Town Wayne Farmer Run Over By Tractor

A Town of Wayne farmer, Alex Sippel, 54, of R. 3, Campbellsport, was reported recovering this week at St. Joseph's Community hospital, West Bend, from a fractured pelvis suffered in a tractor accident on his farm late last Thursday night.

Sippel was plowing his field late at night when his tractor apparently stalled. It is reported that he cranked it and the tractor suddenly started, the front and rear wheels passing over him. The tractor, dragging the plow, continued until it struck a fence aside of the road, where it again stalled.

When she failed to hear the tractor, Mrs. Sippel feared something might have happened and upon investigating found her husband about near to midnight lying in the field. A Kewaskum physician was summoned and he aided the injured man, who was taken to the hospital in the Kewaskum firemen's ambulance.

WISCONSIN PETROLEUM COUNCIL

PATTISON STATE PARK

Ten miles south of Superior, a long Highway 35, is the highest waterfall in Wisconsin, Big Manitou Falls, which is the premier attraction of Pattison State Park. This 165 foot plunge of the Black River from its upper ledge to the rocky gorge below provides a breathtaking sight for thousands of visitors each year.

Immediately below Big Manitou Falls the Black River flows for about a mile in a narrow canyon with sandstone rising 100 to 170 feet above the river, which you follow on foot trails.

Then for another hiking treat you can walk the special foot trail along the Black River upstream for a mile and one-half from the concession building at Pattison Park to "Little" Manitou Falls, near the southern boundary of the park. The 30 foot drop of "Little Manitou" is surrounded by a picturesque setting of stately white and Norway pine.

Has Everything

The 1,160 acres of Pattison Park has everything for the outdoor scenic visitor: extensive system of foot trails through shady forest lands, ideal tent and trailer camping facilities, plenty of picnic areas at both the north and south ends of the park, plus a modern bathhouse and sandy beach—with life-guard protection—at Interfalls Lake, across the highway from Big Manitou Falls. The lake has been

formed by damming the Black River.

The main picnic area near the bathing beach includes a shelter and recreational building for indoor picnics and group gatherings with all the necessary conveniences suitable for tourist and local picnic parties. Good drinking water and sanitary facilities are available, plus electrical outlets in the camping areas amidst the state's most scenic sights.

Forest Lookout Tower

There are a number of lookout points, plus a forest protection lookout tower south of the park. Youngsters like to climb these towers to view the countryside, and the people who man them have always been courteous in explaining their job and how they locate fires, one of the state's serious problems in dry weather.

Although there are no overnight accommodations within the park, just 12 miles north is Superior, which is the gateway to the famous North Shore Drive and Great Circle Route around Lake Superior. The new bridge at Superior is worth the drive, and even a short drive along the North Shore is breathtaking if you have never been there.

This view in Pattison Park and along the North Shore Drive is every bit as beautiful in the fall as in the summer, and even more comfortable to run and roam, hike and build campfires.

MOVE SURPLUS COMMODITY DISTRIBUTION CENTER

Hintz stated "This move is a culmination of planning by the Board of Public Welfare, the Public Property committee and his department, to more efficiently administer the program and to reduce the cost of the surplus commodity distribution plan."

Starting with the distribution for October, surplus commodities

will be distributed in the basement of the courthouse annex; persons whose last names begin with the letters A through J—Monday, Oct. 22; K through R—Tuesday, Oct. 23, and S through Z—Wednesday, Oct. 24. The distribution is scheduled from 1.00 to 4.30 p. m. on each of the days stated above.

Sharon Dreher Is Bride

St. Lucas Lutheran church, Kewaskum, was the setting for the marriage ceremony of Miss Sharon A. Dreher, daughter of Mr. and Mrs. Earl H. Dreher, 1541 Fond du Lac ave., Kewaskum, and Robert H. Stenschke, son of Mrs. Sylvester Muckerheide, 528 Indiana ave., West Bend, and the late Otto Stenschke. They exchanged vows in a 3:30 p. m. ceremony performed by the Rev. Donald Bitter on Saturday, Oct. 6.

During the nuptial service Wally Cudnohoske sang two vocal solos, "O Perfect Love" and "The Lord's Prayer."

