of the scoring in the contest. Don Meisenheimer had one of his biggest nights and easily paced both teams in scoring, burning the nets for 33 points. Close behind was Tom Larson with 27. Top scorers for Cedarburg were Stencil with 16 points, Kent with 12 and Wussow 11. Kewaskum hit on 19 free throws and Cedarburg on 15.

This Saturday night the Chevs open the second half of play at Menomonee Falls. This will be a real test as Kewaskum barely beat Falls by two points in the season's opener here. Falls has a 5-2 record and holds down third place.

Grafton Walloped By Indians, 76-41

After losing three games in a row to the top three teams in the Scenic Moraine conference, the Kewaskum Indians got back on the right track with a one-sided 76-41 victory over 7th place Grafton here Friday. The 4th place Indians now have a 5-3 record.

Kewaskum came out with a vengeance, went way ahead from the start and outscored Grafton in every quarter to win as they pleased. The team did their best shooting of the season in routing Grafton, which they outscored by top-heavy margins in each of the first three periods. The Indians ran up 28 points in the first quarter to Grafton's 13 and outpointed them 21-12 in the second stanza to build up a 49-25 halftime lead. The hot winners continued to pour it on in the third period, 17-7, to go ahead, 66-32, a margin of 34 points. Substitutes played the final quarter and still managed to outscore the visitors, 10-9. Coach Walt Bade used 13 players in an attempt to

keep the score down.

Ron Gross, with 18 points, and Dave Oppermann, with 17, were the top scorers, while the Koepke boys, Bill and Al, each contributed 12 points. The high scorer for Grafton was Jungers with only 8 points.

This Friday Kewaskum entertains sixth place Germantown (2-6) and Tuesday they play last place North Fondy (1-8) there. The Indians should win both contests and perhaps raise their place in the standings as third place Campbellsport and second place Slinger both must face unbeaten Random

Lake.

Free Bowling Clinic at Lighthouse Saturday to Feature National Stars

AUDREY BARTELT SELECTED TO BOWL AGAINST NATIONAL STAR

Three big names in bowling nationally, Jerry Dutler, Frank Clause and Patty McBride, will be featured in the free AMF Bowling clinic at Lighthouse Lanes this Saturday night, Jan. 27, from 8 to 10 p. m.

The two hour show will consist of five major elements:

1. New bowling instructional slides—20 minutes of basic bowling instruction utilizing colorful illustrated slides.

2. Live demonstrations—20 minutes devoted to live demonstrations by clinic staff members to emphasize points in the film.

3. Prizes and demonstrations—10 minutes to award free AMF bowling prizes and complete questionnaires. Bowling balls and shoes will be available free - (for later instruction) and everyone will receive a kit containing instruction booklets and a personal scorecard.

Also an AMF bowling ball, bag and two copies of a best selling bowling textbook (written by Clause) will be awarded.

4. "Beat the Champ" competition—20 minutes with two of the top local bowlers representing Lighthouse in a one-game match against the AMF stars. Dutler and Pat McBride will take on Al Multhaupt of West Bend and Audrey Bartelt of Kewaskum, two of the top bowlers in this area.

5. Personal instruction—10 minutes of free bowling with personal instruction of AMF star bowlers and house instructors.

Dutler of Mankato, Minn., who has won just about every title in that state, had the highest average in Minnesota recently—218. Last season he was second in the state Bowling Proprietors Association of America doubles, averaging 220 for 32 games. He was 1959 and 1961 team event finalist and 1960 world's invitational semi-finalist. Dutler will put emphasis on spot

bowling.

Clause, the "bowling schoolmaster" from Pennsylvania, has won \$76,000 on "jackpot" bowling programs. Probably his top performance came Feb. 12, 1960, when he won \$26,000 by putting together six consecutive strikes on TV. His life-time average is 207. He is the only two-time jackpot winner of NBC-TV's "Jackpot Bowling." He has bowled 11 ABC sanctioned perfect 300 games. Clause, a spot bowler, employs a four-step approach and delivers a semi-spinner ball.

Pat McBride was the 1959 WIBC all-events champion and a member

of the 1959 BPAA team match game champions.

Everyone is invited to come as guests of Lighthouse Lanes, the Milwaukee Sentinel and AMF, the co-sponsors. Most of Kewaskum's bowling teams bowl at the Lighthouse.

Milk production continued its upward trend last year. U. S. Department of Agriculture figures show production last year two billion pounds more than in 1960. During the year the demand for milk products dropped sharply.

The Wisconsin Conservation Department advises persons interested in feeding birds not to start unless they are prepared to continue day-in and day-out during the entire winter period of snow cover. Birds become dependent upon feeders and cease to forage. If the supply is suddenly cut off, they starve.