Given in marriage by her father, the bride chose a gown of dream taffeta with fitted basque bodice and applique of re-embroidered Alencon lace, seed pearl and irridescent trim, three quarter length sleeves and shallow scoop neckline. Applique trimmed the front panel of the full shirred skirt which ended in a chapel sweep. Her bouffant silk illusion veil fell from a crown of Alencon lace trimmed with small beads and back bow of dream taffeta. She carried a cascade of white carnations, white roses and stephanotis.

Miss Barbara Stenschke of West Bend was the honor attendant for her brothers' bride. She and the bridesmaids, Misses Mavis Finn and Jean Grener of Detroit, Mich., former roommates of the bride, and Mrs. Jules Dreher of Kewaskum, sister-in-law of the bride, were gowned alike in deep copper glow tones of luster satin fashioned in sheath style with overskirts

of side and back fullness and bow detail on the skirt back. The fitted bodice with its low midriff waistline had three quarter length sleeves and a modified scoop neckline. Satin bow headpieces held their short bouffant veils and all carried green and white Fuji mums with bittersweet.

A friend of the bridal pair, Susie Goetz, as flower girl, wore a floor length white nylon taffeta gown with full skirt, scoop neckline, elbow length ruffled sleeves accented with tiny bows, and a large waistline bow at the back. Her headpiece was fashioned of white carnations and white roses and her flowers were a miniature copy of the bridal bouquet.

Ted Griepentrog served as best man for the bridegroom, while Herb Tennes, Jules Dreher and Earl Dreher, Jr. attended as groomsmen. Guests were seated by Sylvester Muckerheide, Jr. and Harold Krueger, Jr.

A 5:30 o'clock dinner in the church basement and reception in the American Legion hall in Kewaskum for 150 guests preceded a wedding dance at Nonn's Round Lake resort.

Mr. and Mrs. Stenschke are now at home at R. 4, Box 248B, West Bend (Little Cedar lake), following a northern Wisconsin honeymoon. The bride, a graduate of Kewaskum High school, is a former American Airlines stewardess. Her husband, a West Bend High school graduate, is a driver-salesman for Murach Wholesale Co., West Bend.

Weddings

OELHAFEN - ETTA

Now residing in their new home at R. 3, West Bend, following their return from a wedding trip to the west coast, are Mr. and Mrs. Ethan E. Etta, newlyweds, of Saturday, Sept. 29. Mrs. Etta, the former Judy Kaye Oelhafen, daughter of Mr. and Mrs. Harry H. Oelhafen, R. 3, West Bend, and her husband, the son of Mr. and Mrs. Earl Etta, R. 1, Kewaskum, were married in Zion Evangelical Lutheran church, town of Wayne, in a 2 p. m. ceremony performed by Rev. W. T. Krueger of Zion church and Rev. Walter J. Oelhafen, Montello, uncle of the bride.

An afternoon reception and buffet supper for 500 guests at West Park hall, West Bend, was followed by an evening reception at Zivko's ballroom, Hartford.

The bride, given in marriage by her father, chose an Alfred Angelo original gown of alencon lace. The fitted bodice with long sleeves had a bouffant skirt of ruffles which extended into a ruffled cathedral train. She carried a cascade of white orchids, baby mums, lilies of the valley, and stephanotis. An original headpiece of sequins and pearls held a four tier veil of French illusion.

Mrs. Norman Dogs, Mayville, the honor attendant, sister of the bridegroom, wore a pumpkin colored street length dress of irridescent taffeta. The fitted bodice featured a cape and a semi-bell skirt of unpressed pleats. Her muffs, mitts, and shoes matched her dress. A cascade of baby roses and mums in copper and autumn leaves bedecked her muffs. Her matching pillbox held a two tier veil.

Veronica Orlow, Madison, cousin of the bridegroom, and Kathleen Wentorf, Evanston, and Patti Oelhafen, West Bend, cousins of the bride, were the bridesmaids in copper irridescent taffeta dresses identically styled like that of the honor attendant. Their flowers were in shades of pumpkin. Their muffs, mitts, shoes, and headpieces were in matching copper.

The junior bridal aides, Susan Schuh, West Bend, a friend of the couple, and Jane Etta, Kewaskum, cousin of the groom, wore autumn green, in identically styled ensembles. Their flowers were in shades of gold.

Cynthia Mary Oelhafen, cousin of the bride, was the little flower girl and was dressed identical to the junior aides.

The bride's mother wore a brocade jacket dress of pumpkin and spice shade while the bridegroom's

mother wore a brocade jacket dress in a mocha shade. Both mothers had orchid corsages.

Perry Etta, brother of the groom, carried the rings on a white satin pillow.

Norman Dogs, Mayville, brother-in-law of the groom, served as best man with Norman Zuehlke, Kewaskum, a friend of the couple, Dick Oelhafen, Whitewater, and Jerry Knickel Jr., Milwaukee, cousins of the bride, as groomsmen. Guests were seated by Mark Firme, cousin of the bridegroom, and Jerry Liermann, cousin of the bride.

The groom is employed at the West Bend Company while his bride is an employee of The First National Bank of West Bend.

A BIG DIFFERENCE
IN PEOPLE'S LIVES**

25 Years Ago

Progress is being made rapidly at the new village park and dam site. The dam has been completed except for the guard rails and stop logs. The Brown Construction Co. of Fond du Lac is dredging the river and excavating in the river bank for the pond above the dam. Excavating will be made to widen the river to 250 feet for a distance of 200 feet along the river. From here on to the bridge on Main st. the river will be widened to 130 feet. In the center of the pond excavation will be made at a depth of 8 feet to supply a diving pool for swimming. The remainder of the river, as far as the bridge, will be dredged at a depth of 5 1/2 feet in the main channel and 2 feet in the river proper. Part of this will be made into a sandy wading beach. The ground removed will be transferred into the park for resurfacing. Workmen have also started cleaning along the river banks. Later in fall trees will be planted on the banks. A ski slide will be erected and ice skating pond built. In spring playground equipment will be purchased and the park will be one of the most beautiful recreation spots in this community.

A large crowd attended the fall Tri-County Band convention and music festival at Ritger's grove, Allenton, sponsored by the Wayne band, which acted as host. A parade was held with bands from Allenton, West Bend (Civic Concert and Moose), Campbellsport, Lomira, Theresa, Knowles and Mayville. The Theresa band took first place in the competitive playing. At 4 p. m. all of the bands massed for a concert. The West Bend Civic Concert band, Allenton Juvenile band and West Bend Moose band also

gave concerts. Surprise features were selections by the Ke-Wayne Five orchestra, Miss Dorothy Strupp with her voice and guitar, Miss Weiss and Herbie Schmalz rendering a clarinet selection, accompanied by Miss Marjory Struebing, songs by a group of ladies from Wayne, and a piano accordion selection by Sylvester Terlinden of Kewaskum.

The small daughter of Mr. and Mrs. Gerhard Reinders was rendered unconscious when she was struck on the head by a baseball bat while playing near her home. Although it took several minutes to revive her, she escaped serious injury.

Mrs. Henry Rosenheimer presented a group of piano students at an informal recital. The program was as follows: "Rosebud Waltz" and "Setting Up Exercises" by John Geidel; "Music of the Rain" by Doris Mae Stahl; "Mistress Mary, Quite Contrary" and "Celia" by Delores Heberer; duet by Patti and Rachel Brauchle; "Gypsy Dance" by Eva Buss; Sunday (variations on St. Anne's hymn) by Rachel Brauchle; readings by

STATE BUYS 417 ACRES OF LAND IN KETTLE MORAIN

FIFTY YEARS AGO
George Kippenhan, district agent for the Ford automobiles, received a carload of six Ford touring cars.

Martin Flasch, an employee of Strachota Bros. of St. Kilian, was accidentally killed, death resulting from injuries received in a runaway.

Peter Fellenz, an employee of the H. J. Lay Lumber Co., had a narrow escape from serious injury when he fell from a high load of lumber.

The past week has been a busy one for John W. Schaefer & Sons, agents for the Overland automobiles. They sold two cars, one to Wm. Schaub of the town of Wayne and the other to Otto Habeck of this village. They also delivered a car to Fred Schaefer of the town of Kewaskum.

Purchase of public recreation lands again dominated activities of the Conservation Commission in September with acquisition of 7,414 acres at a cost of \$536,096.

Hunting, fishing, and forest and park lands purchased during the past year now total 64,881 acres. Pine was \$4,184,294.

Acreage acquired this month amounts to 3,679 for game management purposes, 1,763 for fish management, and 1,971 for forests and parks.

Largest single purchase was the 1,550-acre Endeavor marsh in Marquette county which was bought at auction for \$87,000. Other large purchases include 417 acres in the northern and southern units of the Kettle Moraine state forest in Fond du Lac, Washington and Jefferson counties, and 74 acres in the Jackson marsh, Washington county.

New fish management lands bring about 41,500 feet of water frontage into public ownership including such important streams as the Mecan river in Waushara county, Chaffee creek in Marquette county, and the Evergreen river in Langlade county as well as McKenzie creek.

Toys for Tots Project

Robert G. Hintz, the director of the Washington County Public Welfare Department, announced this week that the department again recognizes the need for a county-wide organization to coordinate the efforts of groups wishing to help needy children enjoy a full Christmas. The department is again acting as a liaison between civic groups and needy families, and has been requested to act as a sort of clearing center to prevent an over abundance of gifts being given to some families, while nee-

dy children in other families experience the bleakness of an empty Christmas.

Last year, 356 children of 74 needy families in Washington county were given a happier Christmas, because of the thoughtfulness and generosity of organizations and individuals throughout Washington county. It would be particularly helpful if the organizations interested in helping this year would inform the Washington County Public Welfare Dept. as soon as possible of their group's interest in participating in the "Toys for Tots Project." Please refer your calls to caseworker, Fred Lund, FEederal 4-3491, Extension 74, Monday and Thursday mornings, or write to the Washington County Public Welfare Department, % Mr. Lund, indicating the name of your organization and the committee chair-

man in charge of the project in your particular organization.

Agencies or individuals contacting the agency will be furnished with the necessary information concerning the project at a later date. All organizations wanting to participate should contact the agency no later than Nov. 15.

K-M Homemakers

The Kettle Moraine Homemakers met at Mrs. Ervin Seifert's home on Sept. 12 with all members and one guest present. The project was on "Outdoor Cookery." All enjoyed the meal. After the delicious meal the meeting opened with the Homemakers Creed and singing several songs.

New books were given each member, the Christmas committee was

appointed and other business was discussed.

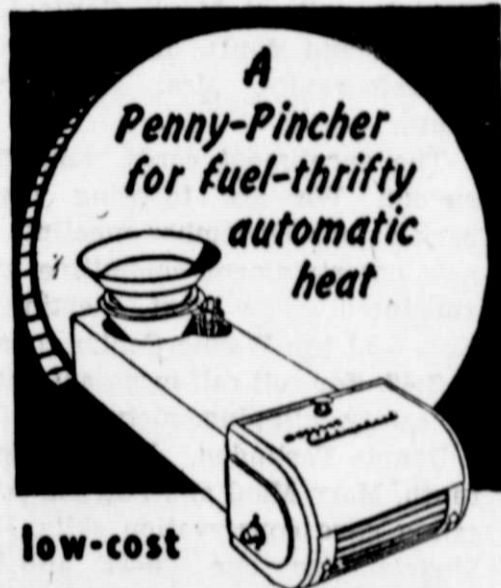

As there is no special project for October, the homemakers are planning on going to West Bend to the Gas Company sometime in October to enjoy an evening there.

The meeting closed with the prayer creed.

WAYNE CRUSADERS

On Tuesday evening, Oct. 2, we had our family night at the Wayne Center school. Dale Darmody gave us three selections on his accordion which we all enjoyed very much. After our roll call of a riddle about conservation, we told a little about every project we had this year. We had nine projects and nine project leaders. The following told about the projects showed us that they made and who their leader was:

Patty Peter — Sewing I, Mrs. Charles Williams; Donna Darmody — Sewing II, Mrs. Jerry Darmody; Joan Gutjahr — Cooking I, Mrs. Carl Hohlweck; Mary Maul — Cooking II, Mrs. Glen Gutjahr; Roland Maul — Conservation, Mrs. Edgar Miske; Donald Miske — Wildflowers Study, Mrs. Edgar Miske; Michael Gutjahr — Woodworking, Glen Gutjahr; Carol Maul — Gardening, Mrs. Roland Maul; James Gutjahr — Photography, Mrs. Alton Schrauth.

The enrollment cards were given out. We are to bring them back at our November meeting. A new entertainment committee was appointed. The next meeting is Nov. 6 at the Wayne Center school at 7:45. For roll call bring anything on safety, clipping, picture, etc.

Dennis Terlinden, Donald Schrauth, Mary Maul and Patricia Amerling gave conservation skits. Mr. Stodola was our guest and he showed us a film entitled "Man Enough for the Job." We all enjoyed that very much, too. Several attendance prizes were given and then refreshments of chocolate milk and doughnuts were served.

SEASON ON PHEASANTS, ETC. OPENS SATURDAY

A buck fawn was killed by a car Friday night on County Trunk K just west of Highway 41.

The duck season opened at noon last Saturday. Ten minutes later the ducks were so high no shotgun could ever reach them. A few wood duck, teal, mallard and black duck were taken on the Milwaukee river; the same was true at Horicon marsh.

The season on pheasant, Hungarian partridge, ruffed grouse, rabbit and squirrel will open in Washington county at noon Saturday, Oct. 20. The 1962 small game regulations are available at all license depots. Pick one up and read it before you hunt.

The goose season is closed in all of Dodge and Fond du Lac counties and will remain so until the fall of 1963. The remainder of the state is open until Nov. 29.

The pheasant hunting season extends through Nov. 13, statewide. The bag limit the first 2 days (Oct. 20 & 21) is 1 cock per day. The remainder of the season, the bag limit is 2 cocks per day.

The pheasant population certainly is not high. If it is to again reach the level we knew in the past, it will be as a result of increasing the breeding population, so DON'T SHOOT HENS. They are

the birds that will provide the hunting in the future by raising broods of young birds each year.

If you wish to preserve and better the sport of pheasant hunting, DON'T SHOOT HENS and impress this upon your hunting companions and the other hunters you talk to. If and when you observe anyone shooting hens, report it to the nearest conservation warden, giving the violator's name, if that is possible, a good description of the individual, and an accurate description of how he is dressed. If an automobile is involved be sure and report the license number.

WYNNE CHESTER SAYS:

"Steak" A La Shotgun

State game departments have predicted a real whopper of a season for game, be it big game or small, and believe me, I'm ready. I'm ready for those bracing hunts in crisp, clear weather and ready with my recipes for all those wonderful varieties of delicious, different-tasting wild game!

Ruffed grouse are at the top of their population cycle this year, I've heard, and partridge will be abundant. Well, the moment I get my hands on a brace of them, they're going to turn into grouse—or pheasant—"steak." Here's how I do it. Clean game bird, lard with bacon. Salt, and dredge in flour. Fry in hot butter. Add

small can of mushrooms and 1/2-glass of red wine. Cover and simmer gently. Serve the result with rice and — mmm!

Better get those nimrods of yours out into the woods and fields right away. It's going to be a great season for game, for hunters — and for that mouth-watering wild game cookery!

Indians Run Over Campbellsport, 48-0, Tie for Third Place

After losing their first two games to the Scenic Moraine conference leaders, the up and coming Kewaskum Indians won their third contest in a row last Friday afternoon at Campbellsport, where they outclassed the winless Bells, 48-0, to spoil their homecoming. The victory moved the Indians into a tie for third place with Random Lake, which team they will host in their homecoming game here next Friday night.

Kewaskum had a field day in running rough shod over Campbellsport, handing the Bells their fifth straight defeat. Mike Coulter and Bob Ewert scored twice for the winners. Coulter counted on 20 and six yard runs while Ewert took passes of 25 and 35 yards from Jack Theusch and Bob Miller, respectively.

Theusch ran one yard, Bob Rosow combined on a 40 yard pass from Bob Miller and Jerry Miller raced 25 yards with an intercepted pass to complete the scoring. Ewert added five of the extra points. At the same time a stalwart Kewaskum defense held the Bells scoreless.

In other games Friday, Pewaukee shut out Random Lake by a surprising 28-0 margin and North

Fond du Lac whipped Slinger 28-7 to remain undefeated. Pewaukee has a 5-0 record to the Orioles 4-0-1 (one tie). In the fourth game Grafton beat Germantown, 26-7.

On Friday night of this week the Indians host Slinger, which has a 2-3 record on the season. Next Friday Kewaskum will entertain Random Lake in their homecoming game, which will start at 7 p. m. because of the dance following. This will also end the season.

HAROLD HECHT PRESENTS **BURT LANCASTER BIRD MAN OF ALCATRAZ**

Crowd of 243 Attends County Fund Raising Dinner for Nelson

J. O. REIGLE INTRODUCES CANDIDATE FOR U. S. SENATE

An enthusiastic crowd of 243 people packed the private dining room of the Linden Inn Oct. 8, to welcome Governor Gaylord Nelson to Washington county. Many independents and some Republicans joined the Democrats at the successful \$5.00 a plate fund-raising dinner.

Governor Nelson, obviously pleased by the warmth and number of the turnout, responded by giving what many said was the finest speech they ever heard.

Both J. O. Reigle, president of Regal Ware, Inc., of Kewaskum, who introduced Nelson, and Dave Carley, Democratic candidate for lieutenant governor, praised Nelson's ability, his leadership, his outstanding administration and his statesmanship. Reigle sounded the theme of the evening by saying, "Gaylord Nelson will make a great United States Senator."

In his speech Nelson, who is opposing Alexander Wiley for the Senate, again challenged Wiley to a debate, saying, "Wiley's managers say that their candidate has access to secret information on international affairs that would prohibit him from openly debating these issues." Nelson went on to say that "if this is the case, I suggest that we confine our debates to domestic issues. Certainly there is nothing secret about drug controls, farm price supports, job retraining, education, conservation, or any of the other critical domestic issues confronting this nation."

The crowd interrupted several times with applause and cheering, as Nelson reviewed his record as governor, elaborated on the use of surplus food to feed the hungry peoples of the world, discussed the critical need to retrain the unemployed, urged the construction of additional educational facilities, and warned of the dangers of a Russian build-up in Cuba.

In an eloquent plea for conservation Nelson said, "America is destroying her magnificent resources faster than any other

country in the world." He received a standing, sustained ovation at the conclusion of his talk.

Mary Lou Burg, chairman of the dinner, introduced County Judge Lester Buckley, a 1958 appointee of Gov. Nelson, and Arthur Weiner, principal of the West Bend High school, who was recently appointed to the Southeastern Wisconsin Regional Planning Commission by the Governor to replace Jim Reigle of Kewaskum, who resigned. A monthly school board meeting kept the third appointee, Superintendent of West Bend Schools, Paul Loofbora from attending the dinner, but Art Weiner read a statement from Mr. Loofbora.

The county candidates and congressional candidate, John Race, were introduced by Larry Harty, chairman of the Washington County Democratic Party.

The Governor, who spent the night in the county, arrived at the Linden Inn at 6:30. Before and after the dinner he mingled in the crowd, shaking hands, signing autographs, greeting old friends and meeting new supporters.

EXCITING! GO '63 CHEVY II

Nova 4-Door Station Wagon

SPUNKY NEW WAGONS THAT LEAD LONGER, HAPPIER LIVES

What a new kick you'll get out of going places in this one! And what a solvent feeling you'll get as the savings on upkeep mount! There's a full line of models, including three wagons. Basically, we've kept Chevy II's liveliness and roominess and easy loading ways. Kept its crisp looks, too (with a bit of freshening here and there). The changes we've made weren't for change's sake, you see—but for yours. Just for a sample: the brakes are self-adjusting. The new Delcotron generator gives you more electrical reserve power and helps your battery reach a vigorous old age. The Body by Fisher

beauty lasts longer, too; air pushes rain and wash water down through the rocker panels (where most rust begins!) in a clever new flush-and-dry system. The ride is smoother and quieter because of a large number of small improvements we've made. And things are a lot plusher inside. Now you've read this far, haven't you? Isn't that good evidence that Chevy II is made for you? The clincher will come when you take the wheel at your Chevrolet dealer's.

See four entirely different kinds of cars at your Chevrolet dealer's... Chevrolet, Chevy II, Corvair & Corvette.
